

Introduction

This notice is applicable to custodians of the TC03 (2989) Third Height ISO Containers ONLY.

This notice is to request custodians of TC03 (2989) containers to provide (if they have not already done so) LLWR with the Serial Numbers for any containers they currently own. Serial numbers shall be required for inclusion on all new licences for container variants already manufactured and stored at either customer OR manufacturing facilities.

TC03 Licensing Arrangements

Going forward, all TC03 newly manufactured packages will incorporate the new lid closure design which negates the use of an over-lid and will therefore operate under a new licence. During this transitional period, the old design container licence will stipulate the serial numbers of containers that are at present in circulation.

Could you please send your responses to the transportandlogistics@llwrsite.com email address no later than Friday 1st December 2017

If no response is received LLWR will assume that you do not own any of these containers.

Further Information and Questions

If you require any further information regarding licence requirements or have any queries relating to this Customer Notice, please send an e-mail to: transportandlogistics@llwrsite.com or call 019467 70301
