

Starting nursery?

- Visited the nursery
- Settling-in sessions
- Vaccines up to date

Pre school jobs include:

- MMR1 at age 1 year
- MMR2 at 3 years 4 months
- Booster at 3 years 4 months

When your child starts nursery they will be learning and playing with more children. If they are not up to date with their jobs, they could be at risk of catching preventable diseases.

Check their personal health record (Red Book) and contact their GP surgery to ensure your child has had all their routine vaccinations. To get the best protection for your child, they need to have had two doses of MMR vaccine and be up to date with all their routine vaccinations.

For a full checklist of all the vaccines and the ages at which they should ideally be given visit: www.nhs.uk/conditions/vaccinations
