ERRATUM

Published 12 October, 2018

Revisions to the number of starts and completions of Accredited Programmes in custody data have been made. The revisions apply to starts and completions in the year ending March 2018 and are a result of errors in the recording of case level programmes data.

The number of Accredited Programme starts in the year ending March 2018 has changed from 6,609 to 6,148 and from 5,619 to 5,518 for completions.

The corrected figures for starts and completions, as well as the difference between those originally published and subsequently revised appear in Tables 1 to 3 in Annex A of this notice.

The impact of the change on products published as part of the HMPPS Annual Digest 2017/18 is minimal, and confined to the products listed below. The listed products have been re-issued with full revisions.

Compliance

This revision is in accordance with Quality Principle Q3.4 of the Code of Practice for Official Statistics (February 2018), which requires all producers of Official Statistics to publish full and clear details on the scale, nature, cause and impact of unscheduled corrections that result from errors.

The Ministry of Justice aims to avoid the need for revisions to publications unless they are absolutely necessary and has put systems and processes in place to minimise the number of revisions.
