

Laboratories that are members of the UK GLP Compliance Monitoring Programme as of 01 May 2019

The following list only includes full members of the Compliance Programme that have been inspected and issued with a Statement of GLP Compliance. The list does not include prospective members that have not yet been inspected and may not include facilities that operate from premises that also serve as a domestic residence.

If a test facility is not present on the list, please contact the GLPMA at gxplabs@mhra.gov.uk for clarification of a facility's status. The GLPMA can also provide guidance regarding whether a test facility has historically been a member of the UK compliance monitoring programme.
