

**Scientific Advisory Committee on Nutrition:
register of declared interests**

October 2019

Table of Contents

Types of interests	4
Personal or family financial interest	4
Non-personal financial interest	4
Personal non-financial interest	5
SACN Main Committee	6
Professor Peter Aggett	6
Ms Gill Fine.....	10
Dr Darren Greenwood	13
Professor Paul Haggarty.....	19
Professor Susan Jebb	22
Professor Susan Lanham-New	28
Professor Julie Lovegrove	30
Professor Ian Macdonald.....	35
Professor Harry McArdle	45
Dr David Mela	45
Professor Ken Ong	51
Mrs Gemma Paramor	52
Professor Hilary Powers	55
Professor Ann Prentice.....	56
Professor Angus Walls	64
Professor Sian Robinson	66
Dr Stella Walsh.....	67
Professor Charlotte Wright	68
Professor Ian Young.....	72
SACN Subgroup on Maternal and Child Nutrition (SMCN).....	74
Professor Annie Anderson.....	74
Professor Alan Jackson	83
Professor Mairead Kiely.....	87
Professor Lucilla Poston	90
SACN Saturated Fats Working Group.....	94
Dr Jules Griffin	94
Professor Timothy Key	97
Joint SACN / NHS England / Diabetes UK Working Group on low carbohydrate diets for people with type 2 diabetes	98
Dr Pamela Dyson.....	98
Professor Nita Forouhi.....	101
Dr Rachel Pryke.....	106
Professor Roy Taylor	109

Mr Douglas Twenefour	111
Ms Ruth Waxman	113

Types of interests

Personal or family financial interest

Personal financial gain or financial gain to a family member¹ through, for example:

- holding a directorship, or other paid position in an organisation related to the work of SACN;
- carrying out consultancy or fee-paid work for an organisation related to the work of SACN;
- having shareholdings or other beneficial interests in a business related to the work of SACN;
- receiving expenses or hospitality to attend conferences or workshops or similar meetings related to the work of SACN, from any organisation other than their employer;
- receiving gifts with a value greater than £25² (for *personal* interests only) from organisations related to the work of SACN; or
- receiving honoraria for meetings or similar, related to the work of SACN.

Members should declare whether or not the cumulative total of all personal financial interests from a single body/source related to the work of SACN exceeds £5,000 per annum.

Members should declare the funding source of their salaries, should it be derived from an organisation other than their main employer if this connection could be construed as having the potential to influence their judgement in the exercise of their duties.

Non-personal financial interest

Payment or other benefit to an organisation in which a member is employed, which is not received personally but is for work in which a member is directly involved or is directly responsible for, from a body relating to the work of SACN, including:

- a grant or fellowship or other payment to sponsor a post, or contribute to the running costs of the department;
- commissioning of research or other work, by a unit in which a member is employed;
- funding for, or other contributions to, research; or
- contracts with, or funding from, PHE.

¹ Spouse or partner and dependents

² Value taken from PHE's *Conflicts of interest policy and procedure*

Members should declare whether or not the cumulative total of all non-personal financial interests in a single body/source exceeds £5,000 per annum.

Members are not required to declare all relevant interests of their co-workers, it is only necessary to declare those in which a member is jointly involved or for which a member has oversight / responsibility.

Personal non-financial interest

This refers to a situation in which a member has acted in a way such that the public might reasonably believe that he or she may not consider evidence in a fair and unbiased manner. Examples include:

- active advocacy on behalf of an organisation with a strong opinion on a matter under consideration;
- other public or published statements expressing a clear opinion about a matter under consideration;
- holding office in a professional organisation, charity or advocacy group with a direct interest in a matter under consideration by SACN;
- authorship or co-authorship of a document used as evidence in a matter currently under consideration by SACN.

Considering that members are appointed on the basis of their scientific expertise on topics related to the work of SACN, it is expected that papers authored or co-authored by members will be used to inform committee reviews. It is not necessary to include a list of publications or articles in the register of interest, but where a member's paper is considered as part of a review, this should be highlighted in the minutes of the relevant discussion.

If a member has an interest not specified in these notes but which they believe should be declared, they should seek advice from the secretariat.

SACN Main Committee
