Amended Chapters for June 2020 - Summary of changes

Volume 11: Industrial Injuries Benefits

Chapter 67: Prescribed diseases

Although the amendments are minor they are extensive as most paragraphs have had to be renumbered (in order to create spare paragraphs) and hence this has resulted in many changes to cross-references.

Please note that DMG volume amendment packages ('remove & insert pages') are no longer produced. This summary of changes document does, however, inform the user of the significant changes that have taken place in each amended chapter by volume. Page footers continue to show the volume, amendment number and date.
