Companies House does not routinely collate information on companies related to their business activity. The United Kingdom Standard Industrial Classification of Economic Activities (SIC) is used to classify business establishments and other standard units by the type of economic activity in which they are engaged.

The following is a link to the 'standard industrial classification of economic activities' - SIC codes used by companies:

<https://www.gov.uk/government/publications/standard-industrial-classification-of-economic-activities-sic>

To help, I have searched for the SIC codes you require:

Travel Agency Activities -79100
Tour Operator Activities – 79120

On our website you will also find our 'free data product':

http://download.companieshouse.gov.uk/en_output.html
http://download.companieshouse.gov.uk/en_output.html

By searching the spreadsheet using the 'Edit - Find' function you can insert the SIC codes and it will find companies with the business activity - Travel Agency Activities and Tour Operator Activities.

The free data will provide the date the company was incorporated and the registered office of the company, it does not show director details. You will find director information by viewing each company on Companies House Service.
