*Note

If the death is after 5 April but before 6 August in any one year and the grant of representation is applied for before 6 August of that year, the nil rate band from the previous tax year should be used to decide whether or not the estate is an excepted estate.

If the death is between 6 August and 5 April, the nil rate band to use for an excepted estate is the one that applies at the date of death.

Example

A Joan Brown died on 9 May 2006 and the grant was taken out on 21 July 2006. The correct nil rate band to use is £275,000.

B Dave Smith died on 7 June 2006 and the grant was taken out on 21 August 2006. The correct nil rate band to use is £285,000.
