International Trade

**Strategic Export Controls: Country  
Pivot Report**

1st January 2019 - 31st December  
2019

January 2024

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st January 2019 and 31st December 2019. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spreadsheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spreadsheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
General	OGELs	Not applicable
Individual	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for goods covered by the torture regulation** (see "Licence types and subtypes") concern trade in certain equipment and products which could be used for capital punishment torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for goods covered by the torture regulation are therefore not

included in the count of non-military goods for other SIEL subtypes.

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4) or Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees*. Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs**.

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by the torture regulation.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by the torture regulation** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by the torture regulation are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

# Reporting

## Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

## Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

<b>Issued licences for a given destination</b>	<b>Control Entries applied to goods on licence</b>
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	12322	12088	223	11
- Permanent Standard	10440	10221	209	10
- Temporary Standard	689	682	7	0
- Transshipment	2	2	0	0
- Incorporation	1164	1156	7	1
- For goods covered by the torture regulation (Permanent or Temporary)	27	27	0	0
SITCLs	120	114	6	0
OIELs	309	280	25	4
- Standard	267	238	25	4
- Dealer-to-dealer	22	22	0	0
- Cryptographic	18	18	0	0
- Media	0	0	0	0
- Continental Shelf	2	2	0	0
Global Project Licences	0	0	0	0
OITCLs	20	18	2	0

### Table notes for licensing statistics table:

SIEL and OIEL sub-types are mutually exclusive. SIEL Transshipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.

## Overall Processing Statistics

### Processing statistics covering the period 1st January 2019 to 31st December 2019

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	12219	77	15045	95	12 days
- Permanent Standard	10655	78	13108	96	11 days
- Temporary Standard	644	81	765	96	10 days
- Transhipment	12	71	15	88	9 days
- Incorporation	902	72	1133	90	12 days
- For goods covered by the torture regulation (Permanent or Temporary)	6	22	24	89	35 days
SITCLs	140	69	187	93	14 days
OIELs	111	28	233	59	51 days
- Standard	51	16	161	50	60 days
- Dealer-to-dealer	31	89	35	100	5 days
- Cryptographic	19	70	27	100	14 days
- Media	1	100	1	100	3 days
- Continental Shelf	9	100	9	100	3 days
Global Project Licences	n/a	n/a	n/a	n/a	n/a
OITCLs	22	48	31	67	21 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Virtual EU	0	0	0
EU GEA 2019/125	0	0	0
Open General Export Licence (Export of Dual-Use items to EU Member States)	759	0	0
General Trade Licence (Syria Sanctions - Earthquake relief efforts in Syria)	0	0	0

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	21	£3,503,706
Non-military	4	£58,618,283
Both Military and Non-military	1	£55,250
Total	26	£62,177,240

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£2,057
ML4	3	£150,081
ML6	6	£3,092,292
ML10	5	£111,385

ML13	6	£147,892
------	---	----------

- all-wheel drive vehicles with ballistic protection (2 licences) [See footnote 11].  
body armour (6 licences) [See footnotes 10, 9].  
components for all-wheel drive vehicles with ballistic protection.  
components for assault rifles [See footnote 7].  
components for body armour (6 licences) [See footnotes 10, 9].  
components for machine guns [See footnote 7].  
components for military aircraft ground equipment (2 licences).  
components for military training aircraft (2 licences).  
components for pistols [See footnote 7].  
military aircraft ground equipment.  
military helmets (6 licences) [See footnotes 10, 9].  
military improvised explosive device decoying/detection/disposal/jamming equipment.  
T military improvised explosive device decoying/detection/disposal/jamming equipment.  
Rv military support vehicles (3 licences) [See footnote 2].  
munitions/ordnance detection/disposal equipment [See footnote 1].

Rv - Some or all of which have subsequently been revoked.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£51,920
5A001	1	£58,500,000
5A002	1	£66,337
5D002	1	£27

- civil explosive detection/identification equipment (2 licences).  
counter-improvised explosive device equipment.  
information security equipment.  
software for information security equipment.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£1,750
ML1	1	£53,500

- assault rifles (28).  
components for assault rifles.  
direct view imaging equipment.

### SIELs - Transshipment

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£53,500
Total	1	£53,500

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry')As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for

these licences with the value of items originating in the UK.:

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£53,500

assault rifles (28) [See footnote 8].  
 components for assault rifles [See footnote 8].

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, components for body armour, military helmets [See footnote 5]
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 6]

 military image intensifier equipment.  
 military infrared/thermal imaging equipment.  
 pistols (2 licences) [See footnote 4].  
 small arms ammunition (2 licences) [See footnote 4].

## Country Footnotes

1. Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2255 (2015), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.
2. The Afghanistan (Sanctions) (EU Exit) Regulations 2020, which fully came into force on 31 December 2020, implement UK obligations under United Nations Security Council Resolution 2255 (2015). The Regulations impose trade sanctions prohibitions and requirements which apply to the trade in military goods and military technology, which is to, or for the benefit of a designated person as well as the provision to, or for the benefit of a designated person of certain services which enable or facilitate the conduct of armed hostilities in Afghanistan. The Regulations make provision in respect of exceptions that apply and licences that may be available, in respect of prohibitions under this regime.

## Case & goods Footnotes

1. Licence granted for humanitarian end use.
2. Licence granted for Military (Army) end user.
3. Licence granted for Military (Army) end user.

Military	3	£28,544
Non-military	11	£2,759,567
Total	14	£2,788,111

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML9	1	£14,941
ML10	1	£9,219
ML13	1	£4,350
ML22	1	£35

general naval vessel components [See footnote 7].  
 military aircraft ground equipment.  
 military helmets [See footnote 1].  
 technology for general naval vessel components [See footnote 7].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£779,155
5A002	6	£300,971
5D002	3	£21,822
5E002	2	£6,000
6A008	1	£293,579
7A003	1	£350,000
7A103	2	£47,540
8A001	1	£600,000
8A002	1	£360,500

components for radar equipment.  
 corrosion resistant chemical manufacturing equipment.  
 inertial equipment (3 licences) [See footnote 9].  
 information security equipment (6 licences) [See footnotes 4, 5, 6, 8].  
 information security software.  
 software for information security equipment (2 licences) [See footnotes 4, 5].  
 submersible equipment.  
 submersible vehicles.  
 technology for information security equipment (2 licences) [See footnotes 4, 5].  
 technology for software for information security equipment (2 licences) [See footnotes 4, 5].

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment
2	P	information security equipment, information security software, technology for information security equipment, technology for information security software
3	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Armenia as prohibiting the export of any military goods or technology to any person, or to any destination, in Armenia. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

11	P	components for shotgun ammunition, shotgun ammunition
12	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems
13	P	components for air launched rockets, components for air-to-air missiles, components for bombs, components for decoying/countermeasure equipment, components for devices containing military pyrotechnic materials, components for surface launched rockets, components for surface-to-air missiles, components for torpedoes, technology for air launched rockets, technology for air-to-air missiles, technology for decoying/countermeasure equipment, technology for devices containing military pyrotechnic materials, technology for surface launched rockets, technology for surface-to-air missiles, technology for torpedoes
14	P	weapon sights
15	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 2]
16	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
17	P	anti-riot/ballistic shields, components for anti-riot/ballistic shields

18	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 3]
19	P	components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sporting guns, gun mountings, gun silencers, military shotguns, pistols, rifles, smooth-bore weapons, sporting guns, weapon night sights, weapon sights
20	P	components for military communications equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military training equipment, NBC protective/defensive equipment, technology for equipment for the use of NBC protective/defensive equipment, technology for military communications equipment, technology for NBC protective/defensive equipment
21	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
22	P	weapon sights
23	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
24	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
25	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
26	P	components for artillery, components for military combat vehicles, components for military support vehicles, components for mortars, components for tanks, components for turrets, general military vehicle components, ground vehicle military communications equipment
27	P	blank/inert ammunition
28	P	goods treated for signature suppression for military use, weapon night sights
29	P	assault rifles, components for assault rifles, components for rifles, components for sniper rifles, components for sporting guns, direct view imaging equipment, gun mountings, military image intensifier equipment, military infrared/thermal imaging equipment, rifles, sniper rifles, sporting guns, technology for assault rifles, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon night sights, weapon sights

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the (Military) Navy.
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for training purposes.

# Austria

## Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	89% (47)
% and number of SIELs completed in 60 working days	98% (52)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	64 days
% and number of OIELs completed in 20 working days	19% (5)
% and number of OIELs completed in 60 working days	50% (13)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	36	£25,897,087
Non-military	3	£1,511,445
Both Military and Non-military	1	£325
Total	40	£27,408,857

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	14	£1,387,620
ML3	7	£1,711,118
ML4	3	£265,989
ML5	1	£140,000
ML6	5	£449,395
ML7	2	£35,448
ML8	1	£1,750,000
ML10	2	£16,338,573
ML13	1	£1,250,000
ML14	1	£200
ML15	6	£2,568,735
ML22	2	£10

accessories for military infrared/thermal imaging equipment.  
 anti-armour ammunition.  
 body armour [See footnote 2].  
 components for body armour [See footnote 2].  
 components for decoying/countermeasure equipment.

	components for military support vehicles (3 licences).
	components for military training aircraft.
	components for NBC detection equipment.
T	components for NBC detection equipment.
	components for pistols.
	components for sniper rifles.
T	components for training mortar bombs.
	decoying/countermeasure equipment.
	general military vehicle components (2 licences).
	gun silencers.
	military aircrew life support equipment.
	military helmets [See footnote 2].
T	military image intensifier equipment (5 licences).
	military infrared/thermal imaging equipment.
T	military infrared/thermal imaging equipment (5 licences).
	military support aircraft.
	mortar bombs (2 licences).
	pyrotechnics/fuels and related substances.
	rifles (3).
	signalling devices.
	small arms ammunition.
	small arms training equipment.
	sniper rifles (1).
	sporting guns (1) (2 licences).
	sporting guns (3).
T	targeting equipment.
	technology for decoying/countermeasure equipment.
	technology for military infrared/thermal imaging equipment.
	training small arms ammunition (4 licences).
	weapon night sights (2 licences).
T	weapon night sights (5 licences).
	weapon sights.
T	weapon sights (5 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A231	1	£1,500,000
PL9011	2	£11,445

neutron generators.  
sporting shotguns (2) (2 licences).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£100
PL9011	1	£225

sporting guns (2).  
sporting shotguns (3).

#### SIELs - Incorporation

##### Issued

Types of goods on licence	No. of licences	Value
Military	2	£19,080
Total	2	£19,080

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	2	£19,080

components for command/control equipment for unmanned air vehicles.  
general military aircraft components.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Bangladesh  
United Arab Emirates

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	weapon sights
3	T	command communications control and intelligence software, technology for command communications control and intelligence software
4	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
5	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 1]
6	P	weapon night sights, weapon sights
7	P	weapon sights
8	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
9	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines

10	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
11	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
12	P	weapon sights
13	P	components for gun silencers, gun silencers
14	P	goods treated for signature suppression for military use, weapon night sights
15	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
16	P	materials containing enriched uranium, materials containing natural uranium
17	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
18	P	body armour, components for body armour, military helmets
19	P	components for combat aircraft, technology for combat aircraft, unfinished products for combat aircraft

#### Case & goods Footnotes

1. Licence granted for training purposes.
2. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

## Azerbaijan

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	60% (18)
% and number of SIELs completed in 60 working days	90% (27)
% [as a % of all SIEL cases processed] and number of SIELs refused	7% (2)

Median processing time SITCLs	15 days
% and number of SITCLs completed in 20 working days	63% (5)
% and number of SITCLs completed in 60 working days	100% (8)
% [as a % of all SITCL cases processed] and number of SITCLs refused	38% (3)

Median processing time OIELs	81 days
% and number of OIELs completed in 20 working days	20% (1)
% and number of OIELs completed in 60 working days	40% (2)
% [as a % of all OIELs cases processed] and number of OIELs refused	20% (1)

#### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	2	£9,909
Non-military	22	£2,899,267
Total	24	£2,909,176

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	2	£9,909

body armour [See footnote 4].  
bomb suits [See footnote 3].  
components for body armour [See footnote 4].  
military helmets [See footnote 3].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C230	1	£12,000
2B350	1	£4,091
5A002	11	£1,811,074
5D002	7	£35,890
5E002	4	£74,130
6A001	1	£141,835
6A003	1	£18,565
6D003	1	£256,820
7A003	2	£304,862
8A002	1	£240,000

beryllium.  
corrosion resistant chemical manufacturing equipment.  
high performance air traffic control software.  
T imaging cameras.  
inertial equipment (2 licences).  
information security equipment (11 licences) [See footnote 2].  
information security software.  
software for information security equipment (6 licences) [See footnote 2].  
submersible equipment.  
technology for information security equipment (4 licences).  
T towed hydrophone arrays.

### Refused

	Count
Military	1
Non-military	1
Total	2

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry
ML1	1
ML5	1
ML15	1

- T military image intensifier equipment.
- T military infrared/thermal imaging equipment.
- T targeting equipment.
- T weapon night sights.
- T weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry
5A002	1
6D003	1

- high performance air traffic control software.
- information security equipment.

#### Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

#### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
3. Licence granted for explosive detection / disposal purposes. Academic / civilian end users.
4. Licence granted for testing and evaluation by the potential end user. Commercial end use.

## Azores

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	34	£116,897,038
Non-military	15	£1,764,711
Both Military and Non-military	1	£428,000
Total	50	£119,089,749

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more

than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£3,000

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment

### Country Footnotes

- On 20 June 2011 the EU adopted additional restrictions against Belarus, including prohibitions on the supply of arms and related material, as well as on equipment which might be used for internal repression. Restrictive measures currently in force with respect to Belarus are set out in Council Decision 2012/642/CFSP, as amended; as well as Council Regulation (EC) No 765/2006, as amended. Through Council Decision 2018/280, EU Member States may export certain types of small-calibre sporting rifles, small-calibre sporting pistols and small calibre ammunition, exclusively for use in sports events or sports training, or technical assistance or brokering services, financing or financial assistance related. This will be a limited number and without prejudice to the applicable licensing provisions. Member States shall notify other Member States and the Commission of its intention to grant an authorisation, at least 10 days prior to the authorisation.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

- Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
- Licence granted for commercial end use.

- electromagnetic wave absorbing materials (2 licences).
- non-military energetic materials.
- software for nuclear reactors.
- sporting guns (1).
- sporting shotguns (1) (4 licences).
- technology for nuclear fuel reprocessing equipment.
- technology for nuclear reactors (5 licences).
- technology for the development/production/use of nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£84,000
ML1	2	£1,410
ML7	1	£19,244
PL9011	2	£8,857

T civil explosive detection/identification equipment.  
T civil NBC detection systems.  
T components for NBC detection equipment.  
T NBC detection equipment.  
rifles (4).  
sporting guns (1).  
sporting guns (4).  
sporting shotguns (1).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	10	£2,173,574
Total	10	£2,173,574

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	2	£2,091,080
ML6	1	£1,700
ML10	4	£40,657
ML16	3	£40,137

components for combat aircraft (4 licences) [See footnote 1].  
components for military support aircraft.  
components for weapon control equipment (2 licences).  
general military vehicle components.  
unfinished products for aircraft cannons (2 licences).  
unfinished products for military support aircraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Austria  
Brazil  
France  
Germany  
Italy  
Kuwait  
Poland  
Qatar

Saudi Arabia  
Spain  
United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	weapon sights
4	P	components for NBC protective/defensive equipment
5	P	command communications control and intelligence software, technology for command communications control and intelligence software
6	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
7	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
8	T	command communications control and intelligence software, technology for command communications control and intelligence software
9	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
10	P	towed hydrophone arrays
11	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
12	P	weapon sights
13	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 4]
14	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for

	<p>military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control</p>
--	---

		equipment, weapon night sights, weapon sights [See footnote 2]
15	P	weapon night sights, weapon sights
16	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
17	P	technology for nuclear reactors
18	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
19	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
20	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
21	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
22	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
23	P	weapon sights
24	T	acoustic seabed survey equipment, inertial equipment, marine position fixing equipment, sonar log equipment, submersible equipment
25	T	technology for nuclear reactors
26	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
27	P	components for gun silencers, gun silencers
28	P	goods treated for signature suppression for military use, weapon night sights
29	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
30	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing enriched uranium, technology for materials containing natural uranium, technology for materials containing plutonium-239, technology for materials containing thorium, technology for materials containing uranium-233, technology for natural uranium, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for thorium, technology for uranium conversion equipment, technology for uranium-233
31	P	body armour, components for body armour, military helmets

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts.
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for testing and evaluation by the potential end user. Law enforcement agency end use.
4. Licence granted for training purposes.

## Belize

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	18 days
% and number of OIELs completed in 20 working days	100% (1)
% and number of OIELs completed in 60 working days	100% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£2,000
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£2,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	1	£2,000

barbiturate anaesthetic agents for injection [See footnote 1].

#### Case & goods Footnotes

1. Licence granted for use in veterinary medicine.

## Benin

% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£27,590
Non-military	8	£471,728
Total	11	£499,319

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£27,590

components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for munitions/ordnance detection/disposal equipment.  
 munitions/ordnance detection/disposal equipment.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	8	£461,938
5D002	1	£9,790

information security equipment (8 licences) [See footnotes 1, 2, 3, 4].  
 information security software.

### OIELs (excluding Other OIELs)

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary

1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment
---	---	---

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.

## Bermuda

### Processing Statistics (excluding amendments)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

## Issued

Types of goods on licence	No. of licences	Value
Military	1	£14,300
Non-military	2	£276,134
Total	3	£290,434

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£14,300

body armour.  
components for body armour.  
military helmets.

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£1,134
5A002	1	£275,000

deuterium compounds.  
information security equipment [See footnote 2].

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition
2	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

Rv - Some or all of which have subsequently been revoked.

### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.

## Bonaire, Curacao, Saba, Sint Eustatius and Sint Maarten

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£5,000
Non-military	9	£397,111
Total	10	£402,111

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	1	£5,000

aircraft military communications equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£42,506
1C233	1	£4,676
1C351	1	£25
5A002	2	£71,352
5D002	2	£4,472
6A003	1	£94,080
6A008	1	£180,000

bacteria.  
 civil explosive detection/identification equipment (2 licences) [See footnotes 2, 3].  
 devices containing enriched lithium.  
 imaging cameras [See footnote 4].  
 information security equipment (2 licences) [See footnote 1].  
 radar equipment [See footnote 4].  
 software for information security equipment (2 licences).

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for energy exploration / generation purposes. End use by the (Military) Navy.
2. Licence granted for explosive detection / disposal purposes. Public Services (Government) end use.
3. Licence granted for explosive detection / disposal purposes. Commercial end use.
4. Licence granted for commercial end use.

## Bosnia and Herzegovina

T  
 aircraft military communications equipment.  
 components for artillery.  
 components for targeting equipment (2 licences) [See footnote 7].  
 components for weapon control equipment.  
 components for weapon sights.  
 military electronic equipment.  
 military guidance/navigation equipment [See footnote 5].  
 military radars [See footnote 8].  
 military support vehicles (3 licences) [See footnote 4].  
 targeting equipment.  
 weapon control equipment.  
 weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£4,068
5A002	6	£292,157
5D002	1	£6
6A002	1	£95,500
6A003	1	£70,000

T corrosion resistant chemical manufacturing equipment [See footnote 3].  
T direct view imaging equipment.  
T imaging cameras.  
information security equipment (6 licences) [See footnotes 1, 2, 9].  
information security software.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	1	£95,500
ML1	1	£112,800

sporting guns (2).  
sporting shotguns (1).

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
2	P	components for military support aircraft
3	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 6]
4	P	viruses
5	P	information security equipment, information security software

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
3. Licence granted for chemical manufacturing purposes. Commercial end use.
4. Licence granted for commercial end use.
5. Licence granted for a Military end user.
6. Licence granted for training purposes.
7. Licence granted for Military (Army) end user.
8. Licence granted for Military (Air Force) end user.

9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.

## Brazil

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days
% and number of SIELs completed in 20 working days	87% (195)
% and number of SIELs completed in 60 working days	99% (221)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	71 days
% and number of OIELs completed in 20 working days	19% (5)
% and number of OIELs completed in 60 working days	37% (10)
% [as a % of all OIELs cases processed] and number of OIELs refused	4% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	90	£7,582,531
Non-military	92	£36,123,578
Both Military and Non-military	3	£680,100
Total	185	£44,386,209

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£35,300
ML2	2	£226,716
ML4	4	£857,691
ML5	3	£41,547
ML7	1	£121
ML8	2	£1,500,000
ML9	23	£341,775
ML10	33	£2,760,467
ML11	9	£109,482
ML13	1	£30,000
ML15	4	£1,509,000
ML21	5	£6,518
ML22	6	£77,647
PL5001	1	£86,270

- aircraft military communications equipment.
- anti-riot/ballistic shields.
- bomb suits.
- components for artillery.
- T components for assault rifles [See footnote 8].
- components for combat aircraft.
- components for combat helicopters.
- components for combat naval vessels (5 licences).
- components for machine guns.
- components for military auxiliary/support vessels (2 licences).
- components for military communications equipment (3 licences).
- components for military guidance/navigation equipment (2 licences).
- T components for military guidance/navigation equipment.
- components for military helicopters.
- components for military radars (2 licences).
- components for military support aircraft (23 licences).
- components for military training aircraft (4 licences).
- components for naval engines.
- components for NBC protective/defensive equipment.
- T components for sniper rifles [See footnote 8].
- components for submarines (2 licences).
- components for surface-to-surface missiles (3 licences) [See footnote 1].
- components for targeting equipment.
- equipment for the use of military communications equipment.
- T equipment for the use of military guidance/navigation equipment.
- general military aircraft components.
- general naval vessel components (13 licences).
- T gun silencers [See footnote 8].
- inert demolition charges/devices.
- military aircrew life support equipment.
- T military aircrew safety equipment.
- military communications equipment.
- military guidance/navigation equipment.
- T military guidance/navigation equipment.
- military helmets.
- military infrared/thermal imaging equipment (3 licences).
- T military infrared/thermal imaging equipment.
- naval electrical/electronic equipment.
- pyrotechnics/fuels and related substances (2 licences).
- T sniper rifles (2) [See footnote 8].
- software for military communications equipment (2 licences).
- T software for military guidance/navigation equipment.
- software for military radars.
- software for surface-to-surface missiles.
- sporting guns (3).
- T technology for military combat vehicles.
- technology for military guidance/navigation equipment (2 licences).
- technology for military radars.
- T technology for sniper rifles [See footnote 8].
- technology for surface-to-surface missiles [See footnote 1].
- weapon sights (2 licences) [See footnote 12].

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0C002	1	£9,100,000

PL8001	2	£117,171

- chemicals used for pharmaceutical/healthcare production.
- civil explosive detection/identification equipment (8 licences).
- components for metal powder production equipment.
- components for submersible vehicles.
- corrosion resistant chemical manufacturing equipment.
- deuterium.
- deuterium compounds (2 licences).
- deuterium solutions.
- electronics cooling fluids (6 licences).
- enriched uranium.
- explosives detection equipment (2 licences) [See footnote 13].
- imaging cameras (6 licences).
- T imaging cameras (3 licences).
- inertial equipment (11 licences).
- T inertial equipment (2 licences).
- information security equipment (22 licences) [See footnotes 10, 11, 6, 9].
- information security software (2 licences) [See footnote 6].
- lasers (2 licences).
- machine tools.
- marine object detection/location systems.
- marine position fixing equipment (5 licences).
- metal alloy cylindrical forms.
- metal alloys in powder form (2 licences).
- radar equipment.
- T radar equipment.
- T(P) radar equipment.
- rebreathing swimming equipment.
- small arms ammunition [See footnote 14].
- software for information security equipment (7 licences) [See footnote 11].
- sonar log equipment.
- special support components for optical sensors.
- sporting shotguns (1).
- submersible equipment (2 licences).
- submersible vehicle control systems (2 licences).
- submersible vehicles (2 licences).
- syntactic foam (2 licences).
- technology for inertial equipment.
- technology for information security equipment (6 licences).
- technology for information security software.
- T telecommunications jamming equipment.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	2	£238,500
6A003	2	£115,000
FR AI	1	£3,500

ML1	2	£48,100
ML5	2	£275,000

T direct view imaging equipment (2 licences) [See footnote 2].  
T imaging cameras (2 licences) [See footnote 2].  
sporting guns (2).  
sporting shotguns (2).  
T targeting equipment (2 licences) [See footnote 2].  
T weapon night sights.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	16	£924,651
Total	16	£924,651

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£212,414
ML4	1	£51,607
ML10	13	£310,630
ML11	1	£350,000

aircraft military communications equipment (3 licences).  
components for aircraft military communications equipment (2 licences).  
components for combat aircraft (2 licences).  
components for military support aircraft.  
components for military training aircraft (4 licences).  
launching/handling/control equipment for munitions.  
military aircrew life support equipment (2 licences).  
military guidance/navigation equipment.  
weapon sights.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Chile  
Indonesia  
Philippines  
Turkmenistan

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	components for military support aircraft, general military aircraft components
2	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
7	P	information security equipment, information security software
8	P	components for military support aircraft
9	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
10	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 5]
11	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for naval engines, components for submarines, general naval vessel components [See footnote 3]
12	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
13	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation

		<p>equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 4]</p>
14	P	components for combat aircraft, military electronic equipment
15	T	acoustic seabed survey equipment
16	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
17	P	components for naval engines, naval engines, software for naval engines, technology for naval engines, unfinished products for naval engines

18	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 7]
----	---	---

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	small arms ammunition

## Case & goods Footnotes

- Licence granted for components / accessories / spare parts. Military (Army) end use.
- Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
- Licence granted for components / accessories / spare parts.
- Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
- Licence granted for training purposes.
- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
- Licence granted for commercial end use.
- Licence granted for goods which will be returned to the UK. Law enforcement agency end use.
- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
- Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Commercial end use.
- Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Commercial end use.
- Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.

## British Antarctic Territory

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	29	£1,238,864
Non-military	7	£3,060,972
Total	36	£4,299,836

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	19	£373,614
ML3	3	£2,782
ML5	2	£465,000
ML6	2	£13,600
ML11	3	£361,413
ML14	1	£11,482
ML16	1	£8,000
ML21	1	£1,682
ML22	2	£1,291

- T accessories for small arms training equipment.  
 components for military communications equipment.  
 components for military guidance/navigation equipment.  
 components for military support vehicles.
- T components for small arms training equipment.

- components for sniper rifles.
- components for sporting guns (2 licences).
- military communications equipment.
- military electronic equipment.
- military support vehicles.
- pistols (1).
- rangefinding equipment.
- small arms ammunition (3 licences).
- software for military communications equipment.
- sporting guns (1) (5 licences).
- sporting guns (2).
- sporting guns (5).
- targeting equipment.
- technology for military communications equipment.
- technology for military guidance/navigation equipment.
- unfinished products for submarines.
- weapon night sights (7 licences).
- weapon night sights (2 licences).
- weapon sights (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£290
0D001	2	£100,001
0E001	2	£100,001
1C001	1	£560
3A231	2	£2,860,000
PL9011	1	£120

- deuterium compounds.
- electromagnetic wave absorbing materials.
- neutron generators (2 licences).
- rifles (1).
- software for nuclear reactors (2 licences).
- technology for enriched uranium.
- technology for nuclear fuel reprocessing equipment.
- technology for nuclear grade graphite.
- technology for nuclear reactor fuel element fabrication equipment.
- technology for nuclear reactors (2 licences).
- technology for plutonium processing equipment.
- technology for plutonium-239.
- technology for uranium conversion equipment.
- technology for uranium isotope separation equipment.
- technology for uranium-233.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	5	£156,153
Total	5	£156,153

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML9	5	£156,153

components for submarines (5 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Canada

United Kingdom

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
3	P	weapon sights
4	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
5	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
6	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
7	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
8	P	weapon night sights
9	P	weapon sights
10	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
11	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft
12	P	weapon sights

13	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
14	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing enriched uranium, technology for materials containing natural uranium, technology for materials containing plutonium-239, technology for materials containing thorium, technology for materials containing uranium-233, technology for natural uranium, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for thorium, technology for uranium conversion equipment, technology for uranium-233
15	P	body armour, components for body armour, military helmets
16	P	command communications control and intelligence software, military software, software enabling equipment to function as military communications equipment, software for weapon system software, technology for command communications control and intelligence software, technology for software enabling equipment to function as military communications equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	weapon sights

## Burkina Faso

### Processing Statistics (excluding amendments)

Median processing time SIELs	15 days
% and number of SIELs completed in 20 working days	64% (7)
% and number of SIELs completed in 60 working days	91% (10)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	23 days
% and number of SITCLs completed in 20 working days	50% (1)
% and number of SITCLs completed in 60 working days	100% (2)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	100 days

% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	50% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	7	£201,693

Non-military	2	£63,000
Both Military and Non-military	1	£157,965
Total	10	£422,658

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£8,205
ML6	1	£39,000
ML7	1	£16,984
ML10	1	£30,356
ML13	3	£84,647
PL5001	1	£22,500

anti-riot/ballistic shields [See footnote 2].  
body armour (2 licences) [See footnotes 2, 3].  
bomb suits [See footnote 1].  
components for body armour (2 licences) [See footnotes 2, 3].  
components for bomb suits [See footnote 1].  
components for munitions/ordnance detection/disposal equipment [See footnote 4].  
components for NBC detection equipment.  
military aircrew safety equipment.  
military helmets (2 licences) [See footnotes 1, 2].  
military support vehicles.  
munitions/ordnance detection/disposal equipment [See footnote 1].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£33,000
5D002	1	£20,000
5E002	1	£10,000

information security equipment.  
software for information security equipment [See footnote 5].  
technology for information security equipment [See footnote 5].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A001	1	£155,000
ML4	1	£2,965

counter-improvised explosive device equipment.  
military equipment for initiating explosives.

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft

## Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment

## Case & goods Footnotes

1. Licence granted for a Military end user.
2. Licence granted for personal protective equipment. Law enforcement agency end use.
3. Licence granted for personal protective equipment. Law enforcement agency end use.
4. Licence granted for explosive detection / disposal purposes. Military (Army) end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.

## Burundi

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	32	£3,502,825
Non-military	1	£7,802
Total	33	£3,510,628

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	5	£33,558
ML5	11	£422,194
ML6	4	£1,725,629
ML9	1	£98,032
ML10	6	£670,688
ML11	5	£542,724
ML22	1	£10,000

components for artillery ammunition (5 licences).  
 components for military aero-engines (2 licences).  
 components for military combat vehicles (4 licences).  
 components for military electronic equipment (3 licences).  
 components for military guidance/navigation equipment.  
 components for military support aircraft (2 licences).  
 components for military training aircraft (2 licences).  
 components for sensor integration equipment.  
 components for targeting equipment (7 licences).

components for weapon control equipment (3 licences).  
 military electronic equipment.  
 naval hull penetrators/connectors.  
 technology for military guidance/navigation equipment.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
8A002	1	£7,802

submersible equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Algeria
- Argentina
- Australia
- Chile
- Ecuador
- France
- Germany
- Greece
- Hungary
- Indonesia
- Iraq
- Israel
- Mexico
- Morocco
- New Zealand
- Portugal
- Saudi Arabia
- Singapore
- South Korea
- Thailand
- United Arab Emirates
- United States of America
- Vietnam

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
2	P	command communications control and intelligence software, technology for command communications control and intelligence software
3 (Rv)	P	small arms ammunition

4	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£125,100
Non-military	5	£212,728
Total	6	£337,828

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£125,100

components for assault rifles [See footnote 2].  
gun silencers [See footnote 2].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£42,648
1A005	1	£180
5A002	1	£33,000
6A003	2	£136,900

civil body armour.  
civil explosive detection/identification equipment.  
imaging cameras (2 licences).  
information security equipment [See footnote 1].

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for end use by a law enforcement agency.

## Central African Republic

### Processing Statistics (excluding amendments)

Median processing time SIELs	40 days
% and number of SIELs completed in 20 working days	29% (2)
% and number of SIELs completed in 60 working days	57% (4)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	5	£85,370
Non-military	2	£146,021
Total	7	£231,391

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	5	£72,836
PL5001	2	£12,534

anti-riot/ballistic shields (2 licences) [See footnotes 3, 4].  
body armour (3 licences) [See footnotes 2, 3, 4].  
components for body armour (3 licences) [See footnotes 2, 3, 4].  
military helmets (5 licences) [See footnotes 1, 2, 3, 4, 6].

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£25,394
5E002	1	£120,627

civil explosive detection/identification equipment [See footnote 5].  
technology for information security equipment.

## Country Footnotes

1. UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. The EU implements these measures through Council Decision 2013/798/CFSP, as amended; as well as Council Regulation (EU) No 224/2014, as amended.
2. UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. UNSCR 2454 (2019) extended the arms embargo until 31 January 2020. The EU implements these measures through Council Decision 2013/798/CFSP, as amended; as well as Council Regulation (EU) No 224/2014, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
2. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
3. Licence granted for personal protective equipment. Military end use.
4. Licence granted for personal protective equipment. Military end use.
5. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
6. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

 weapon night sights.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	1	£377
Total	1	£377

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£377

general military vehicle components.

The items being incorporated in this destination are ultimately destined for all or some of the following:

United Kingdom

**SIELs for goods covered by the torture regulation**

**Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£2,780
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£2,780

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£2,780

tear gas/riot control agents.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	small arms ammunition
3	P	weapon sights
4	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
5	P	components for shotgun ammunition, shotgun ammunition
6	P	components for sporting guns, components for sporting shotguns, small arms ammunition, sporting guns, sporting shotguns, weapon sights
7	P	components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sporting guns, gun mountings, gun silencers, military shotguns, pistols, rifles, smooth-bore weapons, sporting guns, weapon night sights, weapon sights
8	P	weapon night sights, weapon sights
9	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
10	P	weapon sights

## Chile

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	89% (73)
% and number of SIELs completed in 60 working days	99% (81)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	53 days
% and number of OIELs completed in 20 working days	18% (3)
% and number of OIELs completed in 60 working days	53% (9)
% [as a % of all OIELs cases processed] and number of OIELs refused	6% (1)

## **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	49	£84,361,762
Non-military	22	£2,428,519
Both Military and Non-military	4	£1,053,225
Total	75	£87,843,506

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£22,782
ML3	2	£3,022,736
ML4	4	£53,845,003
ML5	4	£58,843
ML7	1	£221
ML8	1	£2,750,000
ML9	22	£498,666
ML10	2	£31,809
ML11	2	£35,877
ML13	4	£301,950
ML15	1	£125,000
ML18	2	£23,443,876
ML21	1	£225,000

artillery ammunition (2 licences).  
body armour (3 licences) [See footnote 1].  
components for body armour (3 licences) [See footnote 1].  
components for combat naval vessels (8 licences).  
components for launching/handling/control equipment for missiles (2 licences).  
components for military communications equipment.  
components for military support aircraft.  
components for military training aircraft.  
components for NBC protective/defensive equipment.

- components for submarines (4 licences).
- components for surface-to-air missiles (2 licences).
- components for targeting equipment (3 licences).
- equipment for the production of launching/handling/control equipment for missiles (2 licences).
- general naval vessel components (11 licences).
- gun silencers.
- launching/handling/control equipment for missiles (2 licences).
- military communications equipment (2 licences) [See footnote 2].
- military helmets (2 licences) [See footnote 1].
- T military infrared/thermal imaging equipment.
- pyrotechnics/fuels and related substances [See footnote 6].
- rangefinding equipment.
- software for launching/handling/control equipment for missiles.
- surface-to-air missiles (2 licences).
- training surface-to-air missiles.
- weapon sights (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	8	£133,325
1C351	1	£96
5A002	7	£2,027,996
5D002	2	£22,360
5E002	2	£5,856
6A003	4	£111,736
6D003	1	£104,000
8A002	1	£23,150

- civil explosive detection/identification equipment (6 licences).
- civil NBC protection equipment.
- civil riot control agent protection equipment [See footnote 4].
- high performance air traffic control software.
- imaging cameras.
- T imaging cameras (3 licences).
- information security equipment (7 licences) [See footnotes 5, 7].
- software for information security equipment (2 licences).
- submersible equipment.
- technology for information security equipment (2 licences).
- toxins.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	3	£277,000
6A003	4	£248,425
ML1	4	£120,300
ML5	3	£407,500

- T direct view imaging equipment (3 licences).
- imaging cameras.
- T imaging cameras (3 licences).
- T rangefinding equipment.
- T targeting equipment (3 licences).
- weapon night sights.
- T weapon night sights (3 licences).

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
3 (Rv)	P	small arms ammunition
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
6	P	components for military support aircraft
7	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
8	P	components for launching/handling/control equipment for missiles, components for surface-to-surface missiles, equipment for the production of surface-to-surface missiles, equipment for the use of surface-to-surface missiles, launching/handling/control equipment for missiles, military electronic equipment, military training equipment
9	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
10	P	weapon sights
11	P	components for naval engines, naval engines, software for naval engines, technology for naval engines, unfinished products for naval engines
12	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 3]

Rv - Some or all of which have subsequently been revoked.

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	weapon sights

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
2. Licence granted for Military (Navy) end user.
3. Licence granted for commercial end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
6. Licence granted for commercial end use.
7. Licence granted for public services (Government) end use.

## China

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days
% and number of SIELs completed in 20 working days	71% (1234)
% and number of SIELs completed in 60 working days	93% (1630)
% [as a % of all SIEL cases processed] and number of SIELs refused	4% (70)

Median processing time SITCLs	3 days
% and number of SITCLs completed in 20 working days	100% (4)
% and number of SITCLs completed in 60 working days	100% (4)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	42	£43,765,271
Non-military	1004	£481,762,688
Total	1046	£525,527,960

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£280
ML2	2	£8,000
ML4	4	£225,982
ML5	1	£500,000
ML9	6	£42,562,538
ML10	4	£104,088
ML11	11	£112,443
ML15	1	£0
ML17	1	£216,833
ML18	1	£3,327
ML21	7	£4,278
ML22	14	£27,501

- ballistic test equipment (8 licences).  
 components for ballistic test equipment (2 licences).  
 components for combat aircraft [See footnote 111].  
 components for combat naval vessels (2 licences) [See footnote 53].  
 components for military auxiliary/support vessels.  
 components for military guidance/navigation equipment [See footnote 105].  
 components for military infrared/thermal imaging equipment.  
 components for military support aircraft.  
 components for rangefinding equipment.  
 equipment for the production of military aero-engines [See footnote 9].  
 equipment for the use of ballistic test equipment (4 licences).  
 general military aircraft components [See footnote 1].  
 general naval vessel components (2 licences).  
 military aircrew safety equipment.  
 military auxiliary/support vessels [See footnote 55].  
 military communications equipment.  
 military diving apparatus.  
 munitions/ordnance detection/disposal equipment (4 licences) [See footnotes 104, 12, 92].  
 projectile launchers (2 licences).  
 software for ballistic test equipment (7 licences).  
 technology for air defence systems.  
 technology for ballistic test equipment (3 licences).  
 technology for combat aircraft (2 licences) [See footnote 39].  
 technology for combat naval vessels (2 licences).  
 technology for general naval vessel components.  
 technology for military aircraft head-up/down displays.  
 technology for military combat vehicles.  
 technology for military diving apparatus [See footnote 48].  
 technology for military electronic equipment [See footnote 45].  
 technology for military guidance/navigation equipment.  
 technology for military infrared/thermal imaging equipment.  
 technology for military patrol/assault craft (3 licences).  
 technology for targeting equipment.  
 technology for weapon night sights.  
 technology for weapon sights.  
 weapon sights [See footnote 40].

- accelerometers (2 licences) [See footnote 10].
- acoustic seabed survey equipment (2 licences).
- biotechnology equipment (6 licences) [See footnotes 108, 51, 67].
- bismuth.
- calibration equipment for guidance/navigation equipment (5 licences).
- civil explosive detection/identification equipment (17 licences) [See footnote 18].
- components for corrosion resistant chemical manufacturing equipment (13 licences) [See footnote 97].
- components for explosives detection equipment (3 licences).
- components for information security equipment.
- components for instrumentation cameras (11 licences) [See footnote 59].
- components for semiconductor manufacturing equipment (6 licences).
- components for submersible equipment.
- corrosion resistant chemical manufacturing equipment (54 licences) [See footnotes 23, 38, 49, 63, 65, 81, 82, 83].
- deuterium compounds (2 licences).
- deuterium mixtures.
- deuterium solutions (9 licences).
- devices containing enriched lithium (3 licences).
- T devices containing enriched lithium [See footnote 47].
- devices containing enriched lithium compounds.
- dimensional inspection equipment (12 licences).
- dimensional measuring equipment (13 licences).
- T dimensional measuring equipment.
- electromagnetic wave absorbing materials.
- electronic components [See footnote 79].
- enriched uranium [See footnote 80].
- explosives detection equipment (13 licences) [See footnotes 106, 110, 60, 70, 78, 99].
- fibre prepregs.
- fibrous/filamentary materials (8 licences) [See footnote 114].
- Rv focal plane arrays (3 licences).
- T focal plane arrays.
- frequency changers (7 licences).
- T frequency changers.
- general purpose integrated circuits (3 licences) [See footnotes 33, 62].
- guidance/navigation equipment (6 licences).
- hafnium (2 licences).
- hafnium compounds.
- helium-3 (13 licences) [See footnotes 11, 31, 52].
- helium-3 mixtures (4 licences).
- high energy capacitors.
- high speed pulse generators (5 licences).
- hydrophones.
- image intensifier tubes.
- Rv imaging cameras (181 licences) [See footnotes 13, 15, 43, 58, 61, 7, 74, 75, 77, 8, 84, 91].
- T imaging cameras (5 licences) [See footnotes 103, 72].
- inertial equipment (112 licences) [See footnotes 102, 5, 50, 93].
- information security equipment (146 licences) [See footnotes 100, 109, 117, 2, 20, 21, 25, 29, 35, 36, 4, 41, 42, 68, 85, 87, 94, 95, 96, 98].
- T information security equipment.
- information security software (26 licences) [See footnotes 16, 30, 69, 95].
- instrumentation cameras (71 licences) [See footnotes 14, 46].
- laser electro-optical components [See footnote 88].
- lasers (30 licences) [See footnote 28].
- machine tools (6 licences).
- magnetic gradiometers (2 licences) [See footnote 64].
- magnetometers (25 licences) [See footnotes 32, 64].
- marine position fixing equipment (10 licences).
- mass spectrometers (16 licences) [See footnotes 101, 116].
- metal alloy cylindrical forms (21 licences) [See footnotes 112, 26, 37, 44, 6, 71].
- metal alloy materials [See footnote 27].
- natural uranium (2 licences).
- nickel powders (3 licences).
- numerical control software.
- optics finishing machines (4 licences).
- oscillators.
- plutonium-239 (3 licences).
- pressure transducers (24 licences) [See footnotes 19, 34, 90].

products containing enriched lithium (5 licences).  
 products containing natural uranium (2 licences).  
 products containing plutonium-239.  
 products containing thorium.  
 products containing uranium-233 (2 licences).  
 pumps.  
 radiation hardened TV camera lenses.  
 radiation hardened TV cameras (5 licences).  
 rebreathing swimming equipment (3 licences) [See footnotes 22, 86].  
 rotary position encoders.  
 semiconductor manufacturing equipment (10 licences) [See footnote 66].  
 semiconductor wafers with epitaxial layers (11 licences) [See footnote 73].  
 small arms ammunition [See footnote 118].  
 software for frequency changers (5 licences).  
 software for information security equipment (45 licences) [See footnotes 21, 36, 41, 87].  
 software for information security equipment.  
 software for machine tools (3 licences).  
 software for nuclear reactors (5 licences) [See footnotes 113, 56, 57].  
 software for submersible vehicle control systems.  
 space qualified focal plane arrays (3 licences).  
 submersible equipment (5 licences) [See footnotes 3, 76].  
 submersible vehicle control systems.  
 technology for composite laminates.  
 technology for composite structures.  
 technology for composite tubes.  
 technology for corrosion resistant chemical manufacturing equipment (2 licences) [See footnote 115].  
 technology for cryogenic distillation columns [See footnote 115].  
 technology for enriched uranium (2 licences) [See footnote 56].  
 technology for equipment for the production of gas turbines [See footnote 17].  
 technology for fibre preforms.  
 technology for fibre prepregs.  
 Rv technology for focal plane arrays.  
 technology for frequency changers.  
 technology for general purpose integrated circuits.  
 Rv technology for imaging cameras.  
 technology for information security equipment (11 licences) [See footnote 87].  
 technology for information security software (2 licences).  
 technology for laser electro-optical components [See footnote 88].  
 technology for machine tools.  
 technology for materials containing enriched uranium (2 licences) [See footnote 56].  
 technology for materials containing plutonium-239 (2 licences) [See footnote 56].  
 technology for materials containing uranium-233 (2 licences) [See footnote 56].  
 technology for materials controlled by entry 0C of the Dual-Use Regulation [See footnote 57].  
 technology for metal alloy materials (2 licences).  
 technology for navigation/avionics systems.  
 technology for nuclear reactor fuel element fabrication equipment (2 licences) [See footnotes 56, 57].  
 technology for nuclear reactors (5 licences) [See footnotes 113, 56, 57].  
 technology for numerical control software.  
 technology for plutonium-239 (2 licences) [See footnote 56].  
 technology for products containing enriched uranium (2 licences) [See footnote 56].  
 technology for products containing plutonium-239 (2 licences) [See footnote 56].  
 technology for products containing uranium-233 (2 licences) [See footnote 56].  
 technology for semiconductor wafers with epitaxial layers [See footnote 73].  
 technology for software controlled by entry 0D of the Dual-Use Regulation [See footnote 57].  
 technology for software for nuclear reactors (3 licences) [See footnotes 113, 56].  
 technology for uranium-233 (2 licences) [See footnote 56].  
 telecommunications software (4 licences) [See footnote 24].  
 temperature measurement equipment.  
 test equipment for composite materials.  
 thorium (2 licences).  
 toxic gas detectors (10 licences) [See footnote 89].  
 toxic gas monitoring equipment (2 licences).  
 triggered spark gaps.  
 underwater telecommunications systems.  
 X-ray generators.

Rv - Some or all of which have subsequently been revoked.

## Refused

	Count
Military	2
Non-military	67
Total	69

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry
ML15	1
ML22	2

military infrared/thermal imaging equipment.  
 technology for military aero-engines.

 numerical control software.  
 optics finishing machines.  
 pressure transducers.  
 pumps.  
 software for machine tools.  
 software for materials testing equipment.  
 space qualified focal plane arrays (2 licences).  
 submersible equipment.  
 submersible vehicle control systems.  
 submersible vehicles.  
 syntactic foam (2 licences).  
 technology for machine tools.  
 technology for materials processing equipment (2 licences).  
 technology for space qualified focal plane arrays.  
 technology for welding equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	11
5	48
7	56

#### Revoked

	Count
Non-military	6
Total	6

The SIELs revoked were no longer granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry
6A002	5
6A003	1
6E101	1
6E201	1

focal plane arrays (5 licences).  
 imaging cameras.  
 technology for focal plane arrays.  
 technology for imaging cameras.

#### SIELs - Incorporation

**Issued**

Types of goods on licence	No. of licences	Value
Military	5	£245,404
Non-military	2	£207,259
Total	7	£452,663

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML9	2	£213,984
ML11	3	£31,420
ML22	2	£0

general naval vessel components (2 licences).  
 military guidance/navigation equipment (3 licences).  
 technology for general naval vessel components (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	2	£207,259

corrosion resistant chemical manufacturing equipment (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Malaysia
- Pakistan
- United Kingdom

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment
2	P	components for military guidance/navigation equipment, components for military radars, components for military support aircraft, equipment for the use of military guidance/navigation equipment, equipment for the use of military radars, general military aircraft components, software for military guidance/navigation equipment, software for military radars, technology for military guidance/navigation equipment, technology for military radars

3	T	numerical control software, software for machine tools, technology for machine tools, technology for numerical control software
4	T	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation [See footnote 54]
5	P	technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation [See footnote 107]

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas

### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	12	£806,338
Non-military	14	£284,974
Both Military and Non-military	2	£937,200
Total	28	£2,028,512

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£107,620
ML2	1	£89,312
ML5	1	£13,270
ML10	5	£147,841
ML11	1	£2,995
ML13	3	£16,500
ML15	2	£428,800

- body armour (2 licences) [See footnote 7].  
 components for artillery.  
 components for body armour (2 licences) [See footnote 7].  
 components for bomb suits [See footnote 19].  
 components for combat helicopters [See footnote 10].  
 components for military aero-engines [See footnote 11].  
 components for military support aircraft (2 licences) [See footnotes 15, 16].  
 general military aircraft components.  
 military communications equipment.  
 military helmets (2 licences) [See footnote 7].  
 military image intensifier equipment [See footnote 3].  
 military infrared/thermal imaging equipment (2 licences) [See footnotes 3, 6].  
 weapon control equipment.  
 weapon night sights.  
 weapon night sights [See footnote 3].  
 weapon sight mounts.  
 weapon sights [See footnote 3].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	7	£217,380
3A225	1	£2,480
5A002	5	£64,802
5D002	2	£0
5E002	3	£312

- civil explosive detection/identification equipment (7 licences) [See footnotes 12, 13, 2].  
 frequency changers.  
 information security equipment (5 licences) [See footnotes 1, 14, 17, 18, 4].  
 software for information security equipment (2 licences) [See footnotes 17, 18].  
 technology for information security equipment (3 licences) [See footnotes 17, 18, 9].

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	2	£208,450
6A003	2	£148,750
ML1	2	£62,500
ML5	2	£517,500

- direct view imaging equipment (2 licences) [See footnote 5].  
 imaging cameras (2 licences) [See footnote 5].  
 targeting equipment (2 licences) [See footnote 5].  
 weapon night sights (2 licences) [See footnote 5].

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
2 (Rv)	P	small arms ammunition
3	P	components for military aero-engines, military aero-engines
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	5	£448,821
Non-military	20	£1,026,398
Total	25	£1,475,219

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£288,740
ML10	1	£33,175
ML13	3	£126,906

body armour (2 licences) [See footnote 1].  
 components for body armour (3 licences) [See footnote 1].  
 components for military support vehicles [See footnote 2].  
 military aero-engines [See footnote 3].  
 military helmets (2 licences) [See footnote 1].  
 military support vehicles [See footnote 2].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£296,000
2B350	1	£86,562
5A002	17	£629,723
5D002	2	£11,769
5E002	1	£2,344

civil NBC protection clothing.  
 corrosion resistant chemical manufacturing equipment [See footnote 15].  
 information security equipment (17 licences) [See footnotes 10, 11, 12, 14, 16, 17, 18, 4, 5, 6, 7, 9].  
 information security software (2 licences) [See footnote 8].  
 technology for information security software [See footnote 8].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, technology for information security equipment, technology for information security software
2	P	information security equipment, technology for information security equipment
3	T	acoustic seabed survey equipment
4	P	information security equipment

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment

#### SITCLs

Source	Issued	Refused	Revoked
Jordan	1	0	0

#### Issued

promoting the supply of all-wheel drive vehicles with ballistic protection [See footnote 13].

### Country Footnotes

1. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2360 (2017) which extended the arms embargo until 1 July 2018, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

2. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

3. Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2478 (2019) which extended the arms embargo until 1 July 2020, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	39	£88,277,414
Non-military	10	£238,646
Total	49	£88,516,060

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	14	£990,086
ML3	5	£723,094
ML4	4	£2,194,955
ML6	1	£28,000
ML7	3	£18,267
ML8	1	£1,750
ML9	1	£1,479
ML10	2	£80,013,337
ML11	1	£3,600
ML13	5	£209,770
ML15	1	£679,120
ML22	7	£3,413,956

- blank/inert ammunition (2 licences).
- body armour (2 licences) [See footnote 2].
- components for aircraft military communications equipment.
- components for assault rifles.
- components for body armour (3 licences) [See footnote 2].
- components for decoying/countermeasure equipment (3 licences).
- components for military guidance/navigation equipment.
- components for NBC protective/defensive equipment.
- components for pistols.
- components for small arms ammunition.
- components for sniper rifles (7 licences).
- explosives.
- general naval vessel components.
- gun silencers (5 licences).
- military equipment for initiating explosives.
- military helmets (4 licences).
- T military image intensifier equipment.
- T military infrared/thermal imaging equipment.
- military support aircraft.
- military support vehicles.
- NBC protective/defensive equipment.
- T NBC protective/defensive equipment.
- small arms ammunition.
- sniper rifles (1) (3 licences).

sniper rifles (62).  
sporting guns (1) (2 licences).  
technology for combat naval vessels.  
technology for decoying/countermeasure equipment (3 licences).  
technology for military guidance/navigation equipment.  
technology for sniper rifles (2 licences).  
training small arms ammunition.  
training tear gas/irritant ammunition.  
wall/door breaching projectiles/ammunition.  
weapon night sights (2 licences).  
T weapon night sights.  
T weapon sights.  
T weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£16,713
1C001	1	£150
6A001	1	£192,000
PL9011	7	£29,783

electromagnetic wave absorbing materials.  
hydrophones.  
non-military firing sets.  
sporting shotguns (1) (5 licences).  
sporting shotguns (2) (2 licences).

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	2	£33,217
Total	2	£33,217

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

components for military guidance/navigation equipment.  
general naval vessel components.  
technology for military guidance/navigation equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Germany

## OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	military image intensifier equipment, targeting equipment
3	P	weapon sights
4	P	components for NBC protective/defensive equipment
5	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
6	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
7	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
8	P	towed hydrophone arrays
9	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
10	T	explosive charges/devices, military equipment for initiating explosives
11	P	weapon sights
12	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 1]

13	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
14	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 5]
15	T	military guidance/navigation equipment
16	P	body armour, components for body armour, military helmets [See footnote 3]
17	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal

		imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 4]
18	P	non-military detonators
19	P	weapon night sights, weapon sights
20	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
21	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
22	P	components for military combat vehicles, technology for military combat vehicles
23	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
24	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
25	P	weapon sights
26	T	acoustic seabed survey equipment, inertial equipment, marine position fixing equipment, sonar log equipment, submersible equipment
27	P	components for artillery, components for military combat vehicles, components for military support vehicles, components for mortars, components for tanks, components for turrets, general military vehicle components, ground vehicle military communications equipment
28	P	explosives, non-military detonators
29	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
30	P	components for gun silencers, gun silencers
31	P	goods treated for signature suppression for military use, weapon night sights
32	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
33	P	body armour, components for body armour, military helmets

### Country Footnotes

1. UN Security Council Resolution 1907 (2009) established an arms embargo on Eritrea. UNSCR 2111 (2013) consolidated exemptions to the arms embargo for non-lethal military equipment intended solely for humanitarian or protective use, as approved on case-by-case basis in advance by the Security Council Committee pursuant to resolutions 751 (1992) on Somalia and 1907 (2009); and protective clothing, including flak jackets and military helmets, temporarily exported to Eritrea by United Nations personnel, representatives of the media and humanitarian and development workers and associated personnel for their personal use only.

Following the adoption of the UN arms embargo, the EU adopted Council Decision 2010/127/CFSP on 1 March 2010 amended by 2010/414/CFSP and 2012/632/CSFP. The Council Regulation (EU) No 667/2010, was amended by No 942/2012 and No 517/2013.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

% and number of OITCLs completed in 60 working days	0% (0)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£6,794
Non-military	12	£174,743
Total	13	£181,537

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML18	1	£6,794

equipment for the production of military support aircraft.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£66,905
1C351	2	£6,547
3A001	1	£291
5A002	7	£100,933
5D002	1	£67

bacteria.  
civil explosive detection/identification equipment (2 licences).  
information security equipment (7 licences) [See footnotes 3, 4, 5].  
information security software [See footnote 5].  
oscillators.  
toxins.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, technology for information security equipment, technology for information security software
2	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
3	P	information security equipment, technology for information security equipment
4	P	information security equipment, information security software, technology for information security equipment, technology for information security software [See footnote 1]
5	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 2]
6	P	information security equipment

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.

# Falkland Islands

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	8	£52,724
Non-military	3	£5,165
Both Military and Non-military	1	£81,814
Total	12	£139,702

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£27,598
ML6	1	£8,500
ML8	2	£8,170
ML15	1	£5,156
PL5001	1	£3,300

components for assault rifles.  
 components for military image intensifier equipment.  
 components for portable riot control electric-shock devices.  
 components for weapon night sights.  
 explosives (2 licences).  
 gun silencers.

military support vehicles.  
 weapon night sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£3,222
FR AI	1	£785
PL8001	1	£1,158

components for devices for initiating explosives.  
 devices for initiating explosives.  
 imaging cameras.  
 sporting shotguns (2).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML8	1	£4,085
PL8001	1	£77,729

devices for initiating explosives.  
 explosives.

#### SIELs for goods covered by the torture regulation

##### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£81
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£81

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£81

barbiturate anaesthetic agents for injection.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
2	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for commercial end use.

## Faroe Islands

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days

components for nuclear reactors.  
 devices for initiating explosives.  
 electromagnetic wave absorbing materials (2 licences).  
 sporting shotguns (1).  
 sporting shotguns (2).  
 tactical shotguns (1).  
 technology for nuclear reactors.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£1,650
PL9011	1	£5,700

shotgun ammunition.  
 small arms ammunition.  
 sporting shotguns (4).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£325,826
Total	3	£325,826

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£9,628
ML7	1	£314,709
ML11	1	£1,489
ML22	1	£0

components for launching/handling/control equipment for missiles (2 licences).  
 components for military communications equipment.  
 components for NBC detection equipment.  
 technology for NBC detection equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Malaysia  
 Norway  
 Oman

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	military image intensifier equipment, targeting equipment
4	P	weapon sights
5	P	components for NBC protective/defensive equipment
6	P	command communications control and intelligence software, technology for command communications control and intelligence software
7	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
8	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
9	T	command communications control and intelligence software, technology for command communications control and intelligence software
10	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
11	P	towed hydrophone arrays
12	P	components for military support aircraft
13	P	weapon sights
14	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 1]
15	P	weapon night sights, weapon sights
16	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
17	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines

18	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
19	P	weapon sights
20	P	components for gun silencers, gun silencers
21	P	goods treated for signature suppression for military use, weapon night sights
22	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
23	P	technology for nuclear reactors
24	P	body armour, components for body armour, military helmets

### Case & goods Footnotes

1. Licence granted for training purposes.

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	military image intensifier equipment, targeting equipment
4	P	weapon sights
5	P	components for NBC protective/defensive equipment
6	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
7	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
8	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
9	P	towed hydrophone arrays
10	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
11	T	explosive charges/devices, military equipment for initiating explosives
12	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems
13	P	components for air launched rockets, components for air-to-air missiles, components for bombs, components for decoying/countermeasure equipment, components for devices containing military pyrotechnic materials, components for surface launched rockets, components for surface-to-air missiles, components for torpedoes, technology for air launched rockets, technology for air-to-air missiles, technology for decoying/countermeasure equipment, technology for devices containing military pyrotechnic materials, technology for surface launched rockets, technology for surface-to-air missiles, technology for torpedoes
14	P	military parametric technical databases, software for military aero-engines, technology for military aero-engines
15	P	weapon sights

16	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
17	P	anti-riot/ballistic shields, components for anti-riot/ballistic shields
18	T	components for launching/handling/control equipment for bombs
19	P	components for equipment for the production of military aero-engines, components for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines
20	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 11]
21	P	aircraft diaphragms, aircraft gaskets, aircraft seals, components for military aero-engines, environmental test facilities for military aero-engines, equipment for the development of military aero-engines, equipment for the use of military aero-engines, military aero-engines, military aircraft ground equipment, military software, software enabling equipment to function as military aero-engines, software for military aero-engines, software for optimising equipment design, technology for military aero-engines, technology for production installations for military aero-engines, unfinished products for military aero-engines [See footnote 4]
22	P	components for military helicopters [See footnote 5]
23	P	software for nuclear reactors, technology for enriched uranium, technology for materials containing enriched uranium, technology for materials containing plutonium-239, technology for materials containing uranium-233, technology for nuclear fuel reprocessing equipment, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for products containing plutonium-239, technology for products containing uranium-233, technology for uranium-233
24	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the

		use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 6]
25	P	non-military detonators
26	P	weapon night sights, weapon sights
27	P	components for military training aircraft, technology for military training aircraft
28	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
29	P	technology for nuclear reactors
30	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
31	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft

32	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
33	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
34	P	weapon sights
35	T	acoustic seabed survey equipment, inertial equipment, marine position fixing equipment, sonar log equipment, submersible equipment
36	T	technology for nuclear reactors
37	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
38	P	components for gun silencers, gun silencers
39	P	goods treated for signature suppression for military use, weapon night sights
40	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
41	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
42	P	materials containing enriched uranium, materials containing natural uranium
43	P	software for uranium isotope separation equipment, technology for uranium isotope separation equipment
44	P	materials containing depleted uranium, materials containing enriched uranium, materials containing natural uranium, products containing depleted uranium, products containing enriched uranium, products containing natural uranium, technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing enriched uranium, technology for materials containing natural uranium, technology for materials containing plutonium-239, technology for materials containing thorium, technology for materials containing uranium-233, technology for natural uranium, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for thorium, technology for uranium conversion equipment, technology for uranium-233
45	P	body armour, components for body armour, military helmets
46	P	components for surface-to-surface missiles, equipment for the production of surface-to-surface missiles, equipment for the use of surface-to-surface missiles, technology for surface-to-surface missiles, test models for equipment for the use of surface-to-surface missiles, test models for surface-to-surface missiles, test models for technology for surface-to-surface missiles

#### Rejected

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	2	£21,484
Total	2	£21,484

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£16,700
8A002	1	£4,784

civil explosive detection/identification equipment.  
rebreathing swimming equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition
2	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### Country Footnotes

- All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

- Licence granted for commercial end use.

ML1	1	£7,200

gun mountings [See footnote 2].

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£168,149
5D002	1	£8,848
6A003	1	£40,000
8A001	1	£22,500

- T imaging cameras.  
information security equipment (2 licences).  
information security software.
- T submersible vehicles.

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 1]
2	T	acoustic seabed survey equipment

**Case & goods Footnotes**

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
2. Licence granted for components / accessories / spare parts. Military (Army) end use.

**Gambia**

## Processing Statistics (excluding amendments)

Median processing time SIELs	7 days
% and number of SIELs completed in 20 working days	100% (6)
% and number of SIELs completed in 60 working days	100% (6)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	2	£88,027
Total	2	£88,027

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£87,564
5D002	2	£0
5E002	2	£463

information security equipment (2 licences) [See footnotes 1, 2].  
 software for information security equipment (2 licences) [See footnotes 1, 2].  
 technology for information security equipment (2 licences) [See footnotes 1, 2].

#### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

## Georgia

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days

% and number of SIELs completed in 60 working days	100% (11)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	18 days
% and number of OIELs completed in 20 working days	100% (1)

% and number of OIELs completed in 60 working days	100% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	5	£122,060
Non-military	4	£293,025
Total	9	£415,085

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£72,888
ML4	1	£35,000
ML7	1	£14,173

- T machine guns (4) [See footnote 4].
- T military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 2].
- NBC detection equipment.
- pistols (2) [See footnote 1].
- T pistols (10).
- T pistols (13) [See footnote 4].
- T rifles (2).
- T rifles (4) [See footnote 4].
- T sniper rifles (4) [See footnote 4].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C354	1	£130
5A002	2	£127,895
6A002	1	£165,000

- focal plane arrays [See footnote 5].
- information security equipment (2 licences) [See footnote 3].
- plant pathogens.

#### Case & goods Footnotes

1. Licence granted for sporting / hunting purposes, including use by athletes in training and competition. Personal end use.
2. Licence granted for humanitarian / international organisation / media end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

4. Blank ammunition for use in film industry
5. Licence granted for commercial end use.

## Germany

anti-aircraft guns.  
 anti-armour ammunition (3 licences).  
 armoured plate.  
 assault rifles (14).  
 assault rifles (500).  
 blank/inert ammunition (2 licences).  
 body armour (2 licences).  
 components for air-to-surface missiles.  
 components for airborne refuelling equipment.  
 components for aircraft cannons.  
 components for anti-armour ammunition.  
 components for artillery ammunition.  
 components for assault rifles (6 licences).  
 components for assault rifles.  
 components for body armour (6 licences).  
 components for combat aircraft (12 licences).  
 components for combat helicopters (3 licences).  
 components for command/control equipment for unmanned air vehicles.  
 components for decoying/countermeasure equipment (7 licences).  
 components for equipment for the production of decoying/countermeasure equipment.  
 components for gun silencers.  
 components for heavy machine guns.  
 components for launching/handling/control equipment for missiles (5 licences).  
 components for launching/handling/control equipment for munitions.  
 components for launching/handling/control equipment for rockets.  
 components for machine guns.  
 components for military aircrew safety equipment.  
 components for military cameras/photographic equipment.  
 components for military combat vehicles (8 licences).  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment.  
 components for military radars (3 licences).  
 components for military shotguns.  
 components for military spacecraft.  
 components for military support aircraft (5 licences).  
 components for military support vehicles (5 licences).  
 components for military training aircraft (2 licences).  
 components for naval guns.  
 components for NBC protective/defensive equipment.  
 components for NBC protective/defensive equipment.  
 components for pistols (3 licences).  
 components for projectile launchers.  
 components for small arms ammunition.  
 components for sniper rifles (8 licences).  
 components for sporting guns (3 licences).  
 components for submarines.  
 components for surface-to-air missiles.  
 components for tactical shotguns.  
 components for weapon control equipment.  
 components for weapon night sights.  
 decoying/countermeasure equipment (7 licences).  
 energetic materials additives (2 licences).  
 equipment for the production of launching/handling/control equipment for missiles.  
 equipment for the use of attack alerting/warning equipment.  
 equipment for the use of weapon night sights.

- general military aircraft components (4 licences).
- general military vehicle components (6 licences).
- general naval vessel components (47 licences).
- gun mountings.
- gun silencers (10 licences).
- T high power RF weapon systems.
- military combat vehicles.
- T military diving apparatus.
- military electronic equipment (6 licences).
- military helmets (7 licences) [See footnote 4].
- T military helmets.
- T military image intensifier equipment (7 licences).
- T military infrared/thermal imaging equipment (7 licences).
- T military laser protection equipment.
- military mobile repair shops and related equipment.
- military sonars.
- military support vehicles (2 licences).
- naval electrical/electronic equipment (2 licences).
- NBC protective/defensive equipment (3 licences).
- T NBC protective/defensive equipment.
- precursors for energetic materials (3 licences).
- projectile launchers.
- T rangefinding equipment.
- rifles (1) (2 licences).
- small arms ammunition.
- sniper rifles (2).
- sniper rifles (3).
- sniper rifles (4).
- sniper rifles (330).
- sniper rifles (754).
- T software for military guidance/navigation equipment.
- software for modelling/simulating military operation scenarios.
- software for modelling/simulating/evaluating weapon systems (2 licences).
- sporting guns (1) (6 licences).
- sporting guns (2).
- T sporting guns (4).
- sporting guns (5).
- sporting shotguns (2).
- T targeting equipment (2 licences).
- technology for combat aircraft.
- technology for decoying/countermeasure equipment (4 licences).
- technology for launching/handling/control equipment for missiles.
- technology for military aero-engines.
- T technology for naval electrical/electronic equipment.
- technology for sniper rifles (3 licences).
- T technology for sniper rifles.
- technology for software for modelling/simulating/evaluating weapon systems.
- T technology for turrets.
- technology for unmanned air vehicles.
- training small arms ammunition (4 licences).
- unfinished products for artillery ammunition.
- unfinished products for military aero-engines.
- T unfinished products for military aero-engines.
- unfinished products for submarines.
- weapon mountings.
- weapon night sights (4 licences).
- T weapon night sights (7 licences).
- weapon sights (11 licences).
- T weapon sights (7 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0A001	2	£366,000
0C001	1	£475
0C002	2	£475

components for nuclear reactors (2 licences).  
 devices containing enriched lithium.  
 devices containing enriched lithium manufactures.  
 electromagnetic wave absorbing materials.  
 lasers.  
 materials containing natural uranium.  
 materials containing plutonium-239 (2 licences).  
 materials containing thorium.  
 neutron generators (2 licences).  
 nickel powders.  
 non-military detonators.  
 non-military firing sets.  
 products containing enriched lithium.  
 rifles.  
 software for nuclear reactors.  
 sporting shotguns (1) (6 licences).  
 sporting shotguns (2).  
 sporting shotguns (3) (2 licences).  
 sporting shotguns.  
 T technology for materials controlled by entry 0C of the Dual-Use Regulation.  
 technology for nuclear grade graphite (2 licences).  
 technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.  
 technology for nuclear reactors (2 licences).

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	100	£11,029,982
Non-military	3	£124,252
Total	103	£11,154,234

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML3	1	£18,905
ML4	13	£6,375,755
ML5	7	£209,611
ML6	6	£67,943
ML9	14	£174,199
ML10	53	£3,308,056

ML11	2	£27,080
ML16	4	£846,404
ML22	5	£2,030

aircraft military communications equipment (2 licences).  
 components for air defence systems.  
 components for artillery ammunition.  
 components for attack alerting/warning equipment.  
 components for combat aircraft (25 licences) [See footnotes 1, 3].  
 components for combat helicopters (4 licences).  
 components for decoying/countermeasure equipment (2 licences) [See footnote 6].  
 components for launching/handling/control equipment for air-to-air missiles.  
 components for launching/handling/control equipment for missiles (2 licences).  
 components for military aero-engines (8 licences) [See footnotes 2, 5].  
 components for military aircrew life support equipment.  
 components for military combat vehicles.  
 components for military equipment for initiating explosives (2 licences).  
 components for military guidance/navigation equipment (2 licences).  
 components for military helicopters (4 licences).  
 components for military radars (4 licences).  
 components for military support aircraft (3 licences).  
 components for military training aircraft.  
 components for naval communications equipment.  
 components for periscopes.  
 components for submarines (11 licences).  
 components for surface-to-air missiles (4 licences).  
 components for surface-to-surface missiles.  
 components for tanks (4 licences).  
 components for weapon control equipment.  
 general military aircraft components (3 licences).  
 general military vehicle components.  
 general naval vessel components.  
 military aircrew life support equipment (2 licences).  
 naval electrical/electronic equipment.  
 technology for air defence systems.  
 technology for combat aircraft (3 licences).  
 technology for surface launched rockets.  
 unfinished products for combat aircraft.  
 unfinished products for military helicopters (2 licences).  
 unfinished products for surface launched rockets.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0A001	1	£95,000
6A006	2	£29,252

components for nuclear reactors.  
 magnetometers (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria  
 Australia  
 Austria  
 Belgium  
 Brazil

The items being incorporated in this destination are ultimately destined for all or some of the following:

Pakistan

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4	P	technology for air-to-air missiles, technology for combat aircraft, technology for military aero-engines
5	P	military image intensifier equipment, targeting equipment
6	P	components for NBC protective/defensive equipment
7	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
8	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines

9	P	components for combat aircraft, general military aircraft components
10	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
11	P	towed hydrophone arrays
12	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
13	T	explosive charges/devices, military equipment for initiating explosives
14	P	components for air launched rockets, components for air-to-air missiles, components for bombs, components for decoying/countermeasure equipment, components for devices containing military pyrotechnic materials, components for surface launched rockets, components for surface-to-air missiles, components for torpedoes, technology for air launched rockets, technology for air-to-air missiles, technology for decoying/countermeasure equipment, technology for devices containing military pyrotechnic materials, technology for surface launched rockets, technology for surface-to-air missiles, technology for torpedoes
15	P	general military aircraft components
16	P	military parametric technical databases, software for military aero-engines, technology for military aero-engines
17	P	weapon sights
18	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
19	T	components for launching/handling/control equipment for bombs
20	P	components for equipment for the production of military aero-engines, components for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines
21	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 8]
22	T	weapon sights
23	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military

		cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 7]
24	P	non-military detonators
25	P	weapon night sights, weapon sights
26	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239

27	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
28	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
29	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
30	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up/down displays, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
31	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
32	P	weapon sights
33	T	acoustic seabed survey equipment, inertial equipment, marine position fixing equipment, sonar log equipment, submersible equipment
34	P	explosives, non-military detonators
35	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
36	P	components for gun silencers, gun silencers
37	P	goods treated for signature suppression for military use, weapon night sights
38	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£117,000
Non-military	28	£875,434
Total	29	£992,434

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£117,000

military support vehicles [See footnote 11].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	6	£457
1A004	3	£74,661
1C350	1	£6,906
1C351	2	£1,225
2B350	2	£34,502
5A002	12	£724,194
5D002	1	£989
6A003	1	£32,500

T  
chemicals used for industrial/commercial processes [See footnote 9].  
civil explosive detection/identification equipment (3 licences) [See footnote 10].  
corrosion resistant chemical manufacturing equipment (2 licences) [See footnote 8].  
deuterium compounds (6 licences).  
imaging cameras.  
information security equipment (12 licences) [See footnotes 3, 4, 6, 7].  
information security software [See footnote 5].  
toxins (2 licences).

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£133,220
Non-military	3	£23,034
Total	5	£156,254

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	2	£133,220

military combat vehicles.  
military support vehicles.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C350	1	£551
2B350	1	£3,200
8A002	1	£19,283

chemicals used for general laboratory work/scientific research.  
corrosion resistant chemical manufacturing equipment.  
submersible equipment.

### OIELs (excluding Other OIELs)

% and number of OIELs completed in 60 working days	41% (13)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

Median processing time OITCLs	41 days
% and number of OITCLs completed in 20 working days	50% (1)
% and number of OITCLs completed in 60 working days	50% (1)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	375	£439,434,434
Non-military	310	£55,576,904
Total	685	£495,011,338

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£591,730
ML2	4	£3,175,737
ML3	2	£32,255
ML4	17	£2,161,564
ML5	39	£5,497,486
ML6	8	£174,194
ML7	4	£696,346
ML9	52	£7,032,088

ML10	182	£20,446,849
ML11	43	£6,304,308
ML13	1	£7,900
ML14	4	£162,234
ML15	4	£676,462
ML16	4	£302,900
ML17	2	£1,395,811
ML18	5	£11,823
ML21	2	£655
ML22	10	£390,764,092

- accessories for munitions/ordnance detection/disposal equipment.
- aircraft cannons.
- aircraft military communications equipment (2 licences) [See footnote 12].
- anti-armour ammunition [See footnote 64].
- T artillery.
- body armour [See footnote 126].
- components for air-to-air missiles.
- components for airborne refuelling equipment (4 licences).
- components for aircraft cannons.
- components for aircraft carriers (5 licences) [See footnotes 56, 60].
- components for aircraft military communications equipment (4 licences).
- components for artillery (2 licences).
- T components for artillery.
- components for attack alerting/warning equipment (7 licences) [See footnote 79].
- components for body armour [See footnote 126].
- components for combat aircraft (45 licences) [See footnotes 108, 87, 89, 9].
- components for combat helicopters (5 licences).
- components for combat naval vessels (4 licences).
- components for decoying/countermeasure equipment (2 licences) [See footnote 80].
- components for electronic countermeasure equipment.
- components for electronic warfare equipment (14 licences) [See footnote 132].
- components for general naval vessel components.
- T components for launching/handling/control equipment for man portable air defence system missiles.
- components for launching/handling/control equipment for missiles (2 licences).
- components for launching/handling/control equipment for munitions (2 licences).
- components for military aero-engines (31 licences) [See footnotes 49, 51, 54, 63].
- components for military aircraft head-up/down displays (2 licences).
- components for military bridges/pontoons/ferries (2 licences).
- components for military combat vehicles (3 licences).
- components for military communications equipment (3 licences) [See footnote 124].
- components for military electronic equipment (4 licences).
- components for military guidance/navigation equipment (9 licences) [See footnotes 121, 13, 72].
- components for military helicopters (23 licences) [See footnotes 130, 133, 50, 53, 86].
- components for military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 135].
- components for military parachutes (2 licences).
- components for military patrol/assault craft (6 licences) [See footnote 65].
- components for military radars (19 licences) [See footnotes 100, 61, 62].
- components for military support aircraft (7 licences) [See footnote 81].
- components for military training aircraft (40 licences) [See footnotes 107, 52, 7, 84].
- components for military training equipment (3 licences).
- T components for multi-role missiles.
- components for munitions/ordnance detection/disposal equipment.
- components for naval communications equipment (2 licences).
- components for naval electrical/electronic equipment (3 licences) [See footnote 58].
- components for NBC detection equipment (4 licences) [See footnotes 101, 105, 47, 55].
- components for periscopes [See footnote 20].
- components for recognition/identification equipment [See footnote 68].
- components for small arms training equipment [See footnote 29].
- components for submarines (7 licences) [See footnote 57].
- T components for surface-to-air missiles.
- components for surface-to-surface missiles.
- components for tanks (2 licences).
- T components for tanks.
- components for targeting equipment (5 licences) [See footnotes 103, 82].

- T components for targeting equipment [See footnote 1].
- components for unmanned air vehicles.
- components for weapon control equipment.
- decoying/countermeasure equipment [See footnote 80].
- T electronic countermeasure equipment [See footnote 1].
- equipment for the production of air-to-air missiles.
- equipment for the production of aircraft cannons (2 licences).
- equipment for the production of artillery.
- equipment for the production of combat aircraft [See footnote 108].
- equipment for the production of military training aircraft [See footnote 131].
- equipment for the use of fire location equipment.
- general military aircraft components (9 licences).
- T general military aircraft components.
- T general military vehicle components.
- general naval vessel components (25 licences) [See footnotes 123, 34, 59, 66].
- launching/handling/control equipment for munitions (3 licences) [See footnote 88].
- military aero-engines.
- military aircraft ground equipment (4 licences) [See footnote 108].
- military aircraft head-up/down displays (2 licences).
- military aircrew life support equipment.
- military cameras/photographic equipment (2 licences).
- military combat vehicles [See footnote 48].
- military communications equipment (3 licences) [See footnote 32].
- military electronic equipment (4 licences).
- T military electronic equipment (2 licences).
- military guidance/navigation equipment (7 licences).
- military helmets [See footnote 126].
- T military image intensifier equipment (2 licences).
- military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences).
- T military infrared/thermal imaging equipment (2 licences).
- military parachutes (2 licences).
- military parachutes and equipment.
- munitions/ordnance detection/disposal equipment (2 licences) [See footnote 5].
- NBC detection equipment (2 licences) [See footnotes 47, 55].
- small arms ammunition [See footnote 64].
- small arms training equipment [See footnote 29].
- software for military helicopters.
- software for military radars.
- software for military training equipment.
- targeting equipment (2 licences).
- technology for airborne refuelling equipment.
- technology for combat aircraft (2 licences).
- technology for launching/ground support equipment for unmanned air vehicles.
- technology for man portable air defence system missiles.
- technology for military parachutes.
- technology for military training aircraft.
- technology for weapon night sights.
- training small arms ammunition.
- unfinished products for combat aircraft.
- unfinished products for combat naval vessels.
- unfinished products for military patrol/assault craft.
- unfinished products for torpedoes.
- weapon night sights.
- T weapon night sights (2 licences).
- T weapon sights (2 licences).

accelerometers (2 licences) [See footnote 77].  
 aero-engine assemblies.  
 analogue-to-digital equipment (2 licences).  
 bacteria (4 licences) [See footnote 78].  
 biotechnology equipment (7 licences) [See footnotes 36, 41].  
 chemicals used for general laboratory work/scientific research.  
 chemicals used for pharmaceutical/healthcare production.  
 civil explosive detection/identification equipment (15 licences) [See footnotes 10, 113, 46].  
 components for corrosion resistant chemical manufacturing equipment (2 licences) [See footnote 111].  
 components for explosives detection equipment.

T components for improvised explosive device disruptors.  
 components for metal powder production equipment [See footnote 26].  
 components for semiconductor manufacturing equipment.  
 components for submersible vehicles.  
 components for telecommunications interception equipment [See footnote 2].  
 corrosion resistant chemical manufacturing equipment (5 licences) [See footnote 102].  
 deuterium compounds (2 licences) [See footnote 22].

T devices containing enriched lithium (2 licences) [See footnote 139].  
 electronics cooling fluids (3 licences).  
 equipment for the production of gas turbines.  
 explosives detection equipment [See footnote 30].

T explosives detection equipment [See footnote 31].  
 extended temperature range integrated circuits (2 licences).  
 fibre prepreps (2 licences).  
 frequency changers (3 licences) [See footnote 116].  
 guidance/navigation equipment [See footnote 27].  
 hafnium compounds (2 licences) [See footnote 8].  
 high energy capacitors (7 licences) [See footnote 71].  
 hydrophones.  
 imaging cameras (31 licences) [See footnotes 3, 33, 35, 44, 74, 83].

T imaging cameras (2 licences) [See footnote 21].  
 inertial equipment (27 licences) [See footnotes 37, 38, 39, 4, 67, 69].  
 information security equipment (71 licences) [See footnotes 104, 106, 109, 114, 115, 117, 120, 125, 134, 136, 137, 138, 16, 23, 40, 42, 43, 73, 75, 76, 98, 99].

T information security equipment.  
 information security software (16 licences) [See footnotes 117, 134, 136, 137, 23, 75].  
 instrumentation cameras (6 licences).  
 lasers (2 licences).  
 machine tools (3 licences).  
 magnesium.  
 maraging steels (2 licences).  
 metal alloy cylindrical forms (41 licences) [See footnotes 110, 112, 118, 18, 45, 94, 95].  
 metal alloys in powder form (2 licences).  
 microwave components (2 licences) [See footnote 90].  
 neutron generators.  
 nickel powders (11 licences) [See footnotes 119, 96].  
 semiconductor manufacturing equipment.  
 small arms ammunition (3 licences) [See footnote 140].  
 software for FADEC systems.  
 software for information security equipment (36 licences) [See footnotes 106, 115, 120, 136, 137, 138, 23, 42, 43, 73, 75, 76, 99].  
 software for telecommunications interception equipment [See footnote 2].  
 space qualified focal plane arrays (2 licences) [See footnote 70].  
 submersible equipment (2 licences).  
 syntactic foam.  
 technology for biotechnology equipment.  
 technology for composite laminates [See footnote 85].  
 technology for composite structures [See footnote 85].  
 technology for composite tubes [See footnote 85].  
 technology for controlled atmosphere furnaces (2 licences) [See footnote 91].  
 technology for corrosion resistant chemical manufacturing equipment (2 licences) [See footnote 92].  
 technology for electronic devices.  
 technology for FADEC.  
 technology for fibre preforms [See footnote 85].  
 technology for fibre prepreps [See footnote 85].  
 technology for gas turbine engines (5 licences) [See footnotes 93, 97].  
 technology for inertial equipment.  
 technology for information security equipment (14 licences) [See footnotes 117, 16, 73].  
 technology for metal-working manufacturing processes [See footnote 93].  
 technology for nuclear reactors [See footnote 11].  
 technology for semiconductor manufacturing equipment (2 licences) [See footnotes 129, 97].  
 technology for space qualified focal plane arrays.  
 technology for telecommunications interception equipment [See footnote 2].  
 technology for the application of surface coatings [See footnote 93].  
 toxic gas detectors.  
 toxins (3 licences).  
 zirconium alloys [See footnote 122].

**Refused**

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
3 (Rv)	P	small arms ammunition
4	P	information security equipment, information security software
5	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
6	P	components for combat aircraft, components for combat helicopters, components for military helicopters, components for military support aircraft, components for military training aircraft, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of general military aircraft components, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, general military aircraft components, military aircraft ground equipment
7	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
8	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
9	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft

10	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
11	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 6]
12	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 25]
13	P	components for airborne refuelling equipment, components for aircraft military communications equipment, components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircraft head-up/down displays, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
14	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
15	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 14]
16	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military

17	P	components for combat aircraft, components for military helicopters, components for military support aircraft, components for military training aircraft [See footnote 17]
18	P	artillery, components for artillery, components for equipment for the use of artillery, components for fire location equipment, components for military guidance/navigation equipment, components for military radars, components for targeting equipment, components for weapon control equipment, components for weapon night sights, equipment for the use of artillery, fire location equipment, military guidance/navigation equipment, military radars, targeting equipment, weapon control equipment, weapon night sights, weapon sight mounts, weapon sights [See footnote 19]
19	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, software for equipment for the production of military support aircraft, software for equipment for the use of military support aircraft, software for military support aircraft, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
20	T	anti-riot guns, assault rifles, components for anti-riot guns, components for assault rifles, components for gun mountings, components for heavy machine guns, components for machine guns, components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, components for tactical shotguns, components for weapon sights, gun mountings, heavy machine guns, machine guns, military shotguns, pistols, rifles, smooth-bore weapons, sniper rifles, sporting guns, sporting shotguns, tactical shotguns, weapon sights [See footnote 24]
21	P	components for combat aircraft, equipment for the production of combat aircraft, military aircraft ground equipment, technology for combat aircraft
22	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 28]
23	P	components for military aero-engines, equipment for the development of military aero-engines, equipment for the use of military aero-engines, military electronic equipment, software for aero gas turbine engines, software for equipment for the development of military aero-engines, software for equipment for the use of military aero-engines, software for military aero-engines, software for military electronic

		equipment, software for non-certified aero-engines, technology for aromatic polyamide-imides, technology for aromatic polyetherimides, technology for aromatic polyimides, technology for bismaleimides, technology for ceramic-ceramic composite materials, technology for equipment for the development of military aero-engines, technology for equipment for the production of military aero-engines, technology for equipment for the use of military aero-engines, technology for fibre preforms, technology for fibre prepregs, technology for fibrous/filamentary materials, technology for gas turbine engines, technology for maraging steels, technology for metal alloy cylindrical forms, technology for metal alloy materials, technology for metal alloy tubes, technology for metal-working manufacturing processes, technology for military aero-engines, technology for military electronic equipment, technology for polyarylene ketones, technology for polyarylene sulphides, technology for polybiphenylenethersulphone, technology for production installations for military aero-engines, technology for software for equipment for the development of military aero-engines, technology for software for equipment for the use of military aero-engines, technology for software for military aero-engines, technology for the application of surface coatings
24	P	components for military communications equipment, equipment for the use of military communications equipment, military communications equipment

Rv - Some or all of which have subsequently been revoked.

### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

### SITCLs

Source	Issued	Refused	Revoked
Canada	1	0	0
United States of America	1	0	0

### Issued

components for combat naval vessels.  
promoting the supply of combat helicopters.  
promoting the supply of military aircraft ground equipment.

### Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
2. Licence granted for communication and network surveillance, interception purpose. Public Services (Government) end use.
3. Licence granted for academic / civilian end users.
4. Licence granted for public services (Government) end use.
5. Licence granted for explosive detection / disposal purposes. Military (Army) end use.
6. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
7. Licence granted for goods returned after repair in the UK / replacement under warranty.
8. Licence granted for academic / civilian end users.
9. Licence granted for goods returned after repair in the UK / replacement under warranty.
10. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
11. Licence granted for research and development purposes, including academic and medical. Commercial end use.
12. Licence granted for disaster / emergency response purposes. End use by the Military (Air Force).
13. Licence granted for goods returned after repair in the UK / replacement under warranty.

14. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
15. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
17. Licence granted for components / accessories / spare parts.
18. Licence granted for components / accessories / spare parts.
19. Licence granted for components / accessories / spare parts. Military (Army) end use.
20. Licence granted for research and development purposes, including academic and medical. Public Services (Government) end use.
21. Licence granted for goods which will be returned to the UK.
22. Licence granted for academic / civilian end users.
23. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
24. Licence granted for goods which will be returned to the UK. Commercial end use.
25. Licence granted for training purposes.
26. Licence granted for components / accessories / spare parts. Academic / civilian end users.
27. Licence granted for testing and evaluation by the potential end user. Commercial end use.
28. Licence granted for commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	123	£255,733,432
Non-military	81	£6,580,970
Both Military and Non-military	5	£244,993
Total	209	£262,559,395

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	10	£598,396
ML3	4	£109,861
ML4	5	£205,130,034
ML5	15	£32,263,581
ML6	5	£839,563
ML7	6	£213,691
ML9	1	£76,465

ML10	66	£5,584,789
ML11	12	£2,997,229
ML13	2	£45,275
ML14	2	£2,593,825
ML15	5	£809,520
ML17	2	£38,192
ML18	1	£1,262
ML21	4	£100,100
ML22	6	£4,330,089
PL5001	1	£1,559

- aerial target equipment [See footnote 22].
- T aerial target equipment.
- aircraft military communications equipment (7 licences) [See footnotes 33, 50].
- anti-riot/ballistic shields [See footnote 11].
- attack alerting/warning equipment.
- body armour.
- bomb suits [See footnote 11].
- components for aerial target equipment [See footnote 22].
- T components for aerial target equipment.
- components for aircraft military communications equipment (5 licences) [See footnote 50].
- components for assault rifles.
- components for attack alerting/warning equipment (2 licences).
- components for body armour (2 licences) [See footnote 11].
- components for bomb suits [See footnote 11].
- components for combat aircraft (5 licences).
- components for electronic warfare equipment.
- components for equipment for the use of weapon night sights [See footnote 26].
- components for machine guns (2 licences) [See footnote 10].
- components for military aero-engines (5 licences).
- components for military aircrew life support equipment [See footnote 27].
- components for military auxiliary/support vessels.
- components for military combat vehicles (4 licences) [See footnote 18].
- components for military electronic equipment.
- components for military equipment for initiating explosives [See footnote 38].
- components for military guidance/navigation equipment.
- components for military helicopters (7 licences) [See footnotes 29, 35, 51].
- components for military helmets [See footnote 11].
- components for military radars (5 licences).
- components for military support aircraft (11 licences) [See footnotes 12, 32].
- components for military support vehicles.
- components for military training aircraft (22 licences) [See footnotes 28, 34].
- components for munitions/ordnance detection/disposal equipment (2 licences) [See footnotes 24, 37].
- components for NBC detection equipment.
- components for NBC protective/defensive equipment (4 licences) [See footnote 19].
- components for pistols.
- components for sniper rifles (2 licences) [See footnotes 2, 6].
- components for weapon control equipment.
- electronic countermeasure equipment.
- T equipment for the production of launching/handling/control equipment for missiles.
- T equipment for the use of aerial target equipment.
- T equipment for the use of military radars.
- equipment for the use of weapon control equipment.
- equipment for the use of weapon night sights [See footnote 26].
- general military aircraft components (7 licences) [See footnote 31].
- goods treated for signature suppression for military use.
- gun silencers (2 licences) [See footnotes 2, 6].
- launching/handling/control equipment for man portable air defence system missiles.
- machine guns (19) [See footnote 10].
- military aircrew life support equipment (4 licences) [See footnote 30].
- military aircrew safety equipment.
- military communications equipment.
- military equipment for initiating explosives [See footnote 16].
- military guidance/navigation equipment (5 licences).
- military helmets (2 licences) [See footnote 11].

- T military image intensifier equipment (3 licences) [See footnotes 2, 23, 6].  
 T military image intensifier equipment [See footnote 7].  
 military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 16].  
 military infrared/thermal imaging equipment [See footnote 2].  
 T military infrared/thermal imaging equipment (2 licences) [See footnotes 3, 7].  
 military sonars.  
 T military training equipment.  
 munitions/ordnance detection/disposal equipment (3 licences) [See footnotes 16, 37, 38].  
 NBC protective/defensive equipment.  
 signature suppression fittings/coatings/treatments for military use.  
 small arms ammunition (3 licences) [See footnotes 10, 2, 6].  
 sniper rifles (1) [See footnote 6].  
 sniper rifles (2) [See footnote 2].  
 software for attack alerting/warning equipment.  
 software for electronic countermeasure equipment.  
 software for fire location equipment.  
 software for launching/handling/control equipment for man portable air defence system missiles.  
 software for military electronic equipment.  
 software for military infrared/thermal imaging equipment.  
 software for weapon control equipment.  
 sporting guns (3) [See footnote 58].  
 targeting equipment (2 licences).  
 T targeting equipment [See footnote 3].  
 technology for attack alerting/warning equipment.  
 technology for electronic countermeasure equipment.  
 technology for fire location equipment.  
 technology for launching/handling/control equipment for man portable air defence system missiles.  
 technology for launching/handling/control equipment for missiles.  
 technology for machine guns [See footnote 10].  
 technology for military electronic equipment.  
 technology for military infrared/thermal imaging equipment.  
 technology for military patrol/assault craft.  
 technology for recognition/identification equipment.  
 technology for targeting equipment.  
 technology for weapon control equipment.  
 training small arms ammunition.  
 weapon night sights [See footnote 25].  
 T weapon night sights [See footnote 7].  
 weapon sights (5 licences) [See footnotes 2, 5, 6, 9].  
 T weapon sights [See footnote 7].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£907
1A004	14	£360,404

## Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	81% (231)
% and number of SIELs completed in 60 working days	96% (274)
% [as a % of all SIEL cases processed] and number of SIELs refused	2% (7)

Median processing time SITCLs	6 days
% and number of SITCLs completed in 20 working days	100% (8)
% and number of SITCLs completed in 60 working days	100% (8)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	28	£5,033,311
Total	28	£5,033,311

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C351	1	£1
1C353	1	£9
2B350	2	£262,523
2B352	1	£145,000
2E301	1	£0
5D002	1	£3,000,000
End Use	1	£360,000
IRN	20	£315,778
PL9008	1	£950,000

biotechnology equipment [See footnote 5].  
 chemicals.  
 components for pumps.  
 corrosion resistant chemical manufacturing equipment (3 licences) [See footnote 1].  
 gas detection equipment.  
 metal alloy materials.  
 non-ferrous alloys.  
 pathogenic genetic elements [See footnote 4].  
 pumps.  
 seals (9 licences).  
 software for information security equipment [See footnote 3].  
 spectrometers (4 licences).  
 technology for biotechnology equipment [See footnote 5].

technology for marine vessels [See footnote 2].  
vibration test equipment.  
viruses [See footnote 6].

## Refused

	Count
Non-military	6
Total	6

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry
2B352	1
End Use	3
IRN	2

components for biotechnology equipment.  
components for pumps.  
gas processing equipment.  
imaging cameras.  
industrial generators.  
pumps.  
welding equipment.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

## Country Footnotes

- Following the implementation of the Joint Comprehensive Plan of Action, the flow of certain goods and services to Iran that were previously prohibited are now permitted. The restrictions currently in force with respect to Iran (counter proliferation) are set out in Council Decision 2010/413/CFSP, as amended, and EU Council Regulation (EU) No 267/2012, as amended. Measures include an arms embargo, which has one exemption for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

All exports for this destination were approved in accordance with the sanctions in place.

- On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, and Council Regulation (EU) No 359/2011, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for energy exploration / generation purposes. Commercial end use.
2. Licence granted for manufacturing purposes. Commercial end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for research and development purposes, including academic and medical.
5. Licence granted for chemical manufacturing purposes. Commercial end use.
6. Licence granted for research and development purposes, including academic and medical.

 promoting the supply of sniper rifles.  
 promoting the supply of surface launched rockets.  
 promoting the supply of surface-to-air missiles.  
 promoting the supply of surface-to-surface missiles.  
 promoting the supply of tactical shotguns.  
 promoting the supply of tanks.  
 promoting the supply of targeting equipment.  
 promoting the supply of tear gas/irritant ammunition.  
 promoting the supply of torpedoes.  
 promoting the supply of turrets.  
 promoting the supply of unmanned air vehicles.  
 promoting the supply of wall/door breaching projectiles/ammunition.  
 promoting the supply of weapon night sights.  
 promoting the supply of weapon sights.

### Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004). This is implemented in the EU with Common Position 2003/495/CFSP, as amended, Council Regulation (EC) No 1210/2003, as amended, and Council Regulation (EEC) No 3541/92.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for energy exploration / generation purposes. Commercial end use.
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for personal protective equipment.
4. Licence granted for humanitarian end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
6. Licence granted for energy exploration / generation purposes.
7. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
8. Licence granted for energy exploration / generation purposes. Commercial end use.
9. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
10. Licence granted for public services (Government) end use.
11. Licence granted for commercial end use.
12. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
13. Licence granted for research and development purposes, including academic and medical. Public Services (Government) end use.
14. Licence granted for a diplomatic mission.
15. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
17. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
18. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
19. Licence granted for research and development purposes, including academic and medical. End use by the (Military) Navy.
20. Licence granted for research and development purposes, including academic and medical. End use by the (Military) Navy.
21. Licence granted for energy exploration / generation purposes. Public Services (Government) end use.

22. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
23. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
24. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

## Ireland

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days
% and number of SIELs completed in 20 working days	97% (112)
% and number of SIELs completed in 60 working days	100% (115)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

% and number of OIELs completed in 60 working days	60% (18)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	83	£16,956,637
Non-military	7	£423,840
Both Military and Non-military	6	£189,906
Total	96	£17,570,383

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	67	£254,970
ML3	1	£719
ML4	1	£16,232,262
ML6	3	£19,444
ML8	7	£81,701

ML11	3	£5,003
ML15	1	£361,040
ML17	1	£1,497

- T components for launching/handling/control equipment for missiles.  
 components for military diving apparatus.  
 components for sniper rifles.  
 energetic materials additives (2 licences).  
 equipment for the use of military image intensifier equipment (2 licences).  
 explosives.  
 gun silencers (14 licences).  
 military electronic equipment.
- T military image intensifier equipment.
- T military infrared/thermal imaging equipment.  
 military support vehicles.  
 military trailers (2 licences).  
 precursors for energetic materials (2 licences).  
 pyrotechnics/fuels and related substances.  
 reactive materials.  
 small arms ammunition.  
 sniper rifles (1) (10 licences).  
 sporting guns (1) (3 licences).  
 weapon night sights (36 licences).
- T weapon night sights.  
 weapon sights (3 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C233	1	£151,087
5A002	1	£17,000
PL9002	1	£252,000
PL9011	4	£3,754

- devices containing enriched lithium.  
 information security equipment.  
 non-military energetic materials.  
 sporting guns (5).  
 sporting shotguns (1) (2 licences).  
 sporting shotguns (2).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	5	£50,544
ML8	1	£132,410
PL9002	1	£0
PL9011	5	£6,952

- explosives.  
 gun silencers (4 licences).  
 non-military energetic materials.  
 sporting guns (5).

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	military image intensifier equipment, targeting equipment
3	P	components for NBC protective/defensive equipment
4	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
5	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
6	P	towed hydrophone arrays
7	P	components for military support aircraft
8	P	anti-riot/ballistic shields, components for anti-riot/ballistic shields
9	P	non-military detonators
10	P	weapon night sights, weapon sights
11	P	weapon sights
12	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
13	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
14	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
15	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
16	P	weapon night sights
17	P	weapon sights
18	T	acoustic seabed survey equipment, inertial equipment, marine position fixing equipment, sonar log equipment, submersible equipment
19	P	explosives, non-military detonators
20	P	devices for initiating explosives, explosives, linear cutting explosive charges, linear shaped cutting charges, non-military detonators, non-military firing sets, propellants
21	P	components for gun silencers, gun silencers
22	P	goods treated for signature suppression for military use, weapon night sights
23	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
24	P	body armour, components for body armour, military helmets

- T accessories for aerial target equipment (4 licences) [See footnotes 1, 33].  
accessories for targeting equipment.
- T aerial target equipment (4 licences) [See footnotes 1, 33].  
armoured plate.  
ballistic test equipment (2 licences) [See footnotes 20, 3].  
blank/inert ammunition [See footnote 23].  
command communications control and intelligence software.
- T components for aerial target equipment (5 licences) [See footnotes 1, 33, 42].  
components for all-wheel drive vehicles with ballistic protection [See footnote 58].  
components for ballistic test equipment [See footnote 3].  
components for combat aircraft.  
components for decoying/countermeasure equipment.
- T components for decoying/countermeasure equipment.  
components for electronic warfare equipment (2 licences) [See footnotes 48, 49].  
components for military aircraft head-up/down displays (5 licences).  
components for military combat vehicles (2 licences) [See footnote 37].  
components for military communications equipment.  
components for military electronic equipment.
- T components for military electronic equipment (2 licences) [See footnote 28].  
components for military guidance/navigation equipment.
- T components for military helicopters.  
components for military infrared/thermal imaging equipment.  
components for military radars (2 licences) [See footnote 7].  
components for military sonars [See footnote 25].  
components for military support aircraft (2 licences) [See footnote 56].
- T components for military training aircraft.  
components for munitions/ordnance detection/disposal equipment.  
components for NBC detection equipment.
- T components for NBC detection equipment.  
components for NBC protective/defensive equipment.  
components for sniper rifles [See footnote 35].  
components for submarines (5 licences) [See footnote 50].  
components for surface-to-air missiles.  
components for tanks.  
components for targeting equipment (3 licences).

T electronic warfare equipment.  
 T equipment for the use of aerial target equipment.  
 T equipment for the use of military electronic equipment [See footnote 28].  
 exploding grenade ammunition [See footnote 12].  
 general military vehicle components.  
 T general military vehicle components.  
 goods treated for signature suppression for military use [See footnote 29].  
 T high power RF weapon systems [See footnote 31].  
 T launching/handling/control equipment for missiles (3 licences).  
 T launching/handling/control equipment for munitions.  
 military aircraft ground equipment.  
 military combat vehicles [See footnote 59].  
 military communications equipment.  
 military electronic equipment.  
 T military electronic equipment (2 licences) [See footnotes 10, 28].  
 military guidance/navigation equipment.  
 T military guidance/navigation equipment (3 licences) [See footnotes 1, 33].  
 military infrared/thermal imaging equipment [See footnote 26].  
 T NBC detection equipment.  
 NBC protective/defensive equipment [See footnote 29].  
 signalling devices.  
 signature suppression fittings/coatings/treatments for military use [See footnote 44].  
 small arms ammunition [See footnote 2].  
 sniper rifles [See footnote 35].  
 software for ballistic test equipment [See footnote 20].  
 software for military support aircraft.  
 tanks [See footnote 60].  
 technology for ballistic test equipment (2 licences) [See footnotes 20, 3].  
 technology for launching/handling/control equipment for munitions.  
 technology for military support aircraft.  
 technology for signalling devices.  
 technology for unmanned air vehicles.  
 weapon sights [See footnote 35].

- T analogue-to-digital equipment (2 licences).  
anti-friction bearings (2 licences).  
bacteria.  
beryllium compounds.  
biotechnology equipment (2 licences) [See footnote 27].  
civil explosive detection/identification equipment (5 licences) [See footnotes 40, 57].  
civil NBC protection clothing.  
components for information security equipment.  
corrosion resistant chemical manufacturing equipment (8 licences) [See footnote 54].  
deuterium solutions.  
devices for initiating explosives [See footnote 14].  
dimensional inspection equipment.  
dimensional measuring equipment (2 licences).
- T direct view imaging equipment [See footnote 5].  
electromagnetic wave absorbing materials (2 licences) [See footnote 43].  
equipment for the production of gas turbines (2 licences).
- Rv focal plane arrays.  
frequency changers.  
high speed pulse generators.  
imaging cameras (10 licences) [See footnotes 22, 34, 39, 47, 53].
- T inertial equipment.  
information security equipment (27 licences) [See footnotes 11, 16, 19, 21, 32, 45, 46].  
information security software (3 licences) [See footnotes 41, 51].  
linear shaped cutting charges [See footnote 14].  
mass spectrometers.  
materials containing thorium [See footnote 30].  
metal alloy cylindrical forms (2 licences) [See footnote 13].  
nickel powders.  
pressure transducers (4 licences).
- T real-time oscilloscopes (4 licences).  
semiconductor manufacturing equipment [See footnote 52].  
semiconductor wafers with epitaxial layers (2 licences).
- T signal analysers (5 licences) [See footnote 8].
- T signal generators (6 licences).  
software for frequency changers.  
software for information security equipment (6 licences) [See footnotes 16, 32].
- T submersible vehicles [See footnote 36].  
technology for electronic devices.  
technology for explosives detection equipment.
- Rv technology for focal plane arrays.  
technology for information security equipment (2 licences) [See footnote 16].  
technology for information security software (2 licences) [See footnote 51].  
toxic gas detectors (2 licences).  
toxins (2 licences) [See footnotes 15, 55].  
triggered spark gaps.  
viruses.

Rv - Some or all of which have subsequently been revoked.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£8,230
6A002	1	£28,000
6A003	3	£84,925
ML1	1	£152,100

54. Licence granted for commercial end use.
55. Licence granted for commercial end use.
56. Licence granted for commercial end use.
57. Licence granted for a diplomatic mission.
58. Licence granted for components / accessories / spare parts. Diplomatic mission end use.
59. Licence granted for a deactivated historic vehicle intended for display purposes.
60. Licence granted for a deactivated historic vehicle intended for display purposes.

## Italy

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	81% (300)
% and number of SIELs completed in 60 working days	96% (356)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	11 days
% and number of SITCLs completed in 20 working days	100% (2)
% and number of SITCLs completed in 60 working days	100% (2)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	74 days
% and number of OIELs completed in 20 working days	11% (5)
% and number of OIELs completed in 60 working days	40% (19)
% [as a % of all OIELs cases processed] and number of OIELs refused	2% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	116	£442,903,345
Non-military	14	£545,236
Both Military and Non-military	3	£116,346
Total	133	£443,564,926

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	13	£1,546,041
ML2	1	£232,000
ML3	8	£143,424
ML4	13	£615,270
ML5	9	£646,512
ML6	3	£105,040
ML7	6	£69,219
ML9	2	£1,918
ML10	45	£437,513,977
ML11	6	£188,051
ML13	6	£84,266
ML14	1	£9,352
ML15	1	£679,120
ML16	4	£978,096
ML22	10	£70,328
PL5001	2	£20,732

- anti-armour ammunition.
- anti-riot/ballistic shields.
- body armour (5 licences) [See footnote 6].
- T combat helicopters.
- components for air-to-surface missiles (2 licences).
- components for aircraft military communications equipment.
- components for anti-riot/ballistic shields.
- components for assault rifles (2 licences).
- components for body armour (5 licences) [See footnote 6].
- components for combat aircraft (7 licences).
- components for combat helicopters.
- T components for combat helicopters.
- components for command/control equipment for unmanned air vehicles (4 licences).
- components for decoying/countermeasure equipment (3 licences).
- components for launching/handling/control equipment for missiles.
- components for launching/handling/control equipment for munitions.
- components for machine guns.
- components for military aero-engines (2 licences).
- components for military aircraft head-up/down displays.
- components for military communications equipment (4 licences).
- components for military electronic equipment.
- components for military helicopters (2 licences).
- components for military improvised explosive device decoying/detection/disposal/jamming equipment.
- components for military radars (4 licences).
- components for military support aircraft (6 licences).

- components for military support vehicles.
- components for military training aircraft (12 licences).
- T components for military training aircraft.
- components for NBC protective/defensive equipment.
- components for pistols (2 licences).
- components for small arms ammunition.
- components for torpedoes (2 licences).
- components for unmanned air vehicles (2 licences).
- decoying/countermeasure equipment (3 licences).
- electronic warfare equipment.
- equipment for the use of attack alerting/warning equipment (2 licences).
- general military vehicle components.
- general naval vessel components (2 licences).
- military equipment for initiating explosives.
- military guidance/navigation equipment.
- military helicopters (4 licences).
- T military helicopters.
- military helmets (6 licences) [See footnote 6].
- T military image intensifier equipment.
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- T military infrared/thermal imaging equipment.
- military support vehicles.
- military training equipment.
- NBC protective/defensive equipment (5 licences).
- projectile launchers.
- T recognition/identification equipment (2 licences).
- rifles (1).
- shotgun ammunition (2 licences).
- small arms ammunition (3 licences).
- sniper rifles (1).
- sporting guns (1).
- sporting guns (2).
- sporting guns (4).
- T targeting equipment.
- technology for command/control equipment for unmanned air vehicles (3 licences).
- technology for decoying/countermeasure equipment (3 licences).
- technology for electronic warfare equipment.
- technology for general naval vessel components.
- technology for military aero-engines.
- technology for military training equipment.
- training small arms ammunition (2 licences).
- unfinished products for combat aircraft.
- unfinished products for combat naval vessels (2 licences).
- unfinished products for military aero-engines.
- weapon night sights.
- T weapon night sights (2 licences).
- T weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0C001	1	£950
0C002	1	£0
0E001	3	£300,000
1C233	2	£8,728
2B006	1	£73,311
3A228	1	£1,900
3A231	2	£149,200
5A002	1	£4,177
PL9011	3	£6,970

- T components for sporting shotguns.
- devices containing enriched lithium (2 licences).
- devices containing enriched lithium manufactures.
- dimensional measuring equipment.

- information security equipment.
- materials containing natural uranium.
- materials containing plutonium-239.
- materials containing thorium.
- neutron generators.
- T neutron generators.
- sporting guns.
- T sporting shotguns (1).
- technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.
- technology for nuclear reactors (2 licences).
- triggered spark gaps.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£104,493
PL9011	3	£11,853

- T assault rifles (13).
- T components for assault rifles.
- T components for machine guns.
- T components for pistols.
- components for sporting shotguns.
- T machine guns (11).
- pistols (3).
- pistols (7).
- T pistols (16).
- T sniper rifles (1).
- sporting guns (4).
- sporting shotguns (1).
- sporting shotguns (2).
- T sporting shotguns (2).
- T tactical shotguns (5).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	182	£79,217,242
Non-military	1	£10,000
Both Military and Non-military	2	£857,752
Total	185	£80,084,994

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£101,040
ML3	1	£198,240
ML4	12	£2,056,256

ML5	38	£3,532,182
ML9	11	£1,593,535
ML10	91	£64,395,790
ML11	11	£637,373
ML15	2	£1,429,426
ML16	13	£5,177,403
ML21	1	£95,262
ML22	7	£735

components for aircraft military communications equipment.  
 components for artillery ammunition.  
 components for attack alerting/warning equipment.  
 components for combat aircraft (15 licences) [See footnote 3].  
 components for combat helicopters (17 licences) [See footnote 1].  
 components for combat naval vessels (4 licences).  
 components for command/control equipment for unmanned air vehicles.  
 components for decoying/countermeasure equipment (2 licences).  
 components for electronic countermeasure equipment (3 licences).  
 components for electronic warfare equipment (4 licences).  
 components for military aero-engines [See footnote 2].  
 components for military communications equipment.  
 components for military equipment for initiating explosives.  
 components for military guidance/navigation equipment.  
 components for military helicopters (35 licences) [See footnote 1].  
 components for military patrol/assault craft (3 licences).  
 components for military radars (28 licences).  
 components for military spacecraft.  
 components for military support aircraft (8 licences).  
 components for military training aircraft (8 licences).  
 components for naval electrical/electronic equipment (2 licences).  
 components for naval engines.  
 components for surface-to-air missiles (5 licences).  
 components for targeting equipment (3 licences).  
 components for torpedoes (2 licences) [See footnote 8].  
 components for weapon control equipment (2 licences).  
 electronic warfare equipment (3 licences).  
 general military aircraft components (6 licences).  
 general naval vessel components.  
 gun mountings (2 licences).  
 launching/handling/control equipment for munitions (2 licences).  
 military electronic equipment.  
 military infrared/thermal imaging equipment (2 licences) [See footnote 10].  
 military radars.  
 software for military guidance/navigation equipment.  
 technology for attack alerting/warning equipment.  
 technology for command/control equipment for unmanned air vehicles.  
 technology for military aero-engines.  
 technology for military guidance/navigation equipment.  
 technology for military helicopters.  
 technology for military support aircraft.  
 technology for unfinished products for combat helicopters.  
 unfinished products for combat helicopters.  
 unfinished products for launching/handling/control equipment for munitions.  
 unfinished products for military aero-engines (5 licences).  
 unfinished products for military helicopters (3 licences).  
 unfinished products for military radars (2 licences).  
 unfinished products for military support aircraft.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£10,000

information security equipment.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
6A008	2	£553,601
ML11	2	£296,111
ML21	2	£7,737
ML22	2	£303

components for military guidance/navigation equipment (2 licences).  
components for radar equipment (2 licences).  
military guidance/navigation equipment.  
software for military guidance/navigation equipment (2 licences).  
software for military radars.  
technology for military guidance/navigation equipment (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Algeria

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	technology for air-to-air missiles, technology for combat aircraft, technology for military aero-engines
4	P	military image intensifier equipment, targeting equipment
5	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
6	P	components for NBC protective/defensive equipment
7	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
8	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment

		for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
9	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
10	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
11	P	towed hydrophone arrays
12	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
13	P	components for air launched rockets, components for air-to-air missiles, components for bombs, components for decoying/countermeasure equipment, components for devices containing military pyrotechnic materials, components for surface launched rockets, components for surface-to-air missiles, components for torpedoes, technology for air launched rockets, technology for air-to-air missiles, technology for decoying/countermeasure equipment, technology for devices containing military pyrotechnic materials, technology for surface launched rockets, technology for surface-to-air missiles, technology for torpedoes
14	P	weapon sights
15	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 4]
16	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
17	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 7]
18	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
19	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing

	<p>equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software ## SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

### Issued

Types of goods on licence	No. of licences	Value
Non-military	18	£423,994
Total	18	£423,994

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£2,722
5A002	13	£357,953
5D002	2	£6,298
5E002	1	£15,000
7A003	1	£18,000
7A103	1	£16,618
8A002	1	£2,500
PL8001	1	£4,904

deuterium compounds.  
 devices for initiating explosives.  
 guidance/navigation equipment [See footnote 6].  
 inertial equipment [See footnote 8].  
 information security equipment (13 licences) [See footnotes 1, 10, 3, 4, 5, 7, 9].  
 information security software [See footnote 4].  
 software for information security equipment [See footnote 10].  
 T submersible equipment.  
 technology for information security equipment [See footnote 10].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 2]
2	P	information security equipment, information security software, software for information security equipment
3	T	military support aircraft

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
6. Licence granted for energy exploration / generation purposes. Commercial end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
10. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Military end use.

## Jamaica

### Processing Statistics (excluding amendments)

Median processing time SIELs	16 days
% and number of SIELs completed in 20 working days	67% (10)
% and number of SIELs completed in 60 working days	93% (14)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	121 days
% and number of OIELs completed in 20 working days	33% (1)
% and number of OIELs completed in 60 working days	33% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	8	£641,852
Non-military	7	£170,000
Total	15	£811,852

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£26,000
ML3	1	£128,437
ML13	6	£487,415

- T assault rifles (7) [See footnote 1].  
body armour [See footnote 4].  
components for body armour.
- T machine guns (2) [See footnote 1].  
military helmets (4 licences) [See footnotes 3, 5, 7, 9].
- T pistols (12) [See footnote 1].  
shotgun ammunition [See footnote 6].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£633
5A002	6	£169,367

components for corrosion resistant chemical manufacturing equipment.  
information security equipment (6 licences) [See footnote 2].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
2	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 8]

#### Case & goods Footnotes

1. Licence granted for goods which will be returned to the UK. Humanitarian / international organisation end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
3. Licence granted for personal protective equipment. Military (Army) end use.
4. Licence granted for personal protective equipment. Law enforcement agency end use.
5. Licence granted for personal protective equipment. Law enforcement agency end use.
6. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
7. Licence granted for personal protective equipment. Military end use.
8. Licence granted for commercial end use.
9. Licence granted for personal protective equipment. Military end use.

## Japan

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days

### **SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	56	£3,670,426
Non-military	52	£31,470,328
Both Military and Non-military	4	£223,943
Total	112	£35,364,697

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	10	£616,956
ML2	1	£63,718
ML3	6	£105,311
ML4	15	£1,137,918
ML5	3	£65,150
ML6	1	£300
ML7	3	£11,718
ML8	1	£35
ML9	3	£1,750
ML10	6	£350,883
ML11	8	£62,648
ML15	3	£1,228,520
ML16	2	£25,520

- T
- anti-armour ammunition (2 licences).
  - components for combat aircraft.
  - components for combat helicopters.
  - components for combat naval vessels (3 licences).
  - components for decoying/countermeasure equipment (2 licences).
  - components for decoying/countermeasure equipment (2 licences).
  - components for electronic warfare equipment (4 licences).
  - components for launching/handling/control equipment for missiles (7 licences).
  - components for military electronic equipment (3 licences).
  - components for military improvised explosive device decoying/detection/disposal/jamming equipment.
  - components for military support aircraft (2 licences).

- components for military support vehicles.
- components for munitions/ordnance detection/disposal equipment.
- components for naval guns.
- components for NBC protective/defensive equipment (2 licences).
- components for small arms ammunition.
- components for sniper rifles (4 licences).
- components for sporting guns (2 licences).
- components for surface launched rockets.
- components for surface-to-air missiles.
- energetic materials additives.
- military aircraft ground equipment (2 licences).
- military communications equipment.
- T military image intensifier equipment (3 licences).
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- T military infrared/thermal imaging equipment (3 licences).
- NBC protective/defensive equipment.
- T rangefinding equipment.
- shotgun ammunition.
- small arms ammunition (2 licences).
- sniper rifles (1).
- sporting guns (2).
- targeting equipment (2 licences).
- unfinished products for naval engines.
- unfinished products for sporting guns.
- wall/door breaching projectiles/ammunition.
- weapon night sights.
- T weapon night sights (3 licences).
- weapon sights.
- T weapon sights (3 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0A001	1	£30,000,000
0C001	1	£2,800
0E001	8	£931,300
1C002	1	£10,753
1C011	3	£61
1C202	4	£110,614
1C233	15	£69,535
1C240	1	£24
1C351	2	£289
2B350	4	£154,875
2B351	5	£2,386
2E002	1	£4,000
5A002	3	£63,922
5D002	2	£50,000
5E002	1	£120
6A002	1	£5,950
6A003	1	£3,700
8E001	1	£60,000

- constituents of propellants (3 licences).
- corrosion resistant chemical manufacturing equipment (4 licences).
- devices containing enriched lithium (2 licences).
- devices containing enriched lithium compounds (2 licences).
- direct view imaging equipment.
- equipment for the use of nuclear reactors.
- T imaging cameras.
- information security equipment (3 licences).
- information security software.
- metal alloy cylindrical forms (4 licences).
- metal alloys in powder form.
- nickel powders.
- products containing enriched lithium (11 licences).

software for information security equipment.  
 technology for corrosion resistant chemical manufacturing equipment.  
 technology for information security equipment.  
 technology for nuclear fuel reprocessing equipment.  
 technology for nuclear reactor fuel element fabrication equipment.  
 technology for nuclear reactors (6 licences).  
 technology for submersible vehicles.  
 technology for uranium conversion equipment.  
 thorium.  
 toxic gas monitoring equipment (5 licences).  
 toxins.  
 viruses.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£1,000
FR AI	2	£17,575
ML1	2	£133,518
ML2	1	£560
ML7	2	£14,932
PL9010	1	£56,358

assault rifles (1).  
 assault rifles (26).  
 T civil NBC protection clothing (2 licences).  
 T components for NBC protective/defensive equipment (2 licences).  
 grenade launchers.  
 machine guns (2).  
 machine guns (46).  
 T NBC protective/defensive equipment (2 licences).  
 rifles (120).  
 rifles (154).  
 sniper rifles (2).  
 sporting guns (2).  
 sporting guns (4).  
 sporting shotguns (7).  
 sporting shotguns (36).  
 tactical shotguns (8).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£71,350
Non-military	1	£23,280
Total	2	£94,630

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML9	1	£71,350
ML22	1	£0

general naval vessel components.  
technology for general naval vessel components.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A006	1	£23,280

magnetometers.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Bangladesh  
Taiwan  
United States of America

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition
2	P	weapon sights
3	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
4	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
5	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 1]

6	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
7	P	components for military electronic equipment, military electronic equipment, software for military electronic equipment, technology for military electronic equipment
8	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat

		helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 2]
9	P	components for NBC detection equipment, NBC detection equipment
10	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
11	P	viruses
12	P	direct view imaging equipment, image intensifier tubes, imaging cameras
13	P	goods treated for signature suppression for military use, weapon night sights

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### OITCLs

Source	Issued	Refused	Revoked
Australia	1	0	0

#### Issued

components for military combat vehicles.

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).

 tactical shotguns (5).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£336,396
Non-military	1	£8,859
Total	2	£345,255

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£336,396

components for military combat vehicles.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£8,859

corrosion resistant chemical manufacturing equipment [See footnote 22].

The items being incorporated in this destination are ultimately destined for all or some of the following:

Bermuda

Nigeria

### **SIELs for goods covered by the torture regulation**

#### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£47
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£47

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	1	£47

barbiturate anaesthetic agents for injection [See footnote 8].

### **OIELs (excluding Other OIELs)**

#### **Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
3	P	components for military support aircraft
4	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft

5	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 4]
6	P	components for equipment for the use of general military vehicle components, components for equipment for the use of military combat vehicles, components for equipment for the use of military support vehicles, components for equipment for the use of military trailers, components for equipment for the use of tanks, components for military combat vehicles, components for military support vehicles, components for military trailers, components for tanks, components for turrets, equipment for the use of general military vehicle components, equipment for the use of military combat vehicles, equipment for the use of military support vehicles, equipment for the use of military trailers, equipment for the use of tanks, equipment for the use of turrets, general military vehicle components, software for general military vehicle components, software for military combat vehicles, software for military support vehicles, software for military trailers, software for tanks, software for turrets, technology for general military vehicle components, technology for military combat vehicles, technology for military support vehicles, technology for military trailers, technology for tanks, technology for turrets
7	T	anti-riot guns, assault rifles, components for anti-riot guns, components for assault rifles, components for gun mountings, components for heavy machine guns, components for machine guns, components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, components for tactical shotguns, components for weapon sights, gun mountings, heavy machine guns, machine guns, military shotguns, pistols, rifles, smooth-bore weapons, sniper rifles, sporting guns, sporting shotguns, tactical shotguns, weapon sights [See footnote 6]

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	components for combat aircraft

#### Case & goods Footnotes

1. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Personal end use.
2. Licence granted for public services (Government) end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Law enforcement agency end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
5. Licence granted for components / accessories / spare parts. State-owned end user.
6. Licence granted for goods which will be returned to the UK. Commercial end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
8. Licence granted for research and development purposes, including academic and medical.
9. Licence granted for commercial end use.
10. Licence granted for commercial end use.
11. Licence granted for chemical manufacturing purposes. Commercial end use.
12. Licence granted for chemical manufacturing purposes. Commercial end use.
13. Licence granted for chemical manufacturing purposes. Commercial end use.
14. Licence granted for explosive detection / disposal purposes. Commercial end use.
15. Licence granted for explosive detection / disposal purposes. Law enforcement agency end use.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
17. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
18. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Law enforcement agency end use.
19. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Law enforcement agency end use.
20. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.

21. Licence granted for training purposes. Military end use.  
 22. Licence granted for commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	4	£969,982
Non-military	22	£1,603,389
Both Military and Non-military	1	£343,700
Total	27	£2,917,071

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£849,270
ML4	1	£12,712
ML15	1	£68,000
ML17	1	£40,000

- T
- components for munitions/ordnance detection/disposal equipment.
  - components for sniper rifles [See footnote 11].
  - military diving apparatus.
  - military infrared/thermal imaging equipment.
  - sniper rifles (140) [See footnote 11].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£544,930
1C233	1	£4,428
2B350	11	£791,595
2B352	1	£11,139
3A002	1	£13,712
3A201	1	£473
5A002	2	£76,034
5D002	2	£27,090
5E002	1	£39,130
6A003	1	£44,860
7A103	1	£49,998

biotechnology equipment [See footnote 10].  
 civil explosive detection/identification equipment.  
 civil NBC detection systems [See footnote 6].  
 corrosion resistant chemical manufacturing equipment (11 licences) [See footnotes 1, 2, 7, 8, 9].  
 devices containing enriched lithium [See footnote 5].  
 electronic components [See footnote 4].  
 high energy capacitors.  
 imaging cameras [See footnote 14].  
 inertial equipment [See footnote 3].  
 information security equipment (2 licences) [See footnotes 12, 15].  
 information security software.  
 software for information security equipment [See footnote 15].  
 technology for information security equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£155,200
ML1	1	£188,500

imaging cameras [See footnote 13].  
 weapon night sights [See footnote 13].

#### Refused

	Count
Military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry
ML6	1

general military vehicle components.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
7	1

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for commercial end use.
3. Licence granted for commercial end use.
4. Licence granted for research and development purposes, including academic and medical.
5. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
6. Licence granted for public services (Government) end use.
7. Licence granted for chemical manufacturing purposes. Commercial end use.
8. Licence granted for chemical manufacturing purposes. Commercial end use.
9. Licence granted for chemical manufacturing purposes. Commercial end use.
10. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
11. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
12. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
13. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Academic / civilian end users.
14. Licence granted for academic / civilian end users.
15. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.

## Country Footnotes

1. UN Security Council Resolution 1701 (2006) established an embargo on the supply of arms and related material to Lebanon, with the exemption of arms and related materiel authorised by the Government of Lebanon or by UNFIL. This is implemented in the EU by Common Position 2006/625/CFSP, as amended, and Council Regulation (EC) No 1412/2006, as amended; as well as Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

No.	Type	Goods Summary
1	P	information security equipment, technology for information security equipment
2	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 1]

### Country Footnotes

- UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) 2095 (2013) and 2362 (2017). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

UNSCR 2017/2362 states that the authorisation to inspect designated high seas vessels found in UNSCR 2146 (2014) shall apply with respect to vessels loading, transporting, or discharging petroleum, including crude oil and refined petroleum products, illicitly exported or attempted to be exported from Libya.

EU Council Decision (CFSP) 2011/137, as amended, and Council Regulation (EU) 2016/446, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

Common Position 2004/698/CFSP, as amended, and Council Regulation (EC) No 3275/1993, as amended, are also in place.

All exports for this destination must be in accordance with the sanctions in place.

### Case & goods Footnotes

- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.

Non-military	1	£4,500
Total	15	£525,758

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	6	£443,035
ML3	3	£12,906
ML4	1	£29,934
ML6	2	£35,000
ML7	1	£140
ML13	1	£243

body armour.  
 components for assault rifles.  
 components for launching/handling/control equipment for missiles.  
 components for NBC protective/defensive equipment.  
 components for pistols.  
 components for sniper rifles (3 licences).  
 components for sporting guns.  
 equipment for the use of launching/handling/control equipment for missiles.  
 military support vehicles (2 licences).  
 sniper rifles (90).  
 sporting guns (1).  
 training small arms ammunition (3 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	1	£4,500

sporting shotguns (1).

### OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
2	P	weapon sights

3	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
4	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
5	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
6	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
7	P	weapon sights
8	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
9	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft
10	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
11	P	weapon sights
12	P	components for gun silencers, gun silencers
13	P	goods treated for signature suppression for military use, weapon night sights
14	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
15	P	body armour, components for body armour, military helmets
16	T	components for military infrared/thermal imaging equipment, components for targeting equipment, military infrared/thermal imaging equipment, targeting equipment

No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
3	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights

4	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
5	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic

		countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 1]
6	P	weapon night sights, weapon sights
7	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
8	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
9	P	weapon sights
10	P	components for gun silencers, gun silencers
11	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
12	P	body armour, components for body armour, military helmets

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
2. Licence granted for a diplomatic mission.

## Macao

6A003	3	£133,677
7A103	1	£1,000,000

civil explosive detection/identification equipment (4 licences) [See footnote 1].  
imaging cameras (3 licences) [See footnote 4].  
inertial equipment [See footnote 2].  
technology for information security equipment.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 3]

#### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. This embargo also extends to arms exports to Macao. The UK interpretation of the embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes.
2. Licence granted for commercial end use.
3. Licence granted for commercial end use.
4. Licence granted for commercial end use.

PL8001	5	£3,264,454

- T analogue-to-digital equipment.  
chemicals used for general laboratory work/scientific research.  
civil explosive detection/identification equipment (3 licences) [See footnotes 38, 39].  
civil NBC protection equipment [See footnote 17].  
components for civil NBC protection equipment [See footnote 17].  
components for corrosion resistant chemical manufacturing equipment.  
components for explosives detection equipment (3 licences) [See footnote 34].  
components for inertial equipment.  
components for radar equipment (2 licences).
- T components for telecommunications interception equipment (2 licences) [See footnote 42].  
corrosion resistant chemical manufacturing equipment (20 licences) [See footnotes 27, 28, 29, 33, 37, 41].  
deuterium compounds (2 licences).  
devices containing enriched lithium.  
explosives detection equipment.  
fibrous/filamentary materials.  
frequency changers.  
imaging cameras (2 licences) [See footnote 26].
- T imaging cameras (2 licences).  
inertial equipment.  
information security equipment (16 licences) [See footnotes 30, 35, 40].  
information security software (4 licences) [See footnotes 10, 8].  
lasers.  
machine tools (2 licences).  
marine position fixing equipment.  
metal alloys in powder form.
- T millimetric wave components.  
plant pathogens.
- T rebreathing swimming equipment.  
semiconductor manufacturing equipment.  
signal analysers.  
software for information security equipment (4 licences) [See footnote 30].  
software for radar equipment.  
software for telecommunications interception equipment.
- T software for telecommunications interception equipment [See footnote 13].  
submersible equipment.  
technology for explosives detection equipment.  
technology for information security equipment (2 licences).  
technology for information security software [See footnote 10].  
telecommunications interception equipment.

- T telecommunications interception equipment (4 licences) [See footnotes 13, 42].
- toxins (3 licences) [See footnote 16].
- underwater telecommunications systems.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	4	£12,631
6A003	2	£12,000
ML7	4	£21,172
ML11	2	£560
ML17	2	£50,100

- T civil NBC protection clothing (2 licences) [See footnote 11].
- civil NBC protection equipment.
- T civil NBC protection equipment.
- civil riot control agent protection equipment.
- T civil riot control agent protection equipment (2 licences) [See footnote 11].
- T components for civil NBC protection equipment (2 licences) [See footnote 11].
- T components for civil riot control agent protection equipment.
- T components for NBC protective/defensive equipment (2 licences) [See footnote 11].
- T imaging cameras (2 licences) [See footnote 11].
- T military communications equipment (2 licences) [See footnote 11].
- T military diving apparatus (2 licences) [See footnote 11].
- T military laser protection equipment (2 licences) [See footnote 11].
- NBC protective/defensive equipment (2 licences).
- T NBC protective/defensive equipment (2 licences) [See footnote 11].

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£44,609
Non-military	8	£329,791
Total	10	£374,400

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML9	1	£4,609
ML10	1	£40,000

- components for aircraft carriers.
- components for military training aircraft.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	8	£329,791

extended temperature range integrated circuits (5 licences).  
general purpose integrated circuits (3 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Canada  
France  
Indonesia  
United Kingdom  
United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
2 (Rv)	P	small arms ammunition
3	P	information security equipment, information security software
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
7	P	information security equipment
8	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
9	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 12]

10	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
11	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
12	P	direct view imaging equipment, image intensifier tubes, imaging cameras
13	P	goods treated for signature suppression for military use, weapon night sights
14	P	components for military training aircraft, unfinished products for military training aircraft

Rv - Some or all of which have subsequently been revoked.

### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

bomb suits.  
components for bomb suits.  
military helmets.

### Country Footnotes

1. United Nations Security Council Resolution 2374 (2017) was adopted in September 2017 establishing a sanctions regime on Mali which imposes travel bans and assets freezes on individuals and entities engaged in activities that threaten the peace, security or stability of the country.

The EU implements this sanctions regime via Council Decision (CFSP) 2017/1775 and Council Regulation (EU) 2017/1770.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
2. Licence granted for explosive detection / disposal purposes. Public Services (Government) end use.
3. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
4. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
6. Licence granted for humanitarian end use.
7. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
8. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
10. Licence granted for humanitarian / international organisation / media end use.
11. Licence granted for explosive detection / disposal purposes. Military (Army) end use.
12. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
13. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
14. Licence granted for chemical manufacturing purposes.
15. Licence granted for explosive detection / disposal purposes. Commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£35,366
Non-military	1	£14,511
Both Military and Non-military	1	£157,965
Total	5	£207,842

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£6,250
ML7	1	£8,116
ML10	1	£21,000

components for military training aircraft [See footnote 1].  
 components for munitions/ordnance detection/disposal equipment [See footnote 2].  
 components for NBC detection equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£14,511

information security equipment.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A001	1	£155,000
ML4	1	£2,965

counter-improvised explosive device equipment.  
 military equipment for initiating explosives.

### Case & goods Footnotes

1. Licence granted for a Military end user.
2. Licence granted for Military (Army) end user.

## Mauritius

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£3,881
Total	1	£3,881

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£3,881
5D002	1	£0

information security equipment [See footnote 1].  
software for information security equipment [See footnote 1].

#### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. State-owned end user.

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

### Country Footnotes

1. Restrictions currently in force with respect to Myanmar are set out in Council Decision 2013/184/CFSP, as amended; these include an embargo on the provision of arms and related material, on the export of dual-use goods for military and Border Guard Police end users, as well as of equipment that might be used for internal repression, including the export of equipment for monitoring communications as specified in Annex I to Council Regulation (EU) No 401/2013, as amended. Also the technical assistance, and financing or financial assistance related to military activities are also prohibited, and there are restrictions on military training and cooperation.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for commercial end use.

ML18	1	£56,940
ML21	1	£10
ML22	6	£271

anti-aircraft guns.  
 anti-armour ammunition (4 licences).  
 anti-armour weapons.  
 artillery.  
 assault rifles (6).  
 blank/inert ammunition.  
 body armour.  
 components for anti-aircraft guns.  
 components for artillery (2 licences).  
 components for assault rifles (3 licences).  
 components for body armour (6 licences).  
 components for combat aircraft (3 licences).  
 components for decoying/countermeasure equipment (2 licences).  
 components for military combat vehicles (3 licences).  
 components for military communications equipment.  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment (4 licences).  
 components for military infrared/thermal imaging equipment (3 licences).  
 components for military radars (6 licences).  
 components for military support vehicles.  
 components for military training aircraft.  
 components for mortars.  
 components for NBC protective/defensive equipment (5 licences).  
 components for sniper rifles (2 licences).  
 components for sporting guns.  
 components for weapon control equipment.  
 components for weapon night sights (8 licences).  
 decoying/countermeasure equipment.  
 T electronic warfare equipment.  
 equipment for the production of combat aircraft.  
 general naval vessel components (5 licences).  
 goods treated for signature suppression for military use.  
 machine guns (23).  
 military bridges/pontoons/ferries.  
 military electronic equipment.  
 T military electronic equipment (21 licences).  
 military equipment for initiating explosives.  
 military helmets (3 licences).

- T military image intensifier equipment (22 licences).  
military infrared/thermal imaging equipment.
- T military infrared/thermal imaging equipment (21 licences).  
military support vehicles (4 licences).  
military trailers (2 licences).  
military training equipment (3 licences).  
naval electrical/electronic equipment.  
NBC protective/defensive equipment (6 licences).  
small arms ammunition (8 licences).  
sniper rifles (10).  
sniper rifles (15).  
sniper rifles (50).  
software for modelling/simulating military operation scenarios.  
sporting guns (1) (2 licences).  
technology for decoying/countermeasure equipment (3 licences).  
technology for military infrared/thermal imaging equipment.  
technology for NBC detection equipment.  
technology for sniper rifles.  
technology for weapon night sights.  
training small arms ammunition (3 licences).  
training wall/door breaching projectiles/ammunition.  
unfinished products for combat aircraft.  
unfinished products for military aero-engines.  
weapon night sights (3 licences).
- T weapon night sights (22 licences).
- T weapon sights (22 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0B001	1	£0
0E001	1	£500,000
1C001	1	£150
1C233	2	£11,069
2B350	1	£446,955
5A002	3	£282,411
5D002	2	£103,000
PL9011	2	£4,529

corrosion resistant chemical manufacturing equipment.  
devices containing enriched lithium (2 licences).  
electromagnetic wave absorbing materials.  
information security equipment (3 licences).  
software for information security equipment (2 licences).  
sporting guns (1).  
sporting shotguns (1).  
technology for nuclear grade graphite.  
technology for nuclear reactors.  
uranium isotope separation equipment.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£193
ML7	1	£1,285

- T civil NBC protection clothing.
- T NBC protective/defensive equipment.

### SIELs - Incorporation

## Issued

Types of goods on licence	No. of licences	Value
Military	47	£2,086,885
Non-military	9	£1,165,226
Total	56	£3,252,111

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	4	£23,075
ML6	5	£42,466
ML7	3	£7,969
ML9	2	£5,296
ML10	29	£1,708,622
ML11	3	£18,057
ML16	1	£281,400
ML22	1	£0

- components for military aero-engines.
- components for military combat vehicles.
- components for military communications equipment (3 licences).
- components for military helicopters (28 licences).
- components for military radars (4 licences).
- components for naval electrical/electronic equipment.
- components for NBC protective/defensive equipment [See footnote 4].
- general military vehicle components (4 licences).
- general naval vessel components.
- NBC protective/defensive equipment (2 licences).
- technology for military helicopters.
- unfinished products for military helicopters.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0B001	1	£381,150
0E001	1	£0
1C233	3	£5,893
2B350	1	£5,850
5A002	4	£647,333
5D002	4	£123,000
5E002	1	£2,000

- components for uranium isotope separation equipment.
- corrosion resistant chemical manufacturing equipment.
- information security equipment (4 licences).
- products containing enriched lithium (3 licences).
- software for information security equipment (4 licences).
- technology for information security equipment.

technology for uranium isotope separation equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Belgium  
 Bermuda  
 China  
 Egypt  
 Finland  
 France  
 Germany  
 Greece  
 Indonesia  
 Italy  
 Mexico  
 New Zealand  
 Norway  
 Oman  
 Portugal  
 Qatar  
 Singapore

## **SIELs - Incorporation**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	1	£16,290
Total	1	£16,290

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML9	1	£16,290

components for military patrol/assault craft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

India

## **SIELs for goods covered by the torture regulation**

### **Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£1,450
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£1,450

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£1,450

shackles.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4 (Rv)	P	small arms ammunition
5	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
6	P	weapon sights
7	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
8	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
9	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
10	P	components for shotgun ammunition, shotgun ammunition
11	P	weapon sights
12	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 1]

13	P	anti-riot/ballistic shields, components for anti-riot/ballistic shields
14	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 2]
15	P	components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sporting guns, gun mountings, gun silencers, military shotguns, pistols, rifles, smooth-bore weapons, sporting guns, weapon night sights, weapon sights
16	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
17	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
18	P	weapon sights
19	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
20	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
21	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
22	P	blank/inert ammunition
23	P	goods treated for signature suppression for military use, weapon night sights
24	P	assault rifles, components for assault rifles, components for rifles, components for sniper rifles, components for sporting guns, direct view imaging equipment, gun mountings, military image intensifier equipment, military infrared/thermal imaging equipment, rifles, sniper rifles, sporting guns, technology for assault rifles, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon night sights, weapon sights

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### SITCLs

Source	Issued	Refused	Revoked
Australia	1	0	0

#### Issued

components for body armour.

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
2. Licence granted for training purposes.

## Nicaragua

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	3	£460,352
Total	3	£460,352

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C351	2	£352
6A001	1	£400,000
6A006	1	£60,000

heading sensors for hydrophone arrays.  
magnetometers.  
towed hydrophone arrays.  
toxins (2 licences).

## Niger

### Processing Statistics (excluding amendments)

Median processing time SIELs	56 days
% and number of SIELs completed in 20 working days	14% (1)
% and number of SIELs completed in 60 working days	71% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	8 days
% and number of SITCLs completed in 20 working days	100% (1)
% and number of SITCLs completed in 60 working days	100% (1)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	106 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	100% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£26,930
Non-military	3	£79,476
Both Military and Non-military	1	£315,930
Total	7	£422,336

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£12,500
ML7	1	£8,118
ML13	1	£6,312

body armour [See footnote 1].  
 components for body armour [See footnote 1].  
 components for munitions/ordnance detection/disposal equipment.  
 components for NBC detection equipment.  
 military helmets [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A005	1	£70,000
5A002	2	£9,476

civil body armour [See footnote 2].  
 information security equipment (2 licences).

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A001	1	£310,000
ML4	1	£5,930

components for military equipment for initiating explosives [See footnote 3].  
counter-improvised explosive device equipment [See footnote 3].

### OIELs (excluding Other OIELs)

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment

#### Case & goods Footnotes

1. Licence granted for humanitarian / international organisation / media end use.
2. Licence granted for personal protective equipment. Public Services (Government) end use.
3. Licence granted for explosive detection / disposal purposes.

## Nigeria

### Processing Statistics (excluding amendments)

Median processing time SIELs	11 days
% and number of SIELs completed in 20 working days	86% (89)

## SIELs - Incorporation

## Issued

Types of goods on licence	No. of licences	Value
Military	30	£1,554,940
Total	30	£1,554,940

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	20	£1,348,327
ML5	1	£44,527
ML9	2	£38,490
ML10	5	£39,230
ML11	1	£23,526
ML17	1	£60,840

aircraft military communications equipment.  
components for combat naval vessels (2 licences).  
components for command/control equipment for unmanned air vehicles (4 licences).  
components for launching/handling/control equipment for missiles (9 licences).  
components for military guidance/navigation equipment.  
components for surface-to-surface missiles (10 licences).  
components for weapon control equipment.  
launching/handling/control equipment for missiles.  
signature suppression fittings/coatings/treatments for military use.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Brazil  
Canada  
France  
Germany  
Indonesia  
Malaysia  
Oman  
Poland  
Qatar  
Switzerland  
United States of America

## SIELs for goods covered by the torture regulation

### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£223
Goods covered by the torture regulation and Military	0	£0

Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£223

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£223

barbiturate anaesthetic agents for injection.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4 (Rv)	P	small arms ammunition
5	P	weapon sights
6	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
7	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
8	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
9	P	towed hydrophone arrays

10	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
11	P	components for shotgun ammunition, shotgun ammunition
12	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems
13	P	weapon sights
14	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 1]

#### Issued

military helmets.

#### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for goods which will be returned to the UK. Commercial end use.
4. Licence granted for training purposes.

## Oman

### Processing Statistics (excluding amendments)

Median processing time SIELs	11 days
% and number of SIELs completed in 20 working days	72% (114)
% and number of SIELs completed in 60 working days	94% (148)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time SITCLs	8 days
% and number of SITCLs completed in 20 working days	75% (3)
% and number of SITCLs completed in 60 working days	100% (4)
% [as a % of all SITCL cases processed] and number of SITCLs refused	0% (0)

Median processing time OIELs	77 days
% and number of OIELs completed in 20 working days	12% (3)
% and number of OIELs completed in 60 working days	36% (9)
% [as a % of all OIELs cases processed] and number of OIELs refused	12% (3)

Median processing time OITCLs	106 days
% and number of OITCLs completed in 20 working days	33% (2)
% and number of OITCLs completed in 60 working days	50% (3)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	17% (1)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	91	£40,217,842
Non-military	40	£6,529,776
Both Military and Non-military	4	£313,564
Total	135	£47,061,183

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	15	£2,532,485
ML2	2	£1,324
ML3	3	£304,889
ML4	6	£31,847,488
ML5	1	£60,920
ML6	36	£908,233
ML9	7	£902,243
ML10	7	£254,749
ML11	12	£2,174,979
ML13	3	£4,575
ML15	2	£1,198,240
ML18	1	£27,548
ML21	1	£5
ML22	2	£165

air-to-air missiles.  
ballistic test equipment (2 licences) [See footnote 27].  
blank/inert ammunition [See footnote 5].  
body armour (2 licences) [See footnote 6].  
components for aircraft cannons (2 licences).  
components for ballistic test equipment.  
components for body armour (2 licences) [See footnotes 18, 6].  
components for combat aircraft.  
components for launching/handling/control equipment for missiles (4 licences) [See footnotes 36, 37].  
components for machine guns (3 licences) [See footnote 5].  
components for military combat vehicles (18 licences) [See footnotes 32, 33, 34].  
components for military equipment for initiating explosives.  
components for military guidance/navigation equipment (4 licences) [See footnote 38].  
components for military helicopters.  
components for military support aircraft (2 licences).  
components for military support vehicles (2 licences).  
components for naval communications equipment (4 licences).  
components for sniper rifles (2 licences) [See footnotes 25, 27].  
components for sporting guns [See footnote 22].  
components for tanks (16 licences).  
components for weapon night sights [See footnote 30].  
components for weapon sights (3 licences).  
T electronic warfare equipment.  
equipment for the use of sniper rifles [See footnote 27].  
general naval vessel components (2 licences).  
gun silencers (2 licences) [See footnotes 25, 27].  
military aircraft ground equipment.

- military aircrew life support equipment.
- military aircrew safety equipment.
- military electronic equipment.
- military guidance/navigation equipment (5 licences).
- military helmets (2 licences) [See footnotes 18, 6].
- T military image intensifier equipment (2 licences).
- T military infrared/thermal imaging equipment (2 licences).
- military parachutes.
- naval communications equipment.
- small arms ammunition (2 licences) [See footnotes 1, 13].
- sniper rifles (2) [See footnote 25].
- sniper rifles (139) [See footnote 27].
- software for military image recording/processing equipment.
- technology for sniper rifles [See footnote 27].
- technology for weapon night sights.
- training small arms ammunition [See footnote 5].
- weapon night sights.
- T weapon night sights (2 licences).
- weapon sights (4 licences).
- T weapon sights (2 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£20,131
1C350	1	£1,553
2B230	1	£5,924
2B350	8	£163,933
2B351	1	£577
3A101	1	£500,000
3A225	1	£2,337
5A001	2	£1,033,500
5A002	7	£3,315,693
5D001	1	£600
5D002	2	£345,738
5E001	1	£600
6A003	4	£69,471
7A103	3	£623,720
FR AI	7	£446,000

- chemicals used for general laboratory work/scientific research.
- civil explosive detection/identification equipment.
- components for civil NBC protection equipment [See footnote 15].
- components for corrosion resistant chemical manufacturing equipment.
- components for telecommunications interception equipment.
- corrosion resistant chemical manufacturing equipment (7 licences).
- frequency changers.
- imaging cameras.
- T imaging cameras (3 licences).
- inertial equipment (3 licences) [See footnote 24].
- information security equipment (7 licences) [See footnote 28].
- pressure transducers [See footnote 35].
- small arms ammunition (7 licences) [See footnotes 12, 14, 16, 17, 19, 23, 26].
- software for information security equipment (2 licences).
- software for telecommunications interception equipment.
- technology for telecommunications interception equipment.
- T telecommunications interception equipment [See footnote 2].
- toxic gas monitoring equipment.
- X-ray accelerators [See footnote 31].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£123,500
6A003	1	£47,500
FR AI	3	£37,686
ML1	1	£3,184
ML3	2	£41,694
ML5	1	£60,000

T direct view imaging equipment [See footnote 4].  
T imaging cameras [See footnote 4].  
pistols (7) [See footnote 29].  
small arms ammunition (2 licences) [See footnote 21].  
sporting guns (36) [See footnote 29].  
T targeting equipment [See footnote 4].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
7	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
8	P	components for military support aircraft
9	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems

10	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 7]
11	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 20]
12	P	aircraft cannons, components for aircraft cannons, technology for aircraft cannons, weapon mountings
13	P	components for launching/handling/control equipment for missiles, components for military radars, components for military support vehicles, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, equipment for the use of launching/handling/control equipment for missiles, equipment for the use of military radars, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, general military vehicle components, military training equipment [See footnote 8]
14	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
15	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 9]
16	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment,

		recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 10]
17	P	components for combat helicopters, components for military support aircraft, components for military training aircraft [See footnote 11]
18	P	components for military cameras/photographic equipment, components for military image recording/processing equipment

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
2	P	components for weapon sights, weapon sights
3	P	small arms ammunition

## **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

### **Issued**

Types of goods on licence	No. of licences	Value
Military	95	£3,490,756
Non-military	53	£1,500,622
Both Military and Non-military	5	£496,694
Total	153	£5,488,072

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	24	£378,959
ML3	3	£157,204
ML4	2	£209,493
ML5	2	£113,700
ML6	1	£30,000
ML8	1	£162,300
ML9	17	£257,325
ML10	30	£361,456
ML11	6	£200,269
ML13	3	£786,311
ML14	1	£7,429
ML17	5	£443,986
ML18	3	£319,554
ML21	1	£2,250
ML22	5	£59,020
PL5001	1	£1,500

anti-armour ammunition [See footnote 16].  
anti-riot/ballistic shields [See footnote 53].  
bomb suits [See footnote 51].  
combat helicopters [See footnote 33].  
components for aerial target equipment [See footnote 72].  
components for aircraft military communications equipment (2 licences) [See footnote 80].  
components for assault rifles (2 licences) [See footnotes 26, 87].  
components for ballistic test equipment (2 licences) [See footnotes 66, 67].  
components for body armour [See footnote 41].  
components for bomb suits (2 licences) [See footnotes 51, 92].  
components for combat aircraft (3 licences) [See footnote 83].  
components for combat helicopters (4 licences) [See footnotes 70, 73].  
components for combat naval vessels (7 licences) [See footnote 71].

components for decoying/countermeasure equipment.  
 components for military aero-engines (4 licences).  
 components for military auxiliary/support vessels (2 licences) [See footnote 108].  
 components for military communications equipment [See footnote 30].  
 components for military diving apparatus (3 licences) [See footnote 25].  
 components for military electronic equipment (2 licences) [See footnotes 76, 77].  
 components for military helicopters (12 licences) [See footnotes 100, 103, 104, 2, 59, 74, 84, 86].  
 components for military support aircraft (4 licences) [See footnotes 102, 40, 79, 82].  
 components for military training aircraft [See footnote 31].  
 components for munitions/ordnance detection/disposal equipment.  
 components for naval engines [See footnote 107].  
 components for pistols (3 licences) [See footnotes 9, 91].  
 components for sniper rifles (4 licences) [See footnotes 16, 5, 85, 88].  
 components for sporting guns (2 licences) [See footnotes 14, 39].  
 decoying/countermeasure equipment.  
 equipment for the production of rifles [See footnote 68].  
 equipment for the use of aircraft military communications equipment [See footnote 1].  
 general military aircraft components.  
 general military vehicle components.  
 general naval vessel components (7 licences) [See footnotes 105, 106, 75].  
 gun silencers [See footnote 16].  
 military aircraft ground equipment [See footnote 99].  
 military communications equipment [See footnote 25].  
 military diving apparatus (3 licences) [See footnote 25].  
 T military diving apparatus (2 licences) [See footnotes 19, 3].  
 military equipment for initiating explosives.  
 military guidance/navigation equipment [See footnote 81].  
 military helmets [See footnote 51].  
 military sonars.  
 T military sonars [See footnote 3].  
 pistols (1) (10 licences) [See footnotes 10, 12, 13, 42, 60, 62, 63, 8, 9, 91].  
 pistols (2) (2 licences) [See footnotes 97, 98].  
 pyrotechnics/fuels and related substances.  
 sniper rifles (1) [See footnote 5].  
 sniper rifles (20) [See footnote 16].  
 software for military image recording/processing equipment [See footnote 101].  
 sporting guns (1) (3 licences) [See footnotes 14, 39, 64].  
 technology for electronic warfare equipment [See footnote 78].  
 technology for military diving apparatus (2 licences).  
 technology for military image recording/processing equipment [See footnote 101].  
 technology for sniper rifles [See footnote 16].  
 training small arms ammunition (2 licences) [See footnote 87].  
 weapon night sights [See footnote 16].  
 weapon sights (3 licences) [See footnotes 16, 23, 43].

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

Both Military and Non-military	1	£174,250
Total	23	£1,604,462

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£148,060
ML2	1	£4,000
ML5	1	£3,000
ML9	2	£24,631
ML11	6	£188,357
ML13	1	£6,565
ML15	1	£124,160

- T bomb suits.
- T components for aircraft cannons.
- T components for military communications equipment (5 licences).
- T components for military patrol/assault craft (2 licences) [See footnote 3].
- T equipment for the use of military communications equipment.
- T military communications equipment.
- T military electronic equipment.
- T military helmets.
- T military image intensifier equipment [See footnote 1].
- T military infrared/thermal imaging equipment [See footnote 1].
- T rangefinding equipment [See footnote 1].
- T weapon night sights [See footnote 1].
- T weapon sights [See footnote 1].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	1	£907
1A004	1	£32,000
1C351	3	£637
5A002	1	£600
6A006	1	£3,940
8A001	1	£247,938
8A002	1	£137,448
9A012	1	£238,300
9A115	1	£0
FR AI	2	£269,670

- bacteria (3 licences).
- civil NBC detection systems.
- T civil unmanned air vehicles [See footnote 5].
- deuterium compounds.
- information security equipment.
- T launch support equipment for civil unmanned air vehicles [See footnote 5].
- magnetometers [See footnote 2].
- small arms ammunition (2 licences).
- submersible equipment.
- submersible vehicles.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	1	£69,250
6A003	1	£45,000
ML5	1	£60,000

- T direct view imaging equipment [See footnote 4].
- T imaging cameras [See footnote 4].
- T targeting equipment [See footnote 4].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
2 (Rv)	P	small arms ammunition
3	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	information security equipment, information security software

6	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 6]
7	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
8	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 7]

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
2. Licence granted for academic / civilian end users.
3. Licence granted for components / accessories / spare parts. End use by the (Military) Navy.
4. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
5. Licence granted for goods which will be returned to the UK. Academic / civilian end users.
6. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
7. Licence granted for commercial end use.

- components for sniper rifles (2 licences).
- T components for sniper rifles.
- components for sporting guns (2 licences).
- components for tanks.
- electronic warfare equipment (2 licences).
- T electronic warfare equipment.
- equipment for the use of aircraft military communications equipment (2 licences).
- equipment for the use of military communications equipment.
- equipment for the use of military guidance/navigation equipment.

	general military vehicle components (20 licences). gun silencers.
T	gun silencers. hand grenades. military aero-engines. military electronic equipment.
T	military guidance/navigation equipment. military helmets (2 licences). military image intensifier equipment.
T	military image intensifier equipment.
T	military infrared/thermal imaging equipment. military patrol/assault craft.
T	military support vehicles (5 licences). rangefinding equipment. shotgun ammunition. signalling devices. small arms ammunition (3 licences). sniper rifles (1) (2 licences).
T	sniper rifles (3). sporting guns (1) (3 licences). training hand grenades. training small arms ammunition. unfinished products for military training aircraft (2 licences). weapon night sights (2 licences).
T	weapon sights (2 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0E001	1	£0
1C233	1	£4,428
5A002	1	£17,250,000
5D002	1	£4,700
PL9011	3	£403,540

devices containing enriched lithium.  
gun silencers.  
information security equipment.  
information security software.  
small arms ammunition.  
software for information security equipment.  
sporting shotguns (2).  
technology for nuclear reactors.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£5,000
ML7	1	£11,452

T	civil NBC detection systems.
T	components for NBC detection equipment.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
---------------------------	-----------------	-------

Military	10	£1,773,777
Total	10	£1,773,777

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	7	£1,493,875
ML11	1	£6,558
ML16	2	£273,345

components for military aero-engines.  
 components for military communications equipment.  
 components for military helicopters.  
 components for military support aircraft (2 licences).  
 components for military training aircraft (3 licences).  
 unfinished products for military helicopters.  
 unfinished products for military training aircraft.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Brazil  
 Canada  
 Greece  
 Iraq  
 Israel  
 Italy  
 Mexico  
 Morocco  
 Netherlands  
 New Zealand  
 United Kingdom  
 United States of America

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	general naval vessel components, technology for general naval vessel components
3	P	military image intensifier equipment, targeting equipment
4	P	weapon sights

5	P	components for NBC protective/defensive equipment
6	P	command communications control and intelligence software, technology for command communications control and intelligence software
7	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
8	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
9	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
10	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
11	T	command communications control and intelligence software, technology for command communications control and intelligence software
12	P	components for military infrared/thermal imaging equipment, components for periscopes, components for weapon night sights, general military vehicle components, periscopes, technology for military infrared/thermal imaging equipment, technology for periscopes, technology for weapon night sights, weapon night sights
13	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
14	P	general naval vessel components, technology for general naval vessel components [See footnote 1]
15	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
16	P	towed hydrophone arrays
17	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
18	P	components for military support aircraft
19	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
20	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars,

	<p>accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for ### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	32	£1,816,024
Non-military	10	£119,008
Total	42	£1,935,032

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	6	£760,268
ML3	3	£6,692
ML4	3	£48,608
ML6	1	£35,000
ML7	1	£802
ML8	1	£14,160
ML10	9	£142,465
ML11	6	£63,037
ML13	5	£65,400
ML15	1	£679,120
ML21	1	£410
ML22	1	£62

- anti-armour ammunition.
- body armour.
- components for assault rifles.
- components for body armour (5 licences).
- components for combat aircraft (3 licences).
- T components for combat helicopters [See footnote 5].
- components for machine guns.
- components for military aero-engines (2 licences).
- components for military communications equipment.
- components for military guidance/navigation equipment.
- T components for military guidance/navigation equipment [See footnote 5].
- components for military helicopters (3 licences).
- components for military support aircraft (2 licences).
- components for military training aircraft (2 licences).
- components for pistols.
- crowd control ammunition.
- demolition charges/devices.
- explosives.
- general military aircraft components.
- military electronic equipment.
- military equipment for initiating explosives (2 licences).
- military guidance/navigation equipment (3 licences).
- military helmets (2 licences).
- T military image intensifier equipment.
- T military infrared/thermal imaging equipment.
- T military support vehicles.
- NBC decontamination equipment.
- rifles (1).
- small arms ammunition.
- software for military guidance/navigation equipment.
- sporting guns (1).
- tear gas/irritant ammunition.

technology for military guidance/navigation equipment.  
 training small arms ammunition.  
 training tear gas/irritant ammunition.  
 training wall/door breaching projectiles/ammunition.  
 wall/door breaching projectiles/ammunition.  
 weapon night sights (2 licences).  
 T weapon night sights.  
 T weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9011	10	£119,008

components for sporting shotguns (2 licences).  
 sporting guns (1).  
 sporting shotguns (1) (6 licences).  
 sporting shotguns (2) (2 licences).  
 sporting shotguns (3).

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	3	£73,471,750
Total	3	£73,471,750

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	3	£73,471,750

components for military helicopters (2 licences).  
 components for military support aircraft [See footnote 1].

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Afghanistan
- Australia
- Austria
- Belgium
- Finland
- France
- Germany
- Greece
- Italy
- Netherlands

New Zealand  
 Norway  
 Oman  
 Spain  
 Sweden

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft, general military aircraft components
2	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
3	P	weapon sights
4	P	command communications control and intelligence software, technology for command communications control and intelligence software
5	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
6	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
7	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
8	P	towed hydrophone arrays
9	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
10	P	components for military support aircraft
11	P	weapon sights
12	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 2]

13	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
14	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 6]
15	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night

		<p>sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 3]</p>
16	P	<p>airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military aircraft head-up/down displays, components for military cameras/photographic equipment, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for military support aircraft, components for recognition/identification equipment, components for sensor integration equipment, components for targeting equipment, counter-countermeasure equipment for military cameras/photographic equipment, counter-countermeasure equipment for military image intensifier equipment, counter-countermeasure equipment for military image recording/processing equipment, counter-countermeasure equipment for military imaging radar sensor equipment, counter-countermeasure equipment for military infrared/thermal imaging equipment, counter-countermeasure equipment for military cameras/photographic equipment, countermeasure equipment for military image intensifier equipment, countermeasure equipment for military image recording/processing equipment, countermeasure equipment for military imaging radar sensor equipment, countermeasure equipment for military infrared/thermal imaging equipment, decoying/countermeasure equipment, electronic countermeasure equipment, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, equipment for the use of airborne refuelling equipment, equipment for the use of aircraft military communications equipment, equipment for the use of aircraft missile protection systems, equipment for the use of attack alerting/warning equipment, equipment for the use of counter-countermeasure equipment for military cameras/photographic equipment, equipment for the use of counter-countermeasure equipment for military image intensifier equipment, equipment for the use of counter-countermeasure equipment for military image recording/processing equipment, equipment for the use of counter-countermeasure equipment for military imaging radar sensor equipment, equipment for the use of counter-countermeasure equipment for military infrared/thermal imaging equipment, equipment for the use of countermeasure equipment for military cameras/photographic equipment, equipment for the use of countermeasure equipment for military image intensifier equipment, equipment for the use of countermeasure equipment for military image recording/processing equipment, equipment for the use of countermeasure equipment for military imaging radar sensor equipment, equipment for the use of countermeasure equipment for military infrared/thermal imaging equipment, equipment for the use of decoying/countermeasure equipment, equipment for the use of electronic countermeasure equipment, equipment for the use of electronic warfare equipment, equipment for the use of equipment for the operation of military aircraft in confined areas, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircraft head-up/down displays, equipment for the use of military aircraft pressure refuellers,</p>

		equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military cameras/photographic equipment, equipment for the use of military communications equipment, equipment for the use of military electronic equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military image intensifier equipment, equipment for the use of military image recording/processing equipment, equipment for the use of military imaging radar sensor equipment, equipment for the use of military infrared/thermal imaging equipment, equipment for the use of military radars, equipment for the use of military support aircraft, equipment for the use of recognition/identification equipment, equipment for the use of sensor integration equipment, equipment for the use of targeting equipment, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military aircrew life support equipment, military aircrew safety equipment, military cameras/photographic equipment, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, recognition/identification equipment, sensor integration equipment, targeting equipment
17	P	components for combat aircraft, components for military support aircraft, components for military training aircraft [See footnote 4]
18	P	weapon night sights, weapon sights
19	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
20	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
21	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
22	P	weapon sights
23	P	components for gun silencers, gun silencers
24	P	goods treated for signature suppression for military use, weapon night sights
25	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
26	P	components for military support aircraft
27	P	body armour, components for body armour, military helmets

#### Case & goods Footnotes

1. Licence granted for Military (Air Force) end user.
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
4. Licence granted for components / accessories / spare parts.
5. Licence granted for goods returned after repair in the UK / replacement under warranty.
6. Licence granted for training purposes.

## Puerto Rico

### Processing Statistics (excluding amendments)

Median processing time SIELs	13 days
% and number of SIELs completed in 20 working days	91% (10)
% and number of SIELs completed in 60 working days	100% (11)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	18 days
% and number of OIELs completed in 20 working days	100% (1)
% and number of OIELs completed in 60 working days	100% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	6	£23,181
Non-military	5	£89,620
Total	11	£112,801

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	1	£9,815
ML10	1	£0
ML13	1	£7,900
ML21	1	£0
ML22	3	£5,466

- body armour.
- components for body armour.
- components for military training aircraft [See footnote 2].
- components for NBC detection equipment.
- military helmets.
- software for military training aircraft [See footnote 2].
- T technology for air-to-surface missiles.
- technology for combat aircraft.
- T technology for general military aircraft components.
- T technology for general naval vessel components.
- T technology for military guidance/navigation equipment.
- T technology for military infrared/thermal imaging equipment.
- technology for military training aircraft [See footnote 1].
- T technology for weapon night sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	3	£59,708
2B352	2	£29,912

civil explosive detection/identification equipment (3 licences).  
components for biotechnology equipment (2 licences).

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
2. Licence granted for components / accessories / spare parts. Military (Army) end use.

## Qatar

### Processing Statistics (excluding amendments)

Median processing time SIELs	10 days
% and number of SIELs completed in 20 working days	84% (117)
% and number of SIELs completed in 60 working days	98% (136)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	70 days
% and number of OIELs completed in 20 working days	25% (5)
% and number of OIELs completed in 60 working days	45% (9)
% [as a % of all OIELs cases processed] and number of OIELs refused	5% (1)

Median processing time OITCLs	3 days
% and number of OITCLs completed in 20 working days	100% (1)
% and number of OITCLs completed in 60 working days	100% (1)
% [as a % of all OITCLs cases processed] and number of OITCLs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	30	£368,934,730
Non-military	67	£9,488,504
Both Military and Non-military	8	£3,309,709
Total	105	£381,732,943

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	4	£137,777
ML3	1	£1,890
ML4	3	£368,485,884
ML6	9	£166,615
ML7	2	£10,000
ML10	1	£330
ML11	4	£42,231
ML13	5	£34,858
ML22	1	£50,000
PL5001	1	£5,145

air-to-air missiles.  
 anti-riot/ballistic shields [See footnote 2].  
 body armour (2 licences) [See footnotes 4, 8].  
 bomb suits (2 licences) [See footnotes 1, 16].  
 components for air-to-air missiles.  
 components for body armour (2 licences) [See footnotes 4, 8].  
 components for electronic warfare equipment.  
 components for military aero-engines.  
 components for military combat vehicles (2 licences).  
 components for military helmets [See footnote 16].  
 components for sniper rifles.  
 components for sporting guns.  
 components for tanks (2 licences).  
 equipment for the use of aircraft military communications equipment (2 licences) [See footnote 19].  
 general military vehicle components (5 licences) [See footnote 21].  
 gun silencers (2 licences).  
 military communications equipment [See footnote 23].  
 military equipment for initiating explosives [See footnote 17].  
 military helmets (3 licences) [See footnotes 1, 10, 16].  
 NBC detection equipment (2 licences).  
 shotgun ammunition [See footnote 5].  
 sniper rifles.  
 sporting guns (3).  
 technology for air-to-surface missiles.  
 technology for combat aircraft.  
 technology for software for weapon system software.  
 training air-to-surface missiles.  
 weapon sights (3 licences).

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
0C003	4	£383
1A004	2	£155,890
1C002	2	£11

6A003	1	£62,895
6A008	1	£62,566
6A203	1	£37,500
8A001	1	£551,853
8A002	1	£11,910
End Use	1	£3,680
FR AI	6	£667,883

- calcium (2 licences).
- chemicals used for general laboratory work/scientific research (2 licences) [See footnote 24].
- civil explosive detection/identification equipment (2 licences).
- components for corrosion resistant chemical manufacturing equipment.
- components for power supplies.
- corrosion resistant chemical manufacturing equipment (17 licences).
- deuterium compounds (3 licences).
- deuterium solutions.
- T diver location sonars.
- imaging cameras.
- information security equipment (20 licences) [See footnote 14].
- T information security equipment.
- information security software (2 licences) [See footnote 9].
- T information security software.
- instrumentation cameras [See footnote 22].
- magnesium (2 licences).
- metal alloys in powder form (2 licences).
- nickel powders.
- radar equipment [See footnote 20].
- small arms ammunition (2 licences) [See footnote 26].
- software for information security equipment (4 licences).
- sporting guns (1).
- sporting shotguns (2).
- T sporting shotguns (2).
- T sporting shotguns (3).
- submersible equipment.
- submersible vehicles.
- technology for information security equipment (4 licences).
- toxins.
- underwater telecommunications systems [See footnote 25].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£3,725
6A002	1	£82,500
6A003	2	£36,225
6A008	1	£867,300

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	5	£57,910
Total	5	£57,910

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	3	£41,643
5D002	1	£0
5E002	1	£10
6A003	1	£13,256
7A001	1	£3,000

accelerometers.

imaging cameras [See footnote 1].  
 information security equipment (3 licences) [See footnote 2].  
 software for information security equipment [See footnote 2].  
 technology for information security equipment [See footnote 2].

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	military support aircraft

### Country Footnotes

1. Restrictions currently in force with respect to Guinea are set out in Council Decision 2010/638/CFSP, as amended; these include an embargo on the provision of technical and financial assistance and other services related to military equipment, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 1284/2009, as amended, with exemptions for certain humanitarian, protective and UN or EU end uses. Amendments to Council Decision 2010/638/CFSP in 2011 and 2012 introduce further exemptions for the supply of non-lethal equipment to be used for maintaining public order by the police and gendarmerie in Guinea, for the return of non-combat helicopters to Guinea, and for the provision of explosives and related equipment intended solely for civilian use in mining and infrastructure investments. In April 2014, Council Decision 2014/213/CFSP, as amended, lifts the arms embargo though measures against individuals remain in place.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.

## Republic of Moldova

### Processing Statistics (excluding amendments)

Median processing time SIELs	19 days
% and number of SIELs completed in 20 working days	50% (2)

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£34,324
Total	3	£34,324

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	2	£27,064
PL5001	1	£7,260

anti-riot/ballistic shields.  
components for NBC detection equipment (2 licences) [See footnotes 1, 2].

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£250,000
Total	1	£250,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
7A103	1	£250,000

inertial equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Armenia

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

### Case & goods Footnotes

1. Licence granted for government end use.
2. Licence granted for government end use.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£115,320
Total	1	£115,320

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C233	1	£115,320

products containing enriched lithium.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Armenia  
Kazakhstan  
United States of America

### SITCLs

Source	Issued	Refused	Revoked
Japan	7	0	0
Russia	1	0	0
Singapore	2	0	0
Ukraine	1	0	0
United Arab Emirates	1	0	0

### Issued

oil and gas industry equipment/materials (12 licences).

### Country Footnotes

1. Council Decision 2014/512/CFSP, as amended and Council Regulation (EU) No 833/2014, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
3	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
4	P	components for military aircraft head-up/down displays, equipment for the use of military aircraft head-up/down displays, extended temperature range integrated circuits, military aircraft head-up/down displays, software for equipment for the use of military aircraft head-up/down displays
5	P	components for combat aircraft, components for military helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
7	P	components for military support aircraft
8	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems

9	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 10]
10	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
11	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 50]
12	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 14]
13	P	components for military training aircraft, equipment for the production of military training aircraft, equipment for the use of military training aircraft, technology for equipment for the production of military training aircraft, technology for equipment for the use of military training aircraft, technology for military training aircraft
14 (Rv)	P	counter-improvised explosive device equipment

Rv - Some or all of which have subsequently been revoked.

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for air-to-surface missiles, components for launching/handling/control equipment for missiles, components for military training equipment, equipment for the use of air-to-surface missiles, equipment for the use of launching/handling/control equipment for missiles, launching/handling/control equipment for missiles, military electronic equipment, military training equipment, software for military training equipment, technology for air-to-surface missiles, technology for equipment for the use of air-to-surface missiles, technology for equipment for the use of launching/handling/control equipment for missiles, technology for launching/handling/control equipment for missiles, technology for military electronic equipment, technology for military training equipment
2	P	components for equipment for the use of air-to-surface missiles, components for launching/handling/control equipment for missiles, components for military electronic equipment, components for military training equipment, equipment for the use of air-to-surface missiles, launching/handling/control equipment for missiles, military electronic equipment, military software, military training equipment, software for air-to-surface missiles, software for combat aircraft, software for equipment for the use of air-to-surface missiles, software for launching/handling/control equipment for missiles, software for military electronic equipment, software for military training equipment, software for weapon system software, technology for air-to-surface missiles, technology for equipment for the use of air-to-surface missiles, technology for launching/handling/control equipment for missiles, technology for military electronic equipment, technology for military training equipment, technology for software for air-to-surface missiles, technology for software for combat aircraft, technology for software for equipment for the use of air-to-surface missiles, technology for software for launching/handling/control equipment for missiles, technology for software for military electronic equipment, technology for software for military training equipment, technology for software for weapon system software

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	civil NBC protection equipment, civil riot control agent protection equipment, components for civil NBC protection equipment, components for NBC protective/defensive equipment, military communications equipment, NBC protective/defensive equipment, rebreathing swimming equipment
2	P	counter-improvised explosive device equipment

3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. State-owned end user.

## Sierra Leone

### Processing Statistics (excluding amendments)

Median processing time SIELs	24 days
% and number of SIELs completed in 20 working days	43% (3)
% and number of SIELs completed in 60 working days	100% (7)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	91 days
% and number of OIELs completed in 20 working days	25% (1)
% and number of OIELs completed in 60 working days	25% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	4	£154,940
Non-military	2	£175,120
Total	6	£330,060

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	4	£154,940

military support vehicles (4 licences) [See footnotes 3, 4].  
military trailers (2 licences) [See footnotes 3, 4].

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£26,320
5A001	1	£148,800

civil explosive detection/identification equipment.  
counter-improvised explosive device equipment [See footnote 2].

### SIELs for goods covered by the torture regulation

#### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£483
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£483

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more

than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£483

barbiturate anaesthetic agents for injection.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, technology for information security equipment, technology for information security software
2	P	information security equipment, technology for information security equipment
3	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 1]

### Country Footnotes

1. The United Nations imposed embargo on Sierra Leone was lifted on 29 September 2010 with the adoption of UN Security Council resolution 1940. The European Union also lifted EU-imposed sanctions in November 2010. The national implementing legislation on Sierra Leone is however still in force.

All licences for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
2. Licence granted for explosive detection / disposal purposes. State-owned end user.
3. Licence granted for commercial end use.
4. Licence granted for commercial end use.

## Singapore

### Processing Statistics (excluding amendments)

Median processing time SIELs	9 days

	underwater telecommunications systems (2 licences) [See footnotes 25, 26].
T	underwater telecommunications systems.
	viruses.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A002	4	£463,287
6A003	1	£70,750

ML1	3	£68,537
ML5	1	£100,000

- T direct view imaging equipment (4 licences) [See footnote 1].
- T imaging cameras.
- T targeting equipment.
- T weapon night sights (3 licences) [See footnote 1].

### Refused

	Count
Non-military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Non-military

Control Entry	No. of licences with goods rated using Control Entry
5D002	1

information security software.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
2	1

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	6	£191,756
Non-military	11	£4,777,884
Total	17	£4,969,640

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value

ML5	2	£128,554
ML11	2	£20,002
ML15	1	£39,900
ML16	1	£3,300

components for military communications equipment.  
 components for rangefinding equipment.  
 military communications equipment.  
 military electronic equipment.  
 military infrared/thermal imaging equipment.  
 rangefinding equipment.  
 unfinished products for military aircraft head-up/down displays.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	6	£3,049,177
3A001	2	£39,948
6A001	1	£11,110
6A002	1	£1,600,000
8A002	1	£77,650

components for submersible vehicles.  
 corrosion resistant chemical manufacturing equipment (6 licences).  
 extended temperature range integrated circuits.  
 focal plane arrays.  
 marine position fixing equipment.  
 oscillators.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Brazil  
 Canada  
 China  
 Indonesia  
 Norway  
 South Korea  
 Taiwan  
 United Kingdom  
 United States of America

#### SIELs for goods covered by the torture regulation

##### Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	1	£1,400
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£1,400

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once

per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£1,400

barbiturate anaesthetic agents for injection.

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	8	£139,114
Non-military	3	£47,572
Total	11	£186,686

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£330
ML3	1	£756
ML4	1	£4,475
ML6	1	£27,000
ML7	2	£11,623
ML10	1	£44,850
ML13	1	£49,000
ML18	1	£1,080

components for body armour.  
 components for combat aircraft.  
 components for combat helicopters.  
 components for machine guns.  
 components for NBC detection equipment (2 licences).  
 components for training hand grenades.  
 equipment for the production of small arms ammunition.  
 military helmets.  
 military support vehicles.  
 training small arms ammunition.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9011	3	£47,572

sporting shotguns (1).  
sporting shotguns (2).  
sporting shotguns (4).

#### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
3	P	weapon sights
4	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
5	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
6	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft

 military helmets [See footnote 11].  
 promoting the supply of body armour [See footnote 3].  
 promoting the supply of components for body armour [See footnote 3].  
 promoting the supply of military helmets [See footnote 3].

### Country Footnotes

- UN Security Council Resolution 2142 (2014) continues the embargo on the supply of arms and related material. The embargo no longer applies to military equipment intended solely for the development of the Security Forces of the Federal Government of Somalia, providing the UN Sanctions Committee is notified in advance.

The arms embargo on Somalia shall not apply to deliveries of weapons, ammunition or military equipment or the provision of advice, assistance or training, intended solely for the development of the Somali National Security Forces.

The entry into Somali ports for temporary visits of vessels carrying arms and related materiel for defensive purposes does not amount to a delivery of such items in violation of the arms embargo on Somalia, provided that such items remain at all times aboard such vessels

Exemptions to the embargo authorise supplies of non-lethal military equipment intended solely for humanitarian or protective use, weapons and military equipment for the support or use by UN personnel or strategic partners of AMISOM, supplies for use by UN member states to combat piracy and supplies intended for the development of Somali security sector institutions.

The EU implements this UN sanction regime via Council Decision 2010/231/CFSP, as amended, Council Regulation (EU) No 356/2010, as amended and Council Regulation (EC) No 147/2003, as amended

All exports for this destination were approved in accordance with the sanctions in place.

- UN Security Council Resolution 2444 (2019) extended the partial lift of the embargo on the supply of arms and related material until 15 November 2019, it was agreed on the 15 November 2019 that the partial lift would be extended for another year. There are a number of exemptions, including standing exemptions, those requiring notification and those requiring permission from the Somalia UN sanctions committee.

The EU implements this UN sanction regime via Council Decision 2010/231/CFSP, as amended, Council Regulation (EU) No 356/2010, as amended and Council Regulation (EC) No 147/2003, as amended.

- information security equipment (25 licences) [See footnotes 10, 11, 12, 14, 30, 31, 32, 44, 62, 63, 7, 8, 9].
- T information security equipment (3 licences).
- information security software (7 licences) [See footnotes 10, 14, 6, 9].
- instrumentation cameras (2 licences).
- lasers (4 licences) [See footnotes 46, 47].
- magnesium [See footnote 23].
- magnetometers.
- marine position fixing equipment [See footnote 22].
- metal alloys in powder form (2 licences).
- microwave components.
- products containing depleted uranium [See footnote 19].
- products containing thorium [See footnote 19].
- radar equipment.
- T radar equipment (2 licences).
- rebreathing swimming equipment (2 licences).
- small arms ammunition.
- software for information security equipment (7 licences) [See footnotes 10, 30, 31, 32, 44, 9].
- software for radar equipment.
- sporting shotguns (1) (2 licences).
- T sporting shotguns (1).
- sporting shotguns (2).
- submersible equipment [See footnote 21].
- submersible vehicles.
- technology for information security equipment (2 licences) [See footnotes 44, 9].
- technology for software for information security equipment (2 licences) [See footnote 9].
- T telecommunications software.
- toxins [See footnote 28].
- turbofan engines.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£7,450
6A003	6	£522,500
FR AI	3	£38,484
ML1	7	£867,076
ML3	1	£26,910
ML5	1	£17,688
ML7	2	£14,914
ML11	2	£560
ML17	2	£50,100

- assault rifles (3).
- T civil NBC protection clothing (2 licences).
- T civil riot control agent protection equipment (2 licences).
- components for assault rifles.
- T components for civil NBC protection equipment (2 licences).
- T components for civil riot control agent protection equipment (2 licences).
- T components for NBC protective/defensive equipment (2 licences).
- components for pistols.
- components for sporting guns.
- imaging cameras (4 licences) [See footnotes 43, 61].
- T imaging cameras (2 licences).
- T military communications equipment (2 licences).
- T military diving apparatus (2 licences).
- T military laser protection equipment (2 licences).
- T NBC protective/defensive equipment (2 licences).
- pistols (20).
- rangefinding equipment.
- small arms ammunition.
- T sporting guns (1).
- sporting guns (23).
- T sporting shotguns (3).
- weapon night sights (4 licences) [See footnotes 43, 61].
- weapon sights (2 licences) [See footnote 61].
- T weapon sights.

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	15	£1,583,171
Non-military	2	£1,043,100
Total	17	£2,626,271

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£246,918
ML5	4	£116,307
ML9	1	£472
ML10	1	£1,636
ML11	4	£522,949
ML15	2	£694,890

components for air-to-surface missiles [See footnote 49].  
 components for aircraft military communications equipment.  
 components for decoying/countermeasure equipment (2 licences).  
 components for electronic warfare equipment.  
 components for military auxiliary/support vessels.  
 components for military infrared/thermal imaging equipment.  
 components for targeting equipment (3 licences).  
 electronic warfare equipment (2 licences).  
 military guidance/navigation equipment.  
 military infrared/thermal imaging equipment.  
 rangefinding equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	1	£100
6A002	1	£1,043,000

focal plane arrays.  
 microwave components.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Botswana  
 Brazil

Chile  
Colombia  
Egypt  
Germany  
Greece  
India  
Indonesia  
Italy  
Kuwait  
Malaysia  
Norway  
Peru  
Portugal  
Saudi Arabia  
Singapore  
South Korea  
Sweden  
Switzerland  
Turkey  
United Arab Emirates  
United States of America

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	information security equipment
3	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
4 (Rv)	P	small arms ammunition
5	P	components for combat aircraft, components for military aero-engines, components for military helicopters
6	P	weapon sights
7	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
8	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology

		for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
9	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
10	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
11	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
12	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems
13	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
14	P	bismuth, magnesium
15	P	components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sporting guns, gun mountings, gun silencers, military shotguns, pistols, rifles, smooth-bore weapons, sporting guns, weapon night sights, weapon sights
16	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
17	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 2]
18	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of

		military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 3]
19	P	weapon sights
20	P	components for combat aircraft, military electronic equipment
21	P	weapon sights
22	P	components for military support aircraft [See footnote 4]
23	T	components for combat aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment
24	P	information security equipment [See footnote 5]
25	P	blank/inert ammunition

Rv - Some or all of which have subsequently been revoked.

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	257	£99,146,581
Non-military	227	£44,560,429
Both Military and Non-military	4	£263,033
Total	488	£143,970,043

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£176,931
ML3	5	£770,846
ML4	18	£56,095,030
ML5	27	£14,074,418
ML6	13	£530,832
ML7	13	£272,987
ML9	38	£4,301,074
ML10	81	£10,057,867
ML11	42	£6,020,888
ML13	1	£294,453
ML14	2	£2,604,640
ML15	3	£854,640
ML16	1	£116,400
ML17	2	£689,858
ML18	4	£142,310
ML21	22	£2,003,486
ML22	25	£139,923

artillery ammunition.  
 ballistic test equipment (2 licences).  
 blank/inert ammunition.  
 components for air-to-surface missiles (2 licences).  
 components for artillery ammunition.  
 components for attack alerting/warning equipment (3 licences).  
 components for ballistic test equipment.  
 components for combat aircraft (8 licences) [See footnote 20].  
 components for combat helicopters (2 licences).  
 components for combat naval vessels (2 licences).  
 components for launching/ground support equipment for unmanned air vehicles (2 licences).  
 components for launching/handling/control equipment for munitions (2 licences) [See footnote 22].  
 components for military aero-engines (3 licences).

components for military aircraft head-up/down displays.  
 components for military auxiliary/support vessels.  
 components for military bridges/pontoons/ferries.  
 components for military combat vehicles (9 licences).  
 components for military communications equipment (16 licences).  
 components for military equipment for initiating explosives.  
 components for military guidance/navigation equipment (11 licences).  
 components for military guidance/navigation equipment.  
 components for military helicopters (35 licences) [See footnote 32].  
 components for military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences).  
 components for military patrol/assault craft (2 licences).  
 components for military radars (15 licences) [See footnotes 27, 28].  
 components for military support aircraft (3 licences).  
 components for military support vehicles (2 licences) [See footnote 25].  
 components for military training aircraft (19 licences) [See footnote 30].  
 components for munitions/ordnance detection/disposal equipment (3 licences).  
 components for naval communications equipment.  
 components for naval electrical/electronic equipment (2 licences).  
 components for NBC detection equipment (11 licences) [See footnote 31].  
 components for NBC protective/defensive equipment.  
 components for periscopes.  
 components for submarines (18 licences).  
 components for surface-to-air missiles.  
 components for surface-to-surface missiles (2 licences) [See footnote 17].  
 components for tanks.  
 components for targeting equipment.  
 components for unmanned air vehicles (4 licences) [See footnote 21].  
 countermeasure equipment.  
 developmental missile components.  
 electronic countermeasure equipment.  
 equipment for the production of military aircraft ground equipment.  
 equipment for the production of unmanned air vehicles.  
 equipment for the use of artillery.  
 equipment for the use of military aircraft ground equipment.  
 equipment for the use of military communications equipment (8 licences).  
 equipment for the use of military communications equipment.  
 equipment for the use of military radars.  
 equipment for the use of munitions/ordnance detection/disposal equipment.  
 general military aircraft components (2 licences).  
 general military vehicle components (2 licences) [See footnote 34].  
 general naval vessel components (11 licences).  
 launching/handling/control equipment for munitions (2 licences).  
 military aircraft ground equipment (2 licences).  
 military aircrew life support equipment.  
 military aircrew safety equipment.  
 military communications equipment (11 licences).  
 military equipment for initiating explosives.  
 military equipment for initiating explosives.  
 military guidance/navigation equipment (5 licences).  
 military guidance/navigation equipment (2 licences).  
 military helmets.  
 military image intensifier equipment (2 licences) [See footnote 13].  
 military improvised explosive device decoying/detection/disposal/jamming equipment (3 licences).  
 military improvised explosive device decoying/detection/disposal/jamming equipment.  
 military infrared/thermal imaging equipment (3 licences) [See footnote 13].  
 military radars.  
 military training equipment (2 licences).  
 munitions/ordnance detection/disposal equipment (3 licences).  
 naval communications equipment.  
 naval electrical/electronic equipment (5 licences).  
 naval hull penetrators/connectors.  
 NBC protective/defensive equipment.  
 rangefinding equipment (2 licences) [See footnote 13].  
 software enabling equipment to function as military communications equipment (4 licences) [See footnotes 23, 24, 26, 33].  
 software for decoying/countermeasure equipment.  
 software for determining the effects of weapons.  
 software for equipment for the use of artillery.  
 software for equipment for the use of military communications equipment.

- T software for military communications equipment (8 licences).  
software for military communications equipment.
- T software for military guidance/navigation equipment.  
software for military guidance/navigation equipment.  
software for military patrol/assault craft [See footnote 29].  
software for military radars.  
software for munitions/ordnance detection/disposal equipment.  
targeting equipment.  
technology for equipment for the use of military communications equipment.  
technology for launching/handling/control equipment for munitions.  
technology for military aircraft ground equipment.  
technology for military combat vehicles.  
technology for military communications equipment (8 licences).
- T technology for military communications equipment.  
technology for military guidance/navigation equipment (3 licences).  
technology for military patrol/assault craft [See footnote 29].  
technology for munitions/ordnance detection/disposal equipment.  
technology for NBC detection equipment.  
technology for periscopes.  
technology for software enabling equipment to function as military communications equipment [See footnote 24].  
technology for tanks.  
technology for unmanned air vehicles (3 licences).  
test models for unmanned air vehicles.  
training small arms ammunition (2 licences).  
unfinished products for military combat vehicles.
- T weapon night sights (2 licences) [See footnote 13].  
weapon sights.
- T weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

analogue-to-digital equipment.  
 bacteria (2 licences).  
 beryllium.  
 biotechnology equipment (2 licences).  
 civil explosive detection/identification equipment (4 licences).  
 components for biotechnology equipment.  
 components for civil NBC protection equipment.  
 components for metal powder production equipment (2 licences).  
 components for radar equipment (2 licences).  
 corrosion resistant chemical manufacturing equipment (3 licences).  
 deuterium compounds (15 licences) [See footnotes 6, 8, 9].  
 deuterium solutions (2 licences).  
 devices containing enriched lithium.  
 devices for initiating explosives.  
 dimensional inspection equipment (4 licences).  
 dimensional measuring equipment (4 licences).  
 diver location sonars.  
 electromagnetic wave absorbing materials.  
 explosives detection equipment (3 licences) [See footnote 2].  
 extended temperature range integrated circuits (2 licences).  
 fibrous/filamentary materials (2 licences).  
 frequency changers.  
 general purpose integrated circuits.  
 genetically modified organisms.  
 guidance/navigation equipment (3 licences).  
 hafnium.  
 hafnium compounds [See footnote 6].  
 high energy capacitors.  
 imaging cameras (36 licences).  
 T imaging cameras (3 licences).  
 T inertial equipment (29 licences).  
 T inertial equipment.  
 information security equipment (29 licences) [See footnote 16].  
 information security equipment.  
 information security software (6 licences).  
 instrumentation cameras (7 licences).  
 T lasers (6 licences).  
 T lasers.  
 machine tools (2 licences).  
 magnesium (9 licences) [See footnotes 10, 11, 7, 8, 9].  
 magnetic materials.  
 mass spectrometers.  
 materials containing natural uranium.  
 materials containing plutonium-239.  
 materials containing thorium.  
 metal alloy cylindrical forms (5 licences).  
 metal alloys in powder form (2 licences).  
 microwave components.  
 optics finishing machines.  
 oscillators.  
 radar equipment (4 licences).

- T radar equipment.  
radiation hardened TV camera lenses.  
radiation hardened TV cameras (2 licences).  
small arms ammunition.  
software for information security equipment (15 licences).  
software for optics finishing machines.  
software for radar equipment (3 licences).  
sonar log equipment.  
spacecraft payloads.  
submersible equipment (2 licences).  
technology for explosives detection equipment.  
technology for information security equipment (6 licences).  
technology for radar equipment (2 licences).
- T telecommunications interception equipment [See footnote 1].  
thorium.  
toxic gas detectors (2 licences).  
toxins (2 licences).  
viruses (3 licences).  
zirconium alloys.  
zirconium compounds (7 licences) [See footnote 15].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A007	1	£1,222
5D002	3	£257,915
ML8	1	£896
ML21	3	£3,000

- explosives [See footnote 12].  
information security software (2 licences) [See footnotes 18, 19].
- T information security software.  
non-military detonators [See footnote 12].  
software enabling equipment to function as military communications equipment (2 licences) [See footnotes 18, 19].
- T software enabling equipment to function as military communications equipment.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	15	£2,037,540
Non-military	5	£1,421,401
Total	20	£3,458,942

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£580,200
ML6	3	£77,875

ML9	3	£34,179
ML10	4	£780,287
ML11	2	£565,000

components for aircraft military communications equipment.  
 components for combat aircraft.  
 components for launching/handling/control equipment for munitions.  
 components for military auxiliary/support vessels.  
 components for military combat vehicles.  
 components for military guidance/navigation equipment (2 licences).  
 components for military training aircraft.  
 components for submarines.  
 components for surface-to-surface missiles.  
 general military vehicle components (2 licences).  
 general naval vessel components.  
 inert torpedoes.  
 military aircrew life support equipment.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C202	1	£756
2B350	1	£55,921
6A005	1	£1,293,100
7A003	2	£71,624

corrosion resistant chemical manufacturing equipment.  
 inertial equipment (2 licences).  
 lasers.  
 metal alloy cylindrical forms.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Indonesia  
 Mexico  
 Mozambique  
 New Zealand  
 Norway  
 Philippines  
 Poland  
 Senegal  
 Spain  
 Thailand

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	accessories for munitions/ordnance detection/disposal equipment, components for military auxiliary/support vessels, components for munitions/ordnance detection/disposal equipment, equipment for the use of munitions/ordnance detection/disposal equipment, munitions/ordnance detection/disposal equipment, software for munitions/ordnance detection/disposal equipment, technology for munitions/ordnance detection/disposal equipment
2	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4	P	general naval vessel components, technology for general naval vessel components
5 (Rv)	P	small arms ammunition
6	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
7	P	components for military auxiliary/support vessels, components for military sonars, components for munitions/ordnance detection/disposal equipment, military sonars, munitions/ordnance detection/disposal equipment, software for military sonars, software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, software for munitions/ordnance detection/disposal equipment, technology for military sonars, technology for munitions/ordnance detection/disposal equipment, technology for software for military sonars, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
8	P	general naval vessel components, technology for general naval vessel components [See footnote 3]
9	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
10	P	information security equipment
11	P	accessories for military sonars, components for military sonars, equipment for the use of military sonars, military sonars, software for military sonars, technology for military sonars
12	P	components for military helicopters, technology for military helicopters
13	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 4]
14	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 14]

15	P	components for launching/handling/control equipment for missiles, components for launching/handling/control equipment for munitions, software for launching/handling/control equipment for missiles, software for launching/handling/control equipment for munitions
16	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
17	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment,

		technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 5]
18	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
19	P	components for munitions/ordnance detection/disposal equipment, equipment for the use of munitions/ordnance detection/disposal equipment, munitions/ordnance detection/disposal equipment, software for munitions/ordnance detection/disposal equipment, technology for munitions/ordnance detection/disposal equipment
20	P	viruses
21	P	components for aircraft military communications equipment, components for combat helicopters, components for military guidance/navigation equipment, components for military support aircraft, general military aircraft components
22	P	direct view imaging equipment, image intensifier tubes, imaging cameras
23	P	goods treated for signature suppression for military use, weapon night sights
24	T	components for combat aircraft, equipment for the development of combat aircraft, equipment for the production of combat aircraft, military aircraft ground equipment, technology for combat aircraft
25	P	components for military aero-engines, military aero-engines, technology for military aero-engines
26	P	components for military auxiliary/support vessels, components for munitions/ordnance detection/disposal equipment, equipment for the use of munitions/ordnance detection/disposal equipment, munitions/ordnance detection/disposal equipment, software for munitions/ordnance detection/disposal equipment, technology for munitions/ordnance detection/disposal equipment

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### Case & goods Footnotes

1. Licence granted for demonstration to potential customers.
2. Licence granted for explosive detection / disposal purposes.
3. Licence granted for components / accessories / spare parts. End use by the (Military) Navy.
4. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
5. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
6. Licence granted for academic / civilian end users.
7. Licence granted for academic / civilian end users.
8. Licence granted for academic / civilian end users.
9. Licence granted for commercial end use.
10. Licence granted for academic / civilian end users.
11. Licence granted for academic / civilian end users.
12. Licence granted for energy exploration / generation purposes.
13. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.

14. Licence granted for training purposes.
15. Licence granted for academic / civilian end users.
16. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
17. Licence granted for a State-owned end user.
18. Licence granted for a State-owned end user.
19. Licence granted for a State-owned end user.
20. Licence granted for Military (Army) end user.
21. Licence granted for Military (Army) end user.
22. Licence granted for Military (Air Force) end user.
23. Licence granted for Military (Air Force) end user.
24. Licence granted for Military (Air Force) end user.
25. Licence granted for a Military end user.
26. Licence granted for a Military end user.
27. Licence granted for a Military end user.
28. Licence granted for a Military end user.
29. Licence granted for commercial end use.
30. Licence granted for commercial end use.
31. Licence granted for commercial end use.
32. Licence granted for commercial end use.
33. Licence granted for commercial end use.
34. Licence granted for commercial end use.

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	5	£965,670
Non-military	4	£248,986
Total	9	£1,214,656

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	4	£872,804
ML13	1	£92,866

all-wheel drive vehicles with ballistic protection [See footnote 6].  
body armour [See footnote 4].  
components for all-wheel drive vehicles with ballistic protection [See footnote 5].  
components for body armour [See footnote 4].  
components for military support vehicles (2 licences) [See footnotes 7, 8].  
military helmets [See footnote 4].  
military support vehicles (2 licences) [See footnotes 7, 8].  
military trailers [See footnote 7].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£148,000
5A002	3	£100,961
5D002	1	£26

civil NBC protection clothing [See footnote 2].  
information security equipment (3 licences) [See footnotes 1, 3].  
software for information security equipment.

### OIELs (excluding Other OIELs)

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment

### Country Footnotes

1. EU Council Decision (CFSP) 2015/740, as amended and Council Regulation (EU) 2015/735, as amended, transpose UNSCR 2206 (2015). This provides for restrictive measures in the form of travel restrictions and asset freezes that may be applied in relation to persons and entities designated by the Security Council Committee.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

On 13 July 2018, UN Security Council Resolution 2428 (2018), established an embargo on the supply of arms and related material to South Sudan. Exemptions exist for equipment intended for the support of or use by UN personnel, humanitarian use, in support of the African Union Regional Task Force intended solely for regional

operations to counter the Lords Resistance Army and intended solely in support of the implementation of the terms of the peace agreement.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
4. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
5. Licence granted for components / accessories / spare parts. Humanitarian / international organisation end use.
6. Licence granted for a diplomatic mission.
7. Licence granted for disaster / emergency response purposes. Humanitarian / international organisation end use.
8. Licence granted for disaster / emergency response purposes. Humanitarian / international organisation end use.

- airborne refuelling equipment.
- anti-armour ammunition.
- anti-riot/ballistic shields (2 licences).
- T command communications control and intelligence software.
- components for aerial target equipment.
- components for air-to-air missiles.
- components for airborne refuelling equipment (16 licences).
- components for artillery (3 licences).
- components for artillery ammunition.
- components for body armour.
- components for combat aircraft (6 licences) [See footnote 7].
- components for electronic warfare equipment (25 licences).
- components for military aero-engines.
- components for military communications equipment.
- components for military support aircraft (9 licences) [See footnotes 10, 11, 5, 6, 8, 9].
- components for military training aircraft (6 licences) [See footnotes 1, 2].
- components for NBC detection equipment.
- components for NBC protective/defensive equipment.
- components for shotgun ammunition (2 licences).
- components for sniper rifles (2 licences).
- components for submarines.
- components for unmanned air vehicles (3 licences).
- components for weapon sights.
- decoying/countermeasure equipment.
- energetic materials additives.
- general naval vessel components (4 licences).
- gun silencers.
- military combat vehicles.
- military communications equipment (2 licences).
- T military communications equipment.
- military helmets.
- T military image intensifier equipment.
- military improvised explosive device decoying/detection/disposal/jamming equipment (4 licences).
- T military infrared/thermal imaging equipment.
- military trailers.
- small arms ammunition (3 licences).
- sniper rifles (1) (2 licences).
- sniper rifles (31).
- sporting guns (1) (5 licences).
- technology for decoying/countermeasure equipment.
- technology for sniper rifles.
- T technology for sniper rifles.
- technology for targeting equipment.
- unfinished products for combat aircraft (2 licences).
- weapon night sights (2 licences).
- weapon sights.
- T weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0E001	2	£100,000
1A007	1	£25,987
PL9011	13	£217,588

- T components for sporting shotguns.  
non-military detonators.  
sporting shotguns (1) (4 licences).  
sporting shotguns (2) (6 licences).
- T sporting shotguns (10).  
sporting shotguns (2 licences).  
technology for nuclear plant/equipment/materials/software controlled by entries 0A/0B/0C/0D of the Dual-Use Regulation.  
technology for nuclear reactors.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	51	£871,411
Non-military	2	£47,499
Total	53	£918,910

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	2	£67,928
ML5	2	£138,670
ML6	2	£77,395
ML7	2	£21,659
ML9	3	£62,155
ML10	13	£213,342
ML11	24	£164,661
ML15	1	£9,125
ML16	3	£116,476
ML22	1	£0

aircraft military communications equipment.  
components for attack alerting/warning equipment.  
components for combat aircraft (5 licences).  
components for combat helicopters.  
components for combat naval vessels.  
components for electronic warfare equipment (20 licences).  
components for military aero-engines [See footnote 3].  
components for military communications equipment.  
components for military equipment for initiating explosives.  
components for military guidance/navigation equipment.

components for military infrared/thermal imaging equipment.  
 components for military support aircraft (4 licences).  
 components for naval communications equipment.  
 components for NBC protective/defensive equipment.  
 components for submarines.  
 components for surface-to-air missiles.  
 components for weapon control equipment.  
 electronic warfare equipment.  
 equipment for the use of military radars.  
 general military aircraft components [See footnote 4].  
 general military vehicle components (2 licences).  
 NBC protective/defensive equipment (2 licences).  
 technology for electronic warfare equipment.  
 unfinished products for combat aircraft (2 licences).  
 unfinished products for military aero-engines.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	1	£27,499
8A002	1	£20,000

corrosion resistant chemical manufacturing equipment.  
 submersible equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

- Austria
- Bangladesh
- Brazil
- Canada
- Egypt
- Germany
- Italy
- Kuwait
- Netherlands
- Oman
- Pakistan
- Portugal
- Qatar
- Saudi Arabia
- Singapore
- South Korea
- United Arab Emirates
- United Kingdom
- United States of America
- Vietnam

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4	P	military image intensifier equipment, targeting equipment
5	P	weapon sights
6	P	components for NBC protective/defensive equipment
7	P	command communications control and intelligence software, technology for command communications control and intelligence software
8	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
9	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
10	T	command communications control and intelligence software, technology for command communications control and intelligence software
11	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
12	P	technology for submarines
13	P	towed hydrophone arrays
14	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
15	P	components for military support aircraft
16	P	weapon sights
17	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 12]
18	P	weapon night sights, weapon sights
19	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
20	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines

21	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
22	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
23	T	components for combat aircraft
24	P	weapon sights
25	T	technology for nuclear reactors
26	P	components for gun silencers, gun silencers
27	P	goods treated for signature suppression for military use, weapon night sights
28	T	technology for combat aircraft, unfinished products for combat aircraft
29	P	software for modelling/simulating military operation scenarios, software for modelling/simulating/evaluating weapon systems, technology for software for modelling/simulating military operation scenarios, technology for software for modelling/simulating/evaluating weapon systems
30	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
31	P	components for nuclear reactors, materials containing depleted uranium, materials containing enriched uranium, materials containing natural uranium, products containing depleted uranium, products containing enriched uranium, products containing natural uranium, technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing enriched uranium, technology for materials containing natural uranium, technology for materials containing plutonium-239, technology for materials containing thorium, technology for materials containing uranium-233, technology for natural uranium, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for thorium, technology for uranium conversion equipment, technology for uranium-233
32	P	body armour, components for body armour, military helmets
33	P	components for combat aircraft, technology for combat aircraft, unfinished products for combat aircraft
34	P	explosives

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	technology for air-to-surface missiles, technology for equipment for the use of air-to-surface missiles, technology for launching/handling/control equipment for missiles, technology for military electronic equipment, technology for military software, technology for military training equipment, technology for software for air-to-surface missiles, technology for software for combat aircraft, technology for software for equipment for the use of air-to-surface missiles, technology for software for launching/handling/control equipment for missiles, technology for software for military electronic equipment, technology for software for military training equipment, technology for software for weapon system software

### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
2. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
3. Licence granted for components / accessories / spare parts.
4. Licence granted for a Military end user.
5. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
6. Licence granted for end use by the Air Force.
7. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
8. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
9. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
10. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
11. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
12. Licence granted for training purposes.

chemicals used for industrial/commercial processes (4 licences) [See footnotes 1, 6].  
information security equipment (4 licences) [See footnotes 2, 3, 4, 5].  
information security software.

software for information security equipment (3 licences) [See footnotes 4, 5].

## OIELs (excluding Other OIELs)

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment, technology for information security equipment

### Country Footnotes

1. UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument. The enforcement of the arms embargo was further strengthened by resolution 1945 (2010) of 14 October 2010. This is implemented by Council Regulation (EC) No 747/2014, as amended.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for chemical manufacturing purposes. Commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
6. Licence granted for commercial end use.

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	14	£2,130,071
ML2	12	£322,279
ML3	4	£2,056,544
ML4	16	£435,893
ML5	31	£763,803
ML6	4	£9,434
ML7	4	£65,686
ML8	1	£78
ML9	3	£340,444
ML10	7	£283,983
ML11	4	£14,400
ML13	3	£236,752
ML14	1	£2,656
ML15	1	£679,120
ML16	3	£789,515
ML21	1	£11,560
ML22	3	£28,100

accessories for artillery.  
 accessories for military radars.  
 anti-armour ammunition.  
 artillery.  
 assault rifles (20).  
 blank/inert ammunition.  
 body armour.  
 components for air-to-surface missiles (2 licences).  
 components for aircraft military communications equipment.  
 components for anti-aircraft guns.  
 components for artillery (5 licences).  
 components for assault rifles (2 licences).  
 components for body armour.  
 components for combat aircraft (5 licences).  
 components for decoying/countermeasure equipment (2 licences).  
 components for decoying/countermeasure equipment.  
 components for electronic warfare equipment.  
 components for launching/handling/control equipment for man portable air defence system missiles (2 licences).  
 components for launching/handling/control equipment for missiles.  
 components for machine guns.  
 components for man portable air defence system missiles.  
 components for military combat vehicles.  
 components for military equipment for initiating explosives.  
 components for military helmets.  
 components for military patrol/assault craft.  
 components for military radars (23 licences).  
 components for military sonars (2 licences).  
 components for military support vehicles (3 licences).  
 components for military training equipment.  
 components for naval communications equipment.  
 components for naval guns (6 licences).  
 components for NBC detection equipment (3 licences).  
 components for periscopes.  
 components for pistols.  
 components for sniper rifles (2 licences).  
 components for sniper rifles.  
 components for surface-to-air missiles.  
 components for surface-to-surface missiles (2 licences).  
 components for targeting equipment (2 licences).  
 constructions for ballistic protection of military systems.  
 energetic materials additives.

- T equipment for the use of naval guns.
- T equipment for the use of NBC detection equipment (3 licences).
- general military aircraft components.
- general naval vessel components.
- gun silencers (5 licences).
- T gun silencers.
- T military electronic equipment.
- military equipment for initiating explosives (3 licences).
- military helmets (2 licences).
- T military image intensifier equipment.
- T military infrared/thermal imaging equipment.
- naval communications equipment.
- T NBC detection equipment (3 licences).
- NBC protective/defensive equipment.
- sniper rifles (1) (2 licences).
- T sniper rifles (2).
- software for optimising equipment design.
- sporting guns (1) (2 licences).
- targeting equipment (2 licences).
- technology for anti-armour weapons.
- T technology for sniper rifles.
- technology for software for optimising equipment design.
- training small arms ammunition (3 licences).
- unfinished products for anti-armour weapons (2 licences).
- unfinished products for launching/handling/control equipment for missiles.
- weapon control equipment.
- weapon night sights (2 licences).
- T weapon night sights.
- weapon sights (3 licences).
- T weapon sights (2 licences).

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1C351	2	£0
2B006	1	£98,196
5A002	2	£325
PL9011	2	£22,518

- components for sporting guns.
- dimensional measuring equipment.
- information security equipment (2 licences) [See footnote 1].
- sporting guns (2).
- sporting shotguns (1).
- toxins (2 licences).

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£71,000
ML7	1	£15,660

- T civil explosive detection/identification equipment.
- T civil NBC detection systems.
- T components for NBC detection equipment.
- T NBC detection equipment.

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	60	£74,079,767
Total	60	£74,079,767

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	2	£13,293
ML4	2	£18,740
ML5	17	£61,194,878
ML6	1	£28,268
ML9	4	£25,699
ML10	23	£12,299,278
ML11	7	£312,226
ML16	3	£5,734
ML17	1	£181,645
ML21	1	£5
ML22	1	£1

- attack alerting/warning equipment.
- components for attack alerting/warning equipment.
- components for combat aircraft (15 licences).
- components for electronic warfare equipment (3 licences).
- components for military communications equipment.
- components for military diving apparatus.
- Rv components for military radars (12 licences).
- components for military support aircraft (8 licences) [See footnote 2].
- components for multi-role missiles.
- components for naval electrical/electronic equipment (2 licences).
- components for naval guns (2 licences).
- components for rangefinding equipment (2 licences).
- components for surface-to-surface missiles.
- components for turrets.
- components for weapon control equipment.
- electronic warfare equipment (2 licences).
- general naval vessel components (2 licences).
- military electronic equipment.
- naval electrical/electronic equipment.
- software for military radars.
- technology for military radars.
- unfinished products for combat aircraft (3 licences).

Rv - Some or all of which have subsequently been revoked.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Brazil  
France  
Germany

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for military helicopters
3	P	military image intensifier equipment, targeting equipment
4	P	weapon sights
5	P	components for NBC protective/defensive equipment

6	T	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment
7	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
8	P	components for equipment for the production of sporting guns, components for weapon sights, equipment for the production of sporting guns, unfinished products for sporting guns, weapon sights
9	P	towed hydrophone arrays
10	P	components for air launched rockets, components for air-to-air missiles, components for bombs, components for decoying/countermeasure equipment, components for devices containing military pyrotechnic materials, components for surface launched rockets, components for surface-to-air missiles, components for torpedoes, technology for air launched rockets, technology for air-to-air missiles, technology for decoying/countermeasure equipment, technology for devices containing military pyrotechnic materials, technology for surface launched rockets, technology for surface-to-air missiles, technology for torpedoes
11	P	weapon sights
12	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
13	P	components for military electronic equipment, military electronic equipment, software for military electronic equipment, technology for military electronic equipment
14	P	anti-riot/ballistic shields, components for anti-riot/ballistic shields
15	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 4]
16	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components

		for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 3]
17	P	weapon night sights, weapon sights
18	T	technology for materials containing plutonium-239, technology for nuclear fuel reprocessing equipment, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing plutonium-239
19	P	components for combat aircraft, military electronic equipment
20	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines

21	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
22	P	command communications control and intelligence software, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software
23	T	components for combat aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment
24	P	weapon sights
25	T	acoustic seabed survey equipment, inertial equipment, marine position fixing equipment, sonar log equipment, submersible equipment
26	P	components for gun silencers, gun silencers
27	P	goods treated for signature suppression for military use, weapon night sights
28	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military communications equipment, components for military helmets, equipment for the production of military communications equipment, equipment for the use of military communications equipment, military communications equipment, military helmets, software for aircraft military communications equipment, software for military communications equipment, technology for aircraft military communications equipment, technology for military communications equipment
29	P	materials containing enriched uranium, materials containing natural uranium
30	P	components for nuclear reactors, materials containing depleted uranium, materials containing enriched uranium, materials containing natural uranium, products containing depleted uranium, products containing enriched uranium, products containing natural uranium, technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing enriched uranium, technology for materials containing natural uranium, technology for materials containing plutonium-239, technology for materials containing thorium, technology for materials containing uranium-233, technology for natural uranium, technology for nuclear grade graphite, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for thorium, technology for uranium conversion equipment, technology for uranium-233
31	P	body armour, components for body armour, military helmets

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for Military (Air Force) end user.
3. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
4. Licence granted for training purposes.

## Switzerland

#### Issued

gun silencers.

#### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

#### Case & goods Footnotes

1. Licence granted for training purposes.
2. Licence granted for components / accessories / spare parts.
3. Licence granted for a Military end user.
4. Licence granted for components / accessories / spare parts.

5. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
6. Licence granted for Military (Air Force) end user.

## Syria

### Processing Statistics (excluding amendments)

Median processing time SIELs	20 days
% and number of SIELs completed in 20 working days	55% (6)
% and number of SIELs completed in 60 working days	91% (10)
% [as a % of all SIEL cases processed] and number of SIELs refused	27% (3)

Median processing time OIELs	188 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£37,588
Both Military and Non-military	1	£67,992
Total	2	£105,580

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£37,588

components for all-wheel drive vehicles with ballistic protection [See footnote 3].

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£34,260
ML13	1	£31,932
PL8001	1	£1,800

bomb suits [See footnote 2].  
 components for bomb suits [See footnote 2].  
 components for military equipment for initiating explosives [See footnote 2].  
 devices for initiating explosives [See footnote 2].

military helmets [See footnote 2].  
 military improvised explosive device decoying/detection/disposal/jamming equipment [See footnote 2].  
 munitions/ordnance detection/disposal equipment [See footnote 2].

## Refused

	Count
Military	3
Total	3

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry
ML4	2
ML13	1

components for military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences).  
 military equipment for initiating explosives.  
 military helmets.  
 military improvised explosive device decoying/detection/disposal/jamming equipment (2 licences).

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	3

## OIELs (excluding Other OIELs)

### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	body armour, components for body armour, military helmets [See footnote 1]

## Country Footnotes

- On 31 May 2013, the EU adopted Council Decision 2013/255/CFSP, as amended, and Council Regulation (EU) No 36/2012, as amended, which lifted the embargoes on arms and related material, as well as on equipment which might be used for internal repression.

This Decision also renewed the remaining measures set out in repealed Decision 2012/739/CFSP, which include embargoes on further equipment that might be used for internal repression (chemical warfare precursors and related equipment), monitoring and interception equipment, key equipment and technology for certain sectors of the oil and natural gas industry in Syria, luxury goods, and Syrian denominated banknotes and coinage.

Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended, are

also in place.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for humanitarian end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
3. Licence granted for components / accessories / spare parts. Humanitarian / international organisation end use.

## Taiwan

### **SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)**

#### **Issued**

Types of goods on licence	No. of licences	Value
Military	5	£168,948
Non-military	22	£3,420,238
Both Military and Non-military	2	£128,935
Total	29	£3,718,121

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£72,000
ML3	1	£1,000
ML6	4	£95,948

components for military support vehicles [See footnote 8].  
 military support vehicles (4 licences) [See footnotes 13, 8].  
 T small arms ammunition.  
 T sporting guns (2).  
 T weapon sights.

#### **Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	3	£136,527
5A002	11	£2,304,355
5D002	2	£9,000
5E002	2	£7,700
6A001	1	£661,856
6A003	2	£300,000
6D003	4	£800

T acoustic seabed survey equipment.  
 civil explosive detection/identification equipment (3 licences) [See footnotes 4, 6].  
 high performance air traffic control software (4 licences) [See footnote 11].  
 T imaging cameras (2 licences).  
 information security equipment (11 licences) [See footnotes 10, 12, 3, 5, 7, 9].

software for information security equipment (2 licences) [See footnote 3].  
 technology for information security equipment (2 licences).

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	1	£3,000
FR AI	1	£400
ML1	1	£535
ML15	1	£125,000

T gun silencers.  
 T imaging cameras.  
 T military infrared/thermal imaging equipment.  
 sporting guns (1).  
 weapon night sights.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for information security equipment, information security equipment, information security software, software for information security equipment
2	P	information security equipment, information security software, technology for information security equipment, technology for information security software
3	P	information security equipment, technology for information security equipment
4	P	information security equipment, information security software, technology for information security equipment, technology for information security software [See footnote 1]
5	P	components for military support aircraft
6	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 2]
7	P	information security equipment

### OITCLs

Source	Issued	Refused	Revoked
Comoros, Djibouti, Egypt, Kenya, Madagascar, Malaysia, Maldives, Mauritius, Mozambique, Oman, Seychelles, Singapore, South Africa, Sri Lanka, Tanzania, United Arab Emirates, Vessel and/or Platform in International Waters	1	0	0

#### Issued

assault rifles.  
 body armour.  
 components for assault rifles.

components for body armour.  
 components for flash suppressers.  
 components for gun mountings.  
 components for gun silencers.  
 components for machine guns.  
 components for military helmets.  
 components for military image intensifier equipment.  
 components for military infrared/thermal imaging equipment.  
 components for military shotguns.  
 components for pistols.  
 components for rifles.  
 components for small arms ammunition.  
 components for smooth-bore weapons.  
 components for sporting guns.  
 components for sporting shotguns.  
 components for tactical shotguns.  
 components for weapon night sights.  
 components for weapon sights.  
 flash suppressers.  
 gun mountings.  
 gun silencers.  
 machine guns.  
 military helmets.  
 military image intensifier equipment.  
 military infrared/thermal imaging equipment.  
 military shotguns.  
 pistols.  
 rifles.  
 small arms ammunition.  
 smooth-bore weapons.  
 sniper rifles.  
 sporting guns.  
 sporting shotguns.  
 tactical shotguns.  
 weapon night sights.  
 weapon sights.

### Case & goods Footnotes

1. Licence granted for civilian / commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
4. Licence granted for explosive detection / disposal purposes. Public Services (Government) end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
6. Licence granted for explosive detection / disposal purposes. Commercial end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
8. Licence granted for commercial end use.
9. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
10. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
11. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
12. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
13. Licence granted for commercial end use.

T anti-armour ammunition [See footnote 1].  
assault rifles (19) [See footnote 14].  
blank/inert ammunition [See footnote 26].

- components for aircraft cannons.
- components for assault rifles [See footnote 29].
- components for body armour (2 licences) [See footnotes 43, 6].
- components for combat aircraft (4 licences) [See footnotes 44, 45].
- components for decoying/countermeasure equipment.
- components for electronic warfare equipment.
- components for launching/handling/control equipment for missiles (2 licences) [See footnote 7].
- components for machine guns (2 licences) [See footnote 29].
- components for military communications equipment.
- components for military equipment for initiating explosives.
- components for military guidance/navigation equipment.
- components for military helicopters (3 licences).
- components for military infrared/thermal imaging equipment [See footnote 36].
- components for military training aircraft [See footnote 38].
- components for munitions/ordnance detection/disposal equipment (3 licences).
- components for naval guns.
- components for NBC detection equipment (4 licences) [See footnote 49].
- components for NBC protective/defensive equipment (3 licences).
- components for pistols (2 licences) [See footnotes 26, 29].
- components for sniper rifles (4 licences) [See footnotes 10, 17, 25, 73].
- components for sporting guns [See footnote 23].
- components for surface-to-air missiles.
- components for targeting equipment (2 licences).
- decoying/countermeasure equipment.
- electronic warfare equipment.
- T electronic warfare equipment.
- general military vehicle components.
- gun silencers [See footnote 10].
- launching/handling/control equipment for munitions [See footnote 54].
- T machine guns (8) [See footnote 14].
- machine guns (1158).
- man portable air defence system missiles.
- military aircraft ground equipment.
- military aircrew safety equipment (2 licences).
- military communications equipment (2 licences).
- military equipment for initiating explosives (2 licences).
- military image intensifier equipment.
- T military image intensifier equipment [See footnote 11].
- military improvised explosive device decoying/detection/disposal/jamming equipment.
- T military infrared/thermal imaging equipment (2 licences) [See footnotes 11, 19].
- military software.
- munitions/ordnance detection/disposal equipment (3 licences).
- NBC protective/defensive equipment (2 licences).
- periscopes [See footnote 35].
- T pistols (12) [See footnote 14].
- T rifles (4) [See footnote 14].
- small arms ammunition (6 licences) [See footnotes 1, 10, 2, 8].
- sniper rifles (1) [See footnote 10].
- sniper rifles (4) [See footnote 4].
- T sniper rifles (4) [See footnote 14].
- sniper rifles (19) [See footnote 73].
- software for electronic warfare equipment.
- software for military communications equipment (2 licences).
- sporting guns (34) [See footnote 23].
- technology for electronic warfare equipment.
- technology for launching/handling/control equipment for munitions [See footnote 54].
- technology for machine guns.
- technology for military communications equipment.
- training small arms ammunition (2 licences) [See footnotes 26, 29].
- T weapon night sights [See footnote 11].
- weapon sights [See footnote 10].
- T weapon sights [See footnote 11].

- civil explosive detection/identification equipment (17 licences) [See footnotes 34, 55, 66, 67, 68, 69, 70, 71].
- components for corrosion resistant chemical manufacturing equipment (5 licences) [See footnotes 47, 51].
- corrosion resistant chemical manufacturing equipment (14 licences) [See footnotes 31, 48, 50, 52, 53, 59, 65, 72].
- counter-improvised explosive device equipment.
- deuterium compounds (3 licences).
- devices containing enriched lithium.
- devices for initiating explosives [See footnote 61].
- frequency changers [See footnote 60].
- imaging cameras (10 licences) [See footnotes 62, 63].
- inertial equipment [See footnote 33].
- T inertial equipment (2 licences).
- information security equipment (10 licences) [See footnotes 32, 39, 40, 46, 56, 64].
- information security software (2 licences).
- instrumentation cameras.
- lasers.
- T lasers.
- T marine position fixing equipment (2 licences).
- metal alloy cylindrical forms (2 licences) [See footnotes 57, 58].
- radar equipment.
- rebreathing swimming equipment.
- small arms ammunition (13 licences) [See footnotes 15, 18, 21, 24, 28, 3, 30, 41, 9].
- software for frequency changers (2 licences).
- software for information security equipment (6 licences) [See footnotes 27, 32, 40, 46].
- sonar log equipment.
- spacecraft [See footnote 37].
- spacecraft simulators [See footnote 42].
- sporting guns [See footnote 24].
- submersible equipment.
- submersible vehicles.
- technology for gas turbine engines (2 licences).
- technology for information security equipment [See footnote 27].
- technology for metal alloy materials.
- technology for metal-working manufacturing processes.
- technology for semiconductor manufacturing equipment.
- technology for software for spacecraft.

- technology for software for spacecraft attitude and orbit control systems.
- technology for software for spacecraft buses.
- technology for software for spacecraft command and telemetry data handling systems.
- technology for software for spacecraft payloads.
- technology for software for spacecraft simulators.
- technology for software for spacecraft telemetry and telecommand equipment.
- technology for spacecraft.
- technology for spacecraft attitude and orbit control systems.
- technology for spacecraft buses.
- technology for spacecraft command and telemetry data handling systems.
- technology for spacecraft payload data handling systems.
- technology for spacecraft payloads.
- technology for spacecraft simulators.
- technology for spacecraft telemetry and telecommand equipment.
- technology for the application of surface coatings.
- T telecommunications interception equipment [See footnote 5].

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Non-military	1	£17,253,000
Total	1	£17,253,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
3A001	1	£17,253,000

microwave components.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Finland

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
3	P	information security equipment, information security software
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
7	P	components for military support aircraft
8	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 22]
9	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
10	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft

## Togo

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days
% and number of SIELs completed in 20 working days	80% (4)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	71 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£41,844
Non-military	4	£254,600
Total	5	£296,444

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	1	£41,844

components for military combat vehicles [See footnote 2].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	4	£254,600

information security equipment (4 licences) [See footnote 3].

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]
2	P	artillery, components for military combat vehicles, components for turrets, general military vehicle components, ground vehicle military communications equipment, military combat vehicles, periscopes, turrets

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for components / accessories / spare parts. Military (Army) end use.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.

## Tonga

### Processing Statistics (excluding amendments)

Median processing time SIELs	4 days
% and number of SIELs completed in 20 working days	100% (2)

% and number of SIELs completed in 60 working days	100% (2)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£33,000
Total	1	£33,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£33,000

information security equipment [See footnote 1].

#### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

## Trinidad and Tobago

### Processing Statistics (excluding amendments)

Median processing time SIELs	21 days
% and number of SIELs completed in 20 working days	50% (4)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

**Issued**

Types of goods on licence	No. of licences	Value
Military	7	£336,378
Non-military	1	£26,608
Total	8	£362,987

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£157,436
ML3	1	£6,885
ML13	5	£172,058

body armour (2 licences).  
 components for body armour (3 licences).  
 components for machine guns.  
 gun silencers.  
 machine guns (80).  
 military helmets (4 licences) [See footnote 3].  
 training small arms ammunition.  
 weapon sights.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
7A103	1	£26,608

inertial equipment [See footnote 1].

**OIELs (excluding Other OIELs)****Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition
2	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
3	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 2]

Rv - Some or all of which have subsequently been revoked.

## Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

## SITCLs

Source	Issued	Refused	Revoked
Jordan	1	0	0

## Issued

all-wheel drive vehicles with ballistic protection.

## Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for commercial end use.
3. Licence granted for personal protective equipment. Law enforcement agency end use.

Both Military and Non-military	1	£2,326,016
Total	38	£16,968,145

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	3	£153,938
ML5	3	£29,835
ML6	9	£1,851,179
ML9	3	£600,025
ML10	13	£10,927,664
ML11	1	£7,000
ML16	1	£2,667
ML17	1	£47,370

components for air launched rockets (2 licences) [See footnote 3].  
 components for combat aircraft (2 licences).  
 components for combat helicopters (9 licences) [See footnote 2].  
 components for launching/handling/control equipment for missiles.  
 components for military combat vehicles (6 licences).  
 components for military radars (2 licences).  
 components for military support aircraft.  
 components for naval electrical/electronic equipment.  
 components for naval gun installations/mountings.  
 components for weapon control equipment.  
 general military aircraft components.  
 general military vehicle components (3 licences).  
 general naval vessel components.  
 military electronic equipment.  
 military field engineer equipment.  
 unfinished products for military combat vehicles.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C233	1	£7,452
7A103	2	£1,015,000

devices containing enriched lithium.  
 inertial equipment (2 licences) [See footnotes 38, 6].

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A008	1	£2,007,796
ML11	1	£214,480
ML21	1	£103,040
ML22	1	£700

components for military guidance/navigation equipment.  
 components for radar equipment.  
 military guidance/navigation equipment.  
 software for military radars.  
 technology for military guidance/navigation equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Bahrain  
 Bangladesh  
 Canada  
 Denmark  
 Germany  
 Ghana  
 Indonesia  
 Israel  
 Italy  
 Japan  
 Kazakhstan  
 Malaysia  
 Netherlands  
 Norway  
 Oman  
 Pakistan  
 Qatar  
 Russia  
 Saudi Arabia  
 South Korea  
 Spain  
 United Arab Emirates  
 United Kingdom  
 United States of America

#### Refused

The items being incorporated in this destination are ultimately destined for all or some of the following:

Pakistan

**OIELs (excluding Other OIELs)**

**Issued**

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
3	P	information security equipment
4	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military support aircraft
5	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
6	P	components for military infrared/thermal imaging equipment, components for periscopes, components for weapon night sights, general military vehicle components, periscopes, technology for military infrared/thermal imaging equipment, technology for periscopes, technology for weapon night sights, weapon night sights
7	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
8	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
9	P	towed hydrophone arrays

10	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
11	P	components for equipment for the production of military aero-engines, components for military aero-engines, equipment for the production of military aero-engines, military aero-engines, military aircraft ground equipment, technology for equipment for the production of military aero-engines, technology for military aero-engines, technology for military aircraft ground equipment, unfinished products for military aero-engines
12	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 65]
13	P	components for launching/handling/control equipment for missiles, components for military radars, components for military support vehicles, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, equipment for the use of launching/handling/control equipment for missiles, equipment for the use of military radars, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, general military vehicle components, military training equipment [See footnote 11]
14	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
15	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use

		of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 13]
16	T	acoustic seabed survey equipment
17	P	information security equipment [See footnote 45]
18	P	aerial target equipment, components for aerial target equipment, components for aircraft missile protection systems, components for military training equipment, military training equipment, signalling devices, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 66]

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
2	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings

3	P	components for combat aircraft, components for combat helicopters, components for military aircraft head-up/down displays, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components

- aircraft cannons.
- aircraft military communications equipment (9 licences) [See footnotes 45, 5].
- assault rifles (10) [See footnote 14].
- ballistic test equipment [See footnote 68].
- blank/inert ammunition.
- body armour (2 licences) [See footnote 27].
- T body armour [See footnote 21].
- components for air-to-surface missiles.
- components for aircraft military communications equipment.
- components for all-wheel drive vehicles with ballistic protection.
- T components for assault rifles [See footnote 21].
- components for ballistic test equipment [See footnote 68].
- components for body armour (3 licences) [See footnotes 27, 44].
- T components for body armour (2 licences) [See footnote 21].
- components for combat aircraft (4 licences) [See footnotes 30, 45].
- components for combat helicopters (2 licences).
- components for machine guns.
- components for military aero-engines (2 licences) [See footnotes 45, 63].
- components for military aircraft head-up/down displays.
- components for military combat vehicles (3 licences) [See footnotes 35, 37, 57].
- components for military communications equipment (2 licences) [See footnote 7].
- components for military guidance/navigation equipment (2 licences) [See footnote 45].
- components for military helicopters (3 licences) [See footnotes 45, 6].
- components for military patrol/assault craft.
- components for military support aircraft (2 licences) [See footnote 49].
- components for military training aircraft (7 licences) [See footnotes 31, 45, 64].
- components for mortars (3 licences).
- components for munitions/ordnance detection/disposal equipment.
- components for naval communications equipment.
- components for naval mines.
- components for NBC detection equipment.
- T components for NBC detection equipment.
- T components for small arms ammunition.
- components for small arms training equipment [See footnote 36].

T components for sniper rifles [See footnote 2].  
 components for sniper rifles.  
 components for torpedoes.  
 equipment for the production of mortars (2 licences).  
 equipment for the use of recognition/identification equipment (2 licences).  
 equipment for the use of small arms training equipment [See footnote 36].  
 general military vehicle components (2 licences) [See footnote 16].  
 general naval vessel components [See footnote 59].  
 gun silencers [See footnote 2].

T gun silencers.

T high power RF weapon systems.

T launching/handling/control equipment for munitions [See footnote 15].  
 machine guns (1).  
 military aircrew safety equipment [See footnote 45].  
 military combat vehicles [See footnote 1].  
 military communications equipment.  
 military containers.  
 military guidance/navigation equipment (5 licences).  
 military helmets (2 licences) [See footnote 27].  
 military infrared/thermal imaging equipment.  
 military training equipment.  
 mortars (3 licences).  
 munitions/ordnance detection/disposal equipment (2 licences) [See footnote 67].

T projectile launchers [See footnote 21].  
 rangefinding equipment (2 licences).  
 small arms ammunition [See footnote 13].  
 small arms training equipment [See footnote 36].

T sniper rifles (3).  
 sniper rifles (5) [See footnote 2].  
 software for ballistic test equipment [See footnote 68].  
 software for military communications equipment.  
 software for military guidance/navigation equipment.  
 software for military training equipment.  
 sporting guns (7) [See footnote 13].  
 sporting guns (8) [See footnote 24].  
 technology for military communications equipment.  
 technology for munitions/ordnance detection/disposal equipment.  
 technology for NBC detection equipment [See footnote 66].

T technology for NBC detection equipment.

T technology for sniper rifles.  
 weapon night sights [See footnote 18].  
 weapon sights (6 licences) [See footnotes 2, 24, 25].

T weapon sights.

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	5	£598,379
Total	5	£598,379

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B350	4	£590,879
7A103	1	£7,500

components for corrosion resistant chemical manufacturing equipment.  
corrosion resistant chemical manufacturing equipment (3 licences).  
inertial equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

France  
Saudi Arabia  
South Africa

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary

1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	components for pistols, components for sporting guns, gun silencers, pistols, shotgun ammunition, small arms ammunition, sporting guns, weapon sights [See footnote 4]
3	P	command communications control and intelligence software, software enabling equipment to function as electronic warfare equipment, software enabling equipment to function as military communications equipment, technology for command communications control and intelligence software, technology for software enabling equipment to function as electronic warfare equipment, technology for software enabling equipment to function as military communications equipment
4	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
5	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment, components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines
6	T	command communications control and intelligence software, military software, software enabling equipment to function as electronic warfare equipment, software enabling equipment to function as military communications equipment, software for weapon system software, technology for command communications control and intelligence software, technology for software enabling equipment to function as electronic warfare equipment, technology for software enabling equipment to function as military communications equipment
7	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
8	P	components for combat aircraft, components for military training aircraft, military aircraft ground equipment, technology for combat aircraft, technology for military aircraft ground equipment, technology for military training aircraft
9	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems
10	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 17]
11	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 42]
12	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft

13	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 22]
14	P	acoustic seabed survey equipment, guidance/navigation equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment [See footnote 23]
15	T	acoustic seabed survey equipment
16	T	anti-riot guns, assault rifles, components for anti-riot guns, components for assault rifles, components for gun mountings, components for heavy machine guns, components for machine guns, components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, components for tactical shotguns, components for weapon sights, gun mountings, heavy machine guns, machine guns, military shotguns, pistols, rifles, smooth-bore weapons, sniper rifles, sporting guns, sporting shotguns, tactical shotguns, weapon sights [See footnote 41]

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
2	P	small arms ammunition
3	P	weapon sights

### SITCLs

Source	Issued	Refused	Revoked
Jordan	1	0	0

### Issued

all-wheel drive vehicles with ballistic protection.

### OITCLs

Source	Issued	Refused	Revoked
Comoros, Djibouti, Egypt, Kenya, Madagascar, Malaysia, Maldives, Mauritius, Mozambique, Oman, Seychelles, Singapore, South Africa, Sri Lanka, Tanzania, United Arab Emirates, Vessel and/or Platform in International Waters	1	0	0
Czech Republic	0	1	0

### Issued

assault rifles.  
body armour.  
components for assault rifles.  
components for body armour.  
components for flash suppressers.  
components for gun mountings.  
components for gun silencers.  
components for machine guns.  
components for military helmets.  
components for military image intensifier equipment.  
components for military infrared/thermal imaging equipment.  
components for military shotguns.  
components for pistols.  
components for rifles.  
components for small arms ammunition.  
components for smooth-bore weapons.  
components for sporting guns.  
components for sporting shotguns.  
components for tactical shotguns.  
components for weapon night sights.  
components for weapon sights.  
flash suppressers.  
gun mountings.  
gun silencers.  
machine guns.  
military helmets.  
military image intensifier equipment.  
military infrared/thermal imaging equipment.  
military shotguns.  
pistols.  
rifles.  
small arms ammunition.  
smooth-bore weapons.  
sniper rifles.  
sporting guns.  
sporting shotguns.  
tactical shotguns.  
weapon night sights.  
weapon sights.

### **Rejected**

explosive charges/devices.

### **Case & goods Footnotes**

1. Licence granted for academic / civilian end users.
2. Licence granted for end use by a law enforcement agency.
3. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
4. Licence granted for sporting / hunting purposes.
5. Licence granted for Military (Air Force) end user.
6. Licence granted for Military (Air Force) end user.
7. Licence granted for Military (Air Force) end user.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
9. Licence granted for communication and network surveillance, interception purpose. Law enforcement agency end use.
10. Licence granted for communication and network surveillance, interception purpose. Law enforcement agency end use.
11. Licence granted for commercial end use.
12. Licence granted for commercial end use.
13. Licence granted for personal end use.
14. Licence granted for testing and evaluation by the potential end user.

15. Licence granted for research and development purposes, including academic and medical. Commercial end use.
16. Licence granted for components / accessories / spare parts. Military end use.
17. Licence granted for components / accessories / spare parts. End use by the Military (Air Force).
18. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
19. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
20. Licence granted for commercial end use.
21. Licence granted for goods which will be returned to the UK.
22. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
23. Licence granted for components / accessories / spare parts. Commercial end use.
24. Licence granted for personal end use.
25. Licence granted for components / accessories / spare parts.
26. Licence granted for academic / civilian end users.
27. Licence granted for humanitarian / international organisation / media end use.
28. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
29. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
30. Licence granted for personal end use.
31. Licence granted for training purposes.
32. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
33. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.
34. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
35. Licence granted for commercial end use.
36. Licence granted for training purposes.
37. Licence granted for research and development purposes, including academic and medical. Commercial end use.
38. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
39. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
40. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.
41. Licence granted for goods which will be returned to the UK. Commercial end use.
42. Licence granted for training purposes.
43. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security.
44. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
45. Licence granted for commercial end use.
46. Licence granted for commercial end use.
47. Licence granted for commercial end use.
48. Licence granted for commercial end use.
49. Licence granted for components / accessories / spare parts.
50. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
51. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions.
52. Licence granted for chemical manufacturing purposes. Commercial end use.
53. Licence granted for chemical manufacturing purposes. Commercial end use.
54. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Commercial end use.
55. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Commercial end use.
56. Licence granted for marketing and promotional purposes, including demonstration to potential customers, temporary exhibitions. Commercial end use.
57. Licence granted for components / accessories / spare parts. Academic / civilian end users.
58. Licence granted for components / accessories / spare parts. End use by the (Military) Navy.
59. Licence granted for energy exploration / generation purposes. Public Services (Government) end use.
60. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
61. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
62. Licence granted for research and development purposes, including academic and medical. Academic / civilian end users.
63. Licence granted for components / accessories / spare parts. Commercial end use.

64. Licence granted for components / accessories / spare parts. Military end use.
65. Licence granted for energy exploration / generation purposes. Commercial end use.
66. Licence granted for explosive detection / disposal purposes. Commercial end use.
67. Licence granted for explosive detection / disposal purposes. Military end use.
68. Licence granted for a Military end user.
69. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
70. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.
71. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Academic / civilian end users.

## United Kingdom

### Processing Statistics (excluding amendments)

Median processing time SIELs	2 days
% and number of SIELs completed in 20 working days	100% (5)
% and number of SIELs completed in 60 working days	100% (5)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	81 days
% and number of OIELs completed in 20 working days	0% (0)

% and number of OIELs completed in 60 working days	33% (1)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£108,878
Total	1	£108,878

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
3A231	1	£108,878

T neutron generators.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
2	P	non-military detonators
3	P	components for naval engines, naval engines, software for naval engines, technology for naval engines, unfinished products for naval engines

- technology for thorium.
- technology for towed hydrophone arrays.
- technology for uranium conversion equipment.
- technology for uranium isotope separation equipment.
- technology for uranium-233.
- thorium.
- T towed hydrophone arrays (3 licences).
- toxins (9 licences).
- underwater telecommunications systems.
- viruses (3 licences).
- X-ray generators.

**Both Military and Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£4,400,000
5D002	3	£6,010
FR AI	36	£3,696,252
ML1	35	£1,034,367
ML2	1	£157,445
ML3	2	£154
ML21	3	£10
PL9010	2	£2,750

- T assault rifles (1).
- command communications control and intelligence software.
- components for sporting guns.
- components for sporting shotguns (4 licences).
- information security equipment.
- T information security software (2 licences).
- pistols (1).
- pistols (3) (2 licences).
- pistols (4).
- rifles (2).
- rifles (5).
- small arms ammunition (2 licences).
- T software enabling equipment to function as equipment for the use of military communications equipment.
- T software enabling equipment to function as military communications equipment.
- software for information security equipment.
- sporting guns (1) (9 licences).
- T sporting guns (1) (3 licences).
- sporting guns (2) (6 licences).
- T sporting guns (2) (4 licences).
- sporting guns (3).
- sporting guns (4) (2 licences).
- sporting guns (6) (2 licences).
- sporting guns (7) (2 licences).
- sporting guns (12).
- sporting guns (13).
- sporting shotguns (1) (3 licences).
- sporting shotguns (2) (5 licences).
- sporting shotguns (3) (2 licences).
- T sporting shotguns (3).
- sporting shotguns (4) (2 licences).
- T sporting shotguns (4).
- sporting shotguns (5).
- sporting shotguns (6).
- T sporting shotguns (6) (2 licences).

T sporting shotguns (7).  
sporting shotguns (8).  
T sporting shotguns (8).  
sporting shotguns (9).  
T sporting shotguns (9).  
sporting shotguns (13).  
sporting shotguns (16).  
sporting shotguns (29).  
sporting shotguns (43).  
T sporting shotguns.

**Refused**

	Count
Military	1
Total	1

The SIELs refused were not granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

**Military**

Control Entry	No. of licences with goods rated using Control Entry
ML9	1
ML10	1

components for combat aircraft.  
components for combat helicopters.  
components for military auxiliary/support vessels.  
components for military support aircraft.

Information on the Criteria used (from the Consolidated EU and National Arms Export Licensing Criteria) for the above refusals (refusals under WMD are covered by Criterion 1).

Criteria	Number of times the Criteria were used
1	1

**SIELs - Incorporation**

**Issued**

Types of goods on licence	No. of licences	Value
Military	128	£343,552,443
Non-military	4	£25,856,300
Total	132	£369,408,743

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	5	£1,123,012
ML4	24	£150,621,401
ML5	9	£11,546,256
ML6	2	£2,326,102
ML7	2	£20,629
ML8	1	£1,400
ML9	2	£72,043
ML10	68	£86,381,977
ML11	8	£72,772,670
ML16	7	£18,686,954
ML21	1	£0

aircraft military communications equipment (4 licences) [See footnote 37].  
 components for air-to-air missiles [See footnote 29].  
 components for air-to-surface missiles (4 licences) [See footnote 20].  
 components for aircraft cannons.  
 components for aircraft military communications equipment [See footnote 37].  
 components for artillery (3 licences).  
 components for bombs (11 licences) [See footnotes 15, 16, 17, 22, 23, 25].  
 components for combat aircraft (10 licences) [See footnote 26].  
 components for combat helicopters (3 licences) [See footnote 14].  
 components for ground vehicle military communications equipment (2 licences).  
 components for launching/handling/control equipment for missiles.  
 components for launching/handling/control equipment for munitions (2 licences).  
 components for military aero-engines (11 licences) [See footnotes 5, 6].  
 components for military aircraft head-up/down displays (3 licences).  
 components for military communications equipment.  
 components for military guidance/navigation equipment (4 licences).  
 components for military helicopters (5 licences).  
 components for military patrol/assault craft.  
 components for military radars.  
 components for military support aircraft (22 licences).  
 components for military training aircraft (6 licences) [See footnotes 35, 36].  
 components for multi-role missiles.  
 components for naval engines.  
 components for NBC detection equipment (2 licences).  
 components for surface-to-air missiles.  
 components for surface-to-surface missiles.  
 components for targeting equipment (6 licences) [See footnotes 13, 3].  
 components for torpedoes (2 licences).  
 components for unmanned air vehicles (2 licences).  
 components for weapon night sights.  
 explosives [See footnote 21].  
 general military aircraft components (3 licences).  
 launching/handling/control equipment for munitions [See footnote 38].  
 military guidance/navigation equipment (3 licences) [See footnotes 24, 9].  
 software for military aero-engines [See footnote 5].  
 targeting equipment (2 licences) [See footnotes 18, 19].  
 unfinished products for artillery (3 licences).  
 unfinished products for combat aircraft.  
 unfinished products for military aero-engines (3 licences).

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value

3A230	1	£101,300
3C001	1	£1,250,000
5A002	1	£24,500,000
9A004	1	£5,000

high speed pulse generators.  
information security equipment.  
semiconductor wafers with epitaxial layers.  
spacecraft telemetry and telecommand equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Afghanistan  
Algeria  
Argentina  
Australia  
Bahrain  
Bangladesh  
Brazil  
Bulgaria  
Canada  
Chad  
Chile  
China

**SIELs - Transshipment**

**Issued**

Types of goods on licence	No. of licences	Value
Military	1	£6,443,570
Total	1	£6,443,570

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry')As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£6,443,570

hand grenades.

**SIELs for goods covered by the torture regulation**

**Issued**

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	6	£5,823
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	6	£5,823

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	3	£5,518
HR AIV	3	£305

barbiturate anaesthetic agents for injection (4 licences) [See footnotes 33, 34, 7].  
portable riot control electric-shock devices.  
tear gas/riot control agents [See footnote 32].

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for enriched uranium, technology for materials containing enriched uranium, technology for materials containing plutonium-239, technology for materials containing uranium-233, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for products containing plutonium-239, technology for products containing uranium-233, technology for uranium-233
2	P	Technology specified by ML22a of the Export Control Order 2008 relating to goods falling within the following entries - ML5 ML9 ML11 ML15 ML16 ML17 EXCEPT goods falling within ML11 and ML17n insofar as they are for use in connection with cluster munitions and explosive submunitions and explosive bomblets
3	P	equipment for the operation of military aircraft in confined areas, software for equipment for the operation of military aircraft in confined areas, technology for equipment for the operation of military aircraft in confined areas
4	P	technology for nuclear reactors
5	P	technology for air-to-air missiles, technology for combat aircraft, technology for military aero-engines
6	P	airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military aircraft head-up/down displays, components for military cameras/photographic equipment, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment,

		<p>components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for military support aircraft, components for recognition/identification equipment, components for sensor integration equipment, components for targeting equipment, counter-countermeasure equipment for military cameras/photographic equipment, counter-countermeasure equipment for military image intensifier equipment, counter-countermeasure equipment for military image recording/processing equipment, counter-countermeasure equipment for military imaging radar sensor equipment, counter-countermeasure equipment for military infrared/thermal imaging equipment, countermeasure equipment for military cameras/photographic equipment, countermeasure equipment for military image intensifier equipment, countermeasure equipment for military image recording/processing equipment, countermeasure equipment for military imaging radar sensor equipment, countermeasure equipment for military infrared/thermal imaging equipment, decoying/countermeasure equipment, electronic countermeasure equipment, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, equipment for the use of airborne refuelling equipment, equipment for the use of aircraft military communications equipment, equipment for the use of aircraft missile protection systems, equipment for the use of attack alerting/warning equipment, equipment for the use of counter-countermeasure equipment for military cameras/photographic equipment, equipment for the use of counter-countermeasure equipment for military image intensifier equipment, equipment for the use of counter-countermeasure equipment for military image recording/processing equipment, equipment for the use of counter-countermeasure equipment for military imaging radar sensor equipment, equipment for the use of counter-countermeasure equipment for military infrared/thermal imaging equipment, equipment for the use of countermeasure equipment for military cameras/photographic equipment, equipment for the use of countermeasure equipment for military image intensifier equipment, equipment for the use of countermeasure equipment for military image recording/processing equipment, equipment for the use of countermeasure equipment for military imaging radar sensor equipment, equipment for the use of countermeasure equipment for military infrared/thermal imaging equipment, equipment for the use of decoying/countermeasure equipment, equipment for the use of electronic countermeasure equipment, equipment for the use of electronic warfare equipment, equipment for the use of equipment for the operation of military aircraft in confined areas, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircraft head-up/down displays, equipment for the use of military aircraft pressure refuellers, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military cameras/photographic equipment, equipment for the use of military communications equipment, equipment for the use of military electronic equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military image intensifier equipment, equipment for the use of military image recording/processing equipment, equipment for the use of military imaging radar sensor equipment, equipment for the use of military infrared/thermal imaging equipment, equipment for the use of military radars, equipment for the use of military support aircraft, equipment for the use of recognition/identification equipment, equipment for the use of sensor integration equipment, equipment for the use of targeting equipment, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military aircrew life support equipment, military aircrew safety equipment, military cameras/photographic equipment, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, recognition/identification equipment, sensor integration equipment, targeting equipment</p>
7 (Rv)	P	small arms ammunition
8	P	components for military support aircraft, equipment for the production of military support aircraft, equipment for the use of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for equipment for the use of military support aircraft, technology for military support aircraft
9	P	components for combat aircraft, components for military aero-engines, components for military helicopters
10	P	weapon sights
11	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military aircrew life support equipment,

		<p>components for military helicopters, components for military support aircraft, components for military training aircraft, components for naval engines, equipment for the use of combat aircraft, equipment for the use of combat helicopters, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircrew life support equipment, equipment for the use of military helicopters, equipment for the use of military support aircraft, equipment for the use of military training aircraft, equipment for the use of naval engines, general military aircraft components, military aircraft ground equipment, technology for combat aircraft, technology for combat helicopters, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military helicopters, technology for military support aircraft, technology for military training aircraft, technology for naval engines</p>
12	P	<p>airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military aircraft head-up/down displays, components for military cameras/photographic equipment, components for military communications equipment, components for military electronic equipment, components for military guidance/navigation equipment, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for military support aircraft, components for recognition/identification equipment, components for sensor integration equipment, components for targeting equipment, counter-countermeasure equipment for military cameras/photographic equipment, counter-countermeasure equipment for military image intensifier equipment, counter-countermeasure equipment for military image recording/processing equipment, counter-countermeasure equipment for military imaging radar sensor equipment, counter-countermeasure equipment for military infrared/thermal imaging equipment, countermeasure equipment for military cameras/photographic equipment, countermeasure equipment for military image intensifier equipment, countermeasure equipment for military image recording/processing equipment, countermeasure equipment for military imaging radar sensor equipment, countermeasure equipment for military infrared/thermal imaging equipment, decoying/countermeasure equipment, electronic countermeasure equipment, electronic warfare equipment, equipment for the operation of military aircraft in confined areas, equipment for the use of airborne refuelling equipment, equipment for the use of aircraft military communications equipment, equipment for the use of aircraft missile protection systems, equipment for the use of attack alerting/warning equipment, equipment for the use of counter-countermeasure equipment for military cameras/photographic equipment, equipment for the use of counter-countermeasure equipment for military image intensifier equipment, equipment for the use of counter-countermeasure equipment for military image recording/processing equipment, equipment for the use of counter-countermeasure equipment for military imaging radar sensor equipment, equipment for the use of counter-countermeasure equipment for military infrared/thermal imaging equipment, equipment for the use of countermeasure equipment for military cameras/photographic equipment, equipment for the use of countermeasure equipment for military image intensifier equipment, equipment for the use of countermeasure equipment for military image recording/processing equipment, equipment for the use of countermeasure equipment for military imaging radar sensor equipment, equipment for the use of countermeasure equipment for military infrared/thermal imaging equipment, equipment for the use of decoying/countermeasure equipment, equipment for the use of electronic countermeasure equipment, equipment for the use of electronic warfare equipment, equipment for the use of equipment for the operation of military aircraft in confined areas, equipment for the use of general military aircraft components, equipment for the use of military aero-engines, equipment for the use of military aircraft ground equipment, equipment for the use of military aircraft head-up/down displays, equipment for the use of military aircraft pressure refuellers, equipment for the use of military aircrew life support equipment, equipment for the use of military aircrew safety equipment, equipment for the use of military cameras/photographic equipment, equipment for the use of military communications equipment, equipment for the use of military electronic equipment, equipment for the use of military guidance/navigation equipment, equipment for the use of military image intensifier equipment, equipment for the use of military image recording/processing equipment, equipment for the use of military imaging radar</p>

		sensor equipment, equipment for the use of military infrared/thermal imaging equipment, equipment for the use of military radars, equipment for the use of military support aircraft, equipment for the use of recognition/identification equipment, equipment for the use of sensor integration equipment, equipment for the use of targeting equipment, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircraft pressure refuellers, military aircrew life support equipment, military aircrew safety equipment, military cameras/photographic equipment, military communications equipment, military electronic equipment, military guidance/navigation equipment, military image intensifier equipment, military image recording/processing equipment, military imaging radar sensor equipment, military infrared/thermal imaging equipment, military radars, recognition/identification equipment, sensor integration equipment, signature suppression fittings/coatings/treatments for military use, targeting equipment [See footnote 4]
13	P	components for equipment for the production of sporting guns, components for small arms ammunition, components for sporting guns, components for weapon sights, equipment for the production of sporting guns, small arms ammunition, sporting guns, unfinished products for sporting guns, weapon sights
14	P	components for military support aircraft, technology for military support aircraft [See footnote 8]
15	P	towed hydrophone arrays
16	P	armoured plate
17	T	aerial target equipment, components for aerial target equipment, components for electronic countermeasure equipment, components for electronic warfare equipment, components for military aero-engines, components for military scenario simulation equipment, components for military training aircraft, electronic countermeasure equipment, electronic warfare equipment, equipment for the use of aerial target equipment, equipment for the use of electronic countermeasure equipment, military aero-engines, military aircraft ground equipment, military scenario simulation equipment, military training aircraft, technology for aerial target equipment, technology for electronic countermeasure equipment, technology for equipment for the use of aerial target equipment, technology for military scenario simulation equipment, technology for military training aircraft
18	P	components for military support aircraft
19	P	components for shotgun ammunition, shotgun ammunition
20	P	acoustic seabed survey equipment, guidance/navigation equipment, imaging cameras, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment, underwater telecommunications systems
21	P	components for equipment for the production of military guidance/navigation equipment, components for equipment for the use of military guidance/navigation equipment, components for military guidance/navigation equipment, equipment for the production of military guidance/navigation equipment, equipment for the use of military guidance/navigation equipment, software for equipment for the use of military guidance/navigation equipment, software for military guidance/navigation equipment, technology for military guidance/navigation equipment
22	P	weapon sights
23	P	components for equipment for the production of military support aircraft, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft [See footnote 10]
24	P	components for combat aircraft, components for military aircraft head-up/down displays, components for military helicopters, components for military training aircraft, general military aircraft components, military aircraft head-up/down displays, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, software for combat aircraft, software for general military aircraft components, software for military electronic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military training aircraft, technology for combat aircraft, technology for general military aircraft components, technology for military electronic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military training aircraft
25	P	components for military electronic equipment, military electronic equipment, software for military electronic equipment, technology for military electronic equipment

26	P	aerial target equipment, components for aerial target equipment, components for military training equipment, decoying/countermeasure equipment, military training equipment, software for aerial target equipment, software for military training equipment, technology for aerial target equipment, technology for military training equipment [See footnote 31]
27	P	components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sporting guns, gun mountings, gun silencers, military shotguns, pistols, rifles, smooth-bore weapons, sporting guns, weapon night sights, weapon sights
28	P	information security equipment, information security software, software for information security equipment, technology for information security equipment [See footnote 11]
29	P	accessories for military cameras/photographic equipment, accessories for military image intensifier equipment, accessories for military image recording/processing equipment, accessories for military imaging radar sensor equipment, accessories for military infrared/thermal imaging equipment, accessories for military radars, accessories for rangefinding equipment, accessories for recognition/identification equipment, accessories for targeting equipment, accessories for weapon control equipment, accessories for weapon night sights, accessories for weapon sights, airborne refuelling equipment, aircraft military communications equipment, aircraft missile protection systems, attack alerting/warning equipment, components for airborne refuelling equipment, components for aircraft military communications equipment, components for aircraft missile protection systems, components for attack alerting/warning equipment, components for combat helicopters, components for decoying/countermeasure equipment, components for electronic countermeasure equipment, components for military aero-engines, components for military cameras/photographic equipment, components for military guidance/navigation equipment, components for military helicopters, components for military image intensifier equipment, components for military image recording/processing equipment, components for military imaging radar sensor equipment, components for military infrared/thermal imaging equipment, components for military radars, components for rangefinding equipment, components for recognition/identification equipment, components for targeting equipment, components for weapon control equipment, components for weapon night sights, components for weapon sights, constructions for ballistic protection of military systems, decoying/countermeasure equipment, electronic countermeasure equipment, equipment for the development of combat helicopters, equipment for the development of military helicopters, equipment for the production of combat helicopters, equipment for the production of military helicopters, equipment for the use of accessories for military radars, equipment for the use of accessories for rangefinding equipment, equipment for the use of accessories for recognition/identification equipment, equipment for the use of accessories for targeting equipment, equipment for the use of accessories for weapon control equipment, equipment for the use of accessories for weapon night sights, equipment for the use of accessories for weapon sights, equipment for the use of combat helicopters, equipment for the use of military helicopters, equipment for the use of military radars, equipment for the use of rangefinding equipment, equipment for the use of recognition/identification equipment, equipment for the use of targeting equipment, equipment for the use of weapon control equipment, equipment for the use of weapon night sights, equipment for the use of weapon sights, explosive charges/devices, general military aircraft components, military aero-engines, military aircraft ground equipment, military aircrew life support equipment, military aircrew safety equipment, military guidance/navigation equipment, military parachutes, military radars, rangefinding equipment, recognition/identification equipment, signalling devices, software for aircraft military communications equipment, software for aircraft missile protection systems, software for attack alerting/warning equipment, software for combat helicopters, software for decoying/countermeasure equipment, software for electronic countermeasure equipment, software for military aero-engines, software for military aircraft ground equipment, software for military aircrew life support equipment, software for military aircrew safety equipment, software for military cameras/photographic equipment, software for military guidance/navigation equipment, software for military helicopters, software for military image intensifier equipment, software for military image recording/processing equipment, software for military imaging radar sensor equipment, software for military infrared/thermal imaging equipment, software for military radars, software for rangefinding equipment, software for recognition/identification equipment, software for targeting equipment, software for weapon control equipment, software for weapon night sights, software for weapon sights, targeting equipment, technology for aircraft military communications equipment, technology for aircraft missile protection systems, technology for attack alerting/warning equipment, technology for combat

		helicopters, technology for constructions for ballistic protection of military systems, technology for decoying/countermeasure equipment, technology for electronic countermeasure equipment, technology for explosive charges/devices, technology for military aero-engines, technology for military aircraft ground equipment, technology for military aircrew life support equipment, technology for military aircrew safety equipment, technology for military cameras/photographic equipment, technology for military guidance/navigation equipment, technology for military helicopters, technology for military image intensifier equipment, technology for military image recording/processing equipment, technology for military imaging radar sensor equipment, technology for military infrared/thermal imaging equipment, technology for military parachutes, technology for military radars, technology for rangefinding equipment, technology for recognition/identification equipment, technology for signalling devices, technology for targeting equipment, technology for weapon control equipment, technology for weapon night sights, technology for weapon sights, unfinished products for combat helicopters, unfinished products for military aero-engines, unfinished products for military helicopters, weapon control equipment, weapon night sights, weapon sights [See footnote 12]
30	P	components for military helicopters
31	P	non-military detonators, non-military firing sets
32	P	components for artillery, equipment for the use of artillery
33	P	components for combat aircraft, components for combat helicopters, components for military aero-engines, components for military helicopters, components for military support aircraft, components for military training aircraft, general military aircraft components
34	P	components for targeting equipment, software for targeting equipment, targeting equipment, technology for targeting equipment
35	P	technology for nuclear reactors
36	P	weapon sights
37	P	components for military shotguns, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, magazines
38	P	aircraft military communications equipment, components for aircraft military communications equipment, components for military aero-engines, components for military guidance/navigation equipment, components for military training aircraft, equipment for the use of military training aircraft, military aero-engines, military aircraft ground equipment, military aircraft head-up/down displays, military aircrew life support equipment, military aircrew safety equipment, military electronic equipment, military guidance/navigation equipment, military scenario simulation equipment, military training equipment, software for aircraft military communications equipment, software for military aero-engines, software for military training aircraft
39	P	components for military support aircraft [See footnote 28]
40	P	anti-riot/ballistic shields, munitions/ordnance detection/disposal equipment
41	P	components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for military support aircraft, unfinished products for military support aircraft
42	P	viruses
43	T	components for combat aircraft
44	P	components for artillery, components for grenade launchers, components for machine guns, components for mortars, gun mountings, weapon mountings
45	P	blank/inert ammunition
46	T	anti-riot guns, assault rifles, components for anti-riot guns, components for assault rifles, components for gun mountings, components for heavy machine guns, components for machine guns, components for military shotguns, components for pistols, components for rifles, components for smooth-bore weapons, components for sniper rifles, components for sporting guns, components for sporting shotguns, components for tactical shotguns, components for weapon sights, gun mountings, heavy machine guns, machine guns, military shotguns, pistols, rifles, smooth-bore weapons, sniper rifles, sporting guns, sporting shotguns, tactical shotguns, weapon sights [See footnote 30]
47	P	goods treated for signature suppression for military use, weapon night sights

48	P	assault rifles, components for assault rifles, components for rifles, components for sniper rifles, components for sporting guns, direct view imaging equipment, gun mountings, military image intensifier equipment, military infrared/thermal imaging equipment, rifles, sniper rifles, sporting guns, technology for assault rifles, technology for rifles, technology for sniper rifles, technology for sporting guns, weapon night sights, weapon sights
49	P	components for military support aircraft, components for unmanned air vehicles, technology for unmanned air vehicles
50	P	components for military electronic equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military electronic equipment, military training equipment, NBC protective/defensive equipment, technology for military electronic equipment, technology for military training equipment, technology for NBC protective/defensive equipment
51	P	technology for military guidance/navigation equipment, technology for production installations for military guidance/navigation equipment, technology for production installations for surface-to-surface missiles, technology for production installations for targeting equipment, technology for production installations for weapon control equipment, technology for surface-to-surface missiles, technology for targeting equipment, technology for weapon control equipment
52	P	components for unmanned air vehicles
53	P	components for military guidance/navigation equipment, components for surface-to-surface missiles, electronic components, equipment for the production of surface-to-surface missiles, fast switching modules, high energy capacitors, microwave components, technology for surface-to-surface missiles, thyristors
54	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings

Rv - Some or all of which have subsequently been revoked.

#### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days
% and number of SIELs completed in 20 working days	80% (8)
% and number of SIELs completed in 60 working days	100% (10)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	81 days
% and number of OIELs completed in 20 working days	0% (0)
% and number of OIELs completed in 60 working days	0% (0)
% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	4	£12,892
Non-military	3	£290,652
Both Military and Non-military	2	£173,200
Total	9	£476,744

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£1,812
ML7	1	£180
ML13	2	£10,900

body armour (2 licences).  
 components for body armour.  
 military helmets.  
 NBC protective/defensive equipment.  
 weapon sights.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B352	1	£224,652
2E301	1	£0
5A002	2	£66,000

biotechnology equipment.  
information security equipment (2 licences) [See footnote 2].  
technology for biotechnology equipment.

#### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A003	2	£88,700
ML1	2	£84,500

imaging cameras (2 licences).  
weapon night sights (2 licences).

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1 (Rv)	P	small arms ammunition
2	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
3	P	components for equipment for the production of military support aircraft, components for military aircraft ground equipment, components for military support aircraft, equipment for the production of military support aircraft, military aircraft ground equipment, technology for equipment for the production of military support aircraft, technology for military aircraft ground equipment, technology for military support aircraft
4	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

Rv - Some or all of which have subsequently been revoked.

##### Revoked

Licences revoked or whose coverage was amended during the period by the removal of items and/or destinations.		
No.	Type	Goods Summary
1	P	small arms ammunition

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. State-owned end user.

### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components, technology for aircraft carriers, technology for combat naval vessels, technology for general naval vessel components, technology for military auxiliary/support vessels, technology for military patrol/assault craft
2	P	components for aircraft carriers, components for combat naval vessels, components for military auxiliary/support vessels, components for military patrol/assault craft, general naval vessel components
3	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment

## Country Footnotes

1. EU Council Decision (CSFP) 2017/2074 and Council Regulation (EU) 2017/2063 were introduced in November 2017. It includes an asset freeze, travel ban and arms embargo, embargo on equipment that could be used for repression, and restrictions on monitoring equipment. Targeted restrictions should be imposed against those responsible for serious human rights violations or abuses or the repression of civil society and democratic opposition; or those whose actions, policies or activities otherwise undermine democracy or the rule of law in Venezuela.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

sporting guns (3 licences) [See footnotes 3, 4, 5].

#### Country Footnotes

1. UN Security Council Resolution 2216 (2015) established a targeted arms embargo to prevent the direct or indirect supply, sale or transfer to, or for the benefit of designated individuals and entities and those acting on their behalf or at their direction in Yemen, of arms and related material of all types, and of technical assistance, training, financial assistance or other assistance related to military activities or the provision, maintenance or use of any arms and related material. This adds to earlier resolution 2140 (2014) establishing asset freezes and travel bans of designated individuals and entities. The EU implements these measures through Council Decision (CFSP) 2015/882, as amended; as well as Council Regulation (EU) 2015/878, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for the protection of United Nations staff in international waters.
2. Licence granted for humanitarian end use.
3. Licence granted for the protection of UN personnel in International Waters
4. For the protection of UN personnel in international waters
5. Licence granted for counter-piracy operations. Humanitarian / international organisation end use.
