

## COIs Considered by the COI Sub-Group 1 January 2018– 31 December 2018

## NIBSC

#	Issue	Potential COI	Proposed mitigating action	CET COI subgroup decision (including any required mitigating action)
1	Distribution of UK Stem Cell Bank's (UKSCB's) cell lines by NIBSC.	Although the work is very similar to biological reference standards a key difference is that the cells could become part of a medicinal product and could therefore be subject to review by the regulator	Discussed at September meeting but mitigations to be discussed further and agreed	Mitigations to be discussed further and agreed

## CPRD – No cases in this period

#	Issue	Potential COI	Proposed mitigating action	CET COI subgroup decision (including any required mitigating action)
