18 October 2018

Dear Ms Abad Olivia,

East Anglia One Offshore Windfarm Order 2014 (“the Order”) – Variation of Deemed Marine License

On the 17 June 2014 the Secretary of State for Energy and Climate Change granted consent for the East Anglia One Offshore Wind Farm Order 2014 (“the Order”) which included in Schedule 10 (generation assets) and Schedule 11 (transmission assets) two deemed marine licences (DMLs) in accordance with Section 149 of the Planning Act 2008.

The Marine Management Organisation (MMO) received the request to vary the DMLs contained within the Order on 8 May 2018. The request was to designate a new disposal site (TH23) and specify disposal to another site (HU212). The MMO also incorporated changes to conditions to ensure the DMLs reflect the revised standard navigation conditions and this was agreed to by Scottish Power.

The MMO has now completed its consideration of these requests and, in exercise of the powers conferred by section 72(3)(d) of the Marine and Coastal Access Act 2009, has varied the DML as detailed in the Notice of Variation enclosed. Also enclosed is a copy of the varied DMLs. This documentation is also publicly available on the MMO’s website at www.gov.uk/mmo

In accordance with regulation 3 of The Marine Licensing (Notices Appeals) Regulations 2011, you may appeal the notice of variation to the First-tier Tribunal. If you wish to appeal then in accordance with rule 22(1)(b) of the Tribunal Procedure (First-tier Tribunal)(General Regulatory Chamber) Rules 2009 (SI 2009/1976) you have 28 days from the date of the sending of the notice of variation to send or deliver a notice of appeal to the First-tier Tribunal.

Yours Sincerely

Laura Opel
Marine Licensing Case Officer
