Introduction to the RDPE Countryside Productivity Small Grant Round 2

Includes:

- How the government manages these grants
- Government guarantees about funding after the UK leaves the EU

Introduction to the RDPE Countryside Productivity Small Grant Scheme

This handbook explains what Round 2 of the RDPE CPSG grant is for, who is eligible, how to apply and if successful, how to claim.

CPSG provides investment towards specific items of equipment which will improve productivity and efficiency for farming and horticultural businesses. Eligible items for this Round are listed at Annex 3.

Please read this guidance carefully to decide whether the items under this scheme meet the investment plans for your business, and if you qualify for support.

How the government manages these grants

The Rural Payments Agency (RPA) delivers the grants.

Our role is to assess applications for grants, make offers for grant funding and make grant payments on behalf of Department for Environment, Food & Rural Affairs (Defra).

We may at any time and without further notice change the date that these grants close to applications.

Government guarantees about funding after the UK leaves the EU

The government has guaranteed funding for the RDPE CPSG if projects are:

- agreed and signed before 31 December 2020
- good value for money and
- in line with domestic strategic priorities

About the Countryside Productivity Small Grant Scheme

About the Countryside Productivity Small Grant Scheme

Who can apply?

Farmers (including livestock, dairy, arable and horticultural sectors) can apply.

If you are an Agent applying on behalf of a farmer, you must make sure that you have the correct permissions in place in the Rural Payments service. For more information on permissions, see 'Things you need to know.'

The following are not eligible to receive the grants:

- solely contracting businesses including those contract rearing animals*
- non departmental public bodies
- Local Authorities
- Crown bodies

* However, businesses whose main activity is farming but who also carry out some contracting work can apply.

You must not apply for a grant for any items that you have already applied for* or received funding for under the Fruit and Vegetables Producer Organisation Operational Programme or any other RDPE grant. Examples of RDPE schemes are the RDPE Growth Programme, LEADER, Countryside Productivity, Farming Recovery Fund, Cumbria Countryside Access Fund and Countryside Stewardship.

* If you were rejected or have withdrawn from any of these schemes, you can still apply, provided you have not been excluded from participation in RDPE schemes.

Can I apply for Round 2 even if I applied in Round 1?

If you applied for Round 1 and your application was successful, but did not reach the £12,000 maximum, you can apply in Round 2. However the grant value of your Round 2 application must be £3,000 or more. Therefore if you received more than £9,000 grant in Round 1, you will not be eligible to apply under Round 2.

If the grant value of your application is less than £3,000, your application will be rejected.

You may only proceed with one successful application per Round.

If your claim was rejected or withdrawn in Round 1, you can also reapply in Round 2.

I applied in Round 1:-	What can I apply for in Round 2?
Awarded and received a grant of £3,000 to £9,000	You are eligible to apply in Round 2
Awarded and received a grant of £9,000.01 to £12,000	You are NOT eligible to apply in Round 2
Withdrawn from Round 1 at either application or claim stage	You can apply for a grant between £3,000 to £12,000 grant
Rejected in Round 1 at either application or claim stage	You can apply for a grant between £3,000 to £12,000 grant

What the grants are for?

You can apply for funding towards specific items of equipment listed at Annex 3. Annex 4 provides a quick reference breakdown by sector.

All these items have been identified following consultation with industry groups and suppliers as helping achieve improvements in either:

- technical efficiency
- animal health and welfare
- resource efficiency or
- nutrient management

If the equipment you want is not listed at Annex 3, or differs from the specifications given, it is not eligible under this scheme. If you purchase any other items not on the list, ask your supplier to invoice you for these separately, it may take us longer to process your claim if these are included.

How much money can you apply for?

The grants are 40% of the standard costs listed in Annex 3 for a minimum grant of £3,000, up to a maximum of £12,000.

Applicants in Cornwall or the Isles of Scilly can receive up to 50% of the eligible costs in the application. We will use the location postcodes provided to check that you are eligible for the higher grant rate.

The standard cost for each item in Annex 3 is the actual fixed price which we will pay grant towards. For example, if the standard cost is £7,500, even if the actual amount you pay is only £7,000, you will receive 40% of £7,500 (or 50% if you are located in Cornwall).

You must buy all the items applied for by midnight 31 July 2020 and the items you purchase must meet the minimum specifications shown in Annex 3.

This price is based on new items only. Ex-display, ex-demo, second hand, part exchange, 'try before you buy' items are not eligible for this scheme.

There is no need for you to provide quotes for any item.

The standard cost is net of VAT. There is no option to claim extra VAT if you are not eligible to reclaim it.

You can buy an item that exceeds the specification, but you will only receive a grant based on the standard cost.

If the piece of equipment meets the specification of more than one item, you can only apply for grant on one of the items, for that piece of equipment. For example, if you buy a yield monitoring device, which also has variable rate control functionality, you can only apply for either SG41 Yield Monitoring or SG42 Variable Rate Controller, not both.

Other project funding

The remainder of the project costs must be paid for with money from private sources like savings, bank loan or credit card.

You can't fund the remainder of your project costs with other EU or UK public funds such as other grants.

If you need to register for the Rural Payments service, you must first verify your identity. Do this online with [GOV.UK Verify](#) as this gives you simple, trusted and secure access to all public services.

If you have any difficulties in registering through [GOV.UK Verify](#), please call RPA's helpline on 03000 200 301 and select the options to speak to the Rural Payments team. Only use this option if your query is about accessing the Rural Payments service. If your query is about eligible items, use the helpline number but select the option for the Countryside Productivity Small Grants team.

You must have a Single Business Identifier (SBI) number and Customer Reference Number (CRN). We won't be able to process your application without these.

You will normally have a main SBI and a CRN if you get other payments from RPA, like the Basic Payment Scheme. You will find these on any letters you've had from us.

Please see our YouTube clip on [how to find your CRN number](#) via Verify only

If you are not registered on Verify please call RPA's helpline on 03000 200 301 and select the options to speak to the Rural Payments team who can advise you of your CRN.

You must also make sure that your Rural Payments service record is up-to-date for your:

You can only do this over the phone – call us on 03000 200 301 and choose the ‘bank’ option. For security reasons, the RPA will not call you and ask for bank details. If we do need to contact you, you will be asked to call the helpline on 03000 200 301.

Match funding

You need to be aware that if your application is approved, you must have sufficient funds to pay for the items upfront before you get your grant payment.

For the purpose of the CPSG Round 2 grant this funding is not restricted by Industrial De Minimis.

The grant is awarded under Article 17(3) of Regulation (EU) No. 1305/2013 of the European Parliament and of the Council of 17 December 2013 by virtue of an exemption to the state aid rules provided in Article 81 of that Regulation.

If you want to check if a particular item is eligible, please email CPSGEnquiries@rpa.gov.uk with the make and model and a link to the supplier’s website so we can confirm. Or, call us on 03000 200 301 and select the option for the Countryside Productivity Small Grant Scheme.

Business size	Number of FTE employees	Annual turnover or balance sheet total*

Please read the Declaration carefully and tick the box to confirm you agree with the terms and conditions, which can be found at Annexes 1 and 2 of this handbook, before clicking the 'submit' button.

You should be aware that in certain scenarios grant support may be refused in full. This is when RPA determines that:

- a serious non-compliance by the applicant / grant beneficiary has occurred
- the applicant / grant beneficiary has provided false evidence
- the applicant / grant beneficiary has failed to provide the necessary information due to negligence.

If your application of grant support is refused in full, this may be applied for the calendar year of notification, plus the following calendar year. In addition, support may be refused for other Rural Development Programme for England schemes.

Applicants / grant beneficiaries will be notified and will have the right of appeal against such a decision.

Click '**Next**'.

A confirmation screen will show your unique 6 digit reference number. Please make a note of this as we will use this when we contact you about your application.

You will be given the option to print a copy of the summary page from your application. We advise you to do this and keep a copy for your records. Warning this will be your only opportunity to do this.

Once you've done this, you can close the webpage.

See Annex 5 for more CPSG Hints and Tips.

The earlier you submit your application, the more chance you have to correct any errors and resubmit your application.

What happens after you submit your application?

You will get an automatic email from us with your unique 6 digit reference number.

If you do not receive an email from CPSGEnquiries@rpa.gov.uk within a few minutes, please check your junk or spam email folders. If an email does not arrive, it is possible that your application has not been received by us. Therefore, you should complete and submit a new application.

If the portal is closed and your application doesn't meet the verification requirements your application will be rejected.

Application scoring

Once the portal has closed, the items in your application will be allocated a score based on how much they meet the following criteria:

- technical efficiency
- animal health and welfare
- health and safety
- resource efficiency

When will I hear about my application?

We will make a decision as soon as possible after the closing date of the application window. We can't provide updates on individual applications until they have all been assessed and scored.

If the portal is closed and your application doesn't meet the verification requirements, it will be rejected.

You must not order or buy any of the items in your application before you receive confirmation that your application has been approved. This will make your application and claim ineligible.

If your request for a grant is approved

If your application is approved, we will email you a GFA confirming your grant award which includes the claim form template. You will then be able to order or buy your items straight away.

The list of items in the GFA cannot be amended and all the items selected must be purchased if you wish to proceed with your claim. You must buy, pay for in full, install and claim for all items by midnight 31 July 2020.

You must keep accurate records of all spend (receipts and invoices) on which you wish to claim grant as you will need these to scan and submit with your claim.

If your application is rejected

If your application is rejected, RPA will send you an email to confirm the reason why. This could be because:

- your application did not meet the minimum score threshold for the Round
- we could not verify the link between the CRN and SBI number you provided using the information held in the Rural Payments service
- we could not verify the email address or postcode or business name you provided and it/they did not match those registered in the Rural Payments service
- we could not verify your Agent was authorised to submit an application on your behalf and the details did not match those registered in the Rural Payments service
- you've received funding for one or more of the items in your application under a Fruit and Vegetables Producer Organisation Operational Programme or another RDPE scheme including LEADER
- you are not a farmer or horticultural business

You can appeal against our decision in a limited number of circumstances. Read the '[How to appeal](#)' section of the RPA complaints procedure page on GOV.UK.

Your grant will be paid in a single instalment after you have paid for, taken delivery (and installed if required) all of the items on your approved application, they are fully operational, and you have submitted a completed claim template (with supporting eligibility evidence) and eligibility checks have been undertaken.

Please submit the following with your claim (tick list✓):

- a completed claim and declaration template - you will have received the claim template with your GFA email.
- attach copies of the invoices (requirements are detailed below).
- attach copies of your payment evidence - bank statement or business credit card statement to prove the items have been paid in full (requirements are detailed below).
- attach photographic evidence, showing the equipment in situ and operational, for each item (requirements are detailed below).

These should be either photographed or scanned and emailed to CPSGClaims@rpa.gov.uk by midnight 31 July 2020.

If you are unable to send electronic copies of your invoices or statements, please contact us and we will provide you with a postal address to send them to.

All correspondence in relation to your CPSG claim will be sent from CPSGClaims@rpa.gov.uk consider adding this email address to your trusted senders list, and remember to check your spam and junk mail folders.

Invoices

The invoice(s) must meet this specification, or they will not be accepted:

- individually describe each item in full
- breakdown of the cost of each item
- detail the manufacturer's make and model of the item purchased
- ideally quote the relevant SG item code from Annex 3 of this handbook against the item purchased
- be addressed to the same individual or business as detailed in the GFA email
- show the supplier's name, address, VAT number and date
- be from a supplier who is not part of or linked in any way to your business
- not include your own labour charges.
- not include hire purchase, lease purchase or part exchange items.

See Annex 5 for an example invoice.

We will only pay grant for those items that we agreed to fund based on your original application. If the invoice includes additional items that are not part of your CPSG application, you must clearly highlight the items you are claiming for.

Invoices must be paid in full and the payment must have left your bank account before you claim your grant funding.

If you have made a payment to a supplier that covers more than one invoice, you need to provide copies of all the invoices included in the payment.

Spend will be considered eligible where it:

- is listed in your GFA email
- meets the minimum specification set out in Annex 3 of this handbook
- is incurred after the date of the GFA email
- is for items which have been fully paid for by your business. This means payment for the items is shown on your business bank account statement or on your business credit card statement
- is for items that have been delivered, installed and are in use by the applicant's business
- is at the location(s) stated in your application
- is for new items only - ex-display, ex-demo, second hand, part exchange and 'try before you buy' items are not eligible.

See Annex 5 for more CPSG Hints and Tips

Payment evidence

You will need to send us copies of your bank statement or business credit card statement showing that all invoices have been paid in full by the applicant's business. For cheque or BACS payments, the cheque number or transfer reference should be visible on the statement.

Acceptable evidence includes screen shots from an online account showing payment details and bank logos, or a certified report printed from a banking system.

Bank statements must include the:

- bank's name and logo
- account holder name in full
- account number
- account balance – opening and closing balance of the bank statement period
- sort code
- transaction date
- transaction type (including payee ref/cheque number)
- transaction amount
- date bank evidence generated.

See Annex 5 for an example of a bank statement.

If other payments were included in the BACS transaction, we will need to see the full audit trail including the BACS statement and copies of any other invoices.

You must not make cash payments for any grant funded items as you will be unable to provide a satisfactory audit trail and we will not be able to pay any of your grant.

If you pay for any items with a credit card, the items must be purchased from the applicant's business credit card, not a personal account or a different business account. The credit card statement(s) must show that all invoices for grant related items have been paid in full by the applicant business.

If any other credit card is used, there must be evidence to show that the item is transferred to the ownership of the applicant before a claim is made.

If you pay for an item through a buying group, please provide evidence to show the applicant has paid the intermediary (Buying Group). The intermediary must also provide evidence that payment has been made to the supplier, this can either be an email from the supplier or a supplier statement i.e. there must be evidence to show that the applicant has paid the intermediary, and the intermediary has paid the supplier.

If you pay for an item on account, please ask your supplier to raise a separate invoice and take separate payment for the CPSG item to help with the invoice validation of the eligible spend.

You won't be able to use lease purchase or hire purchase to buy any of the items in your application as your business will need to have fully paid for all items and own the items outright.

Photographs

Your claim must be supported with photographs of each item

All photographs must meet the following standards:-

- show the item specification, in situ and working on your farm (not a representation of the item from a supplier)
- photographs must be clear, in focus, in colour and clearly show the capital item, and with no other objects in front of the item.
- photographs must include make and model number, to show the eligibility of the items against the specifications in Annex 3.
- digital images must not be smaller than 600 x 400 pixels and ideally the image file size no larger than 400 KB.
- for Handling Systems (SG1/2/27/28/31), photographs must demonstrate the layout of the system.

Avoid taking photos in which it is possible to identify individuals including employees unless you have obtained their permission to share their personal information with the RPA. If in doubt contact the RPA for guidance.

If you are unable to send electronic copies, please contact CPSGClaims@rpa.gov.uk or call us on 03000 200 301 and select the options for the Countryside Productivity Small Grant Scheme.

Claim deadlines

Your claim must be submitted by midnight 31 July 2020. If it is not received in this period, your grant award will be automatically withdrawn.

If you have any other queries when preparing your claim, please contact CPSGClaims@rpa.gov.uk or call us on 03000 200 301 and select the options for the Countryside Productivity Small Grant Scheme.

Withdrawing your claim

You can withdraw your claim at any time unless:

- you have already been told about an error in the claim
- you have been inspected (or receive advance warning of an inspection)
- an inspection reveals a breach of the rules.

If you wish to withdraw your claim, please email your request to CPSGClaims@rpa.gov.uk detailing your reasons for withdrawal. You should include your unique 6 digit reference number in your email.

Payment of your grant

Grant funding is paid directly into the bank account attached to your business's main SBI number registered in the Rural Payments service.

It is your responsibility to make sure a valid and active bank account for your business has been added to the main SBI before sending us your claim evidence. Failure to do so will result in your claim payment being delayed. If you need to add a bank account to your main SBI, contact the helpline on 03000 200 301 and follow the options for the Rural Payments team.

We aim to pay your complete claim within 30 working days of receipt of your claim evidence. If there are any issues, it may take longer. You may need to account for this if it will affect the cash flow of your project or business.

Inspections

Your claim for grant funding may be selected for inspection before the grant payment is made, or up to five years after this date.

All the details in your application, your claim and the declarations you make when submitting your application, claim and items will be checked at inspection. This will include a check on the dates on which the items were bought, who the invoice or invoices were made out to and the specification of the equipment.

Reductions and penalties

If you breach the terms of your GFA, the terms and conditions set out in Annexes 1 and 2 of this guidance, or you do not meet the relevant eligibility criteria for this scheme, grant payments may be withheld, and any grant previously paid may be recovered. In some circumstances, additional penalties may be applied, on a case by case basis.

Incorrect Claim

You must make sure that you claim only for eligible equipment from the approved list in Annex 3.

You must buy the correct items that meet the required specification and that the invoices you submit are clearly itemised and dated.

You must claim for all of the items applied for, and they must all have been bought after the date the approval email was sent to you.

Your claim will be considered incorrect and will be rejected if:

- you have not bought **all** of the items listed in the application
- you buy any items that are of the wrong kind or do not meet the minimum specification
- you have ordered or bought items before the GFA was sent to you
- the payment for the items on your claim has either not left your bank account before you claim, or is not listed on your credit card statement before you claim
- the supporting evidence that you provide with your claim does not meet the requirements set out in this handbook
- you made cash payments for any of the items
- you used lease purchase or hire purchase
- you bought ex-display, ex-demo, second hand, part exchange and 'try before you buy' items
- the photographs provided do not show each item as per the minimum specification, in situ and working on your farm.

If any part of your claim is incorrect, none of the grant will be paid

After you have received your grant

Items purchased with grant funding must be kept in situ, operational and in good repair. They must be used for the same purpose as set out in the original application, for five years from the date of the grant payment. We may recover some or all of the grant if you breach the grant agreement during that period.

You should record the items on the business's asset register and keep this for a minimum of five years from the date your claim is paid. You should also keep copies of any relevant documentation during this period. This includes original invoices, receipts and bank statements.

You must allow officials from RPA, Defra, National Audit Office and the European Commission and their representatives to inspect the equipment at any reasonable time within the five year period from the date of the final payment of your grant.

You must tell RPA in advance of:

- replacing or upgrading any of the grant funded items
- any changes in the ownership of the business that applied for grant
- any changes in the ownership of the grant funded items
- the business or grant funded enterprise/activity ceasing to trade or fundamentally changing the nature of its activities.

If any grant funded assets are sold, become redundant, or cease to be used for the purpose for which they were grant funded, the grant will be reclaimed pro-rata. This will be effective for five years from the date of your grant payment.

If the business changes ownership the item can either transfer to the new owner or the grant can be repaid to the RPA. You will need to contact the RPA for further advice.

All invoices, receipts, and accounts and any other relevant documents relating to the grant must be kept for at least seven years from the date of the final payment. This is a HMRC requirement to retain documentation.

If you have any other queries, please contact CPSGClaims@rpa.gov.uk or call us on 03000 200 301 and select the options for the Countryside Productivity Small Grant Scheme.

Publicity Requirements

Once you have received your grant, you must meet the following publicity requirements to display the European Union (EU) logo and publicise information about the funding you have received.

The following types of publicity need to have the EU logo and a reference to support from the EAFRD “The European Agricultural Fund for Rural Development: Europe Investing in rural areas”, as well as a reference to Defra:

- electronic materials (including websites)
- printed material and publications, such as newsletters and posters
- media and public relations material;
- events, conferences, seminars and workshop material;
- printed or electronic material for beneficiaries/participants
- descriptions of activity on website

Please see the EU website europa.eu for details on the correct logo to use. Search for ‘EUROPA – Resources for writers and publishers’ and choose ‘EU flag’.

The logo should be placed in a prominent position on all materials.

If this is not adhered to the grant will be reclaimed.

The relevant requirements are set out in [Annex III at 2.1 and 2.1 of Regulation \(EU\) No. 808/2014](#) and in [Annex III of Regulation \(EU\) No. 2016/669](#) which are both available on the EUR-Lex site.

It is the Beneficiary's responsibility to check all payments it receives from the Authority and notify the Authority immediately if it has any reason to believe that an error has occurred.
- 9.3 If any sum becomes repayable under the Agreement, it shall be treated as a debt owing by the Beneficiary to the Authority until such time as the outstanding amount is repaid.
- 9.4 Where any sum is repayable under the Agreement, the Authority reserves the right to:
- (a) issue a recovery order to the Beneficiary requiring repayment of the outstanding amount; and/or
 - (b) withhold any future payments and/or deduct the outstanding amount from any future payments which are due to the Beneficiary under this Agreement, any other RDPE grant agreement, or any other sum due to the Beneficiary under the Common Agricultural Policy.

Annex 5 - CPSG hints and tips when completing your online application

When filling in your form remember...	Details
Your details in the application form must be the same as the details held on Rural Payments service	<p>We use the email, Single Business Identifier (SBI), Customer Reference Number (CRN), permissions and business details registered in the Rural Payments service to make sure that you can legally apply for this grant on behalf of the business. As you have registered these details in the Rural Payments service using the GOV.UK Verify process, the details you give us on your application form must be the same.</p> <p>We also need to make sure that we have the correct contact details, for data protection purposes.</p> <p>You must check your Rural Payments service record before you apply, to make sure the details are up-to-date.</p> <p>Remember – check that the details you have added to your application form match the details in the Rural Payments service.</p>
That your Customer Reference Number (CRN) is not the same as a Firm Reference Number (FRN)	<p>The CRN is used to identify you as an individual. The FRN is used for firm details that are not required for this application</p>
Check availability of items	<p>Applicants should check the availability of items: check with suppliers to confirm the availability of items that meet the required specification and they are in line with the standard cost stated in the handbook.</p> <p>Please don't buy your items</p> <p>Please remember that until we've approved your application and issued a Grant Funding Agreement, you shouldn't commit to any expenditure or buy any of the items you have included in your application.</p> <p>If you do, this will result in your application or claim for grant being rejected.</p>

If you need to find....	Details
How to update the Rural Payments service	Guidance on updating details on Rural Payments service can be found on GOV.UK.
Your Customer Reference Number (CRN)	<p>Please see our YouTube clip on how to find your CRN number via Verify only.</p> <p>If you are not registered on Verify please call RPA's helpline on 03000 200 301 and select the options to speak to the Rural Payments team who can advise you of your CRN.</p>
If you have received a letter advising that your application didn't match Rural Payments service remember to....	Details
Check your details	Look at both the Rural Payments service and your application and make sure your email, Single Business Identifier (SBI), Customer Reference Number (CRN), permissions, address, postcode and business details match.
Reapply	Re-enter your application on the CPSG Online Portal by the closing date of midday 3 September 2019
What to do if....	Details
Your actual purchase cost is less than the 'Standard Cost'	<p>The standard cost for each item is the actual fixed price which we will pay grant towards. The amount won't change should the item be bought at a cheaper price, as long as the item purchased meets the minimum specification.</p> <p>Standard costs have been carefully researched and verified and it is unlikely that a significantly cheaper item will meet the minimum required specification. If you buy any item that doesn't meet the specification, the whole claim will be ineligible and no grant will be paid.</p>

What to do if....	Details
You have applied for LEADER funding but want to apply under this scheme	Check the status of your current application with your LEADER Group. Then decide which scheme you wish to apply for and withdraw your application from one of the schemes. Please remember that there is no guarantee that you will be successful and you will have to meet all of the requirements set out in the applicant handbook.
You can't meet the minimum grant spend	<p>Don't purchase items that you will not use.</p> <p>All applicant's sign up to the terms and conditions of the grant by submitting an application.</p> <p>Photographs will be required to evidence the item is in situ and working order.</p> <p>Items must be available at an inspection or site visit to make sure that they are on site and fully working.</p> <p>If you are unable to evidence this, the claim will be rejected or grant recovered.</p>
You wish to buy one piece of equipment that does the job of two	<p>You can't purchase one piece of equipment which meets two specifications and claim for both items. We have set specifications and have established standard costs for all the items listed in this Round of the small grant scheme.</p> <p>If the piece of equipment you want to purchase combines the functionality of several items listed at Annex 3 of the handbook, you can only consider the piece of equipment as one of those items and can only apply for that item. The other functions will be considered as taking the piece of equipment to a higher specification.</p>
You decide not to buy all the items you have applied for	<p>If this is before the closing date, you can submit a new application and your old one will be automatically withdrawn.</p> <p>If after the closing date you are made an offer of grant funding, you must purchase all of the items in your application or you will not receive any grant.</p>
You buy an item which has additional features	You are able to purchase an item which is of a higher specification and is more expensive providing the item meets the minimum specification at Annex 3. However, the grant will only be calculated on the standard cost for that item and you will need to cover the cost difference yourself.
