

March 2007

Register of Licensed Public Spaces in England and Wales

Information in this register is intended to help event organisers and touring entertainment providers plan events where licensable activities will be carried on. Whilst a site may be licensed for a particular activity that does not mean it can be used without the permission of the local authority. Certain restrictions and conditions will apply to most licences and users should contact the appropriate person for further information and permission to use a site recorded in this document.

It is an offence to carry on, or attempt to carry on a licensable activity without or not in accordance with the authorisation provided by a premises licence, a club premises certificate or a temporary event notice. The sentence on conviction of this offence is a fine up to £20,000, or up to six months' imprisonment, or both.

Further information about the Licensing Act is available on the DCMS website: www.culture.gov.uk

For information about licensed public land in local authority areas that are not on the list, please contact your local authority. Contact details for local authorities can be found on the Directgov website.

Local Authorities wishing to add their licensed sites to the register or wanting further information, should email: licensedpublicland@culture.gsi.gov.uk
