You must therefore refer to the actual text of the particular agreement in question before completing the declaration and claiming relief or exemption from UK tax under the terms of that agreement.

Total partial relief claimed £

Please note that tax on stock dividends is not relievable under DTAs because it is notional tax which is not repayable.

*** You should calculate the tax due on this income taking into account the appropriate rate bands and any allowances that may alter your tax figure.

Please also exclude any UK tax already repaid to you or included on a separate claim already made to HMRC.
