

FOR REFERENCE - Species Lists:

Please note - due to tree health issues, funding for the planting of Ash trees (*Fraxinus excelsior*) or Larch trees (*Larix spp*) is not available under the HS2 Woodland Fund. **You should make yourself aware of the rules given below surrounding allowable planting mixes.**

Species List

Native trees and shrubs (funded)		
Species Name	Scientific Name	Species Code
Alder buckthorn	<i>Frangula alnus</i>	ABT
Almond willow	<i>Salix triandra</i>	AWL
Aspen	<i>Populus tremula</i>	ASP
Bay willow	<i>Salix pentandra</i>	BWL
Beech	<i>Fagus sylvatica</i>	BE
Bird Cherry	<i>Prunus padus</i>	BCH
Black poplar	<i>Populus nigra</i>	BPO
Blackthorn	<i>Prunus spinosa</i>	PSP
Box	<i>Buxus spp</i>	BOX
Common Alder <i>(away from watercourses)</i>	<i>Alnus gultinosa</i>	CAR
Common lime	<i>Tilia europaea</i>	CLI
Crab Apple	<i>Malus sylvestris</i>	CAP
Crack willow	<i>Salix fragilis</i>	CWL
Dogwood	<i>Cornus sanguinea</i>	DOG
Downy Birch	<i>Betula pubescens</i>	PBI
Eared Willow	<i>Salix aurita</i>	EWL
Field Maple	<i>Acer campestre</i>	FM
Goat Willow	<i>Salix caprea</i>	GWL

Native shrubs (unfunded)		
Species Name	Scientific Name	Species Code
Dog rose	<i>Rosa canina</i>	DRO
Field Rose	<i>Rosa arvensis</i>	FRO
Spurge laurel	<i>Daphne laureola</i>	SPL

NB: The above native shrub species may be included in planting mix but will not be funded.

Honorary native species (funded)		
Species Name	Scientific Name	Species Code
Horse chestnut	<i>Aesculus hippocastanum</i>	HCH
Sycamore	<i>Acer pseudoplatanus</i>	SYC
Sweet chestnut	<i>Castanea sativa</i>	SC

NB: For native woodland creation, the above honorary native species may make up ≤ 20% of the planting mix. For PAWS restoration, they may make up ≤ 20% of the planting mix for restocking, *only if they are already present*

Grey poplar	Populus canescens	GPO
Grey willow	Salix cinerea	SCI
Guelder rose	Viburnum opulus	GRO
Hawthorn	Crataegus spp	HAW
Hazel	Corylus avellana	HAZ
Holly	Ilex spp	HOL
Hornbeam	Carpinus betulus	HBM
Large-leaved lime	Tilia platyphyllos	LLI
Midland hawthorn	Crataegus laevigata	MHA
Osier	Salix viminalis	OSI
Pedunculate/common oak	Quercus robur	POK
Purging buckthorn	Rhamnus cathartica	PBT
Purple willow	Salix purpurea	PWL
Rowan	Sorbus aucuparia	ROW
Sessile Oak	Quercus petraea	SOK
Silver Birch	Betula pendula	SBI
Small-leaved lime	Tilia cordata	SLI
Spindle	Euonymus europaeus	SPI
Wayfaring tree	Viburnum lantana	WFT
White willow	Salix alba	WWL
Whitebeam (all native varieties)	Sorbus aria	WHI
Wild pear	Pyrus communis	WPE
Wild privet	Ligustrum vulgare	WPR
Wild service tree	Sorbus torminalis	WST
Yew	Taxus Baccata	YEW

on site.

Invasive species (removal funded)		
Species Name	Scientific Name	Species Code
LIST A		
Rhododendron	Rhododendron ponticum	RHO
Cherry laurel	Prunus laurocerasus	CHL
LIST B		
Himalayan balsam	Impatiens glandiflora	HLB
Japanese knotweed	Fallopia japonica	JKW
Snowberry	Symphoricarpos albus	SNB
LIST C		
American skunk cabbage	Lysichiton americanus	ASC
Shallon	Gaultheria shallon	SHA
Variegated yellow archangel	Lamiastum galeobdolon subsp. argentatum	VYA

NB: Native woody shrubs from the list to the left can make up ≤ 20% of the planting mix.
