**Staphylococcus aureus Enterotoxin Detection Scheme –
Preliminary Intended Results Notification**

These results are provided for guidance and are determined from the examinations undertaken during quality control testing of the samples.

Distribution: **STA044** Samples: **ST0087 and ST0088**

Intended results:

Sample Number	S. aureus enterotoxins
ST0087	Present (Group E) – confirmed by a reference laboratory
ST0088	Present (Group B)

Laboratory identification numbers of participants who did not return results this distribution:

385, 2578 and 2588

The distribution report providing details of your individual performance and an analysis of all participants' results will be dispatched within three weeks. The report may also include sample specific comments.

Repeat samples are available for up to one year from date of this letter for participants who experienced problems with any of the examination. There is no need to wait until you have received the report to order repeat samples.

The next distribution of Staphylococcus aureus enterotoxin Detection Scheme samples will be dispatched during the week beginning 10 May 2021.

If you require any technical advice or wish to make comments or suggestions relating to the scheme please contact us.
