

## NOTIFICATIONS

The bell in the top bar tells you when there have been new documents added to cases that you are linked to or have visited.

The bell will show a count of the number of **Cases** that have notifications that you should be aware of.

Within the notifications section you will see a list of cases that have had changes made to them. They will appear in Case Name alphabetical order

There are buttons that will allow you to:

1. Expand a case - click **Grow**
2. Shrink a case - click **Shrink**
3. Shrink all cases - click **Shrink All**
4. Remove all notifications for a case - click **Remove all Notifications for this Case**
5. Remove all notifications for a section - click **Remove All Notifications for this Section**
6. View the document linked to a notification - click **View**
7. Remove a specific notification - click **Remove This Notification**

*Notifications will automatically be removed from the list after 3 weeks.*

### Notifications

Shown to Thursday, October 5, 2017
