International Trade

**Strategic Export Controls: Country  
Pivot Report**

1st January 2018 - 31st March  
2018

OCTOBER 2018

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st January 2018 and 31st March 2018. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spreadsheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spreadsheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
General	OGELs	Not applicable
Individual	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for Goods covered by Council Regulation 1236/2005** (see 'Licence types and subtypes') concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by Council Regulation 1236/2005 are

therefore not included in the count of non-military goods for other SIEL subtypes. More information on the Regulation is available here: <https://www.gov.uk/controls-on-torture-goods>

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4)* or *Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees.* Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs.**

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by Council Regulation 1236/2005.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by Council Regulation 1236/2005** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by Council Regulation 1236/2005 are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

## Reporting

### Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

### Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

#### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

#### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

<b>Issued licences for a given destination</b>	<b>Control Entries applied to goods on licence</b>
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	3312	3246	65	1
- Permanent Standard	2750	2687	62	1
- Temporary Standard	181	179	2	0
- Transhipment	1	1	0	0
- Incorporation	376	375	1	0
- For goods covered by EC Reg 1236/2005 (Permanent or Temporary)	4	4	0	0
SITCLs	61	58	3	0
OIELs	62	58	4	0
- Standard	51	48	3	0
- Dealer-to-dealer	6	6	0	0
- Cryptographic	4	3	1	0
- Media	0	0	0	0
- Continental Shelf	1	1	0	0
Global Project Licences	0	0	0	0
OITCLs	2	2	0	0

### Table notes for licensing statistics table:

SIEL and OIEL sub-types are mutually exclusive. SIEL Transhipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.

## Overall Processing Statistics

### Processing statistics covering the period 1st January 2018 to 31st March 2018

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	3535	84	4104	97	11 days
- Permanent Standard	3018	84	3507	97	11 days
- Temporary Standard	182	87	203	97	10 days
- Transhipment	5	83	6	100	9 days
- Incorporation	328	83	384	97	11 days
- For goods covered by EC Reg 1236/2005 (Permanent or Temporary)	2	50	4	100	20 days
SITCLs	115	80	131	91	10 days
OIELs	33	38	55	63	48 days
- Standard	19	26	41	56	56 days
- Dealer-to-dealer	9	100	9	100	5 days
- Cryptographic	4	100	4	100	8 days
- Media	n/a	n/a	n/a	n/a	n/a
- Continental Shelf	1	100	1	100	20 days
Global Project Licences	n/a	n/a	n/a	n/a	n/a
OITCLs	5	56	6	67	9 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
EU GEA 001 (EU001)	45	0	1
EU GEA 002 (EU002) - exports of certain dual-use items to certain destinations	3	0	0
EU GEA 003 (EU003) - export after repair/replacement	1	0	0
EU GEA 004 (EU004) - temporary export for exhibition or fair	1	0	0
EU GEA 005 (EU005) - telecommunications	2	0	0
EU GEA 006 (EU006) - chemicals	0	0	0
Chemicals	0	0	0
Cryptographic Development	3	0	0
Export After Exhibition: Dual-Use Items	0	0	0
Export After Repair/Replacement Under Warranty: Dual-Use Items	0	0	0
Export For Repair/Replacement Under Warranty: Dual-Use Items	1	0	0
Dual-Use Items: Hong Kong Special Administrative Region	0	0	0
Open General Export Licence (International Non-Proliferation Regime Decontrols: Dual-Use Items) (Rv)	0	0	0
Low Value Shipments	1	0	0
OIL and GAS Exploration: Dual-Use Items	5	0	0
Technology for Dual-Use Items	4	0	0
Turkey	0	0	0
X	0	0	0
Military and Dual Use Goods: UK Forces deployed in embargoed destinations	0	0	0

OGEL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Military and Dual-Use Goods: UK Forces deployed in non-embargoed destinations	2	0	0
Exports of non-lethal military and Dual-Use Goods: To UK Diplomatic Missions or Consular Posts	0	0	0
Access Overseas to Software and Technology for Military Goods: Individual Use Only	3	0	0
Export After Exhibition or Demonstration: Military Goods	2	0	0
Export After Repair/replacement Under Warranty: Military Goods	7	0	0
Export For Repair/Replacement Under Warranty: Military Goods	8	0	0
Exports or transfers in Support of UK Government Defence Contracts	1	0	0
OGEL (Certified Companies)	1	0	0
OGEL (Exports under the US-UK Defence Trade Co-operation Treaty)	1	0	0
OGEL (International Non-proliferation Regime Decontrols: Military Items) (Rv)	0	0	0
Historic Military Goods	1	0	0
Open General Export Licence (Historic Military Vehicles and Artillery Pieces)	2	0	0
Military Components	2	0	0
Military Goods, Software and Technology	17	0	1
Military Goods: Collaborative Project Typhoon	3	0	0
Military Goods: For Demonstration	4	0	0
Military Goods: A400M Collaborative Programme	4	0	0
Military Goods, Software and Technology: Government or NATO End-Use	6	0	0
Export For Exhibition: Military Goods	5	0	0

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	7	£1,449,674
Non-military	2	£1,406,450
Total	9	£2,856,124

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	2	£1,315,000
ML10	1	£4,000
ML11	1	£111,000
ML13	3	£19,674

body armour (2 licences).  
 components for body armour (3 licences).  
 components for military training aircraft.  
 military guidance/navigation equipment.  
 military helmets.  
 small arms ammunition (2 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£1,400,000
PL8001	1	£6,450

devices for initiating explosives.  
imaging cameras.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 1]

#### SITCLs

Source	Issued	Refused	Revoked
Romania	1	0	0

#### Issued

promoting the supply of accessories for machine guns.  
promoting the supply of accessories for sniper rifles.  
promoting the supply of machine guns (1740).  
promoting the supply of sniper rifles (42).

### Country Footnotes

- Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2255 (2015), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.

### Case & goods Footnotes

- Licence granted for civilian / commercial end use.

No.	Type	Goods Summary
1	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 1]

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Armenia as prohibiting the export of any military goods or technology to any person, or to any destination, in Armenia. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for demonstration to potential customers. Civilian / commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	34	£6,626,941
Non-military	7	£30,594
Both Military and Non-military	3	£113,107
Total	44	£6,770,642

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	7	£835,764

ML3	1	£82,350
ML4	2	£39,955
ML7	17	£5,532,563
ML8	1	£16
ML9	1	£4,361
ML11	3	£70,650
ML14	1	£2,500
ML21	1	£2,500
ML22	2	£51,500
PL5001	2	£4,781

- anti-armour ammunition.
- anti-riot/ballistic shields (2 licences).
- components for military improvised explosive device decoying/detection/disposal/jamming equipment.
- components for naval communications equipment.
- components for NBC protective/defensive equipment (5 licences).
- T components for NBC protective/defensive equipment (2 licences).
- components for sniper rifles (2 licences).
- components for sporting guns.
- components for surface-to-air missiles.
- energetic materials additives.
- T equipment for the use of NBC protective/defensive equipment (2 licences).
- military electronic equipment.
- T military training equipment.
- NBC decontamination equipment.
- NBC protective/defensive equipment (14 licences).
- T NBC protective/defensive equipment.
- rifles (1).
- sniper rifles (2).
- sniper rifles (125).
- Software for modelling/simulating military operation scenarios.
- sporting guns (1) (2 licences).
- sporting guns (2).
- sporting guns (13).
- sporting guns (167).
- technology for gun mountings.
- technology for Software for modelling/simulating military operation scenarios.
- weapon sights (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£9,291
5A002	3	£19,365
5E002	2	£82
7A002	1	£657
PL9010	1	£1,200

- civil NBC protection clothing.
- components for civil NBC protection equipment.
- components for civil riot control agent protection equipment.
- components for gyroscopes.
- information security equipment (3 licences).
- sporting shotguns (1).
- technology for information security equipment (2 licences).

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£105,002
ML3	1	£325
PL9010	3	£7,780

components for small arms ammunition.  
 components for sporting shotguns.  
 small arms ammunition.  
 sporting guns (1).  
 sporting guns (2).  
 sporting guns (331).  
 sporting shotguns (1) (2 licences).  
 sporting shotguns (12).

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
2	P	high energy capacitors [See footnote 1]

#### Country Footnotes

- All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

- Licence granted for civilian / commercial end use.

## Austria

Turkey	1	0	0

#### Issued

promoting the supply of components for sporting guns.

## Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

## Case & goods Footnotes

1. Licence granted for demonstration to potential customers. Civilian / commercial end use.

## Bahrain

promoting the supply of CS hand grenades.

#### Country Footnotes

1. On 20 June 2011 the EU adopted additional restrictions against Belarus, including prohibitions on the supply of arms and related material, as well as on equipment which might be used for internal repression. Restrictive measures currently in force with respect to Belarus are set out in Council Decision 2012/642/CFSP, as amended; as well as Council Regulation (EC) No 765/2006, as amended. Through Council Decision 2018/280, EU Member States may export certain types of small-calibre sporting rifles, small-calibre sporting pistols and small calibre ammunition, exclusively for use in sports events or sports training, or technical assistance or brokering services, financing or financial assistance related. This will be a limited number and without prejudice to the applicable licensing provisions. Member States shall notify other Member States and

the Commission of its intention to grant an authorisation, at least 10 days prior to the authorisation.

All exports for this destination were approved in accordance with the sanctions in place.

Rv - Some or all of which have subsequently been revoked.

### Country Footnotes

1. Restrictions currently in force with respect to Burma are set out in Council Decision 2013/184/CFSP, as amended; these include an embargo on the provision of arms and related material, on the export of dual-use goods for military and Border Guard end users, as well as of equipment that might be used for internal repression, including the export of equipment for monitoring communications as specified in Annex I to Council Regulation (EU) No 401/2013, as amended. Also the technical assistance, and financing or financial assistance related to military activities are also prohibited, and there are restrictions on military training and cooperation.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.

### Country Footnotes

- UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. UNSCR 2399 (2018) extended the arms embargo until 31 January 2019. The EU implements these measures through Council Decision 2013/798/CFSP, as amended; as well as Council Regulation (EU) No 224/2014, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

- Licence granted for civilian / commercial end use.

biotechnology equipment (5 licences) [See footnotes 155, 179, 180, 189, 191].  
 civil explosive detection/identification equipment [See footnote 23].  
 civil NBC detection systems [See footnote 51].  
 components for corrosion resistant chemical manufacturing equipment (4 licences) [See footnotes 38, 39, 42, 44].  
 components for instrumentation cameras [See footnote 55].  
 components for nuclear reactors [See footnote 133].

components for semiconductor manufacturing equipment (3 licences) [See footnotes 159, 161, 52].  
 controlled atmosphere furnaces (2 licences) [See footnotes 164, 186].  
 corrosion resistant chemical manufacturing equipment (8 licences) [See footnotes 40, 41, 43, 45, 47, 48, 49].  
 deuterium compounds (2 licences) [See footnotes 33, 36].  
 deuterium mixtures [See footnote 193].  
 deuterium solutions (4 licences) [See footnotes 193, 26, 34, 61].  
 devices containing enriched lithium [See footnote 96].  
 electromagnetic wave absorbing materials [See footnote 88].  
 equipment for the production of gas turbines [See footnote 136].  
 explosives detection equipment (2 licences) [See footnotes 15, 16].  
 frequency changers (3 licences) [See footnotes 149, 188, 85].  
 guidance/navigation equipment (2 licences) [See footnotes 126, 37].  
 hafnium [See footnote 64].  
 hafnium manufactures [See footnote 182].  
 helium-3 mixtures [See footnote 132].  
 hydrophones [See footnote 54].  
 imaging cameras (44 licences) [See footnotes 100, 101, 102, 103, 105, 106, 107, 108, 109, 110, 112, 113, 114, 115, 116, 141, 28, 59, 60, 62, 63, 65, 66, 67, 68, 69, 71, 72, 73, 74, 75, 76, 77, 79, 81, 82, 83, 84, 87, 91, 95, 98].  
 T imaging cameras [See footnote 6].  
 improvised explosive device disposal equipment [See footnote 25].  
 inertial equipment (24 licences) [See footnotes 120, 122, 123, 124, 125, 127, 128, 129, 130, 131, 146, 147, 152, 160, 17, 174, 18, 185, 187, 196, 57, 78, 80, 86].  
 information security equipment (35 licences) [See footnotes 11, 144, 175, 197, 198, 199, 200, 201, 202, 204, 205, 206, 207, 208, 209, 210, 212, 213, 216].  
 information security software (5 licences) [See footnotes 214, 215].  
 instrumentation cameras (12 licences) [See footnotes 148, 27, 32, 35, 58, 70, 89, 90, 92, 94, 97, 99].  
 laser optical components [See footnote 139].  
 lasers (10 licences) [See footnotes 139, 156, 165, 166, 168, 173, 176, 177, 178, 46].  
 machine tools [See footnote 134].  
 magnesium [See footnote 111].  
 magnetometers (2 licences) [See footnote 138].  
 marine position fixing equipment (3 licences) [See footnotes 13, 172, 190].  
 mass spectrometers [See footnote 104].  
 metal alloy cylindrical forms (6 licences) [See footnotes 10, 137, 150, 183, 192].  
 natural uranium [See footnote 64].  
 oscillators [See footnote 93].  
 pressure transducers (5 licences) [See footnotes 151, 153, 154, 169, 181].  
 products containing depleted uranium [See footnote 118].  
 radar equipment [See footnote 135].  
 radiation hardened TV cameras.  
 semiconductor manufacturing equipment (4 licences) [See footnotes 117, 157, 163, 52].  
 software for frequency changers.  
 software for frequency generators [See footnote 203].  
 software for information security equipment (6 licences) [See footnotes 211, 217].  
 software for machine tools [See footnote 134].  
 software for submersible vehicle control systems [See footnote 30].  
 space qualified focal plane arrays (3 licences) [See footnotes 50, 53].  
 submersible equipment (3 licences) [See footnotes 119, 162, 171].  
 submersible vehicle control systems [See footnote 30].  
 technology for corrosion resistant chemical manufacturing equipment [See footnote 41].  
 technology for equipment for the production of gas turbines [See footnote 136].  
 technology for frequency changers [See footnote 121].  
 technology for frequency generators [See footnote 203].  
 technology for information security equipment (4 licences).  
 technology for information security software.  
 technology for machine tools [See footnote 134].  
 technology for space qualified focal plane arrays (2 licences) [See footnotes 50, 53].  
 thorium [See footnote 64].  
 toxic gas detectors (6 licences) [See footnotes 142, 143, 167, 194, 195].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
9E002	1	£420,000

ML22	1	£20,000
------	---	---------

technology for equipment for the production of gas turbines [See footnote 170].  
technology for military aero-engines [See footnote 170].

### Refused

	Count
Non-military	23
Total	23

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry

 weapon sights.

#### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. All exports for this destination were approved in accordance with the sanctions in place.

 T technology for inertial equipment [See footnote 1].

### SITCLs

Source	Issued	Refused	Revoked
Brazil	0	1	0

### Refused

promoting the supply of crowd control ammunition.  
 promoting the supply of projectile launchers.  
 promoting the supply of tear gas/irritant ammunition.  
 promoting the supply of tear gas/riot control agents.

### Country Footnotes

1. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2360 (2017) which extended the arms embargo until 1 July 2018, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for demonstration to potential customers. Civilian / commercial end use.
2. Licence granted for protective equipment for crowd control use. International Organisation end use.
3. Licence granted for civilian / commercial end use.

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£152,170
Both Military and Non-military	1	£82,992
Total	2	£235,162

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£152,170

civil explosive detection/identification equipment.

## Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A006	1	£21,822
1A007	1	£9,925
ML13	1	£36,245
PL8001	1	£15,000

body armour.  
devices for initiating explosives.  
improvised explosive device disruptors.  
military helmets.  
non-military firing sets.

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 1]

Total	3	£61,114

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£59,100
ML9	1	£1,514
ML11	1	£200
ML21	1	£300

T assault rifles (19).  
 components for military guidance/navigation equipment.  
 components for naval electrical/electronic equipment.  
 T machine guns (10).  
 T pistols (17).  
 software for military guidance/navigation equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, submersible vehicles, underwater telecommunications systems
2	P	CS hand grenades, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents

components for launching/handling/control equipment for munitions [See footnote 133].  
components for launching/handling/control equipment for rockets (2 licences).  
components for military aero-engines (8 licences) [See footnotes 156, 157, 158, 16, 160, 44, 69].  
components for military aircraft head-up/down displays [See footnote 84].  
components for military combat vehicles (2 licences) [See footnote 27].  
components for military communications equipment [See footnote 90].  
T components for military communications equipment [See footnote 170].  
components for military electronic equipment (4 licences) [See footnotes 131, 136, 149].  
T components for military electronic equipment [See footnote 171].  
components for military guidance/navigation equipment (3 licences) [See footnotes 145, 37, 72].  
T components for military guidance/navigation equipment [See footnote 167].  
components for military helicopters (16 licences) [See footnotes 137, 138, 142, 23, 28, 29, 30, 31, 32, 35, 64, 65, 85].  
components for military image recording/processing equipment [See footnote 132].  
components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 21].  
components for military infrared/thermal imaging equipment (3 licences) [See footnotes 51, 75].  
T components for military infrared/thermal imaging equipment [See footnote 167].  
components for military radars (11 licences) [See footnotes 134, 140, 25, 50, 57, 59, 79, 80, 87, 88].  
T components for military radars [See footnote 167].  
components for military support aircraft [See footnote 24].  
components for military training aircraft (9 licences) [See footnotes 11, 152, 66, 81].  
T components for military training aircraft [See footnote 172].  
components for multi-role missiles.  
T components for multi-role missiles (2 licences) [See footnotes 163, 171].  
T components for munitions/ordnance detection/disposal equipment [See footnote 170].  
components for naval electrical/electronic equipment (6 licences) [See footnotes 146, 148, 62, 63, 93, 96].  
components for NBC detection equipment (5 licences) [See footnotes 38, 46, 61, 73, 78].  
T components for periscopes [See footnote 167].  
components for recognition/identification equipment (2 licences) [See footnotes 12, 153].  
T components for surface-to-air missiles (2 licences) [See footnotes 163, 167].  
T components for surface-to-surface missiles [See footnote 167].  
T components for targeting equipment (2 licences) [See footnotes 167, 171].  
T components for unmanned air vehicles (2 licences) [See footnotes 167, 171].  
components for weapon control equipment (4 licences) [See footnotes 146, 37].  
T components for weapon control equipment [See footnote 167].  
components for weapon mountings [See footnote 104].

- T components for weapon sights [See footnote 171].  
 equipment for the production of airborne refuelling equipment [See footnote 108].  
 equipment for the production of military aero-engines [See footnote 17].  
 equipment for the production of targeting equipment [See footnote 53].  
 equipment for the use of military auxiliary/support vessels [See footnote 147].  
 equipment for the use of military guidance/navigation equipment [See footnote 37].  
 equipment for the use of multi-role missiles [See footnote 40].  
 general military aircraft components (4 licences) [See footnote 103].  
 general military vehicle components (2 licences) [See footnotes 26, 33].  
 general naval vessel components (5 licences) [See footnotes 129, 141, 144, 151].  
 military aircraft head-up/down displays.  
 military aircrew life support equipment.  
 military aircrew safety equipment.  
 military auxiliary/support vessels [See footnote 147].
- T military communications equipment [See footnote 170].  
 military electronic equipment (3 licences) [See footnotes 101, 150, 58].  
 military guidance/navigation equipment (4 licences) [See footnotes 147, 37, 72].
- T military guidance/navigation equipment [See footnote 170].  
 small arms ammunition (3 licences) [See footnotes 154, 155].  
 small arms training equipment [See footnote 161].  
 software enabling equipment to function as military sonars [See footnote 18].  
 software for military communications equipment [See footnote 109].  
 software for mortar bombs [See footnote 54].  
 software for NBC detection equipment [See footnote 73].  
 technology for military aero-engines [See footnote 5].  
 technology for military auxiliary/support vessels [See footnote 147].  
 technology for military guidance/navigation equipment [See footnote 37].  
 technology for military image intensifier equipment [See footnote 42].  
 technology for mortar bombs [See footnote 54].  
 technology for NBC detection equipment [See footnote 73].

bacteria [See footnote 95].  
civil unmanned air vehicles [See footnote 10].  
components for radar equipment [See footnote 83].  
deuterium compounds [See footnote 3].  
deuterium solutions [See footnote 4].  
devices for initiating explosives [See footnote 19].  
T direct view imaging equipment [See footnote 169].  
frequency changers (5 licences) [See footnotes 105, 39, 41].  
general purpose integrated circuits [See footnote 13].  
imaging cameras (5 licences) [See footnotes 15, 159, 67, 9].  
T imaging cameras [See footnote 165].  
inertial equipment (7 licences) [See footnotes 70, 76, 89, 91, 92, 98].  
information security equipment (23 licences) [See footnotes 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128].  
information security software [See footnote 119].  
instrumentation cameras [See footnote 6].  
launch support equipment for civil unmanned air vehicles [See footnote 10].  
machine tools [See footnote 49].  
metal alloy cylindrical forms (11 licences) [See footnotes 107, 130, 135, 43, 45, 47, 55, 56, 77, 82, 99].  
metal alloy materials [See footnote 97].  
nickel powders (2 licences) [See footnotes 100, 68].  
T radar equipment [See footnote 164].  
software for information security equipment (2 licences) [See footnotes 110, 113].  
technology for ceramic materials.  
technology for ceramic precursor chemicals.  
technology for ceramic-ceramic composite materials.  
technology for engine flow path systems.  
technology for FADEC.  
technology for fibre preforms.  
technology for fibre prepregs.  
technology for fibrous/filamentary materials.  
technology for gas turbine engines (2 licences) [See footnote 106].  
technology for helicopter/tilt rotor aircraft power transfer systems.  
technology for high performance diesel engines.  
technology for information security equipment [See footnote 110].  
technology for metal alloy materials (2 licences).  
technology for metal alloys in particulate form (2 licences).  
technology for metal alloys in powder form (2 licences).  
technology for metal-working manufacturing processes.  
technology for propeller blades.  
technology for semiconductor manufacturing equipment [See footnote 106].  
technology for surface coating equipment (2 licences).  
technology for surface modification equipment (2 licences).  
technology for technology for engine flow path systems.  
technology for technology for FADEC.  
technology for technology for gas turbine engines.  
technology for technology for helicopter/tilt rotor aircraft power transfer systems.  
technology for technology for wind tunnel models.  
technology for the application of surface coatings (3 licences) [See footnote 14].  
technology for turbofan engines.  
technology for turbojet engines.  
toxic gas detectors.  
toxins (2 licences) [See footnotes 7, 8].  
triggered spark gaps [See footnote 102].

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Non-military	17	£223,944
Total	17	£223,944

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
IRN	11	£79,456
PL9008	1	£8,860
PL9009	5	£135,628

components for civil aircraft (3 licences) [See footnotes 14, 4, 9].  
 components for pumps [See footnote 16].  
 ferrous alloys [See footnote 10].  
 marine vessel equipment [See footnote 17].  
 metal alloy materials [See footnote 5].  
 seals (6 licences) [See footnotes 1, 11, 2, 3, 6, 7].  
 technology for civil aircraft [See footnote 12].  
 technology for components for civil aircraft [See footnote 13].  
 toxic gas monitoring equipment [See footnote 15].  
 vibration test equipment [See footnote 8].

#### **Refused**

	Count
Non-military	3
Total	3

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry
IRN	2
MEND	1

fibrous/filamentary materials.  
materials analysis equipment (2 licences).

## Issued

corrosion resistant piping (2 licences).  
promoting the supply of civil aircraft.

## Country Footnotes

1. Following the implementation of the Joint Comprehensive Plan of Action, the flow of certain goods and services to Iran that were previously prohibited are now permitted. The restrictions currently in force with respect to Iran (counter proliferation) are set out in Council Decision 2010/413/CFSP, as amended, and EU Council Regulation (EU) No 267/2012, as amended. Measures include an arms embargo, which has one exemption for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

All exports for this destination were approved in accordance with the sanctions in place.

2. On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, and Council Regulation (EU) No 359/2011, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

 promoting the supply of pistols (305).  
 promoting the supply of rangefinding equipment.  
 promoting the supply of small arms ammunition (3 licences).

promoting the supply of small arms training equipment.  
 promoting the supply of smoke canisters.  
 promoting the supply of sniper rifles (1).  
 promoting the supply of sniper rifles (3).  
 promoting the supply of sniper rifles (5).  
 promoting the supply of sniper rifles (10).  
 promoting the supply of sniper rifles (15).  
 promoting the supply of tear gas/riot control agents.  
 promoting the supply of training hand grenades.  
 promoting the supply of training rifle grenades.  
 promoting the supply of weapon night sights (5 licences).  
 promoting the supply of weapon sights (6 licences).

## Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004). This is implemented in the EU with Common Position 2003/495/CFSP, as amended, Council Regulation (EC) No 1210/2003, as amended, and Council Regulation (EEC) No 3541/92.

All exports for this destination were approved in accordance with the sanctions in place.

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	39	£212,044,898
Non-military	1	£8,890
Total	40	£212,053,788

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£219,941
ML3	1	£1,300
ML4	5	£352,881

ML6	1	£57,895
ML7	1	£12,240
ML9	1	£26,058
ML10	21	£210,286,430
ML11	2	£290,005
ML13	2	£220,239
ML16	2	£69,760
ML17	3	£505,100
ML22	6	£3,050

- T aircraft military communications equipment (2 licences).
- body armour (2 licences).
- components for aircraft military communications equipment.
- components for body armour.
- components for combat aircraft (4 licences).
- components for combat naval vessels.
- components for decoying/countermeasure equipment (2 licences).
- components for military aero-engines (2 licences).
- components for military combat vehicles.
- components for military helicopters.
- components for military support aircraft (3 licences).
- components for military training aircraft (5 licences).
- components for NBC protective/defensive equipment.
- components for sniper rifles.
- decoying/countermeasure equipment (4 licences).
- general military aircraft components (3 licences).
- gun mountings.
- gun silencers.
- T military communications equipment.
- T military diving apparatus.
- military helicopters.
- military helmets.
- T military laser protection equipment.
- T NBC detection equipment.
- T NBC protective/defensive equipment.
- small arms ammunition.
- sniper rifles (1).
- sniper rifles (18).
- technology for air-to-surface missiles.
- technology for bombs.
- technology for decoying/countermeasure equipment (3 licences).
- technology for sniper rifles.
- technology for test models for air-to-surface missiles.
- test models for air-to-surface missiles.
- test models for bombs.
- unfinished products for air-to-surface missiles.
- unfinished products for decoying/countermeasure equipment.
- weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9010	1	£8,890

sporting shotguns (2).

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	55	£6,828,369
Non-military	1	£69,156
Total	56	£6,897,525

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	4	£144,249
ML5	8	£1,512,696
ML6	1	£102,927
ML9	3	£296,452
ML10	31	£3,855,979

Zambia

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	aircraft bladders, aircraft diaphragms, aircraft gaskets, aircraft seals, aircraft valve seats, components for equipment for the production of military aero-engines, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, military parametric technical databases, software for environmental test facilities for military aero-engines, software for equipment for the production of military aero-engines, software for military aero-engines, software for military aircraft ground equipment, technology for environmental test facilities for military aero-engines, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines
2	P	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, submersible vehicles, underwater telecommunications systems
3	P	components for air-to-surface missiles, components for launching/handling/control equipment for missiles, environmental test facilities for air-to-surface missiles, equipment for the development of air-to-surface missiles, equipment for the production of air-to-surface missiles, equipment for the use of air-to-surface missiles, inert air-to-surface missiles, launching/handling/control equipment for missiles, software for air-to-surface missiles, software for launching/handling/control equipment for missiles, software for military guidance/navigation equipment, technology for air-to-surface missiles, technology for launching/handling/control equipment for missiles, technology for production installations for air-to-surface missiles, unfinished products for air-to-surface missiles
4	P	components for military aero-engines, environmental test facilities for military aero-engines, equipment for the operation of military aircraft in confined areas, military aero-engines, military aircraft ground equipment, production facilities for military aero-engines, software for military aero-engines, technology for military aero-engines, unfinished products for military aero-engines
5	P	combat aircraft, inert air-to-air missiles, inert air-to-surface missiles, inert bombs
6	P	components for combat aircraft, components for military communications equipment, components for military guidance/navigation equipment
7	P	components for combat aircraft
8	P	CS hand grenades, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents

### Case & goods Footnotes

1. Components for incorporation into a civilian helicopter. The export of the helicopter will be compliant with all embargo obligations.

## Ivory Coast

Military	2	£823,754

Total	2	£823,754
-------	---	----------

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	2	£823,754

components for all-wheel drive vehicles with ballistic protection (2 licences) [See footnotes 1, 2].

The items being incorporated in this destination are ultimately destined for all or some of the following:

Canada

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military combat vehicles, components for military support vehicles, components for military trailers, components for tanks, components for turrets, general military vehicle components
2	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software
3	P	components for fire location equipment, components for military radars, components for military support vehicles, equipment for the use of fire location equipment, equipment for the use of military radars, fire location equipment, military support vehicles, software for fire location equipment, software for military radars, software for military support vehicles, technology for military radars, technology for software for fire location equipment, technology for software for military radars, technology for software for military support vehicles

#### Case & goods Footnotes

1. Licence granted for end use by a international organisation.
2. Licence granted for end use by a international organisation.
3. Licence granted for demonstration to potential customers. Civilian / commercial end use.

4. Licence granted for demonstration to potential customers. Civilian / commercial end use.
5. Licence granted for demonstration to potential customers. Civilian / commercial end use.

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£12,879
Non-military	12	£6,128,729
Both Military and Non-military	1	£235,000
Total	16	£6,376,609

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£12,879

components for sporting guns (3 licences).  
sporting guns (1) (3 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£513,150
1C006	1	£2,708,571
1C353	1	£4
2B350	2	£261,643
5A002	1	£426,250
7A003	1	£38,135

7A103	2	£1,875,000
7B001	1	£55,976
9E001	1	£250,000
9E002	1	£0

civil explosive detection/identification equipment (2 licences).  
corrosion resistant chemical manufacturing equipment (2 licences).  
electronics cooling fluids.  
inertial equipment (3 licences).  
information security equipment.  
pathogenic genetic elements.  
technology for spacecraft.  
T test equipment for inertial equipment [See footnote 3].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£34,000
6A003	1	£72,700
ML1	1	£128,300

direct view imaging equipment.  
imaging cameras.  
weapon night sights.

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 1]

#### Country Footnotes

- UN Security Council Resolution 1701 (2006) established an embargo on the supply of arms and related material to Lebanon, with the exemption of arms and related materiel authorised by the Government of Lebanon or by UNFIL. This is implemented in the EU by Common Position 2006/625/CFSP, as amended, and Council Regulation (EC) No 1412/2006, as amended; as well as Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

- Licence granted for civilian / commercial end use.

## Liberia

### Country Footnotes

- UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) 2095 (2013) and 2362 (2017). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

UNSCR 2017/2362 states that the authorisation to inspect designated high seas vessels found in UNSCR 2146 (2014) shall apply with respect to vessels loading, transporting, or discharging petroleum, including crude oil and refined petroleum products, illicitly exported or attempted to be exported from Libya.

EU Council Decision (CFSP) 2011/137, as amended, and Council Regulation (EU) 2016/446, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

Common Position 2004/698/CFSP, as amended, and Council Regulation (EC) No 3275/1993, as amended, are also in place.

All exports for this destination must be in accordance with the sanctions in place.

### Case & goods Footnotes

- Licence granted for explosive detection / disposal purposes. Government end use.

#### Country Footnotes

1. United Nations Security Council Resolution 2374 (2017) was adopted in September 2017 establishing a sanctions regime on Mali which imposes travel bans and assets freezes on individuals and entities engaged in activities that threaten the peace, security or stability of the country.

The EU implements this sanctions regime via Council Decision (CFSP) 2017/1775 and Council Regulation (EU) 2017/1770.

All exports for this destination were approved in accordance with the sanctions in place.

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£42,530
Non-military	1	£2,200
Both Military and Non-military	1	£4,911
Total	4	£49,641

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where

the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£42,380
ML13	1	£150

military helmets.  
military support vehicles.  
military trailers.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9010	1	£2,200

sporting shotguns (1).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£2,587
PL9010	1	£2,324

pistols (3).  
sporting shotguns (2).

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, submersible vehicles, underwater telecommunications systems

## Mauritania

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days

ML2	1	£2,940
ML3	4	£39,570
ML4	2	£3,253
ML6	1	£35,000
ML7	2	£2,316
ML9	1	£3,649
ML10	1	£19,569
ML11	3	£12,910
ML13	1	£750

- T body armour.  
 components for combat naval vessels.  
 components for gun mountings.  
 components for military communications equipment (2 licences).  
 components for military helicopters.  
 components for mortars.  
 components for munitions/ordnance detection/disposal equipment.  
 components for small arms ammunition (2 licences).  
 components for sniper rifles.
- T equipment for the development of weapon control equipment.  
 machine guns (3).  
 military combat vehicles.  
 military improvised explosive device decoying/detection/disposal/jamming equipment.  
 NBC protective/defensive equipment (2 licences).

rifles (1).  
 small arms ammunition.  
 sniper rifles (50).  
 wall/door breaching projectiles/ammunition.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C004	1	£1
0E001	2	£132,001
1C001	1	£300
PL9010	1	£1,798

electromagnetic wave absorbing materials.  
 nuclear grade graphite.  
 sporting shotguns (33).  
 technology for nuclear reactors (2 licences).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	17	£1,261,406
Total	17	£1,261,406

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	1	£14,000
ML6	3	£15,972
ML7	1	£198
ML10	9	£918,120
ML11	2	£3,696
ML16	1	£309,420
ML22	1	£0

components for military combat vehicles (3 licences).  
 components for military communications equipment (2 licences).  
 components for military helicopters (9 licences).  
 components for targeting equipment.  
 NBC protective/defensive equipment.  
 technology for military helicopters.  
 unfinished products for military helicopters.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Belgium

Finland  
 France  
 Germany  
 Greece  
 Indonesia  
 Italy  
 New Zealand  
 Norway  
 Oman  
 Qatar  
 Spain  
 Sweden

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, submersible vehicles, underwater telecommunications systems
2	P	components for attack alerting/warning equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military guidance/navigation equipment, components for military radars
3	P	CS hand grenades, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents

## Netherlands Antilles

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	6	£43,984
Non-military	2	£12,084
Total	8	£56,068

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML4	1	£21,446
ML8	1	£500
ML10	2	£4,739
ML11	3	£12,799
ML18	1	£4,500

components for military communications equipment (2 licences).  
 components for military support aircraft.  
 components for military training aircraft.  
 demolition charges/devices.  
 equipment for the production of military support aircraft.  
 explosives.  
 military communications equipment.  
 military equipment for initiating explosives.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9010	2	£12,084

sporting shotguns (1).  
 sporting shotguns.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, submersible vehicles, underwater telecommunications systems
2	P	CS hand grenades, smoke/pyrotechnic ammunition, tear gas/irritant ammunition, tear gas/riot control agents

Source	Issued	Refused	Revoked
Turkey	1	0	0

### Issued

all-wheel drive vehicles with ballistic protection.

### Country Footnotes

1. Restrictions currently in force with respect to Guinea (Conakry) are set out in Council Decision 2010/638/CFSP, as amended; these include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 1284/2009, as amended, with exemptions for certain humanitarian, protective and UN or EU end uses. Amendments to Council Decision 2010/638/CFSP in 2011 and 2012 introduces further exemptions for the supply of non-lethal equipment to be used for maintaining public order by the police and gendarmerie in Guinea, for the return of non-combat helicopters to Guinea, and for the provision of explosives and related equipment intended solely for civilian use in mining and infrastructure investments. In April 2014, Council Decision 2014/213/CFSP, as amended, lifted the arms embargo though measures against individuals remain in place.

All exports for this destination were approved in accordance with the sanctions in place.

## SIELs - Transshipment

### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£46,864
Total	1	£46,864

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry') As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	1	£46,864

radiation hardened integrated circuits.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 2]

#### SITCLs

Source	Issued	Refused	Revoked
Australia	1	0	0
Japan	3	0	0
Singapore	2	0	0

##### Issued

oil and gas industry equipment/materials (6 licences).

#### Country Footnotes

1. Council Decision 2014/512/CFSP, as amended and Council Regulation (EU) No 833/2014, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for sporting / hunting purposes. Personal end use.
2. Licence granted for civilian / commercial end use.
3. Licence granted for civilian / commercial end use.
4. Licence granted for explosive detection / disposal purposes. Civilian / commercial end use.
5. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.
6. Licence granted for academic end users.
7. Licence granted for academic research purposes. Academic end users.
8. Licence granted for civilian / commercial end use.
9. Licence granted for civilian / commercial end use.
10. Licence granted for civilian / commercial end use.
11. Licence granted for civilian / commercial end use.
12. Licence granted for civilian / commercial end use.
13. Licence granted for civilian / commercial end use.
14. Licence granted for civilian / commercial end use.
15. Licence granted for civilian / commercial end use.
16. Licence granted for civilian / commercial end use.
17. Licence granted for civilian / commercial end use.
18. Licence granted for civilian / commercial end use.
19. Licence granted for civilian / commercial end use.
20. Licence granted for civilian / commercial end use.
21. Licence granted for civilian / commercial end use.
22. Licence granted for civilian / commercial end use.
23. Licence granted for civilian / commercial end use.

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£9,636
Total	1	£9,636

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£9,627
5D002	1	£9

information security equipment.  
information security software.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.

## Sierra Leone

### Processing Statistics (excluding amendments)

Median processing time SIELs	7 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£20
Total	1	£20

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C353	1	£20

pathogenic genetic elements.

#### Country Footnotes

1. The United Nations imposed embargo on Sierra Leone was lifted on 29 September 2010 with the adoption of UN Security Council resolution 1940. The European Union also lifted EU-imposed sanctions in November 2010. The national implementing legislation on Sierra Leone is however still in force.

All exports for this destination were approved in accordance with the sanctions in place.

## Singapore

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	90% (86)
% and number of SIELs completed in 60 working days	99% (95)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	73 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	14% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	17	£2,796,078
Non-military	55	£18,167,117
Both Military and Non-military	1	£2,307,500
Total	73	£23,270,695

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

Jordan	1	0	0

## Issued

all-wheel drive vehicles with ballistic protection.  
 promoting the supply of assault rifles.  
 promoting the supply of components for machine guns.  
 promoting the supply of machine guns.

## Country Footnotes

1. UN Security Council Resolution 2142 (2014) continues the embargo on the supply of arms and related material. The embargo no longer applies to military equipment intended solely for the development of the Security Forces of the Federal Government of Somalia, providing the UN Sanctions Committee is notified in advance.

The arms embargo on Somalia shall not apply to deliveries of weapons, ammunition or military equipment or the provision of advice, assistance or training, intended solely for the development of the Somali National Security Forces.

The entry into Somali ports for temporary visits of vessels carrying arms and related materiel for defensive purposes does not amount to a delivery of such items in violation of the arms embargo on Somalia, provided that such items remain at all times aboard such vessels

Exemptions to the embargo authorise supplies of non-lethal military equipment intended solely for humanitarian or protective use, weapons and military equipment for the support or use by UN personnel or strategic partners of AMISOM, supplies for use by UN member states to combat piracy and supplies intended for the development of Somali security sector institutions.

The EU implements this UN sanction regime via Council Decision 2010/231/CFSP, as amended, Council Regulation (EU) No 356/2010, as amended and Council Regulation (EC) No 147/2003, as amended

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for explosive detection / disposal purposes. Humanitarian end use.
3. Licence granted for humanitarian end use.

ML11	2	£149,318
ML15	1	£28,049

- components for bombs [See footnote 56].
- components for combat helicopters.
- components for combat naval vessels.
- components for electronic warfare equipment [See footnote 57].
- components for military infrared/thermal imaging equipment [See footnote 54].
- electronic warfare equipment [See footnote 55].

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Algeria
- Egypt
- India
- Kuwait
- Turkey
- United Arab Emirates

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 1]
2	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons
3	P	components for military support aircraft, military aircrew life support equipment, military aircrew safety equipment

## Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for training purposes. Government end use.
3. Licence granted for end use by a law enforcement agency.
4. Licence granted for protective equipment for crowd control use. Civilian / commercial end use.
5. Licence granted for protective equipment for crowd control use.
6. Licence granted for academic end users.
7. Licence granted for civilian / commercial end use.
8. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.
9. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.
10. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.
11. Licence granted for chemical manufacturing equipment. Civilian / commercial end use.

bacteria.  
 biotechnology equipment.

- components for radar equipment.
- dimensional measuring equipment.
- diver location sonars.
- T diver location sonars [See footnote 7].
- electromagnetic wave absorbing materials (2 licences).
- guidance/navigation equipment.
- high speed pulse generators.
- imaging cameras (10 licences).
- inertial equipment (3 licences).
- information security equipment (6 licences).
- instrumentation cameras (2 licences).
- lasers.
- magnesium.
- magnetometers (2 licences).
- microwave components.
- optical sensor materials.
- T radar equipment [See footnote 4].
- radiation hardened TV camera lenses.
- radiation hardened TV cameras (2 licences).
- rotary position encoders.
- software for diver location sonars.
- T software for diver location sonars [See footnote 7].
- software for information security equipment.
- software for radar equipment (2 licences).
- technology for information security equipment (2 licences).
- technology for radar equipment.
- T telecommunications interception equipment [See footnote 6].
- toxins (3 licences).
- viruses.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	6	£5,775,609
Non-military	1	£41,594
Total	7	£5,817,204

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£5,017,000
ML10	5	£755,609
ML22	1	£3,000

- aircraft military communications equipment (2 licences) [See footnote 9].
- components for aircraft military communications equipment.
- components for military helicopters [See footnote 12].
- components for military training aircraft.
- launching/handling/control equipment for munitions [See footnote 11].
- military aircraft ground equipment [See footnote 10].
- technology for launching/handling/control equipment for munitions [See footnote 11].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£41,594

corrosion resistant chemical manufacturing equipment [See footnote 8].

The items being incorporated in this destination are ultimately destined for all or some of the following:

Kazakhstan  
Philippines  
Thailand  
United Kingdom  
United States of America

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

#### Issued

munitions/ordnance detection/disposal equipment.

#### Country Footnotes

1. EU Council Decision (CFSP) 2015/740, as amended and Council Regulation (EU) 2015/735, as amended, transpose UNSCR 2206 (2015). This provide for restrictive measures in the form of travel restrictions and asset freezes that may be applied in relation to persons and entities designated by the Security Council Committee.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for end use by a international organisation.
3. Licence granted for end use by a international organisation.

No.	Type	Goods Summary
1	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 1]

### Country Footnotes

- UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument. The enforcement of the arms embargo was further strengthened by resolution 1945 (2010) of 14 October 2010. This is implemented by Council Regulation (EC) No 747/2014, as amended.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 1]
2	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 2]
3	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military electronic equipment, components for military patrol/assault craft, components for military sonars, components for naval communications equipment, components for submarines, equipment for the operation of military aircraft in confined areas, general naval vessel components, military aircraft ground equipment, naval communications equipment, software for aircraft carriers, software for combat naval vessels, software for equipment for the operation of military aircraft in confined areas, software for general naval vessel components, software for military aircraft ground equipment, software for military auxiliary/support vessels, software for military electronic equipment, software for military patrol/assault craft, software for military sonars,

		software for naval communications equipment, software for submarines, technology for aircraft carriers, technology for combat naval vessels, technology for equipment for the operation of military aircraft in confined areas, technology for general naval vessel components, technology for military aircraft ground equipment, technology for military auxiliary/support vessels, technology for military electronic equipment, technology for military patrol/assault craft, technology for military sonars, technology for naval communications equipment, technology for submarines
4	P	high energy capacitors [See footnote 3]
5	P	software for information security equipment, technology for information security equipment [See footnote 4]

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for civilian / commercial end use.
3. Licence granted for civilian / commercial end use.
4. Licence granted for civilian / commercial end use.
5. Licence granted for demonstration to potential customers. Civilian / commercial end use.
6. Licence granted for demonstration to potential customers. Civilian / commercial end use.
7. Licence granted for civilian / commercial end use.
8. Licence granted for armed forces end use.

## Tanzania

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	100% (5)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	6 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	82 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£69,062
Non-military	3	£57,274
Total	5	£126,336

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	2	£69,062

military support vehicles (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£34,776
5A001	1	£17,000
5A002	1	£5,498

T civil explosive detection/identification equipment.  
 information security equipment.  
 telecommunications jamming equipment [See footnote 3].

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 2]
2	P	accelerometers, components for accelerometers, components for guidance/navigation equipment, components for gyroscopes, guidance/navigation equipment, gyroscopes [See footnote 1]

% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	12	£1,165,993
Non-military	28	£467,044
Both Military and Non-military	1	£6,452
Total	41	£1,639,489

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£28,900
ML3	3	£197,864
ML4	2	£652,520
ML5	1	£6,000
ML6	2	£30,869
ML7	2	£10,867
ML9	1	£5,400
ML11	3	£129,965
ML13	1	£1,000
ML18	1	£102,408
ML21	1	£200

ballistic test equipment.  
blank/inert ammunition.  
body armour.  
components for artillery ammunition.  
components for ballistic test equipment.  
components for decoying/countermeasure equipment.  
components for military combat vehicles (2 licences).  
components for naval gun installations/mountings.  
components for naval guns.  
components for NBC protective/defensive equipment.  
decoying/countermeasure equipment.  
equipment for the use of targeting equipment.

military communications equipment.  
 military electronic equipment.  
 NBC detection equipment.  
 NBC protective/defensive equipment.  
 small arms ammunition (2 licences).  
 software for decoying/countermeasure equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	2	£2,111
1A004	5	£124,861
1C210	1	£91
1C350	1	£41,074
1C351	1	£25
1C353	1	£10
1E001	1	£1
1E201	1	£1
1E202	1	£1
2B350	3	£12,344
3D225	3	£1,266
5A001	1	£4,850
5A002	5	£104,241
5D002	2	£6,501
5E002	3	£104,980
6A003	2	£41,188
7A103	1	£23,500

bacteria.  
 chemicals used for industrial/commercial processes.  
 civil explosive detection/identification equipment (5 licences).  
 components for corrosion resistant chemical manufacturing equipment.  
 corrosion resistant chemical manufacturing equipment (3 licences).  
 counter-improvised explosive device equipment.  
 deuterium compounds.  
 deuterium solutions.  
 fibrous/filamentary materials.  
 imaging cameras (2 licences).  
 inertial equipment.  
 information security equipment (5 licences).  
 pathogenic genetic elements.  
 software for frequency changers (3 licences).  
 software for information security equipment (2 licences).  
 technology for composite laminates.  
 technology for composite structures.  
 technology for composite tubes.  
 technology for fibre preforms.  
 technology for fibre prepregs.  
 technology for information security equipment (3 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£5,377
ML7	1	£1,075

civil NBC protection clothing.  
 NBC protective/defensive equipment.

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 1]

## Case & goods Footnotes

1. Licence granted for accessories / spare parts. Civilian / commercial end use.

## Togo

## Turks and Caicos Islands

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	100% (3)

% and number of SIELs completed in 60 working days	100% (3)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	3	£151,123
Total	3	£151,123

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£151,003
5E002	1	£120

information security equipment (3 licences).  
technology for information security equipment.

## Uganda

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	67% (2)
% and number of SIELs completed in 60 working days	100% (3)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	82 days

- components for military diving apparatus [See footnote 15].  
 components for military electronic equipment [See footnote 7].  
 components for military guidance/navigation equipment [See footnote 7].  
 electronic warfare equipment [See footnote 17].  
 military diving apparatus [See footnote 15].  
 military electronic equipment [See footnote 7].  
 military helmets [See footnote 1].  
 T military training equipment [See footnote 20].  
 precursors for energetic materials [See footnote 5].  
 software for electronic warfare equipment [See footnote 17].  
 technology for launching/handling/control equipment for munitions [See footnote 16].  
 technology for military communications equipment [See footnote 16].  
 technology for military electronic equipment [See footnote 16].  
 technology for naval electrical/electronic equipment [See footnote 16].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£15,000
1C351	1	£326
5A001	1	£69,000
5A002	5	£1,235,464
5D002	1	£240
6A001	1	£102,210
6A005	1	£135,000
6E201	1	£0
7A103	1	£13,960
8A002	1	£113,890

- civil explosive detection/identification equipment [See footnote 3].  
 inertial equipment [See footnote 6].  
 information security equipment (5 licences) [See footnotes 11, 12, 13, 14, 2].  
 lasers [See footnote 8].  
 marine position fixing equipment [See footnote 10].  
 software for information security equipment [See footnote 14].  
 submersible equipment [See footnote 9].  
 technology for lasers [See footnote 8].  
 T telecommunications interception equipment [See footnote 19].  
 toxins [See footnote 4].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	cable systems sensitive to eavesdropping, components for information security equipment, equipment for generating spreading codes, equipment with reduced

		electromagnetic emanations, impulse radio equipment, information security equipment, software for cable systems sensitive to eavesdropping, software for equipment for generating spreading codes, software for equipment with reduced electromagnetic emanations, software for impulse radio equipment, software for information security software, technology for cable systems sensitive to eavesdropping, technology for equipment for generating spreading codes, technology for equipment with reduced electromagnetic emanations, technology for impulse radio equipment, technology for information security equipment, technology for information security software, technology for software for cable systems sensitive to eavesdropping, technology for software for equipment for generating spreading codes, technology for software for equipment with reduced electromagnetic emanations, technology for software for impulse radio equipment, technology for software for information security equipment, technology for software for information security software [See footnote 18]

### Case & goods Footnotes

1. Licence granted for government end use.
2. Licence granted for end use by a law enforcement agency.
3. Licence granted for explosive detection / disposal purposes. Government end use.
4. Licence granted for civilian / commercial end use.
5. Licence granted for civilian / commercial end use.
6. Licence granted for civilian / commercial end use.
7. Licence granted for civilian / commercial end use.
8. Licence granted for civilian / commercial end use.
9. Licence granted for civilian / commercial end use.
10. Licence granted for civilian / commercial end use.
11. Licence granted for civilian / commercial end use.
12. Licence granted for civilian / commercial end use.
13. Licence granted for civilian / commercial end use.
14. Licence granted for civilian / commercial end use.
15. Licence granted for End use by the Navy.
16. Licence granted for End use by the Navy.
17. Licence granted for government end use.
18. Licence granted for civilian / commercial end use.
19. Licence granted for demonstration to potential customers. Civilian / commercial end use.
20. Licence granted for demonstration to potential customers. Civilian / commercial end use.

## Yemen

### Processing Statistics (excluding amendments)

Median processing time SITCLs	15 days
% and number of SITCLs completed in 20 working days	100% (10)
% and number of SITCLs completed in 60 working days	100% (10)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

### SITCLs

Source	Issued	Refused	Revoked
Djibouti	9	0	0

### Issued

- assault rifles (8) (2 licences) [See footnotes 2, 3].
- components for assault rifles (2 licences) [See footnotes 2, 3].
- components for sporting guns (7 licences) [See footnotes 1, 4, 5, 6, 7].
- small arms ammunition (9 licences) [See footnotes 1, 2, 3, 4, 5, 6, 7].
- sporting guns (8) (7 licences) [See footnotes 1, 4, 5, 6, 7].

## Country Footnotes

1. UN Security Council Resolution 2216 (2015) established a targeted arms embargo to prevent the direct or indirect supply, sale or transfer to, or for the benefit of designated individuals and entities and those acting on their behalf or at their direction in Yemen, of arms and related material of all types, and of technical assistance, training, financial assistance or other assistance related to military activities or the provision, maintenance or use of any arms and related material. This adds to earlier resolution 2140 (2014) establishing asset freezes and travel bans of designated individuals and entities. The EU implements these measures through Council Decision (CFSP) 2015/882, as amended; as well as Council Regulation (EU) 2015/878, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for anti-piracy operations. Civilian / commercial end use.
2. Licence granted for anti-piracy operations. Civilian / commercial end use.
3. Licence granted for anti-piracy operations. Civilian / commercial end use.
4. Licence granted for anti-piracy operations. Civilian / commercial end use.
5. Licence granted for anti-piracy operations. Civilian / commercial end use.
6. Licence granted for anti-piracy operations. Civilian / commercial end use.
7. Licence granted for anti-piracy operations. Civilian / commercial end use.

## Zambia

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	80% (4)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	41 days
% and number of OIELs completed in 20 working days	50% (1)
% and number of OIELs completed in 60 working days	50% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	4	£72,249
Total	4	£72,249

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML4	1	£41,099
ML6	3	£31,150

components for munitions/ordnance detection/disposal equipment.  
military support vehicles (3 licences).  
munitions/ordnance detection/disposal equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

#### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.

## Zimbabwe

### Processing Statistics (excluding amendments)

Median processing time SIELs	50 days
% and number of SIELs completed in 20 working days	0% (0)
% and number of SIELs completed in 60 working days	50% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	50% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£4,861
Total	1	£4,861

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£4,861

information security equipment [See footnote 1].

### Refused

	Count
Non-military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
ZWE	1

T imaging cameras.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1

### Country Footnotes

1. Restrictions currently in force with respect to Zimbabwe are set out in Council Decision 2011/101/CFSP, as amended, and Council Regulation No. 314/2004, as amended. These include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
