

FOI Release
Information released under the Freedom of Information Act

Title: Current number of registered trade marks

Date of release: 18 May 2017

Information request:

How many registered trademarks are valid today (or in 2017)?

Information released:

The number of trade marks currently registered at the Intellectual Property Office is 554,914. That figure includes the first mark ever applied for.

The total number of marks that have been registered since 1876 is 1,048,939.

(In addition there are alternative ways of obtaining a mark that is valid in the UK. One route is by registering an EU trade mark, the other is by obtaining a UK or EU designation of an International mark.)

[Correct on 18 May 2017.]
