**Footnotes**

This collection has been approved as mandatory (with some optional dataset items to complete) by the Review of Central Returns Steering Committee (ROCR) under license **ROCR/OR/0113/007PMAND**

1. Data represents 99.8% of all GP practices in England responding to the final end of campaign January 2014 survey compared with 99.3% of practices in the same survey month in 2012/13. Where a total for England is quoted (e.g. sum of number of patients registered and number vaccinated), this is taken from the 99.8% GP practice sample and is therefore NOT an extrapolated figure for all of England. Data are final and cover cumulative flu vaccinations administered from 1st September 2013 to end 31st January 2014 inclusive.

2. For definitions of clinical at-risk groups for those aged 6 months to under 65 years, see annual flu Letter published on the GOV.UK at: [www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/207008/130613\\_Flu\\_Letter\\_v\\_29\\_Gateway\\_GW\\_signed.pdf](http://www.gov.uk/government/uploads/system/uploads/attachment_data/file/207008/130613_Flu_Letter_v_29_Gateway_GW_signed.pdf)

3. The age under 65 clinical at-risk group data includes pregnant women with other risk factors but excludes otherwise "healthy" pregnant women and carers.

4. These data include all women already pregnant or becoming pregnant (in the first, second or third trimesters) as diagnosed by a medical professional from 1 September 2013. Accurately identifying this denominator is challenging and denominators may be regarded as over-inclusive as they may include women that become eligible and then ineligible before they are vaccinated. Vaccine uptake for pregnant women is likely to be underestimated.

All figures are derived from data as extracted from records on GP systems or as submitted by GP practices or area teams and CCGs.

**Footnote**

This collection has been approved as mandatory (with some optional dataset items to complete) by the Review of Central Returns Steering Committee (ROCR) under license **ROCR/OR/0113/007PMAND**

1. Data represents 99.8% of all GP practices in England responding to the final end of campaign January 2014 survey compared with 99.3% of practices in the same survey month in 2012/13. Where a total for England is quoted (e.g. sum of number of patients registered and number vaccinated), this is taken from the 99.8% GP practice sample and is therefore NOT an extrapolated figure for all of England. Data are final and cover cumulative flu vaccinations administered from 1 September 2013 to end 31 January 2014 inclusive.
2. For definitions of clinical at-risk groups for those aged 6 months to under 65 years, see annual flu Letter published on the GOV.UK at: [www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/207008/130613\\_Flu\\_Letter\\_v\\_29\\_Gateway\\_GW\\_signed.pdf](http://www.gov.uk/government/uploads/system/uploads/attachment_data/file/207008/130613_Flu_Letter_v_29_Gateway_GW_signed.pdf)
3. The age under 65 clinical at-risk group data includes pregnant women with other risk factors but excludes otherwise 'healthy' pregnant women and carers.
4. These data include all women already pregnant or becoming pregnant (in the first, second or third trimesters) as diagnosed by a medical professional from 1 September 2013. Accurately identifying this denominator is challenging and denominators may be regarded as over-inclusive as they may include women that become eligible and then ineligible before they are vaccinated. Vaccine uptake for pregnant women is likely to be underestimated.

All figures are derived from data as extracted from records on GP systems or as submitted by GP practices or area teams and CCGs.

Data source: ImmForm website: Registered patient GP practice data  
Influenza Immunisation Vaccine Uptake Monitoring Programme  
Public Health England (PHE)

**Seasonal flu vaccine uptake (GP) 2013/14 - DATA ON GP REGISTERED PATIENTS**

FINAL end of January 2014 cumulative uptake data for England on flu vaccinations given from 1 September 2013 to 31 January 2014.
