INTRODUCTION

1. This memo gives guidance on the Social Security (Coronavirus) (Further Measures) Regulations¹ which came into force on 30.3.20.

   Note: The regulations cease to have effect on 12.11.20 for those provisions included in the guidance at paragraphs 3 – 5 and 11 – 17 ².

2. The regulations

   1. give the Secretary of State discretion to apply a number of measures in relation to the minimum income floor (MIF) for self-employed UC claimants

   2. modify the amount of the standard allowance in UC for the 2020-21 tax year

   3. modify the application of work-related requirements

¹ SS (Coronavirus) (Further Measures) Regs SI 2020 No. 371; 2 reg 10
4. dis-apply the application of periods of sickness in JSA for those affected by Coronavirus disease.

**UC: Minimum income floor (MIF)**

3. The MIF normally applies from the start of the award or at the end of the start-up period to UC claimants who

1. are gainfully self-employed and

2. would otherwise fall within the all work-related requirements group.

**Note:** See Chapter H4 (Earned income – self-employed earnings) for detailed guidance on the MIF, and Chapter J2 (Work related groups) for guidance on work-related requirements.

4. From 30.3.20 the DM has discretion to apply a number of measures in relation to the MIF for self-employed claimants as a consequence of the outbreak of Coronavirus disease.

5. The measures allow the DM to

1. treat the amount of the individual or couple threshold as if it were a lesser amount (including nil)

2. delay making a determination as to whether a claimant is in gainful self-employment

3. where it has already been determined that the claimant is in gainful self-employment, treat the claimant as not being in gainful self-employment

4. where a claimant is in a start-up period, extend that period for as long as considered appropriate

5. where a self-employed claimant would otherwise fall within the all work-related requirements group, except the claimant from a work search requirement or a work availability requirement.
