Apprenticeship funding rules for main providers

August 2019 to July 2020

Version 1

This document sets out the funding rules for all main providers delivering apprenticeships from 1 August 2019 to 31 July 2020.

View other apprenticeship funding rules

July 2019

Of interest to colleges, independent training providers, higher education institutions and employers delivering training to staff outside of their organisation.

- Special conditions for all instances where the employer is the delivery subcontractor . 39
- Reporting your use of delivery subcontractors to us .......................................... 39
- Disputes and issue resolution between the employer and main provider ............. 39
This document sets out the funding rules for main providers delivering apprenticeship training and on-programme assessment for employers under the apprenticeship programme from 1 August 2019. Main providers delivering to their own staff must follow the employer-provider rules and only claim actual costs.

You can find details on the features of the apprenticeship funding system, including how we will calculate funding for organisations receiving funding from us, in the Apprenticeship Technical Funding Guide.

We use the term ‘you’ to refer to the ‘main provider’, that is, any organisation holding a funding agreement with us through which we directly route funds from an employer’s apprenticeship service account or government-employer co-investment. The main provider will have the overall responsibility for the training and on-programme assessment conducted by themselves and their delivery subcontractors, and have a contractual relationship on behalf of the employer for the end-point assessment conducted by an end-point assessment organisation. The payment for the end-point assessment organisation is through the main provider.

The terms ‘we’, ‘our’, ‘us’, and ‘ESFA’ refer to the Education and Skills Funding Agency.

These rules form part of your terms and conditions for the use of funds in an employer’s apprenticeship service account or government-employer co-investment. You must read them in conjunction with your funding agreement with the Secretary of State for Education (acting through the Education and Skills Funding Agency (the ESFA), an executive agency of the Department for Education).

The ESFA may make changes to these rules at any time.

You must operate within the terms and conditions of your funding agreement, which includes these rules and the individualised learner record specification. If you do not, you will be in breach of your funding agreement with the ESFA.

If you breach your funding agreement, we reserve the right to take action.

We will review and monitor whether the training you provide represents good value for money. If we consider that the funds in an employer’s apprenticeship service account, or government-employer co-investment, we have provided are significantly more than the cost of the education and training, we may reduce the amount of funding we pay you after consulting with you.

We may take action including the recovery of all or part of the government funding from you if we are satisfied that there has been a breach of the funding rules. This includes where claims are made for funding through the employer’s apprenticeship service account, government co-investment or additional payments to which you and/or the employer are not entitled.

You can contact us through our enquiry form. You can also contact your provider manager/adviser.
These rules will apply to all apprenticeship programmes starting on or after 1 August 2019. Unless otherwise stated, this includes both apprenticeship frameworks and standards.

Any apprenticeship which started before 1 August 2019 will continue to follow the rules in force at the start of the programme. These can be accessed on GOV.UK.

New for 1 August 2019:
- P14 – New Rule: Apprenticeship delivery must not take place without approval from an associated regulatory body where this is needed.

Some occupations require the training provider to be approved by a regulatory body before being able to deliver training for the apprenticeship. We may take action to recover apprenticeship funding where you have delivered training but do not have the necessary approval. For more information on regulated occupations please read a short guide to regulated occupations for training providers.

The performance-management arrangements are set out in the Apprenticeship Performance-management Rules for Training Providers.

Relevant legislation

These rules constitute funding conditions made under section 101 of the Apprenticeships, Skills, Children and Learning Act 2009 (ASCLA 2009), in connection with the Secretary of State’s power to fund English statutory apprenticeships under section 100(1A) (as inserted by the Enterprise Act 2016).

These rules will make clear where necessary how they apply to English statutory apprenticeships taking place on apprenticeship frameworks and apprenticeship standards.

Recruit an apprentice

You must offer the employer the option of using the free recruit an apprentice tool for all new recruits into their business. It is not mandatory to use this service.

Where you advertise on recruit an apprentice, on behalf of the employer, you must make it clear in the advert how many hours the apprentice will be expected to work per week for the role and how long the apprenticeship will last. This must meet the minimum duration requirement (see paragraphs P34 to P45).
Programme eligibility

New for 1 August 2019:
- **Programme eligibility** – The title of the section has been changed from “what is an apprenticeship” to “programme eligibility” to more accurately reflect the contents.

What is an apprenticeship?

New for 1 August 2019:
- **What is an apprenticeship** – The sub-title of the section has been changed from “a job with training” to “what is an apprenticeship” to more accurately reflect the contents. The section has also been restructured to aid understanding.

P19 An apprenticeship is a job with training. Through their apprenticeship, apprentices will gain the technical knowledge, practical experience and wider skills and behaviours they need for their immediate job and future career. The apprentice gains this through formal off-the-job training and the opportunity to practise these new skills in a real work environment.

P20 The job, in P19, must have a productive purpose and should provide the apprentice with the opportunity to embed and consolidate the knowledge, skills and behaviours gained through the apprenticeship.

P21 You must conduct an initial assessment of the apprentice’s abilities in line with the proposed apprenticeship. Your initial assessment must show that the individual requires significant new knowledge, skills and behaviours to be occupationally competent in the job role.

P22 You and the employer must be satisfied that the apprenticeship is the most appropriate training programme for the individual; that the training programme aligns to an approved apprenticeship at the most appropriate level and recognition of prior learning has taken place.

P23 You must be satisfied that the employer is providing the apprentice with appropriate support and supervision to carry out their job role and their apprenticeship.

Employment contract

P24 The apprentice must be engaged by an employer, or an apprenticeship training agency (ATA), for a period which is long enough for the apprentice to complete the apprenticeship successfully (including, for standards, the end-point assessment). The only exceptions to this are:

P24.1 Apprentices who have been made redundant less than six months before the final day of their apprenticeship (see paragraphs P28, P256 and P257).
P24.2 Apprentices who have been made redundant, with more than six months but less than 12 months of their apprenticeship remaining; these apprentices may seek a further contract of service with a duration of less than 12 months, and we will fund them for up to 12 weeks while they do so (see paragraphs P256 and P258).

P24.3 Particular office holders, namely constables of English police forces and ministers or trainee ministers of a religious denomination, who are undertaking an alternative English apprenticeship. Except for the requirement to have an apprenticeship agreement and a contract of service in relation to these alternative apprentices, you must comply with all the other rules set out here.

Apprenticeship agreement between the employer and the apprentice

New for 1 August 2019:

- P26 – Clarification: An incomplete apprenticeship agreement means an apprentice is not working under an approved English apprenticeship.

P25 You must have evidence that the apprentice has an apprenticeship agreement with their employer at the start of, and throughout, their apprenticeship. For standards, this is defined in section A1(3) of the Apprenticeships, Skills, Children and Learning Act 2009 (as amended by the Enterprise Act 2016); for frameworks, this is defined in section 32 of the same Act.

P25.1 In relation to standards, the approved English apprenticeship agreement must also set out (i) the amount of time the apprentice will spend in off-the-job training, and (ii) the planned learning end date of the apprenticeship’s practical period (called the final day). These requirements are provided for in the Apprenticeships (Miscellaneous Provisions) Regulations 2017.

P25.2 In relation to frameworks, there must be an apprenticeship agreement in place which (i) meets the employer’s duty under section 1 of the Employment Rights Act 1996 and (ii) includes a statement of the skill, trade or occupation for which the apprentice is being trained under the apprenticeship framework. These requirements are provided for in the Apprenticeships (Form of Apprenticeship Agreement) Regulations 2012.

P26 If the apprenticeship agreement is incomplete and/or does not meet the statutory requirements the individual will not have a valid agreement and will not be eligible to receive funding.

P27 A template apprenticeship agreement is available on GOV.UK. This template does not have to be used but the requirements of the legislation as described above must be met when forming an apprenticeship agreement.

P28 Apprentices who are made redundant up to six months before the final day of their apprenticeship do not need to be employed under an apprenticeship agreement (see paragraphs P24.1, P256 and P257).
The signed apprenticeship agreement must be distributed to both signatories (employer and apprentice) and you must obtain a copy of this for the evidence pack, along with any revisions.

The start date set out in the apprenticeship agreement must match the date in the commitment statement. Details in the commitment statement must be completed before the apprenticeship agreement can be signed.

Apprentice wages

Every apprentice must be paid a lawful wage for the time they are in work and in off-the-job training.

The employer must meet the cost of the apprentice’s wages. An employer can only pay the apprenticeship minimum wage from the start of the apprenticeship programme and not before.

You can find information on the national minimum wage, the apprenticeship rate, and the definition of an employee on GOV.UK.

Apprenticeship duration and employment hours

An apprenticeship must provide for a practical period of training that lasts for a minimum duration of 12 months. For example, to satisfy this requirement, an apprentice who starts their training on 1 August 2019 must still be receiving training on 31 July 2020. The apprentice must be involved in active learning throughout the apprenticeship.

The framework or standard specification or assessment plan may require this practical period of training to be longer, to support the delivery of the full apprenticeship content.

For apprenticeship standards, the end-point assessment can only be taken after the minimum duration has been met.

You must ensure the apprenticeship meets the minimum duration rules. This includes where the content, negotiated price and/or duration of the apprenticeship has been adjusted to recognise prior learning (see paragraphs P58 to P62).

You must not claim an apprenticeship framework completion certificate on behalf of the apprentice from Apprenticeship Certificates England if the minimum duration has not been met. For standards, you must ensure that the minimum duration has been met as part of confirming the end-point assessment gateway requirements.

The minimum duration of each apprenticeship is based on the apprentice working at least 30 hours a week, including any off-the-job training they undertake.

If the apprentice works fewer than 30 hours a week you must extend the expected duration of the apprenticeship on the ILR (pro rata) to take account of this. This will also apply to any temporary period of part-time working. You must work with the employer to make sure that the apprenticeship agreement is also extended.
P39.2 Where a part-time working pattern is needed, you must jointly agree with the employer and the apprentice the extended apprenticeship duration.

P39.3 Where part-time working is agreed, you must:

P39.3.1 record the agreed average number of hours each week;

P39.3.2 evidence why this working pattern is in place; and

P39.3.3 extend the minimum duration using the following formula:

i. $12 \times 30 / \text{average weekly hours} = \text{new minimum duration in months}$; or

ii. $52 \times 30 / \text{average weekly hours} = \text{new minimum duration in weeks}$

P40 The apprentice must work enough hours each week so that they can undertake sufficient regular training and on-the-job activity. This is to ensure the apprentice is likely to successfully complete their apprenticeship. You must keep evidence of the agreed average weekly hours, including time spent on off-the-job training, in the evidence pack.

P41 The employer must allow the apprentice to complete the apprenticeship within their working hours. This includes English and maths training if required. They must provide you with evidence of this for you to keep in the evidence pack.

P42 Zero-hours contracts are acceptable only where they meet all of the other rules in this document.

P42.1 For an apprentice with a zero-hour contract you must ensure the employer extends the duration of the apprenticeship in proportion to the hours they work.

P42.2 An apprentice with a zero-hours contract must be allowed to complete their apprenticeship in their working hours, including the off-the-job training. Where this is not possible, you must record a break in learning in the apprenticeship.

P43 Working fewer than 30 hours a week or being on a zero-hours contract must not be a barrier to successfully completing an apprenticeship. We will monitor working hours data and patterns of behaviour to ensure that sufficient off-the-job activity is done to ensure successful completion of the apprenticeship, regardless of the number of hours worked. We reserve the right to take action where alternative working patterns are not managed appropriately leading to a reduction in the quality of the apprenticeship.

P44 The only exceptions to the minimum duration requirement are where an apprentice:

P44.1 Is made redundant with more than six, but less than 12 months remaining before their final day. In these cases they may seek a further apprenticeship agreement which takes their prior apprenticeship experience into account. This further agreement may provide for a duration of less than 12 months.
P44.2 Changes their framework pathway / standard option.

P44.3 Transfers between main providers, but remains on the same framework or standard.

P44.4 Returns to the same apprenticeship after a break in learning. (See paragraph P266)

P45 For the exceptions in paragraph P44 above you must have evidence that the total amount of time spent on their apprenticeship, which may include more than one episode of learning, meets the minimum duration requirement.

Off-the-job training

New for 1 August 2019:

- **Off-the-job training** – Clarification: The off-the-job training section has been updated, using the terminology found in legislation, to further aid understanding.
- **P52** – New Rule: For new starts from 1st August the number of planned off-the-job training hours, for the full apprenticeship, must be documented on the individualised learner record.

P46 Off-the-job training is a statutory requirement for an English apprenticeship. It is training which is received by the apprentice, during the apprentice’s normal working hours, for the purpose of achieving the knowledge, skills and behaviours of the approved apprenticeship referenced in the apprenticeship agreement. By normal working hours we mean paid hours excluding overtime.

P46.1 It is not on-the-job training which is training received by the apprentice for the sole purpose of enabling the apprentice to perform the work for which they have been employed. By this we mean training that does not specifically link to the knowledge, skills and behaviours set out in the apprenticeship.

P47 Off-the-job training must be directly relevant to the apprenticeship. It can include the following:

- **P47.1** the teaching of theory (for example, lectures, role playing, simulation exercises, online learning, and manufacturer training);
- **P47.2** practical training, shadowing, mentoring, industry visits, and participation in competitions; or
- **P47.3** learning support and time spent writing assessments/assignments.

P48 Off-the-job training does not include:

- **P48.1** training to acquire knowledge, skills and behaviours that are not required in the standard or framework;
- **P48.2** progress reviews or on-programme assessment required for an apprenticeship framework or standard; or
P48 It is up to you and the employer to decide how the off-the-job training is delivered. It can include training that is delivered at the apprentice’s normal place of work. It can also include regular day release, block release and special training days/workshops.

P49 To be eligible for government funding at least 20% of the apprentice’s normal working hours, over the planned duration of the training period within the apprenticeship (for standards this is called the practical period, which ends at the gateway for end-point assessment), must be spent on off-the-job training. Apprentices may need more than 20% off-the-job training.

P50 When calculating the required amount of off-the-job training, the apprentice’s statutory leave entitlement should be deducted. Employees who work a 5-day week receive at least 28 days paid annual holiday (this is the statutory leave entitlement referred to in this paragraph and is the equivalent of 5.6 weeks of holiday). You should pro-rata this for part time workers. It should be clear to all parties how you have worked out the amount of off-the-job training required to comply with paragraph P50 and you must record this in the evidence pack.

P51 The number of planned off-the-job training hours, for the full apprenticeship, must be documented on the apprenticeship agreement and the commitment statement. For starts on or after 1 August 2019 it must also be documented on the individualised learner record.

P52 Evidence must be available to support the delivery of the off-the-job training that is set out in the apprentice’s commitment statement (see paragraphs P63 to P65). It should be clear which elements of the commitment statement have been used towards the calculation of the 20% requirement and which have not (see paragraphs P47, P48 and P54).

P53 English and maths training, up to and including level 2, does not count towards the minimum 20% off-the-job training requirement; where required this must be delivered in addition to the minimum requirement.

P54 If planned off-the-job training is unable to take place as scheduled, you and the employer must ensure this is re-arranged so that the full complement of training set out in the commitment statement can still be delivered. All off-the-job training must take place during normal working hours. Apprentices may choose to spend additional time on training outside of these hours, but this must not be required to complete the apprenticeship and must not be included in the 20% calculation.

P55 When the apprentice takes a period of leave from their work, for reasons such as medical treatment, maternity or paternity leave, this will be a break in the training they are to receive (a break in learning). The apprentice and their employer should revise the date in the apprenticeship agreement on which the apprenticeship was expected to have been completed to account for the duration of the break. The duration of the apprenticeship and the amount of off-the-job training needed to meet the 20% requirement would therefore remain the same as though there had been no break in training (break in learning).

P56 Further information on off-the-job training can be found at this link.
Recognition of prior learning and experience

**New for 1 August 2019:**

- **Recognition of prior learning and experience** – This section has moved from the “paying for an apprenticeship” section to the “programme eligibility” section. The subtitle of the section has also been changed from “accounting for prior learning” to “recognition of prior learning and experience” to more accurately reflect the contents.

**P58** Funds must not be used to pay for training for skills, knowledge and behaviours already attained by the apprentice. We may take action to recover apprenticeship funding where this happens.

**P59** You must account for prior learning and experience when negotiating a price with the employer. You must reduce the content, duration and price, where the individual has prior learning necessary to achieve occupational competence.

**P60** Where you account for prior learning and experience and the reduction of content would mean the apprenticeship would take less than the minimum duration to complete (as set out in paragraphs P34 to P45), or fail to meet the requirement for the apprentice to spend 20% of their time in off-the-job training (as set out in paragraph P50), the apprenticeship is ineligible for funding.

**P61** You must assess the individual’s prior learning and experience before starting the apprenticeship. You must quantify and evidence the proportion of prior learning already attained, quantify the proportion of off-the-job training content that will not be covered, and quantify the amount that the funding will be reduced by.

**P62** You must include a thorough appraisal of the apprentice’s existing knowledge, skills and behaviours against those required to achieve occupational competence. Where applicable, you must include in your appraisal any knowledge, skills and behaviours gained from the following:

- **P62.1** work experience, particularly where the apprentice is an existing employee;

- **P62.2** prior education or training and associated qualifications in a related sector subject area; and

- **P62.3** any previous apprenticeship undertaken.

The initial assessment must be documented in the evidence pack and must demonstrate how prior learning has been taken into account to adjust the training content, duration and cost.
The commitment statement between the employer, apprentice and main provider

New for 1 August 2019:

- **The commitment statement** - Clarification: The commitment statement section has been updated to further aid understanding. This includes the use of the term normal working hours (P65.1) and practical period of training (P65.3). It is no longer required to include confirmation of funding sources.
- **P66** – New Rule: A link to the commitment statement template has been added.

P63 Before the apprenticeship starts and before the apprenticeship agreement is signed, you must ensure that the apprentice and their employer have contributed to and signed a copy of the commitment statement (often known as the individual learning plan). This should set out how all three parties (apprentice, employer, and main provider) will support the achievement of the apprenticeship.

P64 All three parties must keep a current signed and dated version. You must keep your version (and previous versions) in the evidence pack with the apprenticeship agreement.

P65 The commitment statement must set out:

- **P65.1** The name of the apprentice, their job role and their normal working hours. By normal working hours we mean their paid hours excluding overtime.

- **P65.2** Details of the employer and main provider (and any subcontractors involved in the delivery of off-the-job training).

- **P65.3** Details of the apprenticeship, including the name of the apprenticeship framework or standard, the level, the start and end dates for the apprenticeship and (for standards) the dates relating to the practical period of training. The start date set out in the commitment statement must align with the start date in the apprenticeship agreement and the ILR.

- **P65.4** The amount of off-the-job training that will be delivered to meet the minimum 20% requirement (see paragraphs P47, P48 and P54 for what can and cannot be included in this calculation). The individual’s prior learning must be taken into account before calculating the off-the-job requirement and designing the programme.

- **P65.5** The planned content/components and schedule of eligible training (and for standards the end-point assessment). This should include key milestones for mandatory or other qualification achievements. It should also be clear if the component has been used towards the calculation of the minimum 20% off-the-job training requirement.

- **P65.6** A list of all organisations delivering the training content/components, including English and maths, and the end-point assessment organisation.
(for standards). We recognise that while new standards continue to be developed, not all end-point assessment organisations will be known at the start of the apprenticeship. The commitment statement must be updated to include these details as soon as they have been confirmed.

P65.7 An agreement of what is expected from, and offered by, the apprentice, employer, main provider (and any delivery subcontractors) to achieve the apprenticeship and details of how all parties will work together. This must include contact details and the expected commitment from each party, for example:

P65.7.1 the apprentice: attendance and commitment to their off-the-job training;

P65.7.2 the employer: commitment to wages and time off to train during working hours; and

P65.7.3 the main provider (and any delivery subcontractors): delivery of training, support and guidance.

P65.8 Details of tripartite progress reviews (main provider, employer, apprentice), including the frequency and format, to discuss progress to date against the commitment statement and the immediate next steps required.

P65.9 The process for resolving any queries or complaints regarding the apprenticeship, including quality. This must include details of the escalation route within the main provider’s own organisation and the escalation process to the ESFA through the apprenticeship helpdesk (on 08000 150400 or email nationalhelpdesk@apprenticeships.gov.uk).

P66 A template commitment statement is available on GOV.UK. It is not mandatory to use this template.

Who can be funded?

New for 1 August 2019:

- P79 – New Rule: The rule on funding for concurrent programmes has been expanded and moved into “individuals who are not eligible for funding”.

P67 You are responsible for checking the eligibility of the individual at the start of their apprenticeship programme. You can only use funds in the employer’s apprenticeship service account, or government-employer co-investment, for those who are eligible. You must retain evidence of the individual’s eligibility.

P68 To use funds in the employer’s apprenticeship service account or government-employer co-investment, the individual must:

P68.1 Start their apprenticeship after the last Friday in June of the academic year in which they have their 16th birthday.
P68.2 Be able to complete the apprenticeship within the time they have available. If you know an individual is unable to complete the apprenticeship in the time they have available, they must not be funded.

P68.3 Not be asked to contribute financially to the cost of training, on-programme or end-point assessment. This includes both where the individual has completed the programme successfully and has left the programme early. Costs include any co-investment or additional training and assessment costs, above the funding band, that the employer has paid directly to the main provider where this is part of the agreed apprenticeship.

P68.4 Not use a student loan to pay for their apprenticeship. Where an individual transfers to an apprenticeship from a full-time further education or higher education course, and that course has been funded by a student loan, the loan must be terminated by the individual and you must be satisfied that this has occurred.

P68.5 Not benefit from funding from an employer’s apprenticeship service account or government-employer co-investment for any part of their programme where either you or another party claim funding from another government department or agency for the same purpose. This includes any funding for that individual from the European Social Fund, the Education and Skills Funding Agency or Jobcentre Plus.

P68.6 Not benefit from funding for any part of their programme that duplicates training or assessment they have received from any other source.

P68.7 Spend at least 50% of their working hours in England over the duration of the apprenticeship. You must make separate arrangements with the relevant devolved administration if you are planning to deliver apprenticeships to individuals who spend more than 50% of their working hours in a devolved administration over the duration of their apprenticeship, including time spent on off-the-job training. Refer to Annex A (paragraph P328) for exceptions to this rule.

P68.8 Have the right to work in England.

P68.9 Have an eligible residency status (information can be found in the residency eligibility section in Annex A).

P69 Where you are using funds from an employer’s apprenticeship service account you must have confirmation from the employer that the apprentice is employed by that employer or a connected company or charity as defined by HMRC. This also applies where the apprentice is funded by a transfer of funds from another employer.

P70 You must give accurate unique learner number (ULN) information to the apprenticeship service, awarding organisations and (for standards) end-point assessment organisations and ensure all information used to register apprentices is correct.

P71 We will fund an apprentice to undertake an apprenticeship at a higher level than a qualification they already hold, including a previous apprenticeship.
We will fund an apprentice to undertake an apprenticeship at the same or lower level than a qualification they already hold, if the apprenticeship will allow the individual to acquire substantive new skills and you can show that the content of the training is materially different from any prior qualification or a previous apprenticeship. More information is detailed in paragraph P290.3

The age of the apprentice on the day they start their apprenticeship will be used for all age-based eligibility criteria for that apprenticeship.

An apprentice's eligibility for funding will not change during the apprenticeship, unless their employment status also changes.

You must reassess an individual for any new apprenticeship.

If an apprentice becomes unemployed or self-employed they will at that point no longer be eligible for funding and you must report them as having withdrawn from the apprenticeship on the ILR. If the apprentice has been made redundant, see paragraphs P256 to P258.

If an apprentice is made redundant, we will continue to fund their training even if they cannot find another employer.

Apprentices who are made redundant within six months of their final day will be funded to completion.

We will also fund apprentices' training for 12 weeks where they are made redundant more than six months, but less than 12 months, from their final day, while they seek a further apprenticeship agreement.

Individuals who are not eligible for funding

You must not claim funding for individuals who do not meet the eligibility criteria set out in this document unless they are eligible under the Education (Fees and Awards) (England) Regulations 2007 (as amended). You must not claim for individuals who:

are here illegally;

are resident in the United Kingdom on a tier 4 (general) student visa unless they are eligible through meeting any other of the categories described in Annex A;

are non-EEA citizens in the United Kingdom on holiday, with or without a visa;

have overstayed their immigration or visitor visa;

are non-EEA citizens and are a family member of a person granted a tier 4 visa, have been given immigration permission to stay in the UK and have not been ordinarily resident in the UK for the previous three years on the first day of learning;
P78.6 are ordinarily resident in the Channel Islands or Isle of Man, unless they are also ordinarily resident within England; or

P78.7 have a biometric residence permit or residence permit imposing a study prohibition or restriction on the individual.

P79 To use funds in the employer’s apprenticeship service account or government-employer co-investment, the individual must not:

P79.1 be undertaking another apprenticeship;

P79.2 be undertaking training funded through AEB, where that training will:

P79.2.1 replicate vocational and other learning aims covered by the apprenticeship standard or framework, including English and maths;

P79.2.2 offer career related training that conflicts with the apprenticeship aims; or

P79.2.3 be taking place during working hours. Where an apprentice has more than one job, working hours refers to the hours of the job the apprenticeship is linked to.

P79.3 be in receipt of any other direct DfE funding during their apprenticeship programme; this includes any other DfE funded FE/HE programme including programmes funded by a student loan, but excludes funding outlined in P79.2; or

P79.4 undertake any part of an apprenticeship whilst on a sandwich placement as part of a degree programme.

P80 As an exception to P79, an individual may commence an apprenticeship, and attract funding, where they have less than four weeks to completion of an existing Government/DfE/DWP funded course.

Apprentices who need access to learning support

New for 1 August 2019:

- P81– Clarification: Learning support can be used to support identified learning needs directly associated with an apprenticeship, including costs associated with meeting those identified needs in end point assessment.

P81 Learning support is available to meet the costs of putting in place a reasonable adjustment, as set out in section 20 of the Equality Act 2010, for apprentices with a learning difficulty or disability where this affects their ability to continue and complete their apprenticeship, including costs associated with meeting identified needs in end point assessment (where applicable). Learning support can only be claimed if it is required for this period.
We will provide learning support for apprentices with learning difficulties or disabilities as defined in Section 15ZA(6) of the Education Act 1996 (as amended by section 41 of the Apprenticeships, Skills, Children and Learning Act 2009). This includes individuals who self-declare a learning difficulty or disability, and those who do not have a diagnosis of a learning difficulty or disability but in relation to whom the main provider has identified to us a learning need.

Learning support must not be used to deal with everyday difficulties that are not directly associated with an apprenticeship. If an apprentice needs help at work they may be able to get help from Access to Work.

For those that require learning support you must:

1. Carry out an assessment to identify the support the apprentice needs;
2. Deliver support to meet the apprentice’s identified needs, and review progress and continuing needs, as appropriate;
3. Record and gather appropriate evidence to show that the actions in paragraphs P84.1 and P84.2 have been completed and outcomes are recorded; and
4. Report in the ILR that an apprentice has a learning support need and what that support need is.

Learning support will be fixed at a monthly rate of £150 when it has been reported in the ILR for the months in which there is an identified learning need. If your costs exceed £150 per month, but less than £19,000 per annum, you can claim via the earnings adjustment statement (EAS). You must use the EAS if your costs are not covered by the monthly rate and you must keep evidence of these costs. You can find further information on the EAS on GOV.UK.

You must promptly claim for learning support through the ILR and the EAS. We will not pay you for claims from a previous funding year if you do not claim on time.

Apprentices who need access to exceptional learning support (ELS)

Apprentices who need significant levels of support to start or continue learning can get access to exceptional learning support if their support costs more than £19,000 in a funding year.

You must submit ELS claims to us at the beginning of the apprentice’s programme, or when you identify the apprentice requires support costing more than £19,000 in the funding year, by completing and sending the ELS claim form so we can authorise your request. You can access the exceptional learning support cost form on GOV.UK.

Apprenticeship training agency (ATA)

An ATA is an organisation whose main business is employing apprentices who are made available to employers.
An ATA must be set up as a distinct legal entity so that apprentices can have contracts of service with the ATA.

You must report in the ILR that the apprentice is employed by an ATA.

An ATA must follow our ATA framework.

Apprenticeship positions offered by an ATA must comply with the apprenticeship requirements set out in paragraphs P19 to P24. If the job is with a third party, the cost of wages may be met by that third party, but the wages must be paid by the ATA.

Where the apprentice is employed by a levy-paying ATA they must follow the rules set out in Apprenticeship Funding: Rules and Guidance for Employers.

Where an apprentice is employed by a non-levy-paying ATA, the ATA will be able to access support for training and assessment through government-employer co-investment.

Group training associations that offer an ATA service to employers must follow ATA-specific rules.

What can be funded?

Eligible costs

New for 1 August 2019:

- Eligible costs - Clarification: The eligible costs section has been updated to further aid understanding.
- P98 – New Rule: From 1st October 2019, new standards must have an EPAO in principle in place before public funding can be accessed for new apprentices

Apprentices can only be enrolled against an apprenticeship standard once it is identified as ‘approved for delivery’ on the Institute for Apprenticeships and Technical Education website. You must make sure that the apprenticeship is eligible to access public funds in the employer’s apprenticeship service account or government-employer co-investment before the individual starts. The hub contains details of all eligible apprenticeships.

From 1st October 2019, new standards must have an EPAO in principle in place before public funding can be accessed for new apprentices. You must make sure that the apprenticeship is eligible before the individual starts by checking whether the standard has an EPAO in principle in place. It will be clear from ESFA and Institute systems to which standards this applies.

Funds from an employer’s apprenticeship service account, government-employer co-investment or the additional uplift paid for 16 to 18 year olds on frameworks must only be used for eligible costs directly related to the individual apprenticeship. These funds must only be used to pay for training and assessment, including end-point
assessment, to complete an apprenticeship that is eligible for funding up to the limit of the funding band.

P100 For organisations that have been accepted onto the Register of End-Point Assessment Organisations eligible costs for end-point assessment (that can be included in field “TNP2” on the ILR) are set out in the Conditions of Acceptance document.

P101 For main providers eligible costs for the delivery of training and on-programme assessment (that can be included in field “TNP1” on the ILR) are limited to the following:

P101.1 Off-the-job training through a main provider or supporting provider, or evidenced costs for employer-provider delivery. This could include:

P101.1.1 Some or all of the training aspects of a licence to practise or non-mandatory qualification. In both cases there must be a clear overlap between this training and the knowledge, skills and behaviours needed for the apprenticeship.

P101.1.2 Self-directed distance learning (where it forms only part of the learning experience), interactive online learning (virtual classrooms) or blended learning relating to the off-the-job training element of an apprenticeship (see paragraph P105.6).

P101.1.3 Time spent by employees/managers supporting or mentoring apprentices. By this we mean the delivery of knowledge, skills and behaviours directly linked to the apprenticeship.

P101.2 Registration, examination and certification costs associated with mandatory qualifications excluding any licence to practise (see paragraph P105.8).

P101.3 Regular planned on-programme assessments (tripartite progress reviews involving the main provider, employer and apprentice) to discuss progress to date against the commitment statement and the immediate next steps required.

P101.4 Materials (non-capital items) used in the delivery of the apprenticeship. By materials (non-capital items) we mean the equipment or supplies necessary to enable a particular learning activity to happen. These items would not normally have a lifespan beyond the individual apprenticeship being funded.

P101.5 Any administration directly linked to training and assessment, including end-point assessment. This includes costs relating to the ongoing development of existing teaching materials, lesson planning, the management of subcontractors, the processing of the ILR and quality assurance.
P101.6 Additional learning and/or the cost to resit an exam linked to a mandatory qualification.

P101.7 Additional learning required to retake an end-point assessment.

P101.8 Accommodation costs for training delivered through residential modules where the residential training is a mandatory requirement for all apprentices. By mandatory we mean that there is a specific requirement in the apprenticeship which would apply equally to any apprentice, regardless of their location, employer or main provider (including subcontractors).

P101.9 Costs of an apprentice taking part in a skills competition if the employer and main provider have agreed that participation in the competition directly contributes to helping that individual achieve the apprenticeship.

P102 The costs of taking part in any of the above activities may be included in the total negotiated price of training and end-point assessment. The employer and the main provider agree the price of the training and on programme assessment (field TNP1 on the ILR). For standards, the employer and the end-point assessment organisation agree the price of the end-point assessment (field TNP2 on the ILR).

P103 If the total negotiated price (TNP1 and TNP2) exceeds the maximum of the funding band, then the agreed total must be recorded on the ILR. The employer must pay in full the difference between the band maximum and the total negotiated price.

P104 Any of the eligible costs outlined in paragraph P101 can be bought in from a third party, including the apprentice’s employer, and we will fund them.

P104.1 Where the third party is the apprentice’s employer then only actual costs will be funded and these must be recorded.

P104.2 Where you buy in the delivery of apprenticeship training and/or on-programme assessment from a third party this is subcontracting and you must follow the subcontracting rules in paragraphs P165 to P201.

P104.3 Funds from an employer’s apprenticeship service account or government co-investment must not be used to fund other services from a third party.

Ineligible costs

P105 For main providers and the delivery of training and on-programme assessment, ineligible costs include the following:

P105.1 Enrolment, main provider (or subcontractor) induction, initial assessment, initial diagnostic testing, or similar activity.

P105.2 Travel costs for apprentices under any circumstances.

P105.3 Apprentice wages.

P105.4 Personal protective clothing and safety equipment required by the apprentice to carry out their day-to-day work.
Development of original teaching materials related to the delivery of a new apprenticeship offer.

Off-the-job training delivered only by self-directed distance learning.

Any training, optional modules, educational trips or trips to professional events in excess of those required to achieve the apprenticeship. This includes training solely and specifically required for a licence to practise.

Any fees to third parties associated with a licence to practise. This includes registration, examination and certification costs. This applies even where a licence to practise is specified in the apprenticeship standard and assessment plan.

Any fees to awarding bodies for non-mandatory qualifications (qualifications that are not specifically listed in the standard). This includes registration, examination and certification costs.

Student membership fees that are required by professional bodies, even where linked to mandatory qualifications.

End-point assessment costs incurred by the main provider. These should be included in the price negotiated between the employer and the end-point assessment organisation.

English and maths up to level 2 (this is funded separately).

Repeating the same regulated qualification where the apprentice has previously achieved it, unless it is a requirement of the apprenticeship or for any GCSE where the apprentice has not achieved grade C, or 4, or higher.

Accommodation costs where the apprentice is resident away from their home base, because of the requirements of their day-to-day work or because this is convenient for the employer or main provider (or subcontractor). Residential costs associated with non-mandatory learning, including qualifications and outward bound activities, are also excluded.

Capital purchases including lease agreements. Capital purchases are long-term assets that would have a lifespan beyond the apprenticeship being funded, such as land, buildings, machinery and ICT equipment (e.g. tablets and similar electronic devices).

Maintenance of capital purchases. This includes vehicle parts and labour, insurance and MOT.

Time spent by employees/managers supporting or mentoring apprentices, where this is not delivering training required as part of the apprenticeship (e.g. generic line management responsibilities)

Specific services not related to the delivery and administration of the apprenticeship. This includes the recruitment and continuing professional development of staff involved in apprenticeships, company inductions,
managing agents, brokerage services (to an employer or main provider) and the costs of memberships or other costs paid to employers, or their representatives, associated with procurement registers or opportunities to secure business.

P106 You must not pay inducements or any other payment not authorised by us to an employer, another training provider or to an end-point assessment organisation in relation to any part of the apprenticeship programme.

Additional payments

New for 1 August 2019:

- P109 – Clarification: The definition of a child in care has been updated to confirm that a child must have been in the care of a UK local authority.

P107 You and the employer will receive a payment towards the additional cost associated with training if, at the start of the apprenticeship, the apprentice is:

P107.1 aged between 16 and 18 years old (or 15 years of age if the apprentice’s 16th birthday is between the last Friday of June and 31 August); or

P107.2 aged between 19 and 24 years old and has either an Education, Health and Care (EHC) plan provided by their local authority or has been in the care of their local authority as defined in paragraph P109.

P108 The apprentice will be eligible for a payment if they have been in the care of the local authority as defined in paragraph P109. See paragraphs P118 to P125 for more information on the care leaver’s bursary.

P109 A child in care is defined as:

P109.1 an eligible child - a young person who is 16 or 17 and who has been looked after by a UK local authority/health and social care trust for at least a period of 13 weeks since the age of 14, and who is still looked after;

P109.2 a relevant child - a young person who is 16 or 17 who has left care within the UK after their 16th birthday and before leaving care was an eligible child; or

P109.3 a former relevant child - a young person who is aged between 18 and 21 (up to their 25th birthday if they are in education or training) who, before turning 18, was either an eligible or a relevant child.

P110 Before you claim and are paid any additional payments, you must have evidence that you are eligible for them in respect of each apprentice. You must check this and either their employer or the apprentice must provide you with evidence to keep in the evidence pack. You must then report the appropriate code in the ILR.

P111 Where these payments are for apprentices aged between 19 and 24 years old at the start of their apprenticeship (see paragraph P107.2), you must include consent
from the apprentice to inform their employer that they have an EHC plan or that they have been in the care of their local authority and either:

P111.1 a signed email or letter from a local authority appointed Personal Advisor to confirm they are a care leaver; or

P111.2 evidence of an EHC plan.

P112 Where a 19 to 24 year old apprentice does not want to inform their employer that they were previously in care then you must report the appropriate code in the ILR. This will generate the funding for you but not the employer. You must not apply the co-investment waiver (see paragraph P126). This means that you should not record the code for the waiver in the ILR.

P113 These payments will be paid as follows:

P113.1 90 days after the apprentice starts, 50% will be paid if the apprentice is still undertaking their apprenticeship; and

P113.2 365 days after the apprentice starts, the remaining 50% will be paid if the apprentice is still undertaking their apprenticeship.

P114 Where the apprentice agrees to inform their employer that they were previously in care, you will also receive the additional payments due to the employer. You must pass these on in full to the employer within 30 working days of receiving this funding from us. Where an apprentice is employed by an ATA, any applicable additional payments must be paid to the ATA.

P115 For frameworks, you will also receive an additional payment of 20% of the funding band maximum if the apprentice is aged between 16 and 18 or is an eligible 19 to 24 year old. This must only be used to fund the eligible costs described in paragraph P101. The Apprenticeship Technical Funding Guide gives more information on how uplifts are paid. Employers do not have to contribute to this additional funding.

P116 You will also receive a payment if, at the start of the apprenticeship, the apprentice is undertaking an apprenticeship framework and is recorded on the ILR as having a postcode prior to enrolment, listed within the 27% most deprived areas of the country according to the index of multiple deprivation (IMD) 2015. This additional disadvantage uplift is supplementary to the negotiated price and therefore not impacted by the eligible and ineligible costs listed in paragraphs P101 to P106. The disadvantage uplift should be used on costs to support the apprentice’s training, for example on travel costs or personal support.

P117 We will monitor take-up of additional payments to identify any potential fraud or gaming.

Care leavers bursary

P118 Apprentices are eligible to receive a £1,000 bursary payment if they have been in the care of a UK local authority as defined in paragraph P109.
P119 You must have evidence that the apprentice is eligible for this payment before you claim or are funded for any associated additional payments for you or the employer. This must be a signed email or letter from a local authority appointed personal advisor confirming that the apprentice is a care leaver.

P120 You must tell the apprentice that they are eligible for the bursary as a care leaver and give them the opportunity to declare that they would like to access the funding. This signed declaration (see paragraph P293 for more information) must allow the apprentice to confirm that they:

P120.1 Understand that they are eligible for and would like to receive a bursary as a care leaver.

P120.2 Understand that if they have been found to have accepted the payment incorrectly or if they are ineligible then the government will require it to be repaid.

P120.3 Have not been paid a care leavers bursary before. This only includes the care leavers bursary paid by the ESFA; other local incentives do not apply.

P121 This is a one-off payment. An eligible apprentice must only receive this payment once. Therefore an individual must not receive this funding again if they progress or start another apprenticeship. It is your responsibility to ensure that the apprentice has not received this payment previously before you pass it on. We will also monitor this to ensure that the apprentice receives this payment only once and may reclaim duplicate payments.

P122 You must include signed consent from the apprentice to inform their employer that they have been in the care of their local authority and tell the apprentice that their declaration will be used to generate additional payments to both the main provider and their employer to support their transition into work.

P123 Where a 19 to 24 year old apprentice does not want to inform their employer that they were previously in care, then you must report the appropriate code in the ILR. This will generate the funding for you and the apprentice but not the employer. Where this is the case you must not apply the co-investment waiver (see paragraph P126). This means that you should not record the code for the waiver in the ILR.

P124 The bursary payment, due to the apprentice, will be generated 60 days after they start. You must pass this on in full to the apprentice within 30 days of receiving this funding from the ESFA.

P125 Once paid, you must evidence that the apprentice has received the bursary payment. This must be a signed confirmation from the apprentice and not a receipt of transaction.

Extra support for small employers

P126 The government will fund all of the apprenticeship training costs, up to the maximum value of the funding band for the apprenticeship, for employers employing fewer than 50 people if, on the first day of their apprenticeship, the apprentice is:
P126.1 Aged between 16 and 18 years old (or 15 years old if the apprentice’s 16th birthday is between the last Friday of June and 31 August); or

P126.2 Aged between 19 and 24 years old and has either:

P126.2.1 an EHC plan provided by their local authority; or

P126.2.2 or has been in the care of their local authority as defined in paragraph P109.

P127 You must not request any employer contribution (see paragraphs P219 to P224) to the cost of an apprenticeship up to the maximum value of the funding band if an employer employing fewer than 50 people recruits an eligible apprentice.

P128 Before any apprenticeship starts, you must have evidence that the apprentice and employer are eligible for the waiving of the employer contribution. The employer must provide evidence that they employed an average of 49 or fewer employees in the 365 days before the apprentice was recruited (using the calculation set out in paragraph P129) and you must keep this in the evidence pack.

P129 We define the number of employees as the number of people with a contract of service. This must be calculated using the average number of employees with a contract of service in the 365 days before the apprentice is recruited. If the average number of employees is 49 and the recruitment of an apprentice takes this number to 50, the employer will still be eligible to receive this extra support. However, if the average number of employees is 50 and the recruitment of apprentices takes this number to 51, the employer will not be eligible to receive this extra support.

P130 If the price negotiated by you and the employer is above the maximum value of the funding band for the apprenticeship, the employer must pay in full the difference between the band maximum and the negotiated agreed price. This cannot be funded from an employer’s apprenticeship service account.
Flow chart: find out if an apprentice needs to do functional skills English and maths

New for 1 August 2019:

- **Support for English and maths training** – New content: A flowchart has been created and added into the funding rules. This flowchart supports the English and maths rules and should be used alongside them.

![Flowchart](image-url)
Support for English and maths training

P131 English and maths are essential to supporting longer-term career prospects. This is why all apprentices must be supported to gain these essential skills and secure recognised qualifications.

Achievement levels
P132 As part of our ambition for a world-class technical education system and in line with recommendations from independent experts, progression towards and attainment of, approved level 2 English and maths qualifications is an important part of the apprenticeship programme. For those undertaking a level 3 or higher apprenticeship, it is a requirement that they hold or achieve an approved level 2 in both subjects before they can successfully complete the apprenticeship.

P133 For apprentices undertaking a level 2 apprenticeship:

P133.1 We want as many apprentices as possible to achieve level 2 English and maths. We require all apprentices to achieve level 1 (where they haven’t already) and work towards this standard and to take the assessments for the achievement of approved level 2 qualifications in these subjects.

P133.2 For individuals with special educational needs, learning difficulties or disabilities, who struggle to achieve the regular English and/or maths minimum requirement due to the nature of their difficulty or disability, we will accept achievement of entry level 3 functional skills in English and/or maths (see paragraphs P145 to P151); and

P133.3 You should make every effort to enable apprentices with special educational needs, learning difficulties or disabilities to achieve the minimum English and maths requirements of the specific apprenticeship (as set out in paragraphs P132 to P144). This includes appropriate use of access arrangements, reasonable adjustments and other approved qualifications that are in the 2019 to 2020 list of qualifications in the English and maths legal entitlement offer.

What we will fund
P134 We will fund an apprentice to achieve up to an approved level 2 qualification in English and maths where they do not already hold a suitable equivalent qualification. Acceptable equivalents are set out in a published list on GOV.UK called ‘Acceptable current and prior equivalent qualifications for English and maths minimum requirements in apprenticeship standards at level 2 and above’.

P135 The ESFA will pay you for this at the single rate set by us for each eligible qualification undertaken. It will not be deducted from the employer’s apprenticeship service account or require employer co-investment.

P136 You can claim funding for apprentices who have not previously attained a GCSE grade A* to C (or 9 to 4) in English or maths (or both) on the day they start the following qualifications:

P136.1 GCSE English language or maths (or both); or

P136.2 Functional skills English or maths at level 2 (or both).
For level 2 apprenticeships, where a level 2 qualification in English or maths is not required for the apprenticeship and the apprentice does not already hold the acceptable qualifications for their framework or standard, then main providers should adopt the following approach and can claim funding for an apprentice in the following scenarios:

P137.1 Where the apprentice holds neither level 1 nor level 2 approved qualifications and is judged by the main provider to be working below level 1 standard in English/maths:

Apprentices must study towards and achieve English and maths qualifications of at least level 1 (functional skills level 1 or GCSE grade E or 2), and start, study towards and take the assessments for level 2 qualifications in these subjects. The apprentice is not required to achieve level 2 qualifications in order to successfully complete their apprenticeship. These requirements must be fulfilled before the apprentice takes the end-point assessment or achieves an apprenticeship framework.

Main providers must also ensure that any level 1 training and assessments are taken at an early enough stage in the apprenticeship to allow sufficient time for an apprentice to study towards and take the assessments for the level 2 qualification, after a level 1 has been achieved. Where the apprentice does not achieve the level 2, main providers can claim only for the training given.

P137.2 Where the apprentice does not already hold approved level 1 qualifications, but is judged by the main provider to be working at level 1 standard in English/maths:

Apprentices must start, continue to study and take the assessment for level 2 English and maths (functional skills level 2 or GCSE). If they do not achieve a level 2, you must then ensure they take the assessment for level 1 English and/or maths – this is because they must secure the level 1 qualification in order to complete their apprenticeship.

You must ensure that any level 2 training and assessments are taken at an early enough stage in the apprenticeship to allow time for the apprentice to take the level 1 assessment if they first do not achieve the level 2. In this scenario we will not fund costs for level 1 training and assessment. These requirements must be fulfilled before the apprentice takes the end-point assessment or achieves an apprenticeship framework.

P137.3 Where the apprentice already holds approved level 1 qualifications:

Apprentices must start, continue to study and take the assessments for a level 2 English and/or maths (functional skills level 2 or GCSE). This requirement must be fulfilled before the apprentice takes the end-point assessment or achieves an apprenticeship framework.

We will fund functional skills English and/or maths at level 1 or below where you (or a subcontractor) has conducted an initial assessment that shows the apprentice needs to study at a lower level before being able to achieve their level 2. The
apprentice must be judged to be below level 1 to be funded for a level 1 qualification.

P139 In exceptional circumstances, we will fund:

P139.1 re-takes of English and/or maths qualifications where apprentices receive further teaching to achieve the required English and/or maths functional skills qualification; and

P139.2 other approved qualifications (including components, where applicable) where an apprentice will need significant, additional numeracy and literacy support that is not met through immediate entry onto a GCSE or functional skills course.

P140 If the apprentice is made redundant, they are allowed to continue with their English and/or maths up to and including level 2. You can continue to claim funds at the published apprenticeship English and maths rates.

P141 You must not claim funding from the adult education budget for English or maths undertaken by an apprentice.

P142 Any English and/or maths requirements for the achievement of an apprenticeship standard or framework not set out above must be funded from an employer’s apprenticeship service account or through government-employer co-investment.

P143 You must provide verifiable evidence of the apprentice’s achievement in English and/or maths. For apprenticeship standards, providers must do this as soon as possible, and before the gateway to end-point assessment. Guidance for obtaining acceptable evidence is provided in the evidence pack.

Judgement of an apprentice’s current level
P144 If an apprentice does not have acceptable evidence of previous attainment of English and/or maths you should carry out a judgement of their current level. You must use current assessment tools based on the national literacy and numeracy standards and core curriculum to do this.

Exceptions to the regular English and maths minimum requirements, for people with special educational needs, learning difficulties or disabilities
P145 Individuals should be considered on a case-by-case basis and should satisfy all of the following conditions:

P145.1 You and the employer expect the apprentice to achieve all other aspects of the apprenticeship requirements, become occupationally competent and achieve entry level 3 functional skills in the adjusted subject(s) before the end of their apprenticeship.

P145.2 The apprentice has either an existing or previously issued education, health and care (EHC) plan, a statement of special educational need (SEN) or a learning difficulty assessment (LDA).

P145.3 You hold or have conducted an evidenced judgement demonstrating that even with support, reasonable adjustments and stepping stone qualifications, the apprentice will not be able to achieve English and/or maths to the minimum level within the timeframe projected for them to
complete all the occupational elements. This would apply to both frameworks and standards.

P146 Depending on the apprentice’s individual circumstances and outcome of your judgement, this exception may apply to either English and maths (or both). If the exception applies to only one subject, the regular requirements for the non-adjusted subject will apply.

P147 Although the apprentice will be exempt from the regular English and/or maths minimum requirements, main providers must plan and evidence how the apprentice will access further literacy and numeracy development, including level 1 and level 2 courses, as part of their overall training provision, if appropriate.

P148 The judgement must be formal and structured and conducted by an appropriate professional associated with the main provider (or subcontractor), such as the head of SEN or student support. It must be conducted within eight weeks of an apprentice beginning their apprenticeship and must include:

P148.1 judgement of the apprentice’s current English and maths ability;

P148.2 information on how the learning difficulty or disability affects the apprentice’s English and maths abilities and a clear indication of whether one or both English and maths are affected;

P148.3 judgement of the apprentice’s ability to meet the regular English and maths requirements even with appropriate support in place;

P148.4 creation of a recommended learning plan to enable the apprentice to achieve entry-level 3 functional skills in the adjusted subject(s) and, where appropriate, to continue to build on their literacy and numeracy skills by accessing further courses; and

P148.5 copies of an education, health and care (EHC) plan, a statement of special educational need (SEN) or a learning difficulty assessment (LDA).

P149 You must retain all elements of the judgement in the evidence pack.

P150 If the apprentice disagrees with the judgement outcome, you must provide a facility for the apprentice to request a second opinion. You must ensure that a second SEN professional independently reviews the outcome. You may determine the format of the review process.

P151 Where the apprentice needs to change to entry level 3 for English and/or maths due to their disability or learning difficulty, the main provider should record this in the ILR as a change in the usual way.

End-point assessments (Apprenticeship standards only)

New for 1 August 2019:

- **End-point assessments** - Clarification: The end-point assessments section has been updated to further aid understanding.
End-point assessment is a holistic and independent assessment of the knowledge, skills and behaviours, which have been learnt throughout an apprenticeship standard. The requirements for end-point assessment are set out in the assessment plan for each specific standard. Frameworks have different assessment arrangements and do not require end-point assessment.

Apprentices will not be able to achieve an apprenticeship standard without satisfying all the requirements of its assessment plan, including the end-point assessment.

An apprentice can only take the end-point assessment once they have:

- **P154.1** met the minimum duration of the apprenticeship (see paragraph P37). You must ensure that the entire duration of the apprenticeship standard for both training and end-point assessment is a minimum of 372 days to be eligible for funding;

- **P154.2** satisfied the gateway requirements set out in its assessment plan (including any specific duration criteria); and

- **P154.3** their employer (in consultation with the main provider) is content they have attained sufficient knowledge, skills and behaviours to successfully complete the apprenticeship. In the case of an apprentice made redundant within 6 months of the final day of the practical period specified in the apprenticeship agreement, the main provider can act as a proxy employer for the purposes of providing any required employer competency statement. This does not mean you need to record yourself as the employer in the ILR. (See paragraphs P156 and P256 to P257)

The employer in consultation with the main provider must ensure that the apprentice is prepared and understands the end-point assessment process. Engaging the end-point assessment organisation can be at any time, but to ensure timely delivery of the end-point assessment no less than 3 months' notice that the apprentice will be ready for the end-point assessment should be given. As part of this process all information required for the end-point assessment should be ready to present to the end-point-assessment-organisation for the gateway.

The apprentice must be employed until the end-point assessment is completed. The only exception is where the apprentice has been made redundant and we are funding the apprenticeship to completion (see paragraphs P256 to P257). Consideration should be given to the potential time needed for any re-sit and/or re-training prior to re-taking the end-point assessment so the apprentice remains employed during this time.

At least 3 months before the apprentice reaches the gateway the employer must have:

- **P157.1** selected an organisation from the Register of End-Point Assessment Organisations (RoEPAO) to deliver the end-point assessment;

- **P157.2** negotiated a price with the end-point assessment organisation. Only those organisations listed on the RoEPAO will be eligible to be funded.

You are required to complete the ILR field for the assessment price and end point assessment organisation identifier as soon as the price and end point assessment
organisation is agreed with the employer. These fields should not be completed prior to this.

P159 Although you will be involved in arrangements for end-point assessment, the assessment itself must be independent (subject to paragraph P160 below). Some assessment plans give the employer and the training provider specific roles but, with the exception of integrated standards, training providers who have delivered the training cannot make an end-point assessment judgement for that same group of apprentices.

P160 The end-point assessment organisation for an integrated degree standard may also be the training provider, although to remain independent the assessment must be conducted by someone who has not been involved in the delivery of the apprenticeship.

P161 It is the responsibility of the employer to select the end-point assessment organisation and negotiate the price within the funding band for assessment. You must contract with the end-point assessment organisation that has been selected by the employer and lead the relationship with them including where you subcontract the delivery of apprenticeship training. This allows you, on behalf of the employer, to make payment to them for conducting the end-point assessment. The written agreement must set out the arrangements for sharing relevant information about the apprentice so end-point assessment and certification can take place, including arrangements for any re-takes and payments. This should also include arrangements for a change of circumstances, which may delay, or lead to the cancellation of, the end-point assessment.

P162 You must ensure that the price you agree with the employer for the apprenticeship includes the amount the employer has negotiated with the end-point assessment organisation. This includes any cost of external quality assurance of the end-point assessment. Costs for external quality assurance will depend on the body undertaking it. You must ensure that you engage actively with any request for information from the external body, where applicable.

P163 Eligible costs for end-point assessment organisations are set out in the Conditions of Acceptance document for organisations on the RoEPAO.

P164 We expect that the cost of end-point assessment will not usually exceed 20% of the funding band maximum. This does not mean that end-point assessment must cost 20%; the cost that individual employers will pay for assessment varies between standards and we expect employers to negotiate with assessment organisations to secure value for money. Where the total negotiated price is higher than the funding band maximum the difference must be paid by the employer.
Contracting and subcontracting

**New for 1 August 2019:**

- P170, P179, P180.8, P190 – New Rules: A statement of expectations is required when working with subcontractors
- P172 – New Rule: Updated to show the types of delivery subcontractors that can be used
- P193 to P195 – Change to existing rule: Updated to reflect RoATP conditions

**Main providers directly delivering training or on-programme assessment**

**P165** You can only be funded for apprenticeship delivery to employers who do not pay the apprenticeship levy if you have a “contract for services – non-levy apprenticeship education and training” with us.

**P166** Funding for all elements of each apprenticeship will be routed through a single main provider that the employer has chosen. This includes funding for English and maths.

**P167** At the outset of each apprenticeship, a main provider and employer will agree a plan for its delivery. You must directly deliver some of the apprenticeship training and/or on-programme assessment associated with each employer’s apprenticeship programme. By apprenticeship programme we mean the apprentices that are being trained for the employer that has chosen you. The volume of training and/or on-programme assessment that you directly deliver for each employer must have some substance and must not be a token amount to satisfy this rule. It must not be limited to a brief input at the start of each employer’s programme or involve delivery to just a few of a large number of apprentices.

**P168** You can find further information in the document [Using Subcontractors in the Delivery of Apprenticeships](#).

**Agreeing the use of subcontractors with employers**

**P169** You must take your own legal advice about whether, in subcontracting part of the service delivery, you are a contracting authority awarding a public contract as defined by the [Public Contracts Regulations 2015](#). If you are, then you should comply with the provisions of the 2015 Regulations. You must provide a synopsis of the legal advice for inspection by us and employers on request.

**P170** You must publish on your website a broad statement of the approach you take to subcontracting before agreeing the use of subcontractors with any employer. This should include your reason for subcontracting, all services you will provide when doing so and how you determine the associated costs.

**P171** You can use delivery subcontractors to complement your own delivery if requested by an employer and agreed at the start of an apprenticeship. Within an employer’s apprenticeship programme (conditional on paragraph P167) delivery subcontractors can deliver full or part-apprenticeship training.
P172 You must only use delivery subcontractors that satisfy one of the following two criteria:

P172.1 they are on the published Register of Apprenticeship Training Providers and have applied by the main or supporting application routes; or

P172.2 they are either the apprentice’s employer, a connected company or charity as defined by HMRC and are on the published Register of Apprenticeship Training Providers, having applied through the employer-provider application route.

P173 You must not agree to the use of delivery subcontractors with an employer if you do not have knowledge, skills and experience of contracting with, and managing, delivery subcontractors.

P174 You must carry out your own due diligence checks on potential delivery subcontractors including taking account of any relevant Ofsted reports. The process and results must be available for inspection by us and employers. You must not use a potential delivery subcontractor’s presence on the Register of Apprenticeship Training Providers, or any other public register or database, as an indicator that they are suitable to deliver to your, or the employer’s, specific requirements.

P175 You must not agree with an employer the use of a delivery subcontractor that you assess as being unsuitable, or whose quality of delivery is demonstrably inadequate, even where the employer decides not to work with you as a consequence.

P176 You must have robust procedures in place to ensure you do not inadvertently fund extremist organisations through the subcontracting of apprenticeship training and/or on-programme assessment.

P177 You must not agree the use of any delivery subcontractor where this would require you to subcontract apprenticeship training and/or on-programme assessment to a second level. All of your delivery subcontractors must be contracted directly by you and you may have more than one subcontractor. The restriction on the level of subcontracting is in place to ensure:

P177.1 that main providers retain clear and transparent accountability for the quality of training provision;

P177.2 that proper and appropriate controls are in place to manage the apprentice experience; and

P177.3 that value for money is achieved by mitigating funding being utilised for multiple tiers of subcontractor management.

P178 You must maintain the relationship with each employer at all times. You must not allow a delivery subcontractor to lead that relationship.

Your written agreement with each employer

P179 You must clearly describe to each employer and potential subcontractor, before each subcontracting relationship is agreed the reason for subcontracting and all
services you will provide and the associated costs when doing so. This must include a list of specific costs for managing the subcontractor; specific costs for quality monitoring activities and specific costs for any other support activities offered by you to the subcontractor. All of these costs must be individually itemised and describe how each cost contributes to delivering high quality training. You must also explain how such costs are reasonable and proportionate to delivery of the subcontracted apprenticeship training.

P180 If you and an employer agree the use of delivery subcontractors, you must have an up-to-date written agreement in place with each employer that sets out the following for the delivery of their apprenticeship programme:

P180.1 The apprenticeship training and/or on-programme assessment that you will directly deliver.

P180.2 The amount of funding you will retain for your direct delivery.

P180.3 The apprenticeship training and/or on-programme assessment that each delivery subcontractor will contribute to the employer’s apprenticeship programme.

P180.4 The amount of funding you will pay each delivery subcontractor for their contribution.

P180.5 The specific amount of funding you will retain to manage and monitor each delivery subcontractor.

P180.6 The specific amount of funding you will retain for each other support activity you will provide to each delivery subcontractor.

P180.7 The specific amount of funding you will retain for the monitoring you will undertake to ensure the quality of the apprentice training and/or on-programme assessment you have contracted each delivery subcontractor to carry out.

P180.8 A detailed description of how the funding retained for each activity detailed in P180.5 to P180.7 contributes to delivering high quality training and how the funding retained is reasonable and proportionate to delivery of the apprenticeship training described in P180.3.

P180.9 Any actual or perceived conflict of interest between you and any delivery subcontractors. For example, where you and a delivery subcontractor are part of the same group, share common directors or senior personnel, or where you will benefit financially from using a particular delivery subcontractor.

Delivery of apprenticeship training and on-programme assessment by delivery subcontractors

P181 You are responsible for all of the actions of your delivery subcontractors that are connected to, or arise out of, all the apprenticeship training and on-programme assessment that you have subcontracted to them.
You carry overall responsibility for the quality of apprenticeship training and on-programme assessment undertaken by your delivery subcontractors.

You must manage and monitor all of your delivery subcontractors to ensure that high-quality delivery is taking place that meets our funding rules.

You must carry out a regular and substantial programme of quality-assurance checks on the apprenticeship training and on-programme assessment provided by delivery subcontractors, including visits at short notice and face-to-face interviews with staff and apprentices. The programme must:

- include whether the apprentices exist and are eligible; and
- involve direct observation of initial guidance, assessment and delivery of training and/or on-programme assessment.

Your findings must be consistent with these funding rules, your expectations and the subcontractor’s records. You must report any instances to us where this is not the case.

If any of your delivery subcontractors undergoes a change of circumstances that affects its ability to continue to deliver under a subcontract with you, you must make alternative delivery arrangements for each apprentice affected by this, in agreement with their employer. Change of circumstances include going into liquidation or administration, key delivery staff leaving the organisation, or removal from the Register of Apprenticeship Training Providers. The change of delivery arrangements must be recorded in your written agreement with the employer.

Contracting with delivery subcontractors

You must have a legally binding contract with each delivery subcontractor.

You must obtain an annual report from an external auditor if the total apprenticeship contracts with your delivery subcontractors will exceed £100,000 in any one financial year. The report must provide assurance on the arrangements to manage and control your delivery subcontractors. The report must comply with any guidance issued by us. You must supply us with a certificate signed by the external auditor and an authorised signatory to confirm you have received a report that provides satisfactory assurance. We may ask you to provide a copy of the full report.

Your contract with each delivery subcontractor must specify the following:

- They must keep to our funding rules.
- They must provide you with ILR data so that your data returns to us accurately reflect delivery information.
- They must give us, and any other person nominated by us, access to their premises and to all documents related to their delivery of apprenticeships.
- They must give you sufficient evidence to allow you to:
P189.4.1 assess their performance against Ofsted’s common inspection framework or the requirements of the QAA quality code;

P189.4.2 incorporate the evidence they provide into your self-assessment report; and

P189.4.3 guide the judgements and grades within your self-assessment report.

P189.5 They must always have suitably qualified staff available to provide apprenticeship training and/or on-programme assessment.

P189.6 They must co-operate with you to ensure that there is continuity of learning for apprentices if the subcontract ends for any reason.

P189.7 They must tell you if evidence of irregular financial or delivery issues arises. This could include, but is not limited to, non-delivery of training when funds have been paid, sanctions imposed by an awarding organisation, allegations of fraud, an inadequate Ofsted grade, not meeting relevant QAA quality code indicators, allegations or complaints by apprentices, employers, staff members, or other relevant parties.

P189.8 They must not use our funding to make bids for, or claims from, any European funding on their own behalf or on our behalf.

P189.9 They must not use payments made by us as match funding for ESF projects.

P190 Your contract must make a clear reference to the up-to-date written agreement you have in place with each employer and include a breakdown of all the agreed services and costs.

**Special conditions for subcontracting to employer-providers**

P191 Organisations who have successfully applied through the employer-provider route of the Register of Apprenticeship Training Providers are only eligible to deliver apprenticeship training and/or on-programme assessment to apprentices employed either by them or a connected company or charity as defined by HMRC. You must ensure any employer-providers who are delivery subcontractors to you meet this requirement.

P192 Employer-providers must evidence the actual costs of delivery of apprenticeship training and on-programme assessment (see [Apprenticeship Funding: Rules for Employer-Providers](#)).

**Special conditions for subcontracting to supporting providers**

P193 Delivery subcontractors who have successfully applied to the supporting application route of the Register of Apprenticeship Training Providers must not receive more than £500,000, or £100,000 if the delivery subcontractor is identified as new, of apprenticeship funding for their delivery from 1 April to 31 March each year.
You must ensure that you are not one of a number of organisations making payments to any supporting provider that exceed £500,000, or £100,000 if the delivery subcontractor is identified as new, in any one year. We will place restrictions on your future use of delivery subcontractors if this happens.

We will exclude any supporting provider that has applied to the Register of Apprenticeship Training Providers through the supporting application route where they allow their funding to exceed their respective total in any one year.

Special conditions for all instances where the employer is the delivery subcontractor

Where the employer is the delivery subcontractor you must only pay them for actual costs of delivery. Employers must not profit from apprenticeship delivery to their own employees.

Reporting your use of delivery subcontractors to us

You must provide a fully completed delivery subcontractor declaration by the dates we will give you. This will be at least twice between 1 April to 31 March each year. If you do not make the declaration on time, we will suspend your payments. If you do not subcontract, you must still provide a nil return to confirm this.

You must also update your subcontractor declaration if your subcontracting arrangements change during the year.

Disputes and issue resolution between the employer and main provider

You are responsible for resolving issues and disputes between the employer and your delivery subcontractors. Main providers and assessment organisations must provide employers and apprentices with their written complaints and dispute resolution procedure, policy and process. The first contact point for this must be included in the written agreement and in the commitment statement.

Agreements entered into between you and the employer must be legally binding. Dispute resolution should be in accordance with the terms of the written agreement, which ultimately would be enforceable through the courts.

Apprentices and their employers must be made aware by the main provider that they can contact the apprenticeship helpline regarding apprenticeship concerns, complaints and enquiries. The contact number and website must also be included in the employer’s written agreement and in the apprentice’s commitment statement.

Paying for an apprenticeship

The funding method for an apprenticeship is determined at the start of each apprentice’s programme. Where the employer does not have an apprenticeship service account at the start of the apprenticeship, it will be funded through government-employer co-investment for its duration unless the apprentice changes employer. Even if the employer subsequently becomes a levy-payer, the
apprenticeship will not be funded from the employer’s apprenticeship service account.

The price of an apprenticeship

New for 1 August 2019:

- **P203.2**– Clarification: Rule amended to clarify that the ILR field should be left blank until the price of the end-point assessment has been confirmed.

P203 Employers and main providers must negotiate a price for the total cost of each apprenticeship, including the training costs and any subcontracted training. The price for apprenticeship standards must also include the cost of the end-point assessment which the employer must negotiate with the end-point assessment organisation. The negotiated price of apprenticeship frameworks must include on-programme assessment.

P203.1 You must account for prior learning and experience when negotiating a price with the employer (see paragraphs P58 to P62). You must reduce the content, duration and price where the individual has prior learning necessary to achieve the apprenticeship. Funds must not be used to pay for skills already attained by the apprentice. You must document how you have assessed the individual’s prior learning and include this in the evidence pack.

P203.2 You must enter the negotiated prices for training and end-point assessment (where applicable) onto the ILR. Where you and the employer do not know the details of the end-point assessment organisation at the start of the apprenticeship, you must enter the price for end-point assessment once this has been confirmed. This field in the ILR should be left blank until the price of the end-point assessment has been confirmed.

P203.3 The prices entered onto the ILR must not include any VAT which may be charged on employer co-investment.

P203.4 If the employer negotiates an overall price that is more than the maximum allowed by the funding band for the chosen apprenticeship, then the employer must pay in full the difference between the band maximum and the total negotiated price. This must not be funded from the apprenticeship service account or co-investment. You may charge VAT on the difference. The funding bands, and the standards and frameworks placed within them, may be subject to change.

P204 You must not offset the negotiated price with the costs of any service provided by the employer. If the employer is legitimately delivering relevant training or an eligible cost supported by these rules then this must be included into the overall price. The cost of the apprenticeship must be transparent.

P205 Once the price has been negotiated, we do not expect the total price of the apprenticeship to increase. The only exceptions to this are when there is a change
of circumstances or when the end-point assessment cost is not known at the start of the apprenticeship. We will monitor changes of price and patterns of behaviour to identify any fraudulent activity. You can find further information on changes of circumstance in the ‘change of circumstances section (see paragraphs P247 to P280).

When payments are made

P206 Where the employer’s apprenticeship service account is used to fund training, we will pay 80% of the negotiated price up to the maximum value of the funding band, in equal monthly instalments according to the planned duration of the apprenticeship, regardless of how training is scheduled over the duration of the apprenticeship.

P207 Where apprenticeship training is not funded from the employer’s apprenticeship service account (non-levy payers and levy payers with insufficient funds), we will pay 80% of the government co-investment funding in equal monthly instalments according to the planned duration of the apprenticeship, regardless of how training is scheduled over the duration of the apprenticeship. Our monthly instalments will need to be matched with equivalent employer co-investment payments (set at the rate at the time the apprenticeship started – see table in paragraph P219 for details) and evidenced every three months (see paragraph P223).

P208 We will only pay for commitments made with an employer on the apprenticeship service where the employer is expecting to pay the apprenticeship levy in that financial year or where the apprenticeship is funded by a transfer (see paragraphs P232 to P241).

P209 We will pay the remaining balance of the total negotiated price, up to the maximum value of the funding band, when the apprentice has undertaken all the activity relevant to the apprenticeship, including:

P209.1 all mandatory elements of the framework; or
P209.2 all elements of the end-point assessment for standards.

P210 Where apprenticeship training is not funded from the employer’s apprenticeship service account (i.e non-levy payers and levy payers with insufficient funds), to be eligible for the completion payment (described in paragraph P209) you must have:

P210.1 collected the co-investment from the employer; and
P210.2 reported the cash value of the employer co-investment on the ILR.

P211 You can find detailed information about how funding is calculated in the apprenticeship technical funding guide.

Value added tax (VAT)

P212 Supplies of training or end-point assessment, which are paid by government funding, including the apprenticeship levy, are exempt from VAT. This includes additional payments (see paragraphs P107 to P125). Prices entered onto the ILR should not include VAT (see paragraph P215).
You are responsible for determining the VAT treatment on your invoices to employers.

The ESFA does not provide advice on VAT. You must always seek your own advice on VAT from HMRC if you are in any doubt about VAT treatment.

If you add VAT to invoices, and the employer is VAT registered, the employer may be able to recover that VAT through its VAT returns. In determining the costs of training or end-point assessment, an employer will need to check with you if VAT will be added and verify, internally or with HMRC, if it can be recovered.

Funds in an employer’s apprenticeship service account

Where the employer’s apprenticeship service account is used to fund training and assessment, employers are responsible for recording the required details of the apprenticeship. They can give you permission to enter this information on their behalf. The information in the employer’s apprenticeship service account must correspond with the information recorded on the ILR.

Only the employer can confirm the spending of funds from their apprenticeship service account. An employer must not delegate this function to you and you must not take on this responsibility.

In certain circumstances we may need to adjust the balance in an employer’s apprenticeship service account as a result of retrospective changes to the amount of apprenticeship levy declared to HMRC. These adjustments could be up or down. An adjustment which reduces the value in their apprenticeship service account might have affected payments already made to you. Where there would have been insufficient funds in the employer’s apprenticeship service account, we will take responsibility for these payments and the employer will be required to pay co-investment direct to the ESFA. If this happens we will provide you with details of the co-investment value, as you may need this for accounting purposes.

Employer co-investment

Where apprenticeship training is not funded from the employer’s apprenticeship service account (non-levy paying employers and levy paying employers with insufficient funds), employers must co-invest the relevant co-investment rate of the total negotiated price up to the funding band maximum. The rate at which co-investment will need to be paid will depend on the date the apprenticeship started – see table below for details of these rates.

<table>
<thead>
<tr>
<th>Co-investment rates for apprenticeships that started:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>before 1 April 2019</td>
<td>10%</td>
</tr>
<tr>
<td>on or after 1 April 2019</td>
<td>5%</td>
</tr>
</tbody>
</table>
Where an employer becomes a levy-payer during an apprenticeship, which started as a non-levy apprenticeship, they will continue to pay co-investment. Details of this apprenticeship must not be entered on the apprenticeship service.

Where the total negotiated price has exceeded the funding band maximum, the employer must pay all the additional costs above the funding band maximum in full.

Please refer to the Apprenticeships Technical Funding guide for more information about when a change of circumstance affect the co-investment rate.

P220 We will continue to make payments to you provided you record that you have collected the employer’s contribution. You must keep evidence that these contributions have been collected. You must not return, in total or in part, the employer’s contribution once the co-investment has been collected.

P221 We may withhold payments including the final completion payment until all the employer co-investment has been collected:

P221.1 you will need to invoice employers separately for any employer co-investment, including any VAT if applicable; and

P221.2 you may agree a schedule of co-investment payments with the employer which does not match monthly payments made by us, provided the employer has paid a matching co-investment payment (at the rate set at the time the apprenticeship started – see table in paragraph P219 for details) or at our three monthly data-points as set out in paragraph P222.2.

P222 The only exceptions to employer co-investment are:

P222.1 English and maths, to achieve the required government standard (see paragraphs P131 to P151);

P222.2 where the employer qualifies for extra support for small employers (see paragraphs P126 to P130);

P222.3 for any learning support for the apprentice (see paragraphs P81 to P88);

P222.4 for any additional payments and disadvantage funding (see paragraphs P107 to P117); and

P222.5 where an employer delivers to their own staff as an employer-provider.

P223 At least every three months you must:

P223.1 have collected the matching co-investment from employers; and

P223.2 report the cash value, on the ILR, of total employer contributions received from the beginning of the apprenticeship to the end of the quarter in June, September, December and March.

P224 The employer co-investment must be a transfer of funding visible in your financial systems. This will typically be in the form of a main provider invoice and corresponding employer payment.
Qualifying days for funding

New for 1 August 2019:

- **P226** – Clarification: A rule, to confirm that a learner should not be added to the ILR if they have withdrawn without completing one episode of learning, has been added to mirror requirements set out in the Provider Support Manual.

**P225** To qualify for any apprenticeship funding the apprentice must be in learning for a minimum of 42 days between the learning start date and learning planned end date.

**P226** If a learner withdraws without completing one episode of learning, for example without attending the first class, then they must not be included in the ILR.

**P227** Where funding is paid for an apprentice who does not subsequently meet the qualifying period, we will recover the funding from you.

State aid

**P228** Funds received by main providers from an employer’s apprenticeship service account (including government top-ups to funds), government-employer co-investment and additional payments (paragraphs P107 to P125) do not fall within the scope of state aid control from 1 August 2019 to 31 July 2020.

**P229** Waiving of the employer contribution for small employers is likely to amount to state aid and the state aid rules will therefore apply to such cases. For more information on State Aid, please click here

**P230** Transfers of funds between employers also engage the state aid rules. For any transfer an employer receives, a percentage of the transferred funds will count towards the employer’s de minimis state aid limit. This percentage represents the amount of co-investment the employer would have otherwise had to contribute towards the apprenticeship, if funds had not been transferred. The percentage rate is dependent on when the apprenticeship started – for further information about these rates, please refer to the table in paragraph P219. You must ensure the employer completes a state aid declaration for relevant funding they receive as a result of the waiver of the employer contribution for small employers and transfers. You are responsible for retaining a copy of this declaration in the evidence pack.

**P231** If you become aware that an employer exceeds their de minimis state aid limit of €200,000 of aid (from all sources) over a rolling 3-year period, you must contact us.
Apprenticeships funded by transfers of levy funds

Introduction for main providers

New for 1 August 2019:

- P233 – New Rule: A new exception has been added to allow apprentices, who have changed employers, to continue to be funded via a transfer of levy funds.

P232 Levy-paying employers can transfer a percentage of their levy funds, which were declared for the previous tax year, to other employers, including apprenticeship training agencies (ATAs). The transfer allowance percentage is currently set at 25%.

The transfer allowance will be calculated from the total amount of levy declared during the previous tax year, with the English percentage applied, plus the 10% government top-up payment. This allowance is recalculated every tax year and any unused allowance will not be carried forward.

P233 Employers receiving transferred funds will only be able to use them to pay for training and assessment for apprenticeship standards for new apprenticeship starts. A transfer must be agreed and put in place before an apprentice (being funded by the transfer) starts their apprenticeship. The only exception to this is where the apprentice is changing employer and an agreement to continue their apprenticeship with their new employer is via a transfer of levy funds.

P234 Where receiving employers fund apprenticeships with transferred funds they are treated as levy-paying employers and therefore must follow the Apprenticeship Funding Rules for Employers for these apprenticeships. This is set out in their employer agreement.

Delivering apprenticeship training to receiving employers

P235 If you are a main provider who is also a levy-paying employer, you must not deliver training to apprentices you are funding through a transfer. This includes where you are acting as a main provider or a subcontractor.

P236 You must ensure the receiving employer is aware of the requirement to follow the apprenticeship funding rules for employers for all of their apprenticeships funded by a transfer.

P237 You must agree the details of the apprenticeship with the receiving employer on the apprenticeship service.

P238 You must fully explain to the receiving employer the requirement to pay co-investment if the full cost of the apprenticeship cannot be met with a transfer or from their service account. You must arrange to collect co-investment as set out in the co-investment section.
You are responsible for confirming that a receiving employer has arranged a transfer to fund their apprenticeship from the outset. Only apprenticeships that are funded by either levy funds or a transfer should be entered on the apprenticeship service. You must not approve any apprenticeships on the service which are not eligible for either funding method.

Non-levy paying employers may have apprentices funded by both transfers and government-employer co-investment. If you do not have a contract with us to deliver training to non-levy employers, you are only eligible to deliver training to these employers where it is funded by a transfer.

You must not agree a commitment on the apprenticeship service where the apprenticeship would be eligible for full government funding support for small employers. Funding for these apprenticeships must be claimed as set out in the ‘support for small employers’ section.

Delivering the apprenticeship

Data protection

Main providers must comply with their obligations under data protection legislation, in particular in relation to circumstances where they act as data controllers or data processors, any notification requirements and the duty to appoint a data protection officer.

Data protection legislation means (i) the Data Protection Act 1998 and, for the periods when they are in force, (ii) the General Data Protection Regulation (Regulation (EU) 2016/679) and the Law Enforcement Directive (Directive (EU) 2016/680) and any applicable national implementing laws as amended from time to time, and (iii) the Data Protection Act 2018.

Certification

For frameworks, you must apply for the apprenticeship completion certificate from Apprenticeship Certificates England within three months of completion of learning.

For standards, the end-point assessment organisation is responsible for claiming the apprenticeship completion certificate from the ESFA.

Where applicable you must apply for, and give apprentices certificates from awarding organisations for achieving a mandatory qualification and evidence this in the evidence pack.
Change of circumstance

New for 1 August 2019:

- **P249** – Clarification: Where an apprentice is no longer employed they cannot continue with their apprenticeship (with the exception of redundancy).
- **P250** – Clarification: Information added to clarify what a break in learning is and how to record a break in learning accurately.

**P247** If any circumstances change that affect any agreement made between you and the employer, you must revise existing agreements or create new agreements. This includes but is not limited to:

- **P247.1** changes to price;
- **P247.2** changes to the apprentice’s eligibility;
- **P247.3** any updates required to the employer’s apprenticeship service account;
- **P247.4** changes to the apprentice’s contract or working pattern;
- **P247.5** changes to the apprenticeship duration;
- **P247.6** changes to the subcontractor; or
- **P247.7** breaks in learning.

**P248** We will monitor unusual patterns of activity to identify any potential fraud or gaming.

**P249** An apprentice has to be employed continuously for the duration of the apprenticeship. If their employment is terminated, the individual cannot continue with their apprenticeship (with the exception of redundancy). When employment or an apprenticeship agreement has ended (resignation, dismissal or any other action by the apprentice or the employer that results in the apprenticeship agreement ending) you must notify us that the apprentice has left in line with **P270**.

**P250** The apprentice may take a break in learning where they plan to return to the same apprenticeship programme. The decision to take a break in learning, the reason for the break and its expected duration must be agreed with the employer. This could include medical treatment, parental leave or leave for other personal reasons. You must record breaks in learning on the ILR and re-plan the delivery of any remaining training and/or assessment following a break, if required. The employer should revise the apprenticeship agreement if required. A break in learning should not be recorded:

- **P250.1** For annual leave, public holidays and short-term absence (up to 4 weeks);
- **P250.2** When employment or an apprenticeship agreement has ended (redundancy, resignation, dismissal or any other action by the apprentice or the employer that results in the apprenticeship agreement ending). Where
an apprentice has been made redundant you should refer to the redundancy section in the rules (see paragraphs P256 to P258).

P251 We will stop making payments from funds in an employer’s apprenticeship service account or government-employer co-investment if an apprentice has a break in learning.

P252 If an apprentice is on a break in learning when an additional payment is due, the payment will be delayed until the apprentice resumes their apprenticeship and has reached an overall total of 90 or 365 days in learning.

P253 Throughout the apprenticeship any changes of employer or main provider (including subcontractors), as well as breaks in learning must be reported to us. You must account for these changes and ensure the minimum duration rules (see paragraphs P34 to P45) are met.

P254 You can find detailed information on how changes of circumstances affect how funding is calculated in the Apprenticeship Technical Funding Guide for starts from 1 August 2019.

P255 Please refer to the ILR guidance for details of how to record these change of circumstances on the ILR which you can find on our website. We will update this guidance as new changes of circumstance arise. If you need any further advice, please contact us.

Redundancy

P256 Where an apprentice is made redundant, you must:

P256.1 make reasonable efforts to find the apprentice a new employer;

P256.2 record the change in employment status in the ILR. This must match the date the apprentice became redundant and you must retain a copy of the apprentice’s redundancy notice in the evidence pack; and

P256.3 record apprentices more than six months from the final day of their apprenticeship as having left their apprenticeship if a new employer is not found within 12 weeks of them becoming redundant.

P257 Apprentices who are made redundant within six months of the final day of the practical period specified in the apprenticeship agreement may continue their apprenticeship training without being employed under an apprenticeship agreement (see paragraph P77). In these circumstances:

P257.1 You can continue to deliver the apprenticeship’s training as long as all the remaining elements and, for apprenticeship standards, the end-point assessment, can be successfully delivered.

P257.2 We will fund 100% of the remaining costs of the price negotiated between you and the employer up to the funding band maximum.

P257.3 You must support the apprentice through to the end of the apprenticeship, including any assessment.
You must have evidence that you have made reasonable efforts to find the apprentice a new employer.

If the apprentice finds a new employer where they can complete their apprenticeship then the new employer assumes all outstanding liabilities and benefits from that point. You should negotiate a new price, if required, with the new employer and input this on the ILR.

If the apprentice takes a job with an employer which is not related to their apprenticeship, we will continue to fund them as per paragraph P257.2.

Apprentices who are made redundant more than six months before their final day may continue their apprenticeship training without being employed under an apprenticeship agreement (see paragraph P77). In these circumstances:

You can continue to deliver the apprenticeship’s training.

We will fund the remaining costs of the price agreed between you and the employer for 12 weeks, while the apprentice seeks another employer.

You must have evidence that you have made reasonable efforts to find the apprentice a new employer.

If the apprentice finds a new employer where they can complete their apprenticeship then the new employer assumes all outstanding liabilities and benefits from that point. You should negotiate a new price, if required, with the new employer and input this on the ILR.

If the apprentice takes a job with an employer which is not related to their apprenticeship, we will continue to fund them as per paragraphs P258.2.

Where training or assessment stops

Where a change of circumstance means that training and/or assessment is no longer being delivered, no further funds from an employer’s apprenticeship service account, government-employer co-investment or additional payments will be made.

In these circumstances you must agree with the employer the cost of the training and, where applicable, the end-point assessment delivered to date. You must ensure the employer has paid any mandatory co-investment due for any training or end-point assessment already delivered.

If an apprentice leaves without completing their apprenticeship, the last date of learning, including the apprenticeship programme learning aim, is the date you have evidence the apprentice was still in learning for any learning that was part of their apprenticeship.

When a change of circumstance results in over-payment of funds from an employer’s apprenticeship service account or government-employer co-investment, any over-payment must be repaid by you. You must follow the arrangements set out in your agreement with the employer for any over-payment by the employer.
You must agree with the employer any reimbursement for employer co-investment made for learning paid for, but not undertaken; or learning delivered, but not yet paid up to the employee’s leave date, or the date of their break in learning, as needed.

Apprentices who started their programme before 1 May 2017 must not be withdrawn and re-started onto the same apprenticeship, or another apprenticeship at the same level in a similar subject after 1 May 2017 solely to enable them to be funded by the new funding system. If the apprentice was on a break in learning, they can transfer to a new apprenticeship in the new funding system if it is in their best interests. We will monitor any breaks in learning during this period to identify any abuse of this exception.

If any change of circumstances is not included above, you should seek advice from us about what action you should take. Please use our enquiry form.
Flow chart: Find out what to do if your apprentice wants to take a break in learning

New for 1 August 2019:

- **Break in learning** – New content: A flowchart has been created and added into the funding rules. This flowchart supports the rules on break in learning and should be used alongside them.

**This is not a break in learning.** The employer should consider a withdrawal if they need there to be a break.  

This is a withdrawal, not a break in learning. To find out what to do next, see ‘Actions to take where the apprentice withdraws from the apprenticeship’. This is in the ‘Summary of action following change of circumstances’ section.
Summary of action following change of circumstance

New for 1 August 2019:

- **Summary of action following change of circumstances** – Clarification: Information added throughout section to clarify the action taken when a specific change of circumstance occurs.

Actions to take where there is a break in learning where the apprentice requires a break in their apprenticeship due to illness, parental leave, or other personal reasons

**P266** The employer must notify the main provider that the apprentice will be absent for a period of time. They may also;

- **P266.1** pause payments through their apprenticeship service account;
- **P266.2** review or update the duration of the break as necessary;
- **P266.3** un-pause the apprenticeship in their apprenticeship service account when the apprentice returns to learning; and
- **P266.4** extend the practical period of the apprenticeship agreement as required.

**P267** The main provider must:

- **P267.1** Record the break and restart dates in the ILR.
- **P267.2** Re-plan the delivery and agree a revised price, if required, with the employer when the apprentice resumes learning. This must be entered on the ILR. If a different price had been entered previously on the employer’s apprenticeship service account, the revised price must also be entered here, on or before the new start date.

Effect on funding

Funding from an employer’s apprenticeship service account or government-employer co-investment stops until the apprentice resumes their apprenticeship. Funding is capped across both periods of learning so that the overall earnings do not exceed the funding band maximum. Funding will recommence based on the new start date in the ILR. All additional payments stop until the apprentice resumes their apprenticeship. Any additional payments already made are retained.

Actions to take when there is a change in price where the employer negotiates a revised training or assessment cost, or the assessment cost is added after the start of the programme

**P268** Both the employer and main provider must:

- **P268.1** Agree a new price.
P268.2 Confirm the new price on the apprenticeship service. If funded by a transfer, both the sending and receiving employers will need to agree the new apprenticeship in the apprenticeship service.

P268.3 Revise written agreements and/or the commitment statement as required.

P269 The main provider must update the price on the ILR.

**Effect on funding**

After applying the funding band limit, we will hold 20% of the new total price back as the completion payment and deduct any funding already received. The remainder will be spread equally over the remaining planned duration. Additional payments are unaffected.

**Actions to take where the apprentice withdraws from the apprenticeship, where the apprentice is no longer employed by the employer and has withdrawn from their programme (not redundancy) OR the apprentice chooses to withdraw prior to completion but remains with the same employer**

P270 The employer must:

P270.1 notify the main provider that the apprentice has left; and

P270.2 stop payments through their apprenticeship service account, using a date that corresponds with the date the apprentice withdrew from their apprenticeship. This includes where the apprenticeship is funded by a transfer.

P271 The main provider must record the learning end date of the apprenticeship on the ILR.

**Effect on funding**

Funding from an employer’s apprenticeship service account or government–employer co-investment stops. The employer co-investment should be reconciled to the date of withdrawal and a balancing payment may be made by us. All additional payments stop until the apprentice resumes their apprenticeship. Any additional payments already made are retained.

**Action to take where the apprentice starts a new role with the same employer and requires a different apprenticeship programme and the main provider remains the same**

P272 Both the employer and main provider must:

P272.1 agree a new price for training and assessment for the new apprenticeship, taking into account relevant learning from the first apprenticeship. If funded by a transfer, both the sending and receiving employers will need to agree the new apprenticeship in the apprenticeship service; and
P272.2 enter the details of the new programme, price and effective date on the apprenticeship service.

**Effect on funding**

Funding from an employer’s apprenticeship service account or government-employer co-investment for the first programme stops. Any employer co-investment for the first programme should be reconciled to the date of transfer and a balancing payment may be made by us.

Funding from an employer’s apprenticeship service account or government co-investment for the second programme is made for the new programme. Each programme price is capped separately. Additional payments are received once for each apprenticeship.

The co-investment rate for the new apprenticeship will be at the rate in force at the time it starts.

**Action to take where the employer selects a different main provider where the apprenticeship remains the same**

P273 The employer and new main provider must:

P273.1 negotiate a new price, as set out in these funding rules. If funded by a transfer, both the sending and receiving employers will need to agree the new apprenticeship in the apprenticeship service; and

P273.2 update the apprenticeship service with the new price, new main provider and effective date.

**Effect on funding**

Funding from an employer’s apprenticeship service account or government-employer co-investment to the first main provider stops. Payments due to the first main provider are reconciled. Funding from an employer’s apprenticeship service account or government co-investment for the second programme is made to the new main provider. The funding band cap and minimum duration will apply to the total cost across both main providers.

The co-investment rate for the apprenticeship will remain at the rate in force at the time it started.

The employer continues to receive additional payments. The original main provider retains any additional payments already made. Any remaining main provider additional payments not paid to the original main provider can be paid to the new main provider.

The number of days in learning with the first main provider are added to the days in learning with the new main provider to calculate when payments are due.

**Action to take where the apprentice changes employer but continues the same apprenticeship with the same main provider**

P274 The original employer must stop payments through their apprenticeship service account, using a stop date that corresponds with the date the apprentice changed
employer. This includes where the apprenticeship is funded by a transfer. They can also stop co-investment, as appropriate.

**P275** The new employer and main provider must:

- **P275.1** agree a price for the remainder of the apprenticeship training and assessment taking into account relevant learning from the first employer. This price should be recorded in the ILR as a ‘residual’ price;

- **P275.2** register the apprentice on the apprenticeship service, if appropriate, for funding to start;

- **P275.3** confirm arrangements for, and start paying, co-investment if appropriate; and

- **P275.4** contact us if they are unable to register the apprentice on the apprenticeship service.

- **P275.5** if the apprenticeship is now being funded by a transfer, or continuing to be funded by a transfer, then the receiving (new) employer will need to register on the apprenticeship service and the transfer will need to be agreed by the sending employer. For more information on how transfers work, please refer to the ‘**Apprenticeships funded by transfer of levy funds**’ section within the Employer or Employer-Provider Funding Rules (whichever is relevant).

**P276** The main provider must not draw down funds in an employer’s apprenticeship service account or government co-investment for delivery which the ESFA has already paid for with the first employer.

### Effect on funding

Funding from the first employer’s apprenticeship service account stops. Any employer co-investment due from the first employer should be reconciled. Funding continues based on agreement with the new employer using the funds in their apprenticeship service accounts, transfer of levy funds or government co-investment. The funding band cap will apply to the total cost across both employers.

Additional payments stop for the first employer but they retain any payments already made. The number of days in learning with the first employer are added to the days in learning with the new employer to calculate when payments are due.

Main provider additional payments remain unchanged. The small employer co-investment waiver will stop if the second employer is not eligible. For the 16 to 18 framework uplift we will keep a history of amounts earned so far, and spread the remainder over the planned length, with 20% of the new total cost held back for completion.

### Action to take where the apprentice is made redundant with more than 6 months of apprenticeship remaining

**P277** The employer must stop payments from their apprenticeship service account, using a stop date that corresponds with the date the apprentice is made redundant. This includes where the apprenticeship is funded by a transfer.
The main provider must:

P278.1 support the apprentice to find a new job (within 12 weeks);

P278.2 retain evidence of when the apprentice was made redundant, and report the change in employment status to us; and

P278.3 refer to the scenario at paragraph P274 for action to take with the new employer.

**Effect on funding**

Funding from the first employer’s apprenticeship service account stops. Any employer co-investment due from the first employer should be reconciled to the date of redundancy and any differences in employer co-investment received to those due should be repaid to the employer or main provider.

The apprentice is funded through 100% government co-investment for up to 12 weeks. Employer additional payments stop. Main provider additional payments remain unchanged.

**Action to take where apprentice is made redundant with less than 6 months of apprenticeship remaining**

P279 The employer must stop payments from their apprenticeship service account, using a stop date that corresponds with the date the apprentice is made redundant. This includes where the apprenticeship is funded by a transfer.

P280 The main provider must:

P280.1 support the apprentice to find a new job;

P280.2 retain evidence of when the apprentice was made redundant, and report the change in employment status to us; and

P280.3 refer to the scenario at paragraph P274 for action to take with the new employer.

**Effect on funding**

Funding from the first employer’s apprenticeship service account stops. Any employer co-investment due from the first employer should be reconciled to the date of redundancy and any differences in employer co-investment received to those due should be repaid to the employer or main provider.

The apprentice is funded through 100% government co-investment for up to 12 weeks. Employer additional payments stop. Main provider additional payments remain unchanged.

**ESF (European Social Fund) match funding requirements**

**Background**

If you have a contract with us to deliver training to employers who do not pay the levy you may be accessing funding that can be used as match funding for the European Social Fund (ESF).
ESF is one of the available funds within the European Social and Investment Funds (ESIF) 2014 to 2020 Programme. ESFA acts as a co-financing organisation (CFO) to procure and manage contracts for ESF funded provision on behalf of Local Enterprise Partnerships (LEPs). LEPs decide how to invest the ESF for 2014 to 2020 and we support them to deliver their ESIF strategies that meet the local needs identified.

As a CFO, we must match ESF funds contracted with money from the UK government (that is, eligible mainstream programme funds). We must use some of the funding we get from the government to pay for an amount of training and support that is equivalent to the ESF contract. We identify activity that improves the skills of the workforce and helps people who have difficulties finding work. We must report this match funding and the associated learners within our funding claims to the ESF Managing Authority in England.

When we identify provision we will use as match funding, the learning activity and its associated funding become part of the ESF programme, which means that the same rules apply as those of the ESF programme.

P281 Provision used as match funding will be subject to ESF compliance checks and we will review the evidence you have to support claims made to us to support the programme funding. You must read these rules in conjunction with the ESF 2014 to 2020 funding rules and adhere to the following requirements:

P281.1 Display an ESF poster prominently in your premises.

P281.2 Have Gender Equality and Equal Opportunities and Sustainable Development policies and action plans in place.

P281.3 Inform all apprentices that they are on a programme part financed by ESF.

P281.4 Retain documentation for audit including having in place a document retention policy that reflects the minimum date requirement of 31 December 2030 and, if you are chosen for an audit visit, you must allow external auditors into your premises and co-operate with the audit.

P281.5 Participate in evaluations, surveys and reporting as required.

P281.6 Return complete data in line with the 2019 to 2020 ILR specification with key focus to critical fields. Critical fields are:

- employment status
- prior attainment
- household situation
- destination
- learner contact details for surveys, especially phone numbers

P281.7 Only return ‘not knowns’ within the ILR for the critical fields in exceptional circumstances. If information is not provided, or ‘not known’ is not available, then you must use ‘learner has withheld this information’.

P282 You, your subcontractors and other third-party organisations must not use our mainstream programme funds as match funding for your own projects through other
European Union funds (for example, other European Social Fund, European Regional Development Fund, European Integration Fund).

P283 You must keep to the rules of the ESF programme or you will break the conditions of your contract and this could result in us recovering funds.
Evidence requirements

Evidence pack

New for 1 August 2019:

- Evidence pack – Clarification: The rules have been updated to give more information into the evidence that must be held within the evidence pack.
- P289.7 – Clarification: That the evidence requirements relate to quantitative evidence but that providers may also wish to keep qualitative evidence for other purposes.

P284 You must hold evidence to assure us that you are using the funding appropriately. Most evidence will occur naturally from your normal business process.

P285 This pack must contain evidence to support the funding claimed, assure us that the apprentice exists, and must be available to us if we need it.

P286 The apprentice and/or employer must confirm the information they provide is correct when it is collected. You must have evidence of this, which can include electronic formats.

P287 Where information is held centrally, you only need to refer to the source.

Introduction

P288 The evidence pack must include the following:

- P288.1 Evidence of approval from a regulatory body where a training provider needs to be approved by a regulatory body before delivering apprenticeship training.
- P288.2 A record that the employer was offered the option of the free recruit an apprentice service

Programme eligibility (including off-the-job training, apprenticeship agreement, commitment statement, apprenticeship duration and employment hours, and recognition of prior learning and experience)

P289 The evidence pack must include the following:

- P289.1 An initial assessment that evidences that the apprenticeship and level is the most appropriate for the apprentice and their existing abilities.
- P289.2 A copy of the apprenticeship agreement that meets the criteria set out in paragraphs P25 to P30. To be valid, the template used must provide the following information:
  - P289.2.1 the skill, trade or occupation for which the apprentice is being trained;
P289.2.2 the apprenticeship framework or standard connected to the apprenticeship;

P289.2.3 the dates during which the apprenticeship and, for standards, the practical period of training (minimum 12 months) is expected to take place; and

P289.2.4 the amount of off-the-job training that the apprentice is to receive.

P289.3 If applicable, evidence of redundancy that meets the definition outlined in the rules glossary.

P289.4 Confirmation from the employer that the apprentice is receiving a wage in line with the national minimum wage requirements and that the apprentice rate was not used prior to a valid apprenticeship agreement being in place.

P289.5 Written confirmation from the employer that the apprentice will be allowed to complete the apprenticeship within their working hours, including any English and maths required.

P289.6 A copy of the current commitment statement signed and dated by the apprentice, employer, and main provider (and any previous versions). The commitment statement must meet the criteria set out in paragraph P65, for example it must include details of how the planned number of off-the-job training hours, excluding English and maths, has been quantified and how it will be delivered. By details we mean a plan of delivery.

P289.7 Evidence that delivery has taken place against the commitment statement and that records are available. By delivery we mean how the number of off-the-job training hours compares to the planned training as set out in the commitment statement. You are also advised to keep information on the training content delivered and the distance travelled by the apprentice (what has been achieved by the apprentice as a result of the off-the-job training); whilst this is outside the scope of an ESFA funding audit, it may be required by other parties (such as Ofsted and OfS).

P289.8 Confirmation that you have recognised prior learning, and that where it affects the learning or the funding of any of the apprenticeship that you have adjusted the content, duration and price accordingly.

P289.8.1 You must include a copy of the initial assessment recording the apprentice’s prior learning measured against the knowledge, skills and behaviours against those required to complete the apprenticeship. This should include (where relevant):

- Work experience;
- Prior education, training or associated qualification(s) in a related subject area (this must be more than English and maths); and
- Any previous apprenticeship taken

**P289.8.2** Confirmation that you have accounted for any prior learning, and that where it affects the learning or the funding of any of the apprenticeship that you have detailed the adjustments to the content, duration and price accordingly.

**P289.8.3** Confirmation that following initial assessment the individual requires an apprenticeship with a minimum duration of 12 months and at least 20% off-the-job training.

**P289.8.4** In instances where the price content and duration has not been reduced the reasons why this is not possible.

**Who can be funded (including learner eligibility and learning support)**

**Learner eligibility**

**P290** The evidence pack must include the following:

**P290.1** Confirmation of date of birth to ensure that an apprentice is aged over 15 and confirmation that the apprentice has legally left school. [The school leaving age](https://www.gov.uk) can be found on GOV.UK.

**P290.2** Confirmation that you have seen the learner’s identity documents or immigration permission to verify their residency eligibility in line with Annex A. Confirmation that you are satisfied the learner is eligible for funding and (where necessary) where a learner’s permission to stay has expired you must hold evidence that an application to remain has been made.

**P290.3** Your assessment and evidence of eligibility for funding and a record of what evidence the apprentice has provided, including that the apprenticeship leads to substantive new skills and that the learning is materially different where the apprenticeship is at the same level as, or lower level than, prior qualifications. This assessment must include an analysis of the apprentice’s existing knowledge, skills and behaviours versus those required to complete the apprenticeship. This also includes evidence of prior attainment for English and maths. This evidence could include the following:

**P290.3.1** information from the apprentice’s personal learning record, where this information is unavailable or an apprentice is unable to provide evidence of prior attainment please refer to [get a replacement exam certificate](https://www.gov.uk) on GOV.UK;

**P290.3.2** evidence of proof of equivalency from [UK Naric](https://www.uknaric.org) where an individual has an international qualification;
P290.3.3 details of previous qualifications, including modules / units undertaken compared to the content of the apprenticeship, demonstrating how they are materially different where appropriate;

P290.3.4 skills gap analysis, demonstrating the new skills needed by the individual and how the apprenticeship will address these; or

P290.3.5 details of any relevant experience and achievements, both inside and outside their current working role.

P290.4 Evidence that the apprentice will spend at least 50% of their working hours in England over the duration of the apprenticeship including time spent on off-the-job training. Where the business footprint is larger than England this could include a roster for a typical month for the apprentice along with written confirmation from the employer.

P290.5 Confirmation that the apprentice is not;

P290.5.1 enrolled on another apprenticeship

P290.5.2 enrolled on a DfE funded HE/FE programme (excluding AEB) where that programme is more than 4 weeks from completion

P290.5.3 enrolled on a AEB funded programme where that programme does not comply with rules P79.2.

Apprentices accessing learning support

P291 Where applicable, the evidence pack must include the following:

P291.1 Evidence that an assessment to identify the support the apprentice needs has been carried out. This evidence must include;

P291.1.1 The assessment of learning need;

P291.1.2 Details of the identified learning support need; and

P291.1.3 Confirmation that the learning support need identified must be supported to ensure the individual can complete their apprenticeship.

P291.2 Evidence of how you plan to deliver support to meet the apprentice’s identified needs.

P291.3 Evidence of delivery of support to meet the apprentices identified needs, including;

P291.3.1 Evidence to cover all periods where learning support is being paid (learning support will only be paid in months where there is a learning need which requires support and that support activity is continuing to take place).
P291.4 Evidence of progress reviews throughout the apprenticeship to adapt the support to continuing and changing needs including evidence to show support has been adapted where necessary.

P291.5 Evidence of outcomes of the support offered and how it has supported the identified learning need.

P291.6 Additional information where exceptional learning support (ELS) is claimed for an apprentice. In these circumstances, you must also include the application and supporting evidence for the claim.

What can be funded (including eligible and ineligible costs, additional payments, support for small employers, and English and maths)

Eligible and ineligible costs

P292 The written agreement (or contract for services) between the main provider and employer must include:

P292.1 A breakdown of the total negotiated price (TNP1), associated with the delivery of training and on-programme assessment, against the headings of any of the eligible costs listed in P101. This breakdown must not include any ineligible cost.

P292.2 The agreed price for end-point assessment (if known) (that will be entered into field TNP2 on the ILR). This is the price that the employer has negotiated with an end-point assessment organisation.

Additional payments (including the care leavers bursary)

P293 Where applicable, the evidence pack must include the following:

P293.1 Confirmation of eligibility for any additional payments, including an email or letter confirmation from a Personal Advisor or local authority confirming the individual’s care leaver status or evidence of an education, health and care (EHC) plan where the apprentice is aged between 19 and 24 years old. Eligibility evidence must include:

P293.1.1 Confirmation of age (where appropriate)

P293.1.2 Evidence of care leaver status (where appropriate) in line with P109

P293.2 For the care leavers bursary, a signed declaration by the apprentice to confirm that they:

P293.2.1 understand that they are eligible for and would like to receive a bursary as a care leaver;

P293.2.2 understand that if they have been found to have accepted the payment when they are ineligible then government will require it to be repaid; and

P293.2.3 have not been paid a care leavers bursary before.

63
P293.3 Evidence of payment to the apprentice where they receive the care-leaver bursary and forwarded within deadlines (30 days). This must be a confirmation from the apprentice and not only a receipt of transaction.

P293.4 Signed consent from the apprentice that they have provided you with permission to share their care leaver status (or EHC plan) with their employer on their behalf.

P293.5 Evidence of additional payments paid to the employer and forwarded within deadlines.

Extra support for small employers

P294 Where applicable, the evidence pack must include confirmation of eligibility for where the employer contribution is waived including evidence from the employer that they had an average of 49 or fewer employees with a contract of service in the 365 days before the apprentice was recruited.

Support for English and maths

P295 Where applicable, the evidence pack must include the following:

P295.1 Details of how English and maths will be delivered, including a plan of delivery and evidence of delivery taking place against that plan.

P295.2 All initial assessments for English and maths, including evidence of prior attainment.

P295.3 Additional information where the apprentice is assessed as exempt from the normal English and maths requirements. In these circumstances you must also include:

P295.3.1 a copy of the authorisation by an appropriate professional, for example the head of special education needs (SEN) or student support;

P295.3.2 evidence of how the apprentice’s learning difficulty or disability affects their English and/or maths abilities;

P295.3.3 the apprentice’s recommended learning plan to achieve entry level 3 in English and/or maths (as appropriate); and

P295.3.4 the apprentice’s education, health and care (EHC) plan, statement of special educational need (SEN), or learning difficulty assessment (LDA).

Paying for an apprenticeship

P296 The evidence pack must include the following:

P296.1 A signed and dated written agreement between you and the employer, updated as required. This is the contract for services between the main provider and employer where funded from an employer’s apprenticeship service account.
P296.2 The supporting evidence about why you have claimed funding and the level of funding for an apprentice, including details of any employer contribution.

P296.3 Copies of any state aid declarations, receipt of transferred levy funds and waiving of the employer contribution for small employers.

P296.4 Evidence of the written agreement with and payments made to the end-point assessment organisation for conducting the end-point assessment where appropriate.

P296.5 Additional information where an apprenticeship or part of an apprenticeship is funded through government-employer co-investment. In these circumstances you must:

P296.5.1 evidence you have collected the required employer co-investment contribution; and

P296.5.2 ensure employer co-investment payments match information on the ILR.

P296.6 Evidence you have collected payments from the employer where they are paying for apprenticeship training above the funding band maximum.

Subcontracting

P297 Where applicable, the evidence pack must include the following:

P297.1 details of any subcontractor, clearly identifying who they are. This must match the information reported to us in the ILR;

P297.2 an up to date written agreement with each employer that includes the information about the delivery of the apprenticeship programme; and

P297.3 a legally binding contract with each subcontractor.

Completion

P298 For frameworks the evidence pack must include records and evidence of completion. This must be available within three months of you reporting it in the ILR. Evidence of completion would include:

P298.1 evidence that the apprentice has undertaken all mandatory elements of the framework;

P298.2 evidence that the minimum duration requirement has been met; and

P298.3 where applicable, evidence that the employer’s co-investment has been collected and recorded.
End-point assessment

P299 For standards the evidence pack must include records and evidence of completion. This must be available within three months of you reporting it in the ILR. Evidence of completion would include:

P299.1 confirmation that the employer has been informed, as part of their contract, of their obligations around arranging end-point assessment;

P299.2 signed statement by employer and provider that the apprentice meets the gateway requirements and is ready to undertake end-point assessment;

P299.3 signed statement by employer and provider that the apprentice is still employed until the end-point assessment is completed;

P299.4 a copy of the contract between the Provider and the EPAO for the apprentice’s end-point assessment; and

P299.5 evidence of payments made to the end-point assessment organisation for conducting the end-point assessment.

Confirmation and signatures

P300 We accept electronic evidence, including electronic/digital signatures. Where evidence is electronic, you must have wider systems and processes in place to assure you that apprentices exist and are eligible for funds.

P301 Where an electronic or digital signature is being held, from any party for any reason, you must ensure it is non-refutable. Systems and processes must be in place to assure to us that the original signature has not been altered. Where any document needs to be renewed, and a new signature taken, it must be clear from when the new document takes affect and both must be held.

Both electronic and digital signatures are acceptable, we do not specify which should be used, only that a secure process to obtain and store signatures is followed:

P301.1 An electronic signature is defined as any electronic symbol or process that is associated with any record or document where there is an intention to sign the document by any party involved. An electronic signature can be anything from a check box to a signature.

P301.2 A digital signature is where a document with an electronic signature is secured by a process making it non-refutable. It’s a digital fingerprint which captures the act of signing by applying security to a document. Usually documents which have a digital signature embedded are extremely secure and cannot be accessed or amended easily.

P302 You must keep effective and reliable evidence. You are responsible for making the evidence you hold easily available to us when we need it.
Individualised learner record (ILR)

P303 The evidence pack must include all information reported to us in the ILR and the earnings adjustment statement (EAS), and if it applies, the supporting evidence for the data you report.

P304 You must accurately complete all ILR fields for an apprentice as required in the ILR specification, even if they are not used for funding. Where your data does not support the funding you have claimed, we will take action to get this corrected and could recover funds.

P305 The ILR must accurately reflect what has happened. You must not report inaccurate information even where you perceive that this would result in a more equitable claim for funding or accurate record of performance.

Self-declarations

P306 Where a self-declaration is needed, this must state the apprentice or employer’s details and describe what is being confirmed.

Annex A: Eligibility criteria (who we fund)

P307 To use funds in the employer’s apprenticeship service account or government-employer co-investment, the individual must have a valid and eligible residency status.

Residency eligibility

P308 Any individual, or relevant family member, who has applied for an extension or variation of their current immigration permission in the UK is still treated as if they have that leave. Keeping this permission applies as long as the application was made before their current permission expired. Their leave continues until the Home Office make a decision on their immigration application.

P309 An individual, or relevant family member, is considered to still have the immigration permission that they held when they made their application for an extension. Their eligibility would be based upon this status.

Right of Abode in the UK

P310 The right of abode is a status under United Kingdom immigration law that gives an unrestricted right to live in the United Kingdom. It was introduced by the Immigration Act 1971. Individuals with the right of abode are eligible for funding if they have been ordinarily resident in the UK for at least the previous three years before the start of the apprenticeship and have the right to work in the UK.

EEA citizens

P311 An EEA citizen is eligible for funding if they:
P311.1 are a citizen of a country within the European Economic Area (EEA) (including other countries determined to be within the EEA or those with bilateral agreements); and

P311.2 have been ordinarily resident in the EEA (including other countries determined to be within the EEA or those with bilateral agreements) for at least the previous three years on the first day of the apprenticeship.

P312 The European Economic Area (EEA) includes all the countries and territories listed below (from paragraph P337).

P313 Nationals of any EU (or EEA) countries who have been ordinarily resident in the EEA (including other countries determined to be within the EEA or those with bilateral agreements) for at least the previous three years before the first day of the apprenticeship must be treated equally to UK residents while the UK remains part of the EU. That will remain the case for the full funding year 1 August 2019 to 31 July 2020. Full details of any changes to eligibility criteria after the UK has left the EU will be published in due course.

P314 The eligibility of individuals who do not meet the requirements in paragraph P311 is stated below.

Non-EEA citizens

P315 A non-EEA citizen is eligible for funding if they have permission from the UK government to live in the UK (not for educational purposes), and have been ordinarily resident in the UK for at least the previous three years before the start of the apprenticeship.

Individuals with certain types of immigration status and their family members

P316 Any individual with any of the statuses listed below, is eligible to receive funding and is exempt from the three-year residency requirement rule. You must have seen the individual’s immigration permission in these circumstances:

P316.1 refugee status;

P316.2 discretionary leave to enter or remain;

P316.3 exceptional leave to enter or remain (including Calais leave);

P316.4 indefinite leave to enter or remain;

P316.5 humanitarian protection;

P316.6 leave outside the rules;

P316.7 section 67 of the Immigration Act 2016; or

P316.8 the husband, wife, civil partner and child of any of the above in this paragraph (that is paragraphs P316.1 to P316.7).
The individual’s immigration permission in the UK may have a ‘no recourse to public funds’ condition. This does not include education or education funding, so this does not affect an individual’s eligibility, which must be decided under the normal eligibility conditions.

**Asylum seekers**

Asylum seekers are eligible to receive funding if they:

- have lived in the UK for six months or longer while their claim is being considered by the Home Office, and no decision on their claim has been made; or
- are in the care of the local authority and are receiving local authority support under section 23C or section 23CA of the Children Act 1989 or section 21 of the National Assistance Act 1948.

An individual who has been refused asylum will be eligible if they:

- have appealed against a decision made by the UK government against granting refugee status and no decision has been made within six months of lodging the appeal; or
- are granted support for themselves under section 4 of the Immigration and Asylum Act 1999; or
- they are in the care of a local authority and are receiving local authority support for themselves under section 23C or section 23CA of the Children Act 1989.

**Family members of EU and EEA nationals**

In the explanations below, the ‘principal’ is the European Union (EU) or EEA national. The ‘family’ or ‘family member’ is the apprentice, and must be the husband, wife, civil partner, child, grandchild, dependent parent or grandparent of the ‘principal’.

If the individual, who is a family member of an EEA national, has been ordinarily resident in the EEA for the three years prior to the start of their course, they are eligible for funding.

This table shows the eligibility for family members if:

- the family member is now ordinarily resident in England, but has not been ordinarily resident in the EEA for at least the previous three years before the start of learning; and
- the principal has been resident within the EEA for the last three years.

**Children of Turkish workers**

**P323** A child of a Turkish worker is eligible if:

**P323.1** the Turkish worker is ordinarily resident in the UK;

**P323.2** the Turkish worker is, or has been, lawfully employed in the UK; and

**P323.3** the child has been ordinarily resident in the EEA and/or Turkey for the full three-year period before the start of their programme.

**Persons granted stateless leave**

**P324** A person granted stateless leave is a person who has:

**P324.1** Extant leave to remain as a stateless person under the immigration rules (within the meaning given in section 33(1) of the Immigration Act 1971).

**P324.2** Been ordinarily resident in the UK and Islands throughout the period since the person was granted such leave. The UK and Islands are: England, Scotland, Wales, Northern Ireland, the Channel Islands and the Isle of Man.

**P325** A stateless person must:

**P325.1** be ordinarily resident in the UK on the first day of the apprenticeship; and

**P325.2** have been ordinarily resident in the UK and Islands throughout the three-year period preceding the first day of the apprenticeship.

**P326** Certain family members are also eligible under this category:

**P326.1** the spouse or civil partner of a person granted stateless leave (and who was the spouse or civil partner of that person on the leave application date), who is ordinarily resident in the UK on the first day of the apprenticeship, and who has been ordinarily resident in the UK and Islands throughout the three-year period preceding the first day of the apprenticeship; or

**P326.2** the child of a stateless person or of the stateless person’s spouse or civil partner (and who was the child of that stateless person or the child of the stateless person’s spouse or civil partner on the leave application date), was under 18 on the leave application date, is ordinarily resident in the UK on the first day of the apprenticeship, and has been ordinarily
resident in the UK and Islands throughout the three-year period preceding the first day of the apprenticeship.

P327 ‘Leave application date’ means the date on which a persons granted stateless leave made an application to remain in the UK as a stateless person under the immigration rules (within the meaning given in section 33(1) of the Immigration Act 1971).

Those in the armed forces or outside of England

P328 As an exception, we will also allow the following individuals to be funded from an employer’s apprenticeship service account or using government-employer co-investment:

P328.1 Armed forces and Royal Fleet Auxiliary personnel to undertake a statutory English apprenticeship wherever they are based in the United Kingdom.

P328.2 Members of other nations’ armed forces stationed in England and their family members, where the family member has a right to work in the United Kingdom, if the armed forces’ individual has been ordinarily resident in England for three years. We will not fund family members that stay outside of England.

P328.3 Apprentices whose occupation involves significant travel outside of the UK as part of their job (such as in travel or tourism) or work offshore (such as on an oil platform) and they have an identified registered work location in England. You must not claim for the additional expense of delivering learning outside of England.

Further information for 16 to 18 year-olds

P329 16 to 18 year-olds are eligible to be funded for an apprenticeship if any of the following clauses apply:

P329.1 they are accompanying or joining parents who have the right of abode, leave to enter or leave to remain in the UK (or accompanying or joining parents who are EEA nationals);

P329.2 they are the children of diplomats;

P329.3 they are the children of teachers coming to the UK on a teacher exchange scheme;

P329.4 they are entering the UK (where not accompanied by their parents) and are British (or EEA) citizens;

P329.5 they have a passport that has been endorsed to either show they have the right of abode in the United Kingdom or to show that they have no restrictions on working in the UK;

P329.6 they are an asylum seeker;
they are placed in the care of the local authority; or

they meet the requirements for any other eligible category in this document.

You can find further information on eligibility from the UK Council for International Student Affairs (UKCISA).

Countries or areas where residency establishes eligibility for our funding

Member states of the European Union. You can access a list of European Union (EU) member states on the EU website.

Other territories are categorised as being within the European Union for the purposes of the fees regulations; these are as follows:

Cyprus: any Cypriot national living on any part of the island qualifies for EU residency and is considered an EU national;

Finland: includes the Aland Islands;

France: the French Overseas Department (DOMS) (Guadeloupe, Martinique, French Guiana (Guyana), Reunion and Saint-Pierre et Miquelon) as part of metropolitan France;

Germany: includes the former German Democratic Republic and the tax-free port of Heligoland;

Portugal: includes Madeira and the Azores but not Macau;

Spain: includes the Balearic Islands, the Canary Islands, Ceuta and Melilla; and

United Kingdom: includes Gibraltar.

The Channel Islands and Isle of Man are part of the United Kingdom and Islands but not part of the EU. The Channel Islands and Isle of Man are not classed as part of England for apprenticeship funding purposes. The UK, Channel Islands and Isle of Man are collectively referred to as the UK and Islands.

Andorra, Monaco, San Marino and the Vatican are not part of the EU.

For funding eligibility purposes, EEA and eligible overseas dependent territories are defined as all member states of the EU and Iceland, Liechtenstein, Switzerland, Norway and all the eligible British Overseas Territories and EU overseas territories (listed in paragraph P337 below).

Although Switzerland is not part of the formally recognised EEA, its nationals are eligible under various international treaties signed by the UK and Swiss governments.

Individuals who are nationals of certain British Overseas Territories and of certain European overseas territories are eligible for funding, ensuring they comply with the three-year rule on residence in the EEA. These are as follows:
• Anguilla
• Bermuda
• British Antarctic Territory
• British Indian Ocean Territory
• British Virgin Islands
• Cayman Islands
• Falkland Islands
• Henderson Island
• Montserrat
• Pitcairn, Ducie and Oeno Islands
• South Georgia and the South Sandwich Isles
• St Helena and its dependencies
• Turks and Caicos Islands
• Greenland and Faroe Isles
• Antilles (Bonaire, Curacao, Saba, St Eustatius and St Maarten)
• Aruba
• New Caledonia and its dependencies
• French Polynesia
• Saint Barthélemy
• The Territory of Wallis and Futuna Islands
• Mayotte
• French Southern and Antarctic Territories
Glossary

Account
An employer’s account or apprenticeship service account is part of the apprenticeship service that will allow employers to view the funds that they have available to direct us to pay for their chosen apprenticeship training and assessment in England.

Apprentice
An apprentice is a person engaged under an apprenticeship agreement (or alternative arrangement).

Apprenticeship
An apprenticeship is a job with training. This includes the training and (where required) end-point assessment for an employee. The full definitions of (i) an English apprenticeship (frameworks) and (ii) an approved English apprenticeship (standards) can be found in Part 1 of the Apprenticeships, Skills, Children and Learning Act 2009.

Apprenticeship agreement
An apprenticeship agreement is between an employer and an apprentice, either in accordance with the Apprenticeships, Skills, Children and Learning Act 2009 sections 32 to 36 (for frameworks) or section A1 (for standards – an approved English apprenticeship agreement).

(The) Apprenticeship service
The digital interface to services designed to support the uptake of apprenticeships. The service is aimed primarily at employers who engage with main providers and apprenticeship assessment organisations to deliver and facilitate the apprenticeship programme. It allows employers to choose, and pay for, the apprenticeship training that they want and will support the uptake of apprenticeships. The service contains information coming from a range of different sources, including main providers.

Apprenticeship service account
The area on the apprenticeship service where employers can manage their funding and apprentices, view their account balance and plan their spending.

Apprenticeship training agency (ATA)
An organisation whose main business is employing apprentices who are made available to employers for a fee.

Apprenticeship levy
The apprenticeship levy is a levy on UK employers to fund apprenticeships. The levy is charged at a rate of 0.5% of an employer’s pay bill. Each employer will receive an allowance of £15,000 to offset against their levy payment.
**Break in learning**

This is a break in training where an individual is not continuing with their apprenticeship but has told the employer beforehand that they intend to resume their apprenticeship in the future.

**Commitment statement**

A statement held by the main provider, the apprentice and their employer. The commitment statement sets out how the apprentice will be supported to successful achievement of the apprenticeship. It must be signed by the apprentice, their employer and the main provider, and all three parties must retain a current signed and dated version.

**Contract for service**

A contract between a contractor and a client.

**Contract of service**

A contract between an employee and employer.

**Delivery subcontractor**

Delivery subcontractors are any organisation contracted through a main provider or employer-provider to deliver apprenticeship off-the-job training, English or maths or planned on-programme assessment. This excludes end-point assessment organisations; end-point assessment organisations are not delivery subcontractors. It also excludes subcontractors you use for different services, including help with marketing or data management, as well as those who deliver training to an apprentice that is in addition to the apprenticeship and not funded through this route.

**Distance learning**

Learning delivered remotely (not face-to-face). This could include, but is not limited to, e-learning and webinars.

**Earnings adjustment statement (EAS)**

The earnings adjustment statement is how main providers claim funding that cannot be claimed through the individualised learner record.

**Employed**

An individual who has a contract of service. This does not include individuals who are self-employed.

**Employer**

We use the term 'employer' to mean an organisation that has a contract of service and an apprenticeship agreement with an apprentice. This can include an apprenticeship training agency (ATA). This may also include a company or charity whose PAYE scheme the employer has connected to their apprenticeship service account in accordance with HMRC’s definition of connected companies and charities. All references to an ‘employer’ are in relation to the whole organisation and companies linked by directors and not individual sites or locations.
Employer-provider

Any organisation who delivers some, or all, of the ‘off-the-job’ training element of an apprenticeship to their own staff and holds a contract with us through which we directly route funds from their apprenticeship service account or government-employer co-investment. The employer-provider will have overall responsibility for the training and on-programme assessment conducted by themselves, their delivery subcontractors and will have a contractual relationship for the end-point assessment conducted by an end-point assessment organisation. The payment for the end-point assessment is through the employer-provider.

End-point assessment organisation

End-point assessment organisation are organisations on the Register of End-Point Assessment Organisations. End-point assessment organisations are selected by the employer. You and the end-point assessment organisation will need a form of contract in writing in order for them to be paid for delivering the end-point assessment as part of the agreed apprenticeship programme.

Evidence pack

A collection of documents and information brought together to form a single point of reference relating to the learning that is taking place. This provides the evidence to prove that the apprentice exists and is eligible for funding. It also provides the evidence for the learning that has been or is to be provided.

Exceptional learning support (ELS)

Exceptional learning support is when the needs of the apprentice are over £19,000 in a single year.

Final day

The date entered onto the ILR when the apprentice is expected to complete the practical period of their apprenticeship. This is the end of the training period and does not include end-point assessment (for standards).

Framework

The term framework (sometimes referred to as apprenticeship framework) covers the apprenticeship frameworks which are available for delivery. The legislation relating to frameworks (English apprenticeships) has been repealed but saved until frameworks have been phased out (Deregulation Act 2015 (Commencement No. 1 and Transitional Saving Provisions) Order 2015).

Functional skills

Applied practical skills in English, maths and ICT that provide the individual with the essential knowledge, skills and understanding to enable them to operate effectively and independently in life and work.

Funding agreement

Throughout this document the term ‘funding agreement’ is used to include:
• the apprenticeship levy provider funding agreement;
• the contract for services – apprenticeships (between the ESFA and main providers delivering apprenticeships to non-levy-paying employers).

Gateway requirements

These are requirements set out in the assessment plan that must be met by the apprentice prior to undertaking end-point assessment of the apprenticeship standard. They will include the completion of English and maths qualifications (where applicable) and completion of any on-programme mandatory qualifications (where applicable) along with satisfactory evidence (as determined by the employer, in consultation with the main provider) that the apprentice has achieved the necessary knowledge, skills and behaviours set out in the standard.

Government-employer co-investment

Government-employer co-investment is funding that is not paid for from an employer’s apprenticeship service account (because the employer does not pay the levy or has insufficient levy funds in their apprenticeship service account). Employers will need to make a mandatory co-investment with the government.

Higher and degree apprenticeships

An apprenticeship where the main learning is at level 4 or above (including higher education qualifications).

(The) Hub

The hub provides online services including the return of your ILR and completed EAS. You can also search all learning aims, components of qualifications, apprenticeship frameworks and standards along with their validity and funding details.

Immigration permission

The permissions, or otherwise, granted by the government of the United Kingdom for an individual to reside here.

Individualised learner record (ILR)

The primary data collection requested from training providers for further education and work-based learning in England. The data is used widely, most notably by the government, to monitor policy implementation and the performance of the sector. It is also used by organisations that allocate funding for further education.

Integrated standard

An integrated standard is where the end-point assessment is incorporated into the main learning aim (usually a degree or other full higher education qualification). In these cases, there is no need for an additional independent assessment.

Learning

The term learning in this document, when used, is interchangeable with training. See the definition of training here.
Levy-paying employer

An employer with an annual pay bill of over £3 million.

Licence to practise

Where it is a legal (or statutory) requirement for all practitioners to obtain a licence which confirms the licence holder meets prescribed standards of competence, including situations in which it is unlawful to carry out a specified range of activities for pay without first having obtained a licence.

Main provider

Any organisation holding a contract with us through which we directly route funds from an employer's apprenticeship service account or government-employer co-investment. The main provider will have the overall responsibility for the training and on-programme assessment conducted by themselves and their delivery subcontractors, and have a contractual relationship on behalf of the employer for the end-point assessment conducted by an end-point assessment organisation. The payment for the end-point assessment organisation is through the main provider.

Mentoring

To include in off-the-job training, mentoring must impart new learning to the apprentice directly linked to the achievement of the apprenticeship by a more senior or experienced member of staff. This does not include general line management. The apprentice must not be doing productive work.

Normal working hours

In relation to off-the-job training we mean the apprentice’s paid hours. This excludes overtime which, by its nature, is unplanned.

Off-the-job training

Training which is not on-the-job training and is received by the apprentice, during the apprentice’s normal working hours, for the purpose of achieving the approved apprenticeship standard to which the agreement or arrangement relates.

On-the-job training

Training which is received by the apprentice during the apprentice’s normal working hours for the sole purpose of enabling the apprentice to perform the work to which the agreement or arrangement relates.

Ordinarily resident

For funding purposes, a person who normally lives in the country, is allowed to live there by law, and return there after temporary trips outside the country. Temporary absences from a country due to the learner or a relevant family member working or travelling abroad would be discounted when considering ordinary residency.
Personal learning record (PLR)

The personal learning record (PLR) allows individual apprentices access to their past and current achievement records. These can be shared with schools, colleges, further education training providers, universities or employers when making an application to further their education, training and employment.

Practical period

The period for which the employer and apprentice agree that the apprentice will work and receive training under their approved English apprenticeship agreement. It does not include end-point assessment (for standards).

Redundancy

The statutory definition of redundancy (Employment Rights Act 1996) identifies three sets of circumstances (business closure, workplace closure, diminished requirements of the business for employees to do work of a particular kind) and an employee’s dismissal can be considered to be by reason of redundancy if one of the circumstances above is the reason for the dismissal.

Register of Apprenticeship Training Providers

The register of apprenticeship training providers is a list of organisations that are eligible to receive government funding to train apprentices.

Register of End-Point Assessment Organisations

A Register of End-Point Assessment Organisations from which an employer can select an organisation (to be contracted by a main provider) to deliver the end-point assessment as part of the employer’s agreed apprenticeship programme.

Self-directed distance learning

This is where the apprentice is working alone with on-line material. The material is not delivered in real time and there is no interactive support.

Standard

We use the terms ‘standard’ and ‘apprenticeship standard’ to cover the apprenticeship standards which have been approved and published by the Institute for Apprenticeships and Technical Education. Apprentices can only be enrolled against an apprenticeship standard once it is identified as ‘approved for delivery’ on the Institute for Apprenticeships and Technical Education website. The Deregulation Act 2015, the Enterprise Act 2016 and the Technical and Further Education Act 2017 inserted the statutory provisions relating to standards (approved English apprenticeships), and the Institute for Apprenticeships and Technical Education and its functions, into ASCLA 2009.

Start of learning

The date on which learning begins. We do not consider enrolment, induction, diagnostic assessment or prior assessment to be part of learning.
Subcontractor

A legal entity that has a contractual relationship with a main provider to deliver apprenticeship training funded by us.

This document

This document refers to the Apprenticeship Funding Rules for Main Providers, August 2019 to July 2020.

TNP

The total negotiated price agreed between a main provider and an employer.

Training

We use the term training to mean the delivery of training and on-programme assessment by a main provider or any organisation contracted to a main provider for this purpose.

Training provider

Term training provider refers to any organisation on the Register of Apprenticeship Training Providers and appointed by an employer and/or holding a current funding agreement with us or contracted through a main provider for the delivery of training and on-programme assessment, as part of the employer’s agreed apprenticeship programme. This includes companies, charities, bodies, colleges, universities, sole traders, and other types of legal entity, including those who are in the same group as, or are associated with, the main provider. This excludes individuals who are self-employed or supplied by an employment agency and who are working under the main provider’s direction and control, in the same way as an employee.

Unique learner number

A 10-digit number used to match a learner’s achievement to their personal learning record (PLR).

Written agreement

The main provider must have a written agreement in place with the assessment organisation and make payment to them for conducting the end-point assessment. The written agreement must set out the arrangements for end-point assessment including arrangements for any retakes and the transaction of payments.

Zero-hour contracts

Contracts which do not specify a set number of hours for the employee.
