

**Introduction**

This notice is to inform Customers that LLW Repository Ltd is reviewing the future for supply of the (2968) TC06 (Two Third Height IP-2 ISO) container.

**TC06 (2968) (Two Third Height ISO) – Future Customer Demand**

There has been NO demand for the TC06 package design for the last three years. Its design is currently frozen and the license has lapsed. Assessment of the Customer demand for the TC06 package design will determine whether LLWR permanently withdraws the TC06 or invests in its future development. A Data Sheet on the LLWR Website for dimensions and capacities.

Customers are asked to assess their potential future requirements for use of the TC06 package and to communicate that requirement to LLWR before the 31<sup>st</sup> January 2017.

Customers who are in custody of legacy TC06 Packages (x 3) have already been contacted and the disposal of these remaining units is being managed separately.

**If you do not respond to this notice by 31<sup>st</sup> January 2017 we assume your organisation no longer requires the TC06 package.**

**Further Information and Questions**

If you require any further information regarding licence requirements or have any queries relating to this Customer Notice, please send an e-mail to: [transportandlogistics@llwrsite.com](mailto:transportandlogistics@llwrsite.com) or call 019467 70301
