Dounreay expects its suppliers to:

• demonstrate the highest level of commitment to first-class health, safety, security and environmental performance

• always comply with all site safety, security and environmental requirements

• never discriminate

• act ethically and with integrity

• work with us to drive innovation and continuous improvement

• provide value for money

• treat sub-contractors fairly and pay them promptly

• respect commercial confidentiality

• be open and honest with us and provide feedback which reinforces our respective commitments
