Routes that have applied for start-up aid

The Department has delayed the announcement of those routes passed the initial application stage to allow it further time to consider all the relevant evidence before determining whether the route meets the EC guidelines. Therefore the announcement of a short-list of routes that have successfully met the criteria of the initial application stage will now be made in early May. Those routes that are successful at this stage will then move forward to the strategic and economic appraisal stage, with successful bids being announced in July 2015. Below is a list of all the routes that have applied for start-up aid funding.

Route	Airline	Service	Proposed Start date
Durham TV - Belfast	Links Air	Double daily return weekdays, single return Sunday	01/09/2015
Carlisle - Belfast	Stobart Air	Daily return	01/04/2016
