

## Annex A: Summary of projects already funded

The Fund has supported 126 projects, worth £50.6 million, that are tackling a range of issues identified locally, such as English language provision, rough sleeping or rogue and criminal landlords.

32 projects, worth £8.9 million, are being delivered by authorities caring for unaccompanied asylum seeking children (UASC).

Both are shown in this table. The table does not include payments distributed centrally to build capacity to care for UASC (see para 62 of the prospectus)

Region	Authority	Funding Awarded	Description
East	Bedford	£134,546	<b>No Recourse Accommodation Project:</b> This funding will get migrant Eastern European rough sleepers off the streets tackling community concerns around encampments, community safety and anti-social behaviour. It will provide intensive support to migrants to engage with English language classes, access training and employment and secure long term accommodation.
East	Cambridgeshire	£283,347	<b>Alcohol Misuse:</b> Reducing alcohol-related crime, improving health outcomes and achieving greater social cohesion in Wisbech and Peterborough.
East	Fenland	£86,400	<b>Migrant Outreach Service:</b> Employing a full time Outreach Worker to respond to the local community's concerns about migrant rough sleeping in Fenland and related issues of employer and landlord exploitation.
East	Fenland	£108,394	<b>Grow it, Cook it, Share it, Compare it:</b> Promoting the interaction and understanding of diverse communities in Wisbech through the growing, cooking and sharing of fresh produce.
East	Fenland	£134,897	<b>Wisbech Emergency Night Shelter:</b> Project to expand the Ferry Project Shelter by four beds and hire additional staff to provide an improved service to both settled community and migrant rough sleepers. This will redress a perception that the service is weighted towards supporting the Migrant cohort, and as a result will help reduce community tensions. The project aims to support clients into employment and training and to more efficiently access medical services, thereby reducing pressures on services to the resident community.
East	Fenland	£192,370	<b>Private Sector Housing Enforcement, Operation Pheasant:</b> A multi-agency partnership and Task Force to tackle poor housing conditions, organised crime, and gangmasters in Wisbech. This research and operation would result in enforcement action against rogue landlords and exploitative employment situations, thereby reducing anti-social behaviour, noise, waste and criminal activity in the neighbourhood. It will also reduce hazards in shared buildings where local people reside, including overcrowding, noise, sanitation, risk of fire and electrical issues.
East	Fenland	£136,000	<b>Modern Day Slavery Support:</b> Identifying and supporting victims of exploitation and abuse by working with partners to signpost them to appropriate forms of support. This proactive and early intervention will reduce pressures on health and social services, saving time, money and resource to the benefit of the whole community. It will also create an improved and fairer employment market for both the migrant and the settled populations.

East	Fenland	£119,500	<b>Migrant Worker Statistical Data:</b> This bid plans to work with local farmers to record numbers and nationalities of local seasonal workers. This will have a positive impact on the local authority's ability to design and provide services for a significant cohort of eastern European migrants, many of whom are vulnerable; provide essential information on employers' recruiting practices and possible links to gangmasters and rogue landlords; and help identify trends post-Brexit in an area heavily reliant on migrant workers in the agricultural sector. Local residents will benefit from improved and better planned local service provision, with more efficient use of resources.
East	Fenland	£110,500	<b>Bi-lingual Advisor and Basic English language Project:</b> The bid seeks to support members of the local migrant community to engage with statutory and voluntary organisations and services by recruiting and training 20 bi-lingual advisors. In addition volunteers will be recruited to support members of the settled migrant community to improve their English language skills; gain basic qualifications relevant to the work available in the area; and improve their knowledge around childcare and safeguarding. This approach is intended to reduce the pressure on the statutory and third sector, where many services struggle to cope with demand, and will address community tensions.
East	Fenland	£140,000	<b>Community Cohesion built through Sport and Physical Activity:</b> The bid will use sport and physical activity to bring the resident and migrant communities of Wisbech together to improve community cohesion through sharing positive experiences and shared goals. It will focus on the local low-income working population aged 30-55 comprising 10,000 migrant workers and 5,000 British workers. There is currently no tailored sport and physical activity provision for this large community and the project forms part of a whole system approach that is improving the lives of low-income workers locally. Local residents will benefit from a programme to improve their health and wellbeing, as well as improved community relations.
East	Fenland	£157,603	<b>Parallel Lives project:</b> Identifying the Roma community across the East of England and improving their relationship with resident communities. This research will inform actions to help Roma communities engage with public services in a more efficient way, and to improve the relationship between settled and Roma communities. This will result in improving the safety and feel of the town, as well as reducing anti-social behaviour, crime and noise.
East	Hertfordshire	£516,359	<b>Bringing Communities Together:</b> ESOL learning for migrants with embedded learning on British values and culture connected with existing local events to bring communities together.
East	Luton	£240,000	<b>Rogue Landlord Project:</b> Extending Luton Council's multi-agency Rogue Landlord project to tackle landlords who ignore requirements to license their Houses of Multiple Occupation (HMOs); tackle 'Beds in Sheds' and illegal conversions, and help raise standards in the local private rented housing sector for the whole community.
East	Luton	£310,940	<b>Supporting rough sleepers with no recourse to public funds:</b> Tackling homelessness amongst eastern Europeans either by supporting them into a sustainable future in the local community through employment, or by facilitating a reconnection to their country of origin.
East	Norfolk	£169,376	<b>Voluntary Repatriation Support Service:</b> Providing support to foreign nationals in Norfolk (including families with dependent children) who are contemplating or agreeing to a voluntary return to their country of origin.
East	Norfolk	£885,248	<b>Suffolk and Norfolk – Project Safety Network:</b> Protecting migrant victims of domestic violence who are falling through the net. The project will save local police, the health service and council homelessness teams time and money, thereby freeing them up to support the resident community and respond to other issues.

East	Peterborough	£224,912	<b>Getting to Know You:</b> A project delivered by volunteers from the established resident communities to improve English language skills across the diverse ethnic communities in the Peterborough area.
East	Peterborough	£94,200	<b>Social Media Resources:</b> Developing a suite of information, advice and guidance videos to improve the resident and migrant communities' understanding of local services, and rights and responsibilities.
East	Peterborough	£281,573	<b>Shared Vision:</b> to provide improved access to Citizens Advice Bureau (CAB) services to the established resident community in Peterborough. This additional resource is vital at a time when people are struggling to gain access to the advice service due to the growth in the population of the city and corresponding rising demand. Shared Vision will provide new advice services out in the community, based in GP Surgeries and community settings so that the resident community can quickly access the help they need in their local area.
East	Peterborough	£250,436	<b>Rough Sleeper Support Services:</b> To reduce the impacts of rough sleeping on our communities, including perceived fear of crime and ASB, and improve outcomes for EEA nationals who are rough sleeping by providing outreach support to enable them to leave the streets.
East	Suffolk	£102,000	<b>Supporting Integration in Suffolk:</b> Delivering a drop in service for migrants to help with issues such as housing, education, access to services and employment, reducing short term pressures on front line services including the need for those services to use interpreters.
East	Suffolk	£135,000	<b>ESOL Provision in Suffolk:</b> Delivering English language courses to meet gaps in local provision, including through workshops covering issues such as rights and responsibilities in the UK to promote integration and community cohesion.
East	Suffolk (on behalf of East region)	£12,900	<b>Age assessment for the East of England:</b> Since 2014 the region has seen a 200% increase in the number of spontaneous arrivals of Unaccompanied Asylum Seeking Children (UASC) and currently lacks sufficient expertise and capacity to meet its obligations under the National Transfer Scheme to take 910 UASC. The joint bid across local authorities addresses the need for greater capacity to carry out age assessments, including social worker theoretical and practical training for social workers to ensure consistency
East Midlands	Bolsover	£1,267,396	<b>Building Resilience:</b> A range of projects that will be focused around Shirebrook and the NG20 postcode area. These will include building community resilience by working with Shirebrook Academy School and the wider community, improvements to the market square, improving access to and quality of private sector housing, raising awareness of UK laws and social norms and increasing access to health related services.
East Midlands	Boston	£1,387,503	<b>Inclusive Boston:</b> A programme of projects aimed at bringing people together through sport, events and community assets; extending the availability of advice services; tackling rogue landlords and anti-social behaviour; strengthening community leadership and whole community volunteering opportunity and supporting the development of English language skills.
East Midlands	Derby	£965,084	<b>Housing and Modern Slavery in Derby:</b> Work to undertake a population profile, tackle complex family issues and exploitation through an early intervention and support approach. Supporting migrants to understand social norms and expectations in the UK.

East Midlands	Leicester	£19,900	<b>Real English in Action:</b> Offering English in real life situations to Hard to Reach Migrant Groups in Leicester. The project will result in improved employability, well-being and integration of migrants, resulting in better community cohesion for all. Migrants will also be able to use public services more efficiently, thereby reducing the pressures on services to the settled resident population.
East Midlands	Leicester	£55,500	<b>ESOL for All:</b> Offering English to hard to reach migrant groups in Leicester through classroom based English language tuition in order to speed up their integration into Leicester's wider community.
East Midlands	Lincoln City	£440,846	<b>Vision 2020: Together, Let's Tackle Lincoln's Rogue Landlords:</b> Tackling known rogue landlords; employing housing enforcement officers to conduct street surveys and inspections of privately rented homes to improve housing conditions in the private rented sector.
East Midlands	Lincolnshire	£80,630	<b>Mapping, understanding and engaging Lincolnshire's communities:</b> A project to improve local knowledge of the communities in Lincolnshire, identifying areas with high migration in order to help local organisations to work better together to support our communities.
East Midlands	Lincolnshire	£160,158	<b>Supporting Migrants to Access Health Care Services and Information:</b> Expanding the capacity of a Health Link Worker to include Adults Services to as well as children's services, to continue working with the established Eastern European communities to reduce the burden on health services and improve access, waiting times and aid cohesion.
East Midlands	Nottingham City	£2,435,712	<b>Nottingham Together:</b> Activity aimed at making our City better for everyone, focused around tackling rogue landlords, increasing English language support, reducing crime through tackling issues such as modern day slavery, and data mapping and evidence gathering to increase knowledge of local communities in order to target local authority services effectively and support community cohesion.
East Midlands	Nottingham City	£258,301	<b>Supporting reunified and refugee/asylum seeking families in Nottingham City:</b> The project aims to up-skill existing staff to work effectively with UASC and refugee settlers in the Council area, to avoid diverting much needed health and social care services from the resident population. The bid proposes to create a family support role, in the Children's Duty social work service. It will provide an interface between the above service, legal, housing, CAMHS, health and protection/safe guarding services, to promote best practice, skills and expertise including training.
East Midlands	South Holland	£127,250	<b>South Holland Community Wardens:</b> The project will create safer and stronger communities by recruiting Community Wardens to work in identified hot spot areas of persistent actual and perceived anti-social behaviour which cause continued concern to residents. The wardens will support community cohesion through enforcement and education creating a greater awareness of expected behaviour and laws and legislation.
London	Barking & Dagenham	£1,363,073	<b>Connecting Communities in Barking and Dagenham:</b> The London Borough of Barking and Dagenham is growing and is expected to continue growing. Rapid change can be unsettling and impact on social cohesion. Connected Communities Barking and Dagenham is actively aimed at making our borough better for everyone. The programme has three strands: actions aimed at enhancing social networks- in particular across faith, youth and disengaged groups; interventions aimed at managing the impact of rogue landlords and supporting vulnerable tenants; and research aimed at improving our understanding of the changes taking place within our communities. The Connected Communities programme will contribute to making Barking and Dagenham a welcoming borough with strong community spirit, leaving no-one behind.

London	Bexley	£819,000	<b>A place for everyone:</b> Improving migrant data mapping and building community cohesion. The fund will help the borough gain more up-to-date information on the make-up of the local population. It will also support community building events and initiatives designed to help new residents settle, integrate and become self-sufficient. Community building activities will centre around existing communities too, in shared spaces. The project is aiming to increase understanding of the British way of life, increase all communities' contributions to Bexley's economy and increase civic participation and belonging.
London	Brent	£442,489	<b>Love Where You Live:</b> Funding will enhance the outreach work with and social integration of Eastern European communities and will also help expand engagement with other emerging communities. The project will consist of a community outreach team that will deliver drop-in information sessions, develop community volunteers and deliver cultural community events. The project will include additional ESOL provision (covering digital skills, employability and civil engagement), signposting through a 'Welcome to Brent' leaflet and capacity building among existing local support networks. These interventions will reduce reliance on public services and create more cohesive and integrated communities.
London	Camden	£530,586	<b>Camden ESOL Advice Service:</b> creating an overarching service for the delivery of ESOL across the borough and beyond . The service will result in improved English language skills in the migrant population, resulting in better community engagement and employment. The joined-up approach will also save the council money, time and resource which can be used to relieve pressures on services for the settled resident population. The project will also be used to assess the potential for a London wide solution.
London	Camden	£254,480	<b>Wraparound Services for Unaccompanied Asylum Seekers:</b> Camden's bid aims to address some of the complex challenges faced by Unaccompanied Asylum Seeking Children (UASC) including significant trauma, cultural barriers to social integration, problems with educational attainment and disruption to family networks. It covers four elements; training for staff to cope with these issues, enhancing the virtual school which prepares children about to enter mainstream education, working with the Red Cross to provide a support group and commissioning additional specialist counselling.
London	Croydon	£230,050	<b>Mitigating the Impact of High Levels of Unaccompanied Asylum Seeking Children on Vulnerable Adolescents:</b> As a result of its location Croydon cares for 10% of UASCs in England, there is a particular need to provide stability of fostering placements for this vulnerable group of children and young people. Their proposal covers recruiting specialist UASC foster carers, providing specialist training and after-support for over 360 existing Foster carers in understanding cultural barriers and promoting integration into UK life for UASC.
London	Enfield	£460,178	<b>Operation Rogue Landlord:</b> enforcement action against rogue landlords who exploit vulnerable people and families living in unsafe and poor housing conditions. Seeks to improve living standards for the private rented community; including reducing hazards; such as overcrowding, disrepair and fire and electrical safety issues, specifically in shared buildings. Prosecuting rogue landlords will also improve the public realm by reducing anti-social behaviour, noise, waste and criminal activity.

London	Hackney	£265,866	<b>Foster care and supported lodgings recruitment:</b> The grant will help Hackney build its capacity to provide culturally appropriate, local foster care and supported lodging options for Vietnamese, Albanian and Eritrean unaccompanied asylum seeking children (UASC). This will sustainably ease accommodation pressures across the broader population of looked after children in Hackney, and increase the diversity of foster care by forging links with under-represented communities. Funds will also cover specialist support to develop UASC's independence and integration
London	Hackney	£265,867	<b>Integrated Communities Project:</b> Providing advice, signposting, and engagement, employment training and English lessons for migrants to allow them to contribute to their communities and reduce longer term reliance on public services. Providing capacity building and the training to Council Services and the local voluntary sector to their offer for migrants.
London	Hammersmith and Fulham	£80,000	<b>Migrant Housing Initiative:</b> Investigating the link between migration and private sector housing to better understand the communities in Hammersmith and Fulham. Landlords exploiting tenants by renting unsafe properties and anti-social behaviour will be tackled and this will address complaints and concerns from residents. Housing standards for all will improve as the private rented sector becomes better understood and any future interventions will be targeted and therefore more successful and efficient.
London	Haringey	£1,463,529	<b>Connected Communities:</b> Is a co-ordinated approach to help new migrants settle more quickly and successfully. It aims to support migrants from initial arrival to settling in the local community - navigating systems when they arrive; stopping exploitation by landlords and employers and supporting them into better housing where possible; supporting individuals into work and helping them integrate into the local community; and outreach to parents with ESOL and childcare. It has the overarching objectives of creating stronger, more empowered local communities – and reducing pressures on overstretched frontline services.
London	Haringey	£33,250	<b>Understanding Haringey's recent and emerging migrant communities:</b> A research project to better understand the issues faced by recently arrived Eastern European communities in Haringey; where they turn to for advice and support; and their relationship with the wider community. This research includes interviews with a wide range of frontline professionals and is training peer researchers from these groups. The research will help to identify interventions which could be used to support more effective integration of these communities and to reduce potential sources of tension. The project will help to develop more effective communications channels, and to provide accurate information about life in the UK. It is the evidence-gathering phase for a wider bid.
London	Harrow	£175,728	<b>Support for UASC in Harrow:</b> Harrow currently has eighty-five unaccompanied asylum seeking young people, thirty of whom live in a dedicated unit. The proposal includes an on-site officer who would help develop the young people's life skills and understanding of social and cultural expectations in the UK. It also includes a manager to oversee the Migration fund work, including leading on age assessments and supporting the young people through the asylum process or assisting with their move back to their home country.
London	Harrow	£398,160	<b>Harrow Migration Fund:</b> A project to determine the educational needs of new arrivals; increase awareness of social norms, supporting new arrivals to integrate and giving new arrivals health screening.
London	Hounslow	£281,414	<b>Combating Rogue Landlords:</b> To create a pro-active Housing Enforcement team to identify, inspect and effectively resolve Rogue Landlord issues.

London	Hounslow	£276,200	<p><b>Supporting UASC in Hounslow:</b> Hounslow's bid identified 4 key areas for improvement including specialist training and counselling and the appropriate expertise of foster carers.</p> <p>The funding will help support the training of social care staff, education and healthcare professionals, a foster care recruitment campaign to increase the diversity of their provision and trauma counselling. The funding will also help them improve their Leaving Care support for UASC and share expertise, with mental health and immigration support in particular.</p>
London	Hounslow	£130,000	<p><b>Data, intelligence and local projects:</b> An initiative to analyse migration data, predict local public service pressure points, and allocate money to projects to alleviate these pressures to the benefit of the whole community.</p>
London	Islington	£234,800	<p><b>Reducing UASC impact on social care in Islington:</b> Islington Council has seen a rapid increase in Unaccompanied Asylum Seeking Children (UASC) leaving care who have particularly complex needs. Some are at risk of exploitation, criminality or radicalisation, in addition to facing a shortage of in-house foster care placements and supported lodgings. Their bid aims to develop additional support for care leavers through the asylum process or return to home where appropriate, and recruit and up-skill foster carers and specialist advisors.</p>
London	Islington (on behalf of No Recourse to Public Funds Network)	£115,000	<p><b>Supporting sustainable outcomes for UASC and migrant children:</b> Islington's bid on behalf of the No Recourse to Public Funds Network proposes expanding the service with additional staff to provide advice and support to local authorities across England, covering topics such as Unaccompanied Asylum Seeking Children leaving care and issues navigating the immigration system. This will be provided online and over the phone, and will be supported by training given to local authority staff to deal with this particularly complex cohort.</p>
London	Islington	£289,240	<p><b>Migrant Rough Sleepers Employment and Accommodation:</b> A pilot across Barnet, Enfield and Haringey to support Central &amp; Eastern European migrant rough sleepers to enter regularised employment and low-cost accommodation. This will reduce migrant rough sleeping and unregulated employment. This pilot will reduce money and time spent on the resource-intensive task of reducing the incidence of encampments, thereby freeing these resources for other public services to benefit the settled resident population. It will also result in greater community cohesion, migrant contribution to the local economy and a fairer job market for all.</p>
London	Kingston	£338,529	<p><b>Kingston's ESOL and Integration Programme:</b> To respond to high net migration and inequalities in Kingston by increasing access to English language tuition, volunteering; promoting integration and the navigation of services thus reducing pressure on services and improving community cohesion.</p>
London	Lambeth	£139,400	<p><b>Research based foster carer recruitment:</b> The grant will support Lambeth to learn about the barriers to and facilitators of culturally appropriate carer recruitment, and help the local authority recruit and retain culturally appropriate foster carers for unaccompanied asylum seeking children (UASC) from particular countries. Boosting the availability of suitable foster places within the borough is expected to lower agency costs while reducing some of the barriers to securing care for Lambeth's UASC population.</p>
London	Lambeth	£314,000	<p><b>Identifying and Enforcing Poor Housing Standards in Rogue Landlords' Properties:</b> This project will reduce anti-social behaviour, crime, noise and waste, all of which are current concerns of the resident population. Ensuring long term tenancies will promote cohesive communities and increasing safety in housing will benefit settled resident and migrant populations.</p>

London	Lewisham	£363,220	<b>Lewisham UASC and care leaver programme:</b> The grant will support the local authority to build foster care and supported lodging capacity for Unaccompanied Asylum Seeking Children (UASC), reducing costly out-of-borough agency placements. Learning from the project will sustainably reduce costs and ease pressure on care services. The grant will also enable Lewisham to better support UASC care leavers, boosting their integration and empowering them to make a positive contribution to the community.
London	Lewisham	£208,736	<b>Lewisham Rogue Landlords Project:</b> Funding for two full-time officers to gather evidence for the prosecution of rogue landlords whose criminal behaviour is causing misery both for tenants and neighbours. Prosecuting rogue landlords will reduce anti-social behaviour, noise, waste and criminal activity in Lewisham. It will also reduce hazards in shared buildings, including overcrowding, noise, sanitation, risk of fire and electrical issues.
London	Merton	£56,815	<b>Capacity building to provide support for UASC in Merton:</b> The grant will support Merton to secure sufficient skilled foster carers for unaccompanied asylum seeking children (UASC), thus building foster care capacity for older children across the borough. The grant also funds a programme of learning activities within a peer network, which will help UASC to engage successfully with the wider community through language, connections, and cultural understanding. This is expected to reduce integration pressures and translation costs.
London	Newham	£275,000	<b>Mitigating the Impact of High Levels of Unaccompanied Asylum Seeking Children on Vulnerable Adolescents:</b> Dedicated rough sleeping coordinator to work with Immigration and Compliance teams, police, the voluntary sector and neighbouring boroughs to tackle migrant rough sleeping to improve the safety in the town, as well as reducing anti-social behaviour, crime and noise linked to rough sleeping. Migrant Outreach Worker Post to assess support needs, refer to appropriate services and work with Routes Homes Service. Research project to explore localised evidence of Modern Slavery and exploitation linked to migrant rough sleeping in Newham.
London	Redbridge	£663,600	<b>Tackling Rogue Landlords:</b> Through the funding of a proactive housing enforcement team, those being exploited by poor landlords and those living in sub-standard accommodation will see their living standards improve as well as the surrounding community whose complaints around anti-social behaviour and fly-tipping will also reduce. Safety in homes will be increased which will benefit all those living in Redbridge's 25,000 strong private rented sector. Landlords and tenants will be educated in their responsibilities and standards will be raised across the sector.
London	Redbridge	£99,000	
London	Redbridge	£94,300	
London	Southwark	£240,000	<b>Southwark migration project:</b> Promoting mutual understanding of the diverse cultures in the borough and helping those with English as a second language to gain the skills they need for employment.
London	Tower Hamlets	£530,800	<b>Welcome to Tower Hamlets:</b> An integration and cohesion focused programme that connects with new migrant arrivals and so helps to reduce immediate pressures on local public services. Welcome packs introduce new arrivals to life in the borough, informing them about new social norms and expectations in order to help them adjust to different communities. English language lessons assist people in getting more involved with their wider community, and they also encourages better integration. Volunteering opportunities mean that migrants have the opportunity join in and to contribute in the borough.

London	Waltham Forest	£1,015,080	<b>Managing the Impact of Migration to Waltham Forest:</b> Encouraging integration through community conversation classes, cracking down on rogue landlords and tackling rough sleeping. This project will improve the safety of the town, as well as reducing anti-social behaviour, crime and noise. It will also reduce hazards in shared buildings where local people reside, including overcrowding, noise, sanitation, risk of fire and electrical issues.
London	Waltham Forest	£154,668	<b>UASC in Waltham Forest:</b> The focus of Waltham Forest's project is reducing the need to use independent foster provision for its Unaccompanied Asylum Seeking Children. The project will recruit and train culturally suitable local foster carers, which will be more appropriate for the children's needs and use resources more efficiently.
London	Westminster	£400,746	<b>The Rogue Landlord Project Team:</b> Through the funding of a multi-agency housing enforcement team, Westminster will use new and innovative methods to pro-actively identify poorly managed premises, expose rogue landlords and rogue letting agents, and illegal migrant residences. There will be a focus on helping 'hard to reach' migrant communities being exploited in Houses in Multiple Occupation (HMO), and the team through targeted education programmes and increased intelligence-led enforcement, will improve the living standards for tenants and the surrounding community.
North East	Middlesbrough	£300,000	<b>Supporting Settled Communities:</b> Promoting integrated and resilient communities by providing training on common social and cultural values, facilitating community events, offering small grants to support volunteering and bringing together people of all backgrounds.
North East	Middlesbrough	£410,000	<b>Understanding the impact of migration on the settled community:</b> Research and mapping project to improve understanding of the changing population in Middlesbrough and wider Teesside area, looking closely at Middlesbrough as a case study to understand needs and help with local service planning.
North East	Middlesbrough	£721,843	<b>Improving attainment and cohesion in schools:</b> Helping schools alleviate pressures associated with a large number of international children arriving within the school year by supporting their smooth transition with additional teaching staff and language support enabling a stronger level of attainment for all children and supporting better community cohesion between children of all backgrounds.
North East	Middlesbrough (on behalf of the North East Strategic Migration Partnership)	£25,000	<b>Regional training for professionals working with UASC in the North East:</b> The proposal from North East Migration Partnership is to deliver training to all North East authorities to bolster expertise in supporting Unaccompanied Asylum Seeking Children (UASC), as the region has limited experience in this area. Their bid identifies additional training needed to improve staff confidence in supporting UASC, which may ultimately facilitate greater engagement with the National Transfer Scheme. The training will primarily be directed at Social Workers, Practitioners and Foster Carers..
North East	Stockton on Tees	£471,386	<b>Stockton Town Centre – investing in our communities:</b> Tackling Rogue landlords in Stockton town centre, increasing Community English language provision, providing additional language support in schools and supporting additional youth work all to improve community cohesion in Stockton.

North West	Blackburn with Darwen	£261,994	<b>Integrating Refugees and Migrants in Blackburn with Darwen:</b> Bid to improve English language in the migrant population and to provide additional temporary accommodation for migrants, thereby freeing up housing for the settled community. The grant will also fund a 'job club' to help migrants into training and education, which will relieve pressure on the services provided by the Job Centre to the resident population.
North West	Bolton	£258,034	<b>Controlling Migration Fund:</b> A project to target, deter and disrupt individuals responsible for the provision of poor quality housing and associated criminality to improve the quality of life for the local community affected by waste nuisance, overcrowding, noise and anti-social behaviour.
North West	Bolton	£350,533	<b>My Bolton Family:</b> funding to carry out a range of cohesion activity in central Bolton, Brightmet and Tonge to encourage integration between communities and to reduce pressure on services.
North West	Bury	£97,454	<b>Targetted recruitment to increase capacity in Bury:</b> Bury cares for 14 Unaccompanied Asylum Seeking children (UASC) and 7 UASC care leavers. They have agreed to take 12 children through the National Transfer Scheme in collaboration with Oldham, so their bid identified two key areas of need to achieve this; improved semi-independent accommodation and a specialist Social Worker to lead the care management of UASC and UASC care leavers. They will also help to improve and promote community cohesion.
North West	Bury	£80,000	<b>Reducing the social impact of migration:</b> By improving partnership working with Police, Fire and Immigration Enforcement to tackle unsafe and poor quality housing, reduce fly tipping and anti-social behaviour and improve the area for all residents.
North West	Carlisle	£89,500	<b>Improving the Private Rented Sector in Botchergate:</b> Tackling rogue landlords through targeted inspection of residential and business premises to tackle substandard housing, poor food hygiene and improve the area for all residents.
North West	Cumbria	£186,527	<b>Cumbria Community Integration Project:</b> Developing infrastructure to support the integration of Cumbria's migrant and resident communities through a community development approach delivered by the Local Authority and Cumbria's voluntary and community sector. This project will seek to reduce migrant children in need, on a protection plan or in care, by rolling out a whole family approach.
North West	Cheshire East	£122,962	<b>Crewe Community Cohesion project :</b> A range of interventions to improve community cohesion and integration including ESOL classes for migrant parents, community liaison officers, educational support for migrant children and information packs to ensure, that migrants are aware of available services and how they work so they can access the right services when needed. These interventions will improve interaction between migrant and settled communities, reduce inappropriate use of public services and increase teachers' availability to other key areas of teaching.
North West	Manchester City	£280,000	<b>Rogue Landlord Project :</b> Joint targeted inspections (between housing officers, fire officers and immigration enforcement) of rented properties to tackle rogue landlords and poor housing conditions in deprived areas of Manchester where migrants are concentrated, improving conditions for the whole community.

North West	Manchester City	£77,500	<b>Strangeways Operation</b> : This project will extend a multi-agency approach tackling counterfeit goods and organised crime groups in the Strangeways area of Manchester. Better intelligence and more investigation resource will remove illegal shops and deliver prosecutions for the worst offenders, making the area a safer environment for everyone.
North West	Greater Manchester Combined Authority	£449,650	<b>Talk English Plus:</b> A project to improve English language provision across Greater Manchester enabling migrants to communicate more easily thus reducing pressure on services and improving social mixing and community cohesion.
North West	Liverpool (City Region – with Halton, Knowsley, St Helens, Wirral)	£2,448,658	<b>The World in One City- managing the changing dynamics of Liverpool:</b> A multi-faceted approach to recent migration across Liverpool and four other city-region authorities (Halton, Knowsley, St.Helens, Wirral). A programme of activity across the 5 authorities will deliver support to refugees to obtain mainstream benefits and housing freeing up emergency accommodation for the wider community, support to migrants to access employment easing pressure on job centres and family learning support to enable migrant children to access education more readily. Across Liverpool, the programme will include initiatives to tackle migrant rough sleeping, provide specialist educational support to migrant children to free up pressure on schools and release the capacity of teachers and provide ESOL to enable migrants to use services more effectively, all of which contribute to better public services and a more cohesive society.
North West	Oldham	£602,104	<b>Stronger Together Oldham:</b> Will enable the town to build on positive work already undertaken with communities who work together and support each other as they settle into Oldham. The project will help the borough gain more up-to-date information on the make-up of the local population and support targeted interventions or enforcement action in terms of crime, anti-social behaviour, overcrowding and illegal immigration. The funding will enable a programme of activities to build language skills, and provide support to schools with a larger number of new pupils with limited English. A new youth programme will support young people from across all communities to develop a range of skills including leadership skills which increase their own self-confidence and esteem. The programme will benefit the whole community by encouraging more social mixing, improving English which reduces the need for costly translation and tackling community tension.
North West	Rochdale	£179,776	<b>Operation Maverick:</b> A partnership Enforcement team to disrupt and tackle rogue landlords and businesses, associated criminal activity and illegal immigration creating safer and more attractive neighbourhoods for everyone.
North West	Sefton	£244,000	<b>English Language Support in Sefton Schools:</b> The project will fund English language support in an area with increased pressure on schools caused by recent migration. The funding will provide additional teachers to improve standards and outcomes for migrant children and their families in English. This provision will help make sure migrant children make a better start at school and prevent diversion of teaching support away from pupils in the wider community.
North West	St Helen	£78,693	<b>Private Sector Housing:</b> The project will build capacity within the Council's Private Housing landlord and tenant liaison service. Data from a variety of sources will be analysed to identify those properties most at risk from multiple occupancy and sub-standard conditions. The data will be used to liaise with local partners working in the voluntary sector and encourage tenants to report sub-standard housing, and will enable the Housing Team to undertake proactive inspections and enforce housing standards. The funding will improve housing standards in the area which will benefit the whole community and will tackle ASB.

North West	Stockport	£67,250	<b>Stockport Stronger Together:</b> Promoting cohesion by improving English language proficiency in bilingual children and adults, and providing opportunities for children and young people from different backgrounds to mix socially and build relationships through a schools linking programme.
North West	Stockport	£64,400	<b>Migrant and Community Wellbeing in Stockport:</b> Improving awareness amongst migrant communities of how services work. Training front-line NHS staff on working with migrants to create more efficient, effective services for everyone.
South East	Brighton and Hove (on behalf of South East Strategic Migration Partnership)	£156,609	<b>South East Region DCS Training Proposal and Development of a UASC specific Outcome Star:</b> The project, a partnership of the South East Children's Services departments, the South East migration partnership and Brighton & Hove City Council, will provide regional training on UASC specific needs for social workers in the region and will support the development of a national resource with external specialists for sharing best practise. The training is targeted at practitioners who are likely to interact with UASC and will help build consistency across the region and integrate communities.
South East	Brighton and Hove	£187,856	<b>Brighton &amp; Hove ESOL hub:</b> Funding will provide an integrated pathway for new migrants who need to learn English, matching migrants to the most appropriate classes for them and ensuring more efficient use of resources by local providers who are offering formal and informal learning. Migrants will also be offered advice and guidance about steps to employment and be signposted to support that will enable them to access practical, cultural and leisure facilities in order to foster integration and a sense of ownership of their City. The project will save public sector resources by avoiding waste and duplication in English language provision; increasing the employability of migrants and improving their ability to use and interact with public services efficiently.
South East	Gravesham	£303,500	<b>Better Life:</b> A project to improve community cohesion between the migrant and settled resident population in Gravesham through the provision of English language lessons, in partnership with the Romani Slovak Czech community group. This project will improve the atmosphere of the neighbourhood and reduce anti-social behaviour; improve migrants' opportunities to work and contribute to local economy; and reduce the amount of public money spent on interpreter costs, freeing up funds for other public services.
South East	Hastings	£342,203	<b>Operation Discovery:</b> Funding to support the council's participation in Operation Discovery, a multi-agency project that is tackling Organised Crime, Human Trafficking and Modern Slavery. The project aims to disrupt illegal activities and identify dangerous and unlicensed HMOs and business premises. Benefits will include: reducing overcrowded, dangerous housing conditions and associated risks (eg. fire); educating landlords in their obligations to (all) tenants; disrupting criminal activity; and, increasing confidence that businesses that employ migrants are legitimate.
South East	Kent	£16,158	<b>Targeted health interventions/Cultural Competency and Communication Skills in Kent:</b> Funding will support new teams to work with migrant communities across Kent to ensure families are well supported. Targeted early interventions will improve the health and wellbeing of the migrant community and save money - encouraging healthier lifestyles and preventing the development of illnesses. The project will also deliver cultural awareness training to frontline NHS staff to provide targeted support and improve access to NHS services for the Roma community. This will also make more efficient use of resources by, for example, shortening appointment times and reducing the frequency of missed appointments.
South East	Kent	£853,106	

South East	Kent	£634,736	<b>Former UASC Care Leavers - Successful Transitions to Adulthood within Cohesive Communities:</b> Given its location Kent CC is at the forefront of the response to the arrival of UASCs. The project aims to address key issues such as English proficiency, mental health issues, key life skills and understanding cultural norms. The programme of support has many strands: a toolkit on life skills, language and civic values for 17-24 year olds; additional staff trained in mental health provision; bilingual 'community integration' apprenticeships; volunteer led English language courses.
South East	Medway	£200,000	<b>Community Plus:</b> Aims to inform, improve and develop relationships between migrant and resident communities through English language workshops, peer mentor schemes and employment support.
South East	Milton Keynes	£718,758	<b>Managing the impact of migration on community cohesion in schools in Milton Keynes:</b> by recruiting Parent Ambassadors in 12 schools to support newly arrived migrant family integration; improving schools' knowledge and understanding of the diverse local communities; and linking mainstream schools with supplementary schools. The improved cohesion, through migrants' improved understanding of British values and better use of English will increase community safety and reduce prejudice-based incidents.
South East	Oxford City	£60,000	<b>Data and evidence gathering:</b> Proposal to undertake research into modern slavery and trafficking and produce a report on the actions that should be taken to ensure more efficient and effective delivery of public services for the settled resident and migrant populations
South East	Oxford City	£308,535	<b>ESOL and Cohesion:</b> Provision of English language lessons and other cohesion activities, to reduce pressure on services by improving migrants' understanding of how to use them efficiently.
South East	Oxford City	£409,319	<b>Rogue landlords and rough sleeping:</b> Proposal to tackle private rented properties that are not covered by the selective licensing scheme for HMOs, unlawful dwellings ("beds in sheds") and encampments. Tackling these issues will improve the safety, look and feel of the town, as well as reducing anti-social behaviour, crime and noise.
South East	Oxfordshire	£334,654	<b>Thriving Unaccompanied Asylum Seeking Children (UASC) embedded within their local communities:</b> Over the past 5 years Oxfordshire CC has cared for 180 Unaccompanied Asylum Seeking Children (UASC) principally from Albania, Eritrea and Afghanistan. Their bid identified a need for increased capacity support to take on additional UASC through up skilling professionals across the county to better understand the support needs of UASC and increasing the support for when UASCs access educational placements. The funding will also be used to improve access to therapeutic interventions and positive activities.
South East	Reading	£390,181	<b>English Language Support To Employment:</b> A project to improve English language skills of the migrant population so that local skills shortages in the area can be addressed and job vacancies filled, to benefit the local economy.
South East	Southampton	£55,250	<b>Programme of interventions across Southampton:</b>  One project will increase capacity of Southampton Citizens' Advice Service to benefit both resident and migrant communities through recruitment and training of recent migrants as volunteers and the establishment of a new outreach centre in Sholing.  Cohesion work will develop the council's understanding of demographic change and local concerns in parts of the city with

South East	Southampton	£54,000	high recent migration (such as Bargate, Bevois and Freemantle), through use of a network of voluntary communicators and software. The project will also support front-line council staff to engage with people who feel alienated and unsettled about change.
South East	Southampton	£89,200	Another project works through Women's Aid to encourage the earlier reporting of Domestic Violence (DV) amongst recent migrants to reduce the number of more severe, crisis cases that divert limited resources. It will also improve data collection on DV so the Council and partners continuously improve services for women and children.
South East	Southampton	£161,976	<b>English as a Second Language:</b> Project for ESOL provision in Bargate, Bevois and Freemantle areas of the City using providers from the Council's current framework agreement.
South East	Surrey	£118,000	<b>Developing local placements integrated in communities for Surrey's Unaccompanied Asylum Seeking Children (UASC):</b> The focus of Surrey's project is reducing the need to use independent foster provision for it's Unaccompanied Asylum Seeking Children. The project will develop local placements integrated in the community, which will be more appropriate for the children's needs and use resources more efficiently.
South East	Thanet	£557,630	<b>Rogue Landlord and Community Cohesion Task Force:</b> To tackle rogue landlords in Thanet and provide English language support to help migrants engage effectively with the local community.
South East	West Sussex	£321,900	<b>Enhancing quality and capacity to UASC by embedding and their voice and experience in newly designed training for professionals and carers:</b> West Sussex are looking to enhance the quality of their service to Unaccompanied Asylum Seeking Children by: i) harnessing their voice and experience - using this intelligence to inform and shape local services, develop new training for service providers and promote understanding in communities and, ii) Improve support offered to foster and supported lodgings carers through an enhanced package of support and training, enabling more placements to be found locally. The improved service will be more appropriate for the children's needs and increase community confidence and cohesion.
South West	Bournemouth	£92,836	<b>SCSA (Separated Children Seeking Asylum) Integration Project:</b> Bournemouth is relatively new to caring for Unaccompanied Asylum Seeking Children. This project will be delivering, through a number of local partner agencies, multiple smaller projects to improve the integration of UASC into the local community. The provision of practical and relevant English language and social norms sessions, and the recruitment of supported lodgings carers, are just two of the many strands of this bid.
South West	Bournemouth	£234,669	<b>West Hill Targeted enforcement:</b> This project will gather data to identify, and enforce against, rogue landlords who operate unlicensed HMOs and are thought to be targeting migrant residents in a particular ward; raise awareness and reporting of housing issues and environmental crime issues; and provide information and advice to tenants on their rights and obligations. Benefits for the resident community include: empowering residents with appropriate expectations of their tenancies and awareness of how to seek support; ensuring tenants live in safe homes that play a positive role in the community; making the area cleaner and greener.
		£321,750	<b>Tackling Rogue Landlords who exploit migrants and drive down property standards:</b> Carrying out both targeted and reactive rogue landlord and agent enforcement work across the city of Bristol using the full range of housing enforcement powers.

South West	Bristol	£180,474	<b>Bristol Migrant Rough Sleeping Project:</b> Tackling an increase in migrant rough sleeping and associated anti-social behaviour, by providing support to those with prospects of employment or facilitating supported returns home for those where this is the most appropriate outcome.
		£126,228	<b>Bristol Vision and Values:</b> To deliver cohesion activities around Bristol, including events, citizenship workshops, and youth and schools engagement to bring different communities together, promote responsible citizenship, understanding and integration.
		£174,202	<b>ESOL for Living Together Project:</b> To support development of an ESOL strategy for Bristol & West of England, alongside English language activity and a pilot 'work zone' project to support legal migrants who are keen to work to overcome specific barriers such as conversion of qualifications and particular language support to enable them to gain suitable employment and contribute to the local economy.
South West	Devon	£195,315	<b>Development of Specialist Services for Unaccompanied Asylum seeking children and young people – Fostering and Community Volunteering:</b> Devon's UASC project is dual stranded. One element will focus on recruiting further foster carers and developing their skills specific to working with UASC. The second element will co-ordinate and make accessible many already-existing volunteer opportunities offered by different communities across the region. Many of these roles will provide training in skills relevant to local employment opportunities. Taken together, these two strands will increase community cohesion across the region. They will also substantially develop Devon's ability to care for UASC and help them to contribute positively to the local economy and society.
South West	Portsmouth	£200,000	<b>UASC safety and care:</b> Portsmouth receives a number of clandestine arrivals through the ferry port, resulting in a high number of UASC and UASC care leavers. To deal with increasing demand, the proposal focusses on recruiting two social workers identified as having specialist skills in dealing with UASC, as well as some allocation for carer training resources, interpretation and translation and activities for UASC and care leavers to improve their orientation in the UK.
South West	Swindon	£278,700	<b>Improving Safety in the Private Rented Sector for migrants in central Swindon:</b> To improve housing safety and standards in central Swindon including housing and fire inspections and measures to address fly-tipping to improve the local environment for all residents. To also improve community engagement with public services and community projects across Broadgreen.
South West	Wiltshire	£148,900	<b>Developing our support for Unaccompanied Asylum Seeking Children in Wiltshire:</b> Wiltshire are preparing for the arrival of another 30-35 Unaccompanied Asylum Seeking Children over the next two years as part of the National Transfer Scheme, so the bid focusses on the recruitment and up-skilling of in-house foster carers and increased supported lodging placements. These will be concentrated in clusters where local services such as school placements and language support can be effectively provided and local volunteers can take the pressure off universal services and support community cohesion.

West Midlands	Birmingham	£916,260	<b>Supporting Private Tenants and tackling Rogue Landlords:</b> This project will work with local partners to tackle rogue and criminal landlords who exploit migrant tenants. It will provide advice to landlords to help them maintain their properties; educate tenants and landlords on acceptable housing standards; and ensure migrants are aware of their rights by explaining what services are available to them. The council will seek to prosecute landlords letting poor quality private-rented accommodation to migrants. Local residents will benefit from the enforcement of housing standards and an improved local street scene.
West Midlands	Coventry	£872,472	<b>Building Bridges:</b> This bid aims to highlight the need to further strengthen community cohesion in the city, as well as addressing the increased demand on services as a result of migration. The funding will support a range of projects focussed on increasing the independence of newly-arrived migrants, as well as encouraging positivity towards migration within the host community. These will include a sustainable programme of community-led English language sessions, a migrant volunteer programme supporting learning and skills development, and a dedicated migrant letting agency aimed at reducing homelessness costs for the local authority and taking pressure off social housing. A youth-oriented strand will also focus on bridging the gap by offering safe environments within the local communities where young people from all cultures can come together to access vital support services and share their mutual experiences.
West Midlands	Herefordshire	£167,004	<b>One Herefordshire – stronger together:</b> This bid expands two effective local approaches to promoting inclusion and improving cohesion - a “no prejudice in HEREfordshire” social marketing campaign comprising community events to promote and embed an understanding of different cultures through activities such as sport or sharing of food; and a community boxing club in Leominster to address cohesion and anti-social behaviour issues. Local residents will benefit from an improved understanding and acceptance of different cultures; improved integration and reduced race-related hate crime and anti-social behaviour.
West Midlands	Sandwell	£770,575	<b>Sandwell’s Transition Education Partnership Service (STEPS):</b> This project will address the gap between migrant families arriving in the Sandwell area and migrant children securing a school place. It will support Sandwell’s school admissions process by funding a centre which migrant families can attend so their needs can be assessed while waiting for school places. The centre builds on a successful pilot and will support new arrival families to understand the school system as well as providing ESOL classes and information, advice and guidance on public services, rights and responsibilities. The project will reduce pressure on school resources, assist with community integration and improve transition in to the education system.
West Midlands	Sandwell	£337,054	<b>Tackling Rogue Landlords who exploit vulnerable migrant communities</b> living in very poor quality accommodation and protecting established resident communities through an area-based approach to controlling the private rented sector.
West Midlands	Solihull (on behalf of West Midlands Strategic Migration Partnership)	£1,975,000	<b>The West Midlands UASC forum:</b> This regional bid ensures that all fourteen local authorities are able to contribute to the National Transfer Scheme and have confidence that staff are able to respond to legislative and statutory requirements for this group of children and young people. It will develop expertise, raise quality and promote best practice across all services and communities supporting these children and young people; their education, health, social care, employment, and housing

West Midlands	Staffordshire	£298,527	<b>Supporting Unaccompanied Asylum Seeking Children (UASC) to Integrate into Staffordshire's Communities:</b> Staffordshire cares for 154 Unaccompanied Asylum Seeker Children, so the bid focusses on the key issues of integration and English language provision. The bid covers an evaluation and research element to better understand the impact and the pressures they face, in addition to community development workers to help involve UASC in community activities. The funding will also help provide English language teaching, numeracy, IT and Citizenship skills UASC in 6th form and Further education
West Midlands	Stoke-on-Trent	£208,000	<b>Improving Community Cohesion and Integration in Stoke-on-Trent:</b> This project will help to build positive community relationships in a number of areas in Stoke-on-Trent by building trust and understanding between communities. Activity will be focused on working with local youth services; tackling environmental issues such as rubbish disposal and fly tipping; engaging with newly arrived communities to build awareness and confidence to use local services; accommodation and employment. The project will support existing residents and their new neighbours by providing more opportunities to improve interaction and engagement.
West Midlands	Telford and Wrekin	£388,925	<b>Our journey to 2020: Rogue Landlord Project:</b> This bid will transform the private rented sector in Telford and Wrekin by improving landlords' and agents' management of properties to ensure that accommodation is managed effectively; providing information to tenants on their rights and responsibilities; building a profile of landlords and agents operating poorly within borough; and tackling rogue landlords and associated criminal activity. Local residents will benefit from higher standards in the private rented sector and better enforcement action taken against poor and rogue landlords.
West Midlands	Walsall	£431,094	<b>Lets Talk About It:</b> This bid will address the accessibility and take up of English language classes by delivering flexible English courses to the migrant community at times and venues which meet their needs. This recognises that many migrants work shifts and have childcare responsibilities meaning they do not always complete courses. Classes will therefore be held in places of worship, community venues and workplaces with evening, weekend and day options available. This approach will save local taxpayers considerable costs for translation services which will be reinvested in local services, will help local businesses become more profitable and help communities be more integrated with wider participation.
West Midlands	Walsall	£665,551	<b>Walsall People:</b> A multi-themed proposal to support better community integration in Walsall; improve the living environment; improve educational attainment; safeguard some of the most vulnerable; reduce fly tipping; reduce anti-social behaviour and improve the private landlord housing provision delivered through a strong community sector and public sector partnership.

West Midlands	Warwickshire	£343,000	<b>Outreach Pod – Enhancing Support for Unaccompanied Asylum Seeking Young People:</b> Warwickshire’s project will instate a new way of working with Unaccompanied Asylum Seeking Children in the area: an outreach ‘pod’ of multi-disciplinary professionals to co-ordinate services and ensure that none are duplicated. It will include, for example, a mental health practitioner and community workers. The services range from English language lessons, to relationship and life skills development, and will aid the migrants to fully integrate into local society.
West Midlands	Wolverhampton	£482,558	<b>Supporting the Emotional and Mental and Wellbeing of UASC:</b> Funding to improve access to private rented housing in City of Wolverhampton, including additional support to sustain tenancies and prevent illegal eviction. This will benefit vulnerable people including migrants and support integration in local communities. Migrants, housed in private rented accommodation, will have access to education and support about their housing rights and tenancy responsibilities, supporting the prevention of homelessness, reducing the potential for exploitation and the impact of ‘rogue landlords’. Migrants will also be supported to navigate public services more effectively, to access the support they need including ESOL classes, skills training, employability and volunteering opportunities.
West Midlands	Wolverhampton	£125,350	<b>Wolverhampton Schools PEER Integration Accelerator programme:</b> Building the capacity of schools to receive migrant families, supporting them to become participating members of the community and benefitting all children within those schools. The project will focus on training teachers, parents and children to provide practical support to new migrants in the 20 schools with the most significant levels of new arrivals. Parent ambassadors will facilitate chatter groups for newly arrived parents to support successful integration into the local community and be a signpost towards other services such as ESOL provision.
West Midlands	Worcester City	£291,120	<b>Tackling the hidden issues faced by migrants across Worcestershire:</b> Worcestershire will build intelligence to form a comprehensive approach to tackling rogue landlords; to take action against the hidden issues that migrants face.
Yorkshire and Humber	Barnsley	£380,000	<b>Housing and Migration:</b> Activity focused on areas of high concentrations of private rented accommodation being accessed, predominantly, by migrants to Barnsley where there are issues, for example, around the local physical environment, fraud, exploitation and criminal activity. The remit will particularly focus on hearing and responding to concerns of the whole community on the impact of migration and promote understanding of local social, cultural and civic norms.
Yorkshire and Humber	Bradford	£1,388,000	<b>Changing Place (Stronger Bradford):</b> Ensuring effective delivery and effective use of public services. Providing English language support, targeted youth work, additional school support and health support workers to enable migrant communities to navigate public services effectively, reducing the demand on and increasing the capacity of children’s social services, health services and schools in the local area.
Yorkshire and Humber	Calderdale	£430,000	<b>Together Calderdale:</b> Supporting additional youth engagement, English language classes, establishing understanding of local social norms and housing/environmental enforcement, with a ward level focus around central Halifax, Ovenden and Mixenden to benefit the whole community with improved public environment.

Yorkshire and Humber	Doncaster	£644,048	<b>Migration: Support Engagement and Education Project in Doncaster:</b> A programme of work to build trust and engage within communities targeted in locations within Doncaster. Community development work will help integration and cohesion of all residents and also provide information on local expectations and responsible citizenship across all the community, helping to tackle issues such as poor quality overcrowded housing, ASB, Crime, fly tipping and other environmental nuisance, addressing significant concerns for all residents in these areas.
Yorkshire and Humber	Hull	£400,000	<b>Tackling environmental standards in central Hull:</b> This area based project responds to resident and service providers concerns by improving environmental and housing standards across central Hull. There will be greater Council presence to hear concerns and respond to these quickly. Local people will be encouraged to work together to take long term ownership of their area, with Council support. Action will be taken against rogue landlords.
Yorkshire and Humber	Kirklees	£820,470	<b>Connecting Kirklees:</b> This funding will enable Kirklees to build on positive work so far to establish communities who work together and support each other as they settle into the area. It will enable a programme of activities to build language skills, an understanding and awareness of local culture, and provide support to schools with a larger number of new pupils with limited English.
Yorkshire and Humber	Leeds	£525,000	<b>Standards and Expectations:</b> Establishing community networks in 5 target areas deploying community champions to hear and counter concerns of the wider community and identify better understanding and adherence to social norms and values by new migrant communities. The aim is to encourage more appropriate use of public services.
Yorkshire and Humber	Leeds	£409,316	<b>Learning English in Leeds:</b> The aim of this proposal is to create a comprehensive ESOL/Learning English Strategy for Leeds to help save costs to public services, unlock migrant capabilities and capacity and promote a more integrated and socially cohesive society. It will enable people from migrant communities to participate more fully in society, leading to greater integration and less opportunities for isolation, as well as promoting physical and mental health and wellbeing by developing people's language skills and confidence, enabling parents from new communities to better support their children's education.
Yorkshire and Humber	Leeds	£320,000	<b>Leeds – Supporting Children and Young People seeking Asylum:</b> The focus of Leeds' bid is to ensure that newly arrived Unaccompanied Asylum Seeking Children are able to access services, without negatively impacting on the established community. The funding will predominantly be to used recruit additional staff to improve the orientation of UASC, to ensure a consistency of approach in welcoming and supporting UASC to as they settle into the local community in Leeds, in various accommodation options appropriate to their needs.
Yorkshire and Humber	Leeds (Migration Yorkshire)	£396,930	<b>Place-based data and mitigating local impacts of migration:</b> This is a research project to better understand how and why migration impacts differently in different local communities in Yorkshire and Humber, and how local authorities plan for and deal with these impacts. The project will identify different types of neighbourhoods using a range of socio-economic and migration data, and then explore how a selection of these neighbourhoods respond to migration, through hearing the views of a cross-section of local residents and service providers. The project will improve how local authorities prepare for and address issues related to new migration. It will also inform the nationwide understanding of the impact of recent migration.

Yorkshire and Humber	North Lincolnshire	£328,079	<b>Safer, Greener, Cleaner:</b> Responding to concerns, this proposal focuses on a specific area within the Town and Crosby and Park wards of Scunthorpe and is in response to concerns around anti-social behaviour, fly tipping and rogue landlords. The money will be used to help build a more resilient and strong community with a shared understanding of local cultural and civic expectations. It will also be used to improve access to key services.
Yorkshire and Humber	North East Lincolnshire	£232,500	<b>Rogue Landlord Project:</b> The multi-agency project will aim to improve the quality and quantity of localised data to help identify rogue landlord activity, addressing the vulnerability, social tensions, service pressures and crime that can result. The project will initially focus on the wards which the LA believes are most affected by rogue landlord activity: Immingham, parts of Park Ward, East Marsh and West Marsh; and restaurant and takeaway premises across the local authority area.
Yorkshire and Humber	North Yorkshire	£61,000	<b>Growing on the inside by being outside:</b> The successful bid for North Yorkshire covers both North Yorkshire City Council and York City. These areas have little experience in taking on Unaccompanied Asylum Seeker Children but want to establish greater capacity to take up to 40 children through the National Transfer Scheme. The bid also recognises the need to integrate activities with local residents to promote cohesion and build skills for UASC to be independent members of their communities.
Yorkshire and Humber	Rotherham	£1,307,289	<b>Building Stronger Communities:</b> Rotherham has an overarching strategy around Building Stronger Communities that emphasises that Rotherham is a shared community focusing on ensuring effective delivery and efficient use of public services. Providing English language support to help new migrant communities navigate services more efficiently and enable them to engage more effectively with the resident communities. Tackling exploitative practices such as modern slavery, addressing environmental health issues such as fly tipping, combatting anti social behaviour and criminal behaviour in public places and tackling disruptive behaviour in schools.
Yorkshire and Humber	Sheffield	£835,000	<b>Sheffield Community Investment Deal:</b> Community based project located in marginalised communities in North-East and East Sheffield, responding to concerns from local people with more on the ground officers, better organised local services and engaging established and new communities through community development initiatives to improve their areas.
Yorkshire and Humber	Wakefield	£393,834	<b>Community Harmony – Wakefield:</b> The resident community have reported concerns around worsening street scene, increasing intolerance, hate crime and overcrowded housing. This programme centres on central Wakefield. This project will challenge problem landlords, ensure more migrants can speak English and improve relations between young communities through youth work and volunteering to make the streets presentable reducing community tensions and creating an inclusive and supportive community feeling in the target area.
Yorkshire and Humber	York	£561,041	<b>Developing Regional Fostering Capacity and Expertise for Supporting UASC:</b> The Yorkshire & Humber region, working collaboratively across all Local Authorities, will provide Unaccompanied Asylum Seeking Children with appropriate and welcoming placements. The bid addresses the need for an increased number of carers and accommodation options. The funding will be used to recruit, train and support foster carers and supported lodgings providers throughout the region. Social workers, support workers and others will benefit from increased training, information and support, to ensure unaccompanied children achieve the best possible outcomes.

## Centrally directed pilots

### Modern Slavery

The Fund has committed £1.1m to trial new ways of supporting victims of Modern Slavery in six local authorities, as they transition away from government support and integrate into their communities

Region	Authority	Funding Awarded	Description
East Midlands	Derby	£175,000	Dedicated social worker support to assess victims' needs and manage care plans and the provision of community based support to develop independent living skills.
East Midlands	Nottingham	£182,000	Caseworkers to work with victims being supported by the National Referral Mechanism to establish post-NRM plans and ease transition into the community. An evaluation of interventions is also being funded.
London	Croydon	£155,850	Funding to provide 20 weeks of support to victims of Modern Slavery leaving National Referral Mechanism support including an initial intensive 8 week programme. Victims will be provided with safe accommodation, and support to make appropriate links to help with employment, health and wellbeing, legal issues, financial issues and education to support long term recovery.
London	Redbridge	£175,000	Support to ensure that a robust care plan is in place for victims leaving the National Referral Mechanism. The funding will also ensure victims have safe accommodation and fund technology to help victims feel safe in their homes.
West Midlands	Birmingham	£175,000	Funding to create a 'one-stop' provision catering for all the potential needs of victims transitioning out of National Referral Mechanism (NRM) support. Community navigators will assess victims' needs, signpost them to appropriate agencies, help fast track their housing and health needs, and establish pathways into volunteering, employment, education and training.
Yorkshire and Humber	Leeds	£196,000	Funding will provide 3 months of specialised help for victims of trafficking to integrate into the local community including mental health support and English language classes.

### Local Authority Asylum Support Liaison Officers (LAASLO)

Participating local authorities have match-funded the second year of this pilot, in which officers will support asylum seekers and their families before and during the 28-day "move-on" period from government support following a positive decision

Region	Authority	Funding Awarded	Number of Officers
North East	Middlesbrough	£100,000	2
North East	Newcastle	£100,000	2

North West	Greater Manchester Combined Authority	£850,000	17
West Midlands	Birmingham	£100,000	2
West Midlands	Coventry	£100,000	2
West Midlands	Sandwell	£100,000	2
West Midlands	Wolverhampton	£100,000	2
Yorkshire and Humber	Bradford	£100,000	2
Yorkshire and Humber	Leeds	£99,278	2
Yorkshire and Humber	Sheffield	£100,000	2
