Your personal data will be disclosed to the Devolved Authorities, NIAB and the British Society of Plant Breeders for the administration of DUS tests and VCU trials.

Data may be passed to other bodies where necessary for any of the above-mentioned purposes. The data collected may also be used to provide publicly available statistics that will not identify individuals.

APHA may be required to release information, including personal data and commercial information, on request under the Environmental Information Regulations 2004 or the Freedom of Information Act 2000. However, APHA will not permit any unwarranted breach of confidentiality nor will we act in contravention of our obligations under the data protection legislation
