CONSULTATION: THE REGISTRATION OF NEW TOWN OR VILLAGE GREENS

I am writing to invite views on proposals to reform the system for registering new town or village greens under section 15 of the Commons Act 2006.

The Government is seeking an improved balance between protecting high quality green space valued by local communities and enabling the right development to occur in the right place at the right time. It also seeks to reduce the burden on local authorities which are responsible for implementing it, and on landowners who are affected by applications. The case for change and proposals for achieving improvements to the current system are set out in the consultation document. The consultation is being launched on the same day as the Department for Communities and Local Government publishes for consultation a draft of the National Planning Policy Framework, which gives more details of the Government's commitment, announced in the [Natural Environment White Paper](#), to introduce a Local Green Spaces Designation through the planning system.
