Annex D – Updated maps for each local authority

This annex sets out updated maps for each local authority with non-compliant roads – it uses the baseline data set out in each local authority. In some cases this is the national PCM data and in other cases the local authority has used their own local data. A second map is shown for local authorities which have shown in their studies that the implementation of measures will bring forward compliance.
Blaby District Council

Non-compliant roadlinks in Blaby (baseline scenario)

Year of compliance
2019
