13 Boat safety – construction and equipment standards

I confirm that I have read the Boat Safety Scheme Requirements (available as described on page 4). I certify that the boat complies in every respect with the safety standard requirements set out in those guides or the Recreational Craft Directive (for boats first placed on the market since 16 June 1996).

I will not keep or navigate this boat on the Upper Medway Navigation unless these conditions are complied with.

I understand that the Environment Agency may require me to provide information confirming compliance with these conditions or require my boat to be inspected.

Boat Safety Scheme declaration

Valid BSS certification details must be declared on this application form, except for privately owned outboard engined open boats.

Boat Safety Scheme certification is not required for this type of boat providing it is not carrying or fitted with domestic cooking, heating, refrigerating or lighting appliances, other permanent electrical systems and it is propelled solely by an outboard engine without a fixed fuel system. This type of boat must still comply with the relevant BSS requirements of the BSS Examination Checking Procedures for Privately Owned and Managed Vessels Parts 3, 4, 5 and 6 as appropriate. We strongly recommend fire extinguishers are also carried.

Note: A boat which has any form of enclosed accommodation or which is decked-over the greater part of the hull is not regarded as an open boat for the purposes of these requirements.

Please tick those below which apply to your launch:

	Yes	No
an inboard motor	<input type="checkbox"/>	<input type="checkbox"/>
a fixed fuel system	<input type="checkbox"/>	<input type="checkbox"/>
an enclosed cabin	<input type="checkbox"/>	<input type="checkbox"/>

fitted with other permanent electrical fittings – such as a battery, navigation lights or engine start/tilt	<input type="checkbox"/>	<input type="checkbox"/>
let or ply for hire	<input type="checkbox"/>	<input type="checkbox"/>

If you have answered 'no' to **all** of those above, please tick to confirm your launch is a privately owned open boat with an outboard engine as described above.

Otherwise, if you have answered 'yes' to **any** of those above, please enter details of your Boat Safety Scheme Certification or enclose a RCD declaration of conformity.

17 The Data Protection Act 1998

The Environment Agency is responsible for improvements in navigation and the registration of boats on waters for which we have responsibility. We will process the information you provide so that we can deal with your application for boat registration, make sure you keep to the conditions of the registration, and process renewals.

We may also process or release the information to:

- offer you documents or services relating to boat safety, navigation and environmental matters;
- consult the public, public organisations and other organisations (for example, the Health and Safety Executive, local authorities, the emergency services, the Department for Environment, Food and Rural Affairs) on boat safety, navigation and environmental issues;
- carry out research and development work on environmental issues;

17 The Data Protection Act 1998, continued

- prevent anyone from breaking environmental law, investigate cases where environmental law may have been broken, and take any action that is needed;
- assess whether customers are satisfied with our service and to improve our service; and
- respond to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 (if the Data Protection Act 1998 allows).

We may pass the information to our agents or representatives to do these things for us.

We aim to process your application as quickly as possible. At busy times it can take up to 10 working days from the day of receipt. Please also allow 2-3 days for postage.

Explanatory notes

1 Boat name

Boats will be required to display the allocated registration number and name on each side of the boat where it is clearly visible, in characters not less than 6cm high, and the Registration Certificate.

Boat names must be unique for registration purposes on the Upper Medway Navigation.

2 Registered owner

Only **one** person or organisation may be registered as the owner.

3 Dimensions

Please enter length and beam measurements in metres and tenths. 'Length' is overall hull length excluding moveable items such as rudder or outboard engine. 'Beam' is measured at the widest part of the hull.

5 Usual mooring

For a boat with both summer and winter berths, please enter summer berth only.

12 Change of ownership

If known, please give details to help us keep accurate records.

If you sell your boat, it is your responsibility to notify us of the change of ownership in writing. You must complete the change of ownership form available from www.gov.uk/register-a-boat

Until you do so, you remain the legal owner of the boat and are therefore responsible for it. This means you are still responsible for registering it and paying any charges due.

13 Boat safety – construction and equipment standards

You must make sure your powered boat complies with our construction and equipment standards at all times it is kept, let for hire or used on the Upper Medway Navigation.

Boat Safety Scheme (BSS)

These standards are set out in the ‘BSS Examination Checking Procedures for Privately Owned and Managed Boats’ and for hire boats the additional BSS Hire Boats Requirements. For other non-private boats – for example small passenger boats; shared-ownership boats managed jointly by the private owners; workboats; emergency service boats and rescue boats; hotel boats, boats let as residences or longer term accommodation – they are contained in the ‘Boat Safety Scheme Guide (2002 edition)’.

We may refuse to issue a registration or suspend a current registration if we find a boat does not comply with these standards at any time.

All boats carrying fuel or fitted with domestic cooking, heating, refrigerating or lighting appliances must have Boat Safety Scheme (BSS) certification with the exception of boats covered by a Recreational Craft Directive (RCD) Declaration of Conformity* and privately owned open boats with an outboard engine – see definition on page 2.

BSS certification and RCD Declarations of Conformity are valid for a maximum of four years from the date of issue but all boat owners are responsible for making sure their boat complies with safety standards at all times.

The Boat Safety Scheme requirements and lists of authorised Boat Safety Scheme examiners are available from:

Boat Safety Scheme,
First Floor North,
Station House,
500 Elder Gate,
Milton Keynes
MK9 1BB

Tel: 0333 202 1000 or www.boatsafetyscheme.org

*Recreational Craft Directive (RCD)

We will accept a valid RCD Declaration of Conformity made by the boat’s builder instead of BSS certification for the first four years from new. This is because CE marked craft conforming to the Essential Requirements of the RCD will also comply with the construction and equipment safety standards of the Boat Safety Scheme.

14 Insurance

You must have in force an insurance policy for the boat, provided by a company that is authorised and regulated by the UK Financial Services Authority, which covers third-party liabilities of at least one million pounds. We do not need a copy of the insurance certificate but we carry out sample checks on declarations.

15 Tender

We define a tender as a small boat or dinghy, towed or carried by another boat.

A tender on the Upper Medway Navigation does not currently need to register or pay a registration charge if it:

- belongs to a powered boat that has a current registration
- is clearly marked and has been notified to us as a tender
- is normally attached to that boat and is being used on the navigation for a purpose directly connected with the navigation of the parent boat.

16 Payment

All boats are registered in accordance with The Environment Agency (Inland Waterways) Order 2010.

The full registration charge is payable for a boat kept or used on the Upper Medway Navigation at any time during the registration year (1 April to 31 March) unless it qualifies for the end of season discount charge (see below).

When registering the boat, you are responsible to pay the full registration charge (see www.gov.uk/register-a-boat or call for our Upper Medway Navigation registration charges).

If you sell the boat or it leaves our waterway, you may qualify for a refund. Refunds are only made in certain limited cases (see www.gov.uk/register-a-boat or call for our refund guidance).

If you sell the boat or it leaves our waterway and are paying by Direct Debit, there may still be an outstanding balance. If you cancel your Direct Debit before the final instalment is paid, we may invoice you for the outstanding balance.

End of season charge

Boats registering for the 3 months from January to March only, can register for the charge of a 1 month visitor registration.

This applies to a boat that has not been kept or used on the Upper Medway Navigation before 1 January in the registration year (1 April to 31 March). It also applies if the applicant is the new owner of the boat.
