

Notice of the intention to drill for minerals

Fill in this form to give us notice that you intend to drill for minerals.

Operator's or organisation's name

Address of the site where the drilling will be carried out (Unless we have agreed otherwise with you, you should provide an Ordnance Survey map showing the site or area of the drilling. Outline the site or area in red. The map must be at a scale of not less than 1:10,000.)

Postcode

Date of the drilling (DD/MM/YYYY)
 (Except in emergency, this date must be at least one month after the date of this notice.)

What work will be carried out? (Please tick one box.)

Constructing a borehole or boreholes
 Extending a borehole or boreholes

Number of boreholes

(You must provide a plan, at a scale of 1:2,500, showing the position of each borehole.)

On a separate sheet, numbered 1, provide the national grid reference (two letters, 10 numbers) for each borehole.

Purpose of the work (Please tick one box.)

Searching for minerals
 Extracting minerals

Give relevant details of the proposed work (for example, depth, diameter, orientation, method of construction or extension, strata and casing details).

If there is not enough space for your answer, provide the necessary information on a separate sheet numbered 2.

Explain how you will prevent fluid (including groundwater, brine, gases, natural and artificial contaminants such as hydrocarbons) flowing between different aquifer layers or the surface.

If there is not enough space for your answer, provide the necessary information on a separate sheet numbered 3.

Explain how you will use and dispose of water and fluids entering the borehole or boreholes

If there is not enough space for your answer, provide the necessary information on a separate sheet numbered 4.

Who should we contact about this notice? Operator Agent Professional adviser
