Proposed Scheme

Sony A7RII, 35mm, Date: 16.05.19 10:59am

Technical Information

Description

View south from Palatine Road towards the existing Withington Golf Club House. Existing vegetation along the road is likely to be removed during construction. Screen planting and street trees would be included in the design. The final designs, including the exterior finish of the ventilation shaft will be approved by local authorities in accordance with the planning regime established in the Hybrid Bill.

Key Plan

This visualisation is provided for illustration purposes only to help inform the DRC events. These are produced as a snapshot of the current work in progress as the Proposed Scheme may be subject to change through ongoing design development and in response to consultation.

For the Hybrid Bill submission, the supporting Environmental Statement will include full details of the visual impact assessment at the selected viewpoints will be included in Volume 5 of the Environmental Statement. A number of verified photomontages will be produced to provide an illustration of how the Proposed Scheme may look in the opening year and/or 15 years after opening to help inform the visual impact assessment.

Where new planting is proposed, it has been shown as immature plants which would mature over time to further integrate the Proposed Scheme into the landscape. At this scale the images do not lend themselves to direct comparison out in the field.
