1 Introduction

- 1.1 This Framework document has been drawn up by the Department for Business, Energy & Industrial Strategy (BEIS) and the Devolved Administrations¹ in consultation with the Committee on Radioactive Waste Management (CoRWM). It replaces CoRWM's Terms of Reference.
- 1.2 The document sets out the broad framework within which CoRWM will operate and covers the following areas:
 - Role of CoRWM.
 - Governance and accountability.
 - Working arrangements for CoRWM.
- 1.3 CoRWM members are always expected to comply with the Framework Document and its associated documents.
- 1.4 This document does not convey any legal powers or responsibilities.
- 1.5 This document is a living document and will be reviewed at least annually and will be updated as necessary to reflect changes in policy, management and requirements of the committee. The document will be signed and dated by BEIS, the Devolved Administration² and the Chair of CoRWM.

¹ References to "Devolved Administrations" in this document refers to the Scottish Government, Welsh Government and the Northern Ireland Civil Service in the absence of the Northern Ireland Executive

² In Northern Ireland, this is subject to decisions to be made by incoming Ministers, see footnote 3 below

2 Sponsorship and Funding of CoRWM

- 2.1 CoRWM is jointly sponsored by and will provide advice to the UK Government, the Scottish Government, the Welsh Government and the Department of Agriculture, Environment and Rural Affairs.
- 2.2 The Committee is funded by the UK Government through the Department of Business Energy & Industrial Strategy (BEIS). BEIS will be responsible for the provision of and management of the CoRWM Secretariat and the Administration of the committee. The BEIS Permanent Secretary will be the Principle Accounting Officer (PAO) and discharge the appropriate duties in relation to CoRWM. They will nominate an official to act as the lead sponsor for the committee who will supervise the CoRWM Secretariat and ensure compliance with relevant policies.
- 2.3 In Scotland, the sponsor role will be performed by the relevant Scottish Minister and a Scottish Government official will act as a liaison between the Scottish Ministers and the committee.
- 2.4 In Wales, the sponsor role will be performed by the relevant Welsh Minister and an official in the Welsh Government will act as a liaison between the Welsh Ministers and the committee.
- 2.5 Under temporary arrangements for managing government business in Northern Ireland officials from the Northern Ireland Civil Service have worked with the UK Government on the development of this document³.
- 2.6 In the absence of a Northern Ireland Executive, a senior official within DAERA will act as a liaison between the Department and the Committee and fulfil any sponsorship role.
- 2.7 Sponsors of the Committee will form the Sponsor Group that will meet regularly, no less than bi-annually. The Sponsor Group will be chaired by BEIS Officials unless otherwise delegated.
- 2.8 BEIS will allocate appropriate and reasonable funding and agree appropriate resources to fund work relating to the specific needs of other Sponsors subject to the Committee's annual funding settlement. This will be discussed and agreed in advance as part of the CoRWM work programme or as per procedures for dealing with ad-hoc tasks throughout the year.
- 2.9 Devolved Administrations will have the ability to provide funding for the committee to deliver additional work on an ad hoc or regular basis beyond the normal scope of the work programme or that is not approved by BEIS in its annual work plan.

³ Officials from the Northern Ireland Civil Service have engaged in the development of this framework as the policy area intersects with the devolved competence of the NI Assembly. However, in the absence of the NI Executive, references to Northern Ireland matters are without prejudice to the views of future NI Executive Ministers, who may wish to review these arrangements. Similarly references to commitments made by the devolved administrations should be taken to mean the Scottish Government and Welsh Government and not the views of the NI Executive.

- 2.10 Authorisation to complete additional funded work will not be unreasonably withheld unless it has an impact on the delivery of the committees agreed programme of work. Changes to the funding of the committee will be reflected upon during reviews of the governance of the committee and the roles of sponsors.
- 2.11 BEIS will undertake the recruitment for new and additional members of the committee as necessary and Devolved Administrations will be asked to participate in the recruitment process and endorse all recruitment decisions. BEIS may, if deemed necessary, choose to renew the tenure of the existing members in consultation with the Devolved Administrations [or Sponsor Ministers].
- 2.12 BEIS will agree the work programme and annual report with CoRWM. Devolved Administrations will be invited to provide comments on both these documents and to endorse them.

3 Role of CoRWM

- 3.1 CoRWM was established in 2003 as a non-statutory advisory committee and is classed as a non-departmental public body (NDPB). Its purpose is to provide independent advice to the UK Government, and Devolved Administrations based on scrutiny of the available evidence on the long-term management of radioactive waste, arising from civil and, where relevant, defence nuclear programmes, including storage and disposal.
- 3.2 The remit for CoRWM is to give independent scrutiny and evidence-based advice on issues that concern the management, storage and disposal of radioactive waste to:
- The UK Government.
 - The Devolved Administrations.
 - The Nuclear Decommissioning Authority (NDA), including Radioactive Waste Management (RWM).
 - Other interested parties (with the agreement of Sponsors).
- 3.2.1 CoRWM's remit covers radioactive waste arising from civil, and where relevant, defence nuclear programmes, together with material that could potentially be included in the inventory for disposal in a geological disposal facility but has not yet been declared as waste.
- 3.2.2 This involves providing independent, evidence based advice on scientific, technical, planning, legislative and regulatory issues relevant to radioactive waste management, including government policy and the NDA's and RWM's strategies, programmes and processes. This scrutiny and advice will be delivered in such a way that does not duplicate the role already fulfilled by the statutory independent safety, security and environmental regulators.
- 3.2.3 The precise focus of CoRWM's work is agreed through discussion with the UK Government and the Devolved Administrations and is set out in its three-year rolling work programme, updated at least annually. The Committee will, as appropriate, undertake additional work as discussed and agreed with sponsors and in all its work use both the range of member expertise and other inputs as appropriate.
- 3.2.4 CoRWM's scrutiny and advice will be independent and includes the duty to report any matters of concern as well as a duty to maintain public confidence in the work under consideration. CoRWM will seek to engage and communicate openly and regularly with stakeholders and with the public whilst ensuring that high ethical and professional standards apply, and that confidentiality is maintained as and when appropriate.
- 3.3 In fulfilling its remit to provide independent and evidence-based advice, CoRWM is expected to maintain an independent overview of the scientific and technical issues relevant to the delivery of UK Government and Devolved Administrations' radioactive waste management programmes. It should bring to the attention of relevant Ministers' issues that it considers to be either:
- Positive and worthy of note.
 - Concerns that in the Committee's opinion need to be addressed.

3.4 CoRWM will have collective responsibility for:

- Recognising the policy framework within which it will operate, including the roles and responsibilities of UK Government and Devolved Administrations, the NDA, RWM and the various statutory independent regulators in relation to CoRWM's own advisory role.
- Delivering its evidence-based advice to Sponsor Ministers in accordance with agreed work programmes.
- Delivering the work programme within the agreed budget and in accordance with HMT guidance 'Managing public money'. The Chair may request sponsor Ministers provide an adjustment to this budget should it be considered necessary.
- Submit an annual written report to sponsor officials by 31 May each year. The report will include CoRWM's progress with the agreed work programme, advice deriving from it and costs incurred. Copies of the report are to be made available to members of the public on the CoRWM's website.

3.5 Subject to paragraph 2.2 the objectives of CoRWM are as follows: Advice on the management, storage and disposal of radioactive waste arising from civil, and where relevant, defence nuclear programmes, together with material that could potentially be included in the inventory for disposal in a geological disposal facility but has not yet been declared as waste. Scientific and technical advice on the Nuclear Decommissioning Authority (NDA) and Radioactive Waste Management Ltd's (RWM) proposals, plans and programmes to deliver geological disposal, together with robust interim storage, for the UK's higher activity waste. Community and public engagement to promote the work of the committee and support its advice as it pertains to policy of the UK Government and Devolved Administrations.

4 Specific accountabilities and responsibilities of BEIS and Devolved Administrations' Principal Accounting Officers and Sponsoring Officials

The Committee will need to decide how best to secure access to other appropriate sources of expert input during the course of its work. It will have the option of setting up expert sub-groups containing both CoRWM members and other appropriate co-opted persons. The engagement of consultants will be dependent on sufficient funds being available to CoRWM and the necessary business cases being approved by sponsors as appropriate and, if required, Cabinet Office.
