Residents' Charter

We recognise that as we develop, design and build the new railway, our activities will impact on the communities in which we will operate. We are committed to being a good neighbour by treating affected communities with respect and consideration, and by focusing on minimising and mitigating our impacts, whilst maximising the benefits both locally and nationally across the UK.

This charter sets out our ten commitments to you and explains the roles of the Residents' Commissioner and Construction Commissioner in ensuring we are held to account on the commitments we make. We will keep checking on our progress and looking for ways to improve how we do our business.

Our commitments to you

We will

- 1** Continue to build respectful, long-term relationships with communities and actively encourage our workforce to listen to local concerns and be considerate and accountable for their actions at all times.
- 2** Work with communities to develop local two-way engagement and communication programmes, ensuring they are accessible and tailored to local needs.
- 3** Make sure communities are made aware in advance of any activities taking place in their area.
- 4** Operate a freephone community helpline 24 hours a day, 365 days a year.
- 5** Make health and safety a priority for communities and our workforce.
- 6** Respect the wellbeing of communities, minimising disruption to their lives with local mitigation plans and activities, ensuring we meet the standards set out in the Code of Construction Practice.
- 7** Leave a positive and sustainable legacy for the communities in which we operate.
- 8** Respond to questions and complaints quickly and efficiently, with an acknowledgement within 2 working days, and responding within a maximum of 20 working days if we cannot answer the query straight away.
- 9** Promote awareness of all our property schemes so that anyone who may be eligible has all the information they need and is aware of the support available to them.
- 10** Display the Residents' Commissioner's and Construction Commissioner's contact details on all relevant materials along with HS2 Helpline information and complaints procedure.
