Referral
The date Jobcentre Plus records a referral to the Work Programme Provider on a DWP prescribed IT or clerical system.

Allotted Time
The Work Programme Allotted Time is 104 weeks from and including the date of the referral from Jobcentre Plus, unless a participant has completed the programme before the end of the Allotted Time (see definition of a completer in paragraph below).

Allotted Time Start
A participant is defined as ‘starting Allotted Time’ on the WP from and including the date of the referral from Jobcentre Plus.

Referral
The date Jobcentre Plus records a referral to the Work Programme Provider on a DWP prescribed IT or clerical system.

Allotted Time
The Work Programme Allotted Time is 104 weeks from and including the date of the referral from Jobcentre Plus, unless a participant has completed the programme before the end of the Allotted Time (see definition of a completer in paragraph below).

Allotted Time Start
A participant is defined as ‘starting Allotted Time’ on the WP from and including the date of the referral from Jobcentre Plus.
Attachment Activity
The Attachment Activity is the initial two way engagement between the participant and the WP Provider and recording of this activity by the Provider resulting in an Action Plan. This may be by any manner and media they deem appropriate.

Attachment Date
The date the Attachment Activity is recorded on a DWP prescribed IT or clerical system by the Provider.

Attachment Fee
An Attachment Fee will be paid, where appropriate, upon recording of attachment activity, following confirmation of an Attachment Date on a DWP prescribed IT or clerical system.

Only one Attachment Fee will be payable for each participant per period of Allotted Time.

Job Start
The date the participant starts a job which:

- takes them off benefit; and
- is within the 104 weeks Allotted Time; and
- is after the Attachment Activity has been recorded on a DWP prescribed IT or clerical system by the Provider.

NB: This job definition will be subject to change when Universal Credits is introduced without materially altering the economic balance of the contract.

Job Outcome payment
A Job Outcome payment can be claimed when:

- There has been a either continuous or cumulative period of employment (Job Outcome payment trigger point) as defined for each claimant group;
- A participant has been in employment and off benefit in each week of the period (a week is defined as a 7 day period); and
- The Job Outcome is after the Job Start date, i.e. a Job Outcome payment can only be claimed when a participant starts a Job after Attachment Activity has been recorded on DWP prescribed IT or clerical system.

Please Note
- This period begins to accrue from and including the Job Start date;
Work Programme Provider Guidance

- Only one Job Outcome payment can be claimed for each participant per period of allotted time. Outcomes can include self employment and subsidised employment;
- The days counted towards the cumulative period of employment for a job outcome can be isolated days, blocks of days or weeks;
- Where a single day or accumulation of days within a week, from each job start day, removes a full seven days of benefit (there is no claim to benefit) the full seven days (one week) can be counted towards the job outcome;
- Days in work that do not remove a claim for a whole weeks benefit will be counted for each day that benefit is not claimed.
- (Employment of less than a week can never count as more than a week of ‘no claim’).
- Following a break in employment after the 104 weeks Allotted Time you will no longer be eligible to receive a Job Outcome payment (a break is defined as when a participant leaves employment for an excess of two calendar days, even if they remain off benefit).

Sustainment Outcome payments
Providers can only claim a Sustainment Outcome payment where:

- A Job Outcome has been reported;
- Four continuous weeks in employment have elapsed between the job outcome payment date and the Sustainment Outcome payment date, or between the previous Sustainment Outcome payment date and the current Sustainment Outcome payment date
- A participant has been in employment and off benefit each week (a week is defined as a 7 day period) in the four week period; and
- 15 working days have passed since the last date of the period being claimed.
- Following a break in employment after the 104 weeks Allotted Time you will no longer be eligible to receive a Sustainment Outcome payment (a break is defined as when a participant leaves employment for an excess of two calendar days, even if they remain off benefit).

Completer
A completer is a participant:

- who has reached the end of the Allotted Time from the date of referral; or
- for whom the Provider has claimed the final eligible outcome payment; or
- who has had a decision made by Jobcentre Plus that it is appropriate for them to be referred to Work choice; or
- who has died.

If a participant has left benefit for a period of time, which takes them beyond the 104 weeks allotted time, and should they return to benefit, their status will be restored to eligibility when the 104 weeks allotted time has elapsed. They must then return to the jobcentre and request a new assessment in order to be placed back on benefit.
Work Programme Provider Guidance

be Work Programme completer and they will be referred to the Jobcentre Plus offer.

Minimum performance levels and incentive payment model

The minimum performance and trigger level for incentive payments will be based on the conversion rate of referrals to job outcomes as calculated by DWP. This level has been calculated based on:

- the latest net Referrals for each month for each PG as recorded on PRaP;
- the profile for the length of time taken for a Referral to become a Job Outcome

Any Provider who does not deliver the expected minimum number of Job Outcomes in a given rolling 12 month period will be defined as not meeting minimum performance standards. Minimum performance standards apply to payment groups 1, 2 and 6a.

Providers will be paid an additional incentive payment (on top of the standard job outcome payment), for any job outcomes achieved above the incentive payment trigger level for from year 4 of the contract onwards. The incentive payment applies to payment groups 1, 2 and 6a. Incentive payments will be made for job outcomes in excess of 118% of MPL.

Incentive payments will be calculated and paid after the end of each contract year from year 4 of the contract. For the purposes of calculation of incentive payments Referrals made on or after April 2016 will be ignored. This means that there will be two MPL levels from 2016/17 onwards – one including Referrals made on or after April 2016 and one that ignores them.
