**AUTHORIZED AMENDMENT**

Note to provide a summary/overview of the amendment and to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.

**The input here should be your ‘one minute’ to explain what, why and how.**

The amendment incorporates outstanding Requests For Change and updates: references, terms, permissive verbs, abbreviations, email addresses, and obsolete phrases.

The objective of the RA 1000 Series Coherence Review was to conduct post-implementation reviews of all RAs to ensure the publication/amendment resulted in a positive outcome; and to make sure that the MAA addresses incoherence and attains standardization across the whole MAA Regulatory Publications (MRP) set.
