**2020 PENSIONS INCREASE MULTIPLIER TABLES**

1. This paper gives details of the multiplier tables for public service pensions, which take effect from 6 April 2020.
2. Section 59 of the Social Security Pensions Act 1975 (as amended) provides for public service pensions to be increased annually by the same percentage as additional pensions (State Earnings Related Pension and State Second Pension). As the Parliamentary Under Secretary of State for Family Support, Housing & Child Maintenance has confirmed, benefits such as additional pensions will be increased by 1.7 per cent from April 2020, in line with the increase in the Consumer Prices Index in the 12 months to September 2019. The Chief Secretary to the Treasury then made a Written Statement on 25 February 2020 confirming that public service pensions would also be increased by the same percentage, which is 1.7 per cent, from 6 April 2020.
3. We expect the Pensions Increase (Review) Order to be laid during March 2020. The attached spreadsheet (containing Annex B for increases to pensions in payment and Annex C for increases to lump sums) sets out the increases and multipliers that apply to preserved pensions and lump sums from 6 April 2020.
4. The tables in Annex B and Annex C are available on the HM Treasury website at the following location: <https://www.gov.uk/government/publications/public-service-pensions-increase-2020>
