Tenders for Selected Contractor Deliverables

C1. You must respond to the requirement for all the Contractor Deliverables listed in the attached Schedule of Requirements.

Construction of Tenders

C2. Your Tender must be written in English, using Arial font size 11. Prices must be in GBP. Prices must be Firm Price.

C3. To enable the Authority to complete its Value For Money (VFM) assessment, your price must be broken down. If the resultant contract is a Qualifying Defence Contract (QDC) under the Defence Reform Act (DRA) and Single Source Contract Regulations (SSCR) you must price your bid accordingly. Please set out your Tender response in accordance with Section D.

Validity

C4. Your Tender must be valid / open for acceptance for 120 calendar days from the Tender return date.

Variant Bids

C5. The decision to invite a Single Source response is based on the scope of the requirement. Where you submit a variant bid that is outside the scope of the requirement the
Authority may be obliged to compete the requirement.

Qualifying Defence Contracts

Defence Reform Act 2014 – Part 2, Single Source Contracts

C6. This ITT may result in a Qualifying Defence Contract (QDC) under the provisions of the Defence Reform Act 2014 (DRA). You should therefore understand the implications in the event that it does result in a QDC.

C7. The DRA enables secondary legislation, called Single Source Contract Regulations 2014 (SSCR), which applies:

a. to new contracts with a value of £5M (ex VAT) or above;
b. to amended contracts where the amended contract has a value of £5M (ex VAT) or above, and both parties agree that the amended contract should be a QDC.

C8. The DRA and SSCR set out the criteria for determining when a single source contract is a Qualifying Defence Contract (QDC). Any new single source contract which meets the criteria will be a QDC, unless exempt by the Secretary of State for Defence. Exemptions will only be granted in exceptional circumstances.

C9. The DRA and SSCR cover such matters as the pricing of QDCs, the information, openness and transparency that the parties must provide to each other, and the rights and obligations of both parties to a QDC once on contract.

C10. The DRA requires a primary contractor to be satisfied that the costs proposed for inclusion in the price of a QDC are Allowable Costs, in that they are appropriate, attributable to the contract and reasonable in the circumstances. The MOD is obliged to ensure that you meet the criteria and at any time you may be required to show that this is the case in relation to any particular cost. The Single Source Regulations Office (SSRO) has issued Statutory Guidance on Allowable Costs (SGAC) which can be found on their website and which the parties to a QDC will be expected to adhere to, other than in exceptional circumstances. Either party to a QDC may subsequently make a referral to the SSRO for an adjustment of the contract price, if that party believes the price agreed was not in accordance with the requirements of the DRA / SSCR.

C11. The DRA requires that the contract Profit Rate agreed between the parties for QDCs must be agreed in accordance with the provisions of the DRA and SSCR.

C12. The DRA also sets out the criteria for determining when a contract is a Qualifying Sub-Contract (QSC) to which the DRA and SSCR will apply. Any single source sub-contract in excess of £25M, placed in support of a QDC or another QSC and which meets the criteria in the DRA and SSCR, is potentially a QSC. Responsibility for assessing whether a sub-contract is a QSC lies with the party placing the sub-contract. The Tenderer therefore has an obligation to determine whether any planned sub-contract is a QSC. The Tenderer must keep a record of any determinations and notify both the Secretary of State for Defence and the sub-contractor in writing when a sub-contract is determined to be a QSC.

The MOD Commercial Toolkit provides further information about the new single source legal framework.

Section D – Details of Price Breakdown and Mandatory Criteria

1. When placing any contract the Authority is required to satisfy itself that the agreed price represents Value for Money (VFM). In single source contracting you must provide to the
Authority sufficient information in support of your price proposal and during subsequent price negotiation, to enable the Authority to fulfil its obligation to assure VFM. The Authority approaches all contract pricing on the basis of the NAPNOC principle (No Acceptable Price, No Contract). We will not enter into any contract that is unacceptably priced. Details can be found on MOD Commercial Toolkit.

2. Price breakdown requirements for a non-qualifying contract

If the contract expected to be a QDC. The contract is therefore not subject to the provisions of the DRA/SSCR 2014. It is your responsibility to decide the level of information you need to provide to the Authority in support of your price proposal and subsequent price negotiation, to enable the Authority to fulfil its obligation to assure VFM and sign the contract. The following table shows the Authority’s suggestion of the minimum level of information you must provide for a non-qualifying contract, as a minimum your Offer should detail the following:

<table>

<tr>

</tr>
</thead>
<tbody>
<tr>
<td><strong>Hours / Days</strong></td>
<td>The number of hours / days it takes to complete the requirement.</td>
</tr>
<tr>

<tr>

<tr>
<td><strong>Other costs</strong></td>
<td>List any rates used to recover overhead costs not otherwise recovered through the activity-based hourly and daily rates stated above. These rates are usually recovered by the application of a percentage uplift to a base cost (e.g. Material Handling is often recovered as a percentage uplift applied to material costs). Where you have an agreed QMAC (Questionnaire on the Method and Allocation of Costs) you must quote the reference. Where you do not have an agreed QMAC please include a list of what is included in the overhead rate(s). Provide a sub-total that the overhead will apply to.</td>

</tr>
<tr>

Claims for T&amp;S should be in line with the Civil Service Code which states civil servants must ensure “public money and other resources are used efficiently” for example, travel should be the most economic option available.</td>
</tr>
</tbody>
</table>

**Notification of Foreign Export Control Restrictions**

7. If, in the performance of the Contract, you need to import into the UK or export out of the UK anything not supplied by or on behalf of the Authority and for which a UK import or export licence is required, you will be responsible for applying for the licence. The Authority will provide you with all reasonable assistance in obtaining any necessary UK import or export licence.

8. In respect of any Contractor Deliverables, likely to be required for the performance of any resultant contract, you must provide the following information in your Tender:

   a. Whether all or part of any Contractor Deliverables are or will be subject to:

      (1) a non-UK export licence, authorisation or exemption; or

      (2) any other related transfer control that restricts or will restrict end use, end user, re-transfer or disclosure.

   You must complete DEFFORM 528 (or other mutually agreed alternative format) in respect of any Contractor Deliverables identified at paragraph 8 and return it as part of your Tender. If you have previously provided this information you can provide details of the previous notification and confirm the validity.

9. You must use reasonable endeavours to obtain sufficient information from your potential supply chain to enable a full response to paragraph 8. If you are unable to obtain adequate information, you must state this in your Tender. If you become aware at any time during the procurement that all or part of any proposed Contractor Deliverable is likely to become subject to a non-UK Government Control through a Government-to-Government sale only, you must inform the Authority immediately by updating your previously submitted DEFFORM 528 or completing a new DEFFORM 528.

10. This does not include any Intellectual Property specific restrictions mentioned in paragraph 4.

11. You must notify the named Commercial Officer immediately if you are unable for whatever reason to abide by any restriction of the type referred to in paragraph 8.

12. Should you propose the supply of Contractor Deliverables of US origin the export of which from the USA is subject to control under the US International Traffic in Arms Regulations (ITAR), you must include details on the DEFFORM 528. This will allow the Authority to make a decision whether the export can or cannot be made under the US-UK Defence Trade Co-operation Treaty. The Authority shall then convey its decision to you. If the Authority decides that use of the Treaty for the export is permissible, it is your responsibility to make a final decision whether you want to use that route for the export concerned if you are awarded the contract.
Import Duty

13. European Union (EU) legislation permits the use of various procedures to suspend customs duties.

14. For the purpose of this procurement, for any deliverables not yet imported into the EU, you are required to provide details of your plans to address customs compliance, including the Customs procedures to be applied (together with the procedure code) and the estimated Import Duty to be incurred and / or suspended.

15. You should note that it is your responsibility to ensure compliance with all regulations relating to the operation of the accounting for import duties. This includes but is not limited to obtaining the appropriate Her Majesty’s Revenue & Customs (HMRC) authorisations.

Sub-contracts Form 1686

16. Form 1686 (also known as Appendix 5) is to be used in all circumstances where contractors wish to place a sub-contract with a contractor where the release of OFFICIAL-SENSITIVE information is involved. The process will require submission of the single page document either directly to the MOD Project Team or, where specified, to the DE&S Security Advice Centre. You can find further information in the Security Policy Framework – Contractual Process.

Small and Medium Enterprises

17. The Authority is committed to supporting the Government’s small and medium-sized enterprise (SME) initiative; its ambitious target is that £1 in every £3 that the Government spends should be with small businesses by 2020. Our goal is that 25% of Authority spending should be spent with SMEs by 2020; this applies to the money which the Authority spends directly with SMEs, and through the supply chain. The Authority uses the European Commission definition of SME.

18. A key aspect of the Government’s SME Policy is ensuring that its suppliers throughout the supply chain are paid promptly. All suppliers to the Authority and their sub-contractors are encouraged to make their own commitment and register with the Prompt Payment Code.

19. Suppliers are also encouraged to work with the Authority to support the Authority’s SME initiative. Information on the Authority’s purchasing arrangements, our commercial policy priorities and our SME policy can be found at Gov.UK.

20. The opportunity also exists for Tenderers to advertise any sub-contract valued at over £10,000 in the MOD Contracts Bulletin and further details can be obtained directly from: BiP Solutions Ltd
Web address: www.contracts.mod.uk
Tel No: 0845 270 7099

Transparency, Freedom of Information and Environmental Information Regulations

21. You should be aware that the contents of any resultant Contract may be published in line with government policy set out in the Prime Minister’s letter of May 2010 (Government Transparency and Accountability) and the information contained within SC1B Conditions of Contract Clause 5.

22. Before publishing the Contract, the Authority will redact any information which is exempt from disclosure under the Freedom of Information Act 2000 (“the FOIA”) or the Environmental Information Regulations 2002 (“the EIR”).

23. You should complete the attached Tenderer’s Commercially Sensitive Information Form (DEFFORM 539A or SC1B Schedule 4 or SC2 Schedule 5) explaining which parts of your
Tender you consider to be commercially sensitive. This includes providing a named individual who can be contacted with regard to FOIA and EIR.

24. You should note that, while your views will be taken into consideration, the ultimate decision whether to publish or disclose information lies with the Authority. You are advised to provide as much detail as possible on the form. It is highly unlikely that a Tender will be exempt from disclosure in its entirety. Should the Authority decide to publish or disclose information against your wishes, you will be given prior notification.

**Electronic Purchasing**

25. You must note that use of the [Contracting, Purchasing and Finance (CP&F)](Contracting_Purchasing_and_Finance) electronic procurement tool is a mandatory requirement for any resultant contract awarded following this Tender. By submitting this Tender you agree to electronic payment. Please feel free to consult the service provider on connectivity options. Failure to accept electronic payment will result in your Tender being non-compliant.

**Change of Circumstances**

26. If you have not previously submitted a Statement Relating to Good Standing or circumstances have changed please, select ‘Yes’ and submit a Statement Relating to Good Standing with your Tender.

**Asbestos, Hazardous Items and Depletion of the Ozone Layer**

27. The Authority is required to report any items that use asbestos, that are hazardous or where there is an impact on the Ozone. Where any Contractor Deliverables fall into one of these categories select ‘Yes’ and provide further details in your Tender.

**Military Aviation Authority (MAA)**

28. In July 2011 the Military Aviation Authority (MAA) launched a new set of Regulatory Publications. Key to these is the Regulatory Articles (RA), which prescribe Acceptable Means of Compliance (AMC) for each separate Regulation. Where there is a MAA requirement and you wish to propose an alternative means of compliance you must obtain agreement in principle from the MAA (through the Project team) in advance of submitting your Tender. AMC are strongly recommended practices and a justification will be required if they are not followed. You must consult the MAA where there is more than one AMC. You must confirm how you intend to comply with the RA, and the date you consulted with the MAA.

**Bank or Parent Company Guarantee**

29. A parent Company or bank Guarantee may be required in the form of DEFFORM 24 / 24A as appropriate. No contract will be awarded until a suitable Parent Company or Bank Guarantee, is in place.

**The Armed Forces Covenant**

30. The Armed Forces Covenant is a public sector pledge from Government, businesses, charities and organisations to demonstrate their support for the Armed Forces community. The Covenant was brought in under the Armed Forces Act 2011 to recognise that the whole nation has a moral obligation to redress the disadvantages the armed forces community face in comparison to other citizens, and recognise sacrifices made.

31. The Covenant’s two principles are that:

a. the Armed Forces community would not face disadvantages when compared to other
citizens in the provision of public and commercial services; and
b. special consideration is appropriate in some cases, especially for those who have given
most such as the injured and the bereaved.

The Authority encourages all Tenderers, and their suppliers, to sign the
Corporate Covenant, declaring their support for the Armed Forces community by
displaying the values and behaviours set out therein.

32. The Armed Forces Covenant provides guidance on the various ways you can demonstrate
your support through the Corporate Covenant.

33. If you wish to register your support you can provide a point of contact for your company on
this issue to the Armed Forces Covenant Team at the address below, so that the MOD can alert
you to any events or initiatives in which you may wish to participate. The Covenant Team can
also provide any information you require in addition to that included on the website.

Email address: covenant-mailbox@mod.uk
Address: Armed Forces Covenant Team
          Zone D, 6th Floor, Ministry Of Defence
          Main Building, Whitehall, London, SW1A 2HB

34. Paragraphs 30 – 33 above are not a condition of working with the Authority now or in the
future, nor will this issue form any part of the tender review, contract award procedure or any
resulting contract. However, the Authority very much hopes you will want to provide your
support.
