Housing Associations and other Charitable Housing Providers

Housing Associations and other charitable housing providers vary in size dramatically from less than 50 properties to a stock of over 40,000. They are becoming the major providers of social housing in the UK. Their objective is to provide affordable good quality homes for rent or low cost home ownership. Some are able to accept direct applications whilst others will only take nominations by a local authority.

The housing providers listed below are not necessarily regionally based, but can assist in other parts of the UK.
