GUIDANCE NOTES

This procedure is outlined in [MSN 1861](#)

Please read these notes carefully before completing this form. Section 9 (pages 9 to 13) of [Marine Shipping Notice \(MSN\) 1861](#) will provide further guidance and details of requirements.

- (1) The STCW regulations have a provision for the revalidation of a Certificate of Competency by the completion of at least 3 months sea service in a certified capacity lower than that of the certificate held. However, as you have been away from the industry for a long time you may not be familiar with the latest developments. The MCA must check to ensure that you have the appropriate knowledge and competence to serve in a lower than certified capacity. This is achieved by an oral examination conducted by an examiner of the relevant discipline. **Your oral exam will be at the lower capacity.** On passing the oral examination you will be issued with a temporary CoC for service at a lower rank. Temporary Certificates will be issued for a period of 6 months; they may be extended at the discretion of the Chief Examiner. **(Deck Officers of the Watch and Engineering Officers of the Watch should refer to point 4)**
- (2) You may wish to serve on one particular type of vessel, in which case the oral examination may be restricted to that type of vessel.
- (3) Once you have completed three months sea service in an appropriate capacity you should submit your temporary Certificate of Competency (CoC), current ENG 1, Discharge Book **or** Certificates of Discharge **and** Sea Service Testimonials with a covering letter to the Seafarer Training and Certification branch. Once the sea time has been checked the MCA will issue you with a full UK CoC.
- (4) If you are either a Deck Officer of the Watch or Engineering Officer of the Watch who cannot revalidate through paragraph **(1) above**, you may sit a **FULL** Deck Officer of the Watch or Engineering Officer of the Watch oral exam. On successful completion of the oral examination and providing you meet the other revalidation requirements, your certificate will be revalidated in full.
- (5) If your Certificate of Competency expired over 10 years ago you may be required complete additional training and/or examinations. This will be indicated on your NOE. This is summarised on pages 8, 9 and 10 of this application form.
