

Amalgamation of grades when both adjacent grades have equal consensus

Grade with highest consensus	Grades with next highest (equal) consensus	Consensus
Low-grade dyskaryosis	Borderline change (squamous and endocervical)	Low-grade dyskaryosis/Borderline change (squamous and endocervical)
	High-grade dyskaryosis (moderate)	
High-grade dyskaryosis (moderate)	Low-grade dyskaryosis	High-grade dyskaryosis (moderate)/High-grade dyskaryosis (severe)
	High-grade dyskaryosis (severe)	
High-grade dyskaryosis (severe)	High-grade dyskaryosis (moderate)	High-grade dyskaryosis (severe)/High-grade dyskaryosis (moderate)
	?Invasive squamous carcinoma	
High-grade dyskaryosis (severe)	?Invasive squamous carcinoma	High-grade dyskaryosis (severe)/?Invasive squamous carcinoma
	?Glandular neoplasia of endocervical type or ?Glandular neoplasia (non-cervical)	
High-grade dyskaryosis (severe)	?Glandular neoplasia of endocervical type	High-grade dyskaryosis (severe)?Glandular neoplasia of endocervical type
	?Glandular neoplasia (non-cervical)	
?Invasive squamous carcinoma	High-grade dyskaryosis (severe)	?Invasive squamous carcinoma/High-grade dyskaryosis (severe)
	?Glandular neoplasia of endocervical type or ?Glandular neoplasia (non-cervical)	
?Invasive squamous carcinoma	?Glandular neoplasia of endocervical type	?Invasive squamous carcinoma/?Glandular neoplasia (non-cervical)
	?Glandular neoplasia (non-cervical)	
?Glandular neoplasia of endocervical type	High-grade dyskaryosis (severe)	?Glandular neoplasia of endocervical type/ High-grade dyskaryosis (severe)
	?Invasive squamous carcinoma	
?Glandular neoplasia (non- cervical)	High-grade dyskaryosis (severe)	?Glandular neoplasia (non-cervical)?Invasive squamous carcinoma
	?Invasive squamous carcinoma	
?Glandular neoplasia of endocervical type	High-grade dyskaryosis (severe) or ?Invasive squamous carcinoma	?Glandular neoplasia of endocervical type/?Glandular neoplasia (non-cervical)
	?Glandular neoplasia (non-cervical)	
?Glandular neoplasia (non- cervical)	High-grade dyskaryosis (severe) or ?Invasive squamous carcinoma	?Glandular neoplasia of endocervical type/?Glandular neoplasia (non-cervical)
	?Glandular neoplasia of endocervical type	
?Glandular neoplasia combined (endocervical and non-cervical)	High-grade dyskaryosis (severe)	?Glandular neoplasia (endocervical and non- cervical)?Invasive squamous carcinoma
	?Invasive squamous carcinoma
