| Summary/Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.   |
| <b>The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.</b>   |
| The withdrawal of all Regulation, associated Acceptable Means of Compliance (AMC) and Guidance Material (GM) from Regulatory Article RA 1017– Maintenance Organizations – Airworthiness Responsibilities.   |
| The withdrawal of RA 1017 will remove duplication from the MAA Regulatory Publications (MRP). It is expected to have no impact upon the Regulated Community, as the current requirements of this Regulatory Article are already contained elsewhere within the MRP, specifically within the following requirements: |

- RA 4812(1) – Certification of Air System Release (MRP 145.A.50(a)), which requires the completion of all Maintenance in accordance with appropriate approved procedures and available Technical Information.
- RA 4947(1)c – Continuing Airworthiness Management – MRP Part M Sub Part G, and RA 4961 - Aircraft Maintenance Programme - MRP Part M Sub Part C, which requires a Mil CAMO to ensure that all Maintenance is carried out to the required quality and in accordance with the Aircraft Maintenance Programme.
- RA 1005(3) – Maintenance Organizations, which requires MOD contracting organizations to let contracts with competent Maintenance organizations. Specifically, this Regulation requires contractor-run Maintenance organizations undertaking on-Air System Maintenance, and off-Air System Maintenance on UK Government property, to be approved under the Maintenance Approved Organization Scheme (MAOS).
