Local Management Committee Sub Committees

The Local Management Committee (LMC) has three sub committees to help it discharge its responsibilities. These sub committees are:

- Access to Finance Sub Committee
- Yorkshire and Humber (excluding South Yorkshire) Performance Management Board
- South Yorkshire Performance Management Board

Access to Finance (A2F) Sub-Committee

The Access to Finance Subcommittee membership is:

Name	Representing
Gary Lumby (Chair)	Private Sector
Colin Mellors	Yorkshire and Humber (excluding South Yorkshire) PMB
Richard Wright	South Yorkshire PMB
Alex McWhirter	Finance Yorkshire
Peggy Haywood	ERDF Programme Delivery Team: Yorkshire & the Humber

The membership of the sub committee is drawn from the members of LMC plus representatives from the local ERDF Programme Delivery Team at DCLG and Finance Yorkshire. The sub committee was set up to monitor the Venture Capital Loans Fund (VCLF), an initiative brought forward under the European Commission's Joint European Resources for Micro to Medium Enterprises (JEREMIE) financial instrument to help micro and medium sizes businesses to secure funding to help with their business growth. The company, Finance Yorkshire, was created to manage and distribute the funds. Finance Yorkshire sends quarterly reports to the sub committee.

The A2F sub-committee also monitors other financial projects on behalf of the LMC and brings any issues to the committee.

Local Performance Management Boards (PMBs)

The two local Performance Management Boards (PMBs) oversee and monitor projects. Each identifies alignment with other regional strategies, identifies risks to programme delivery and recommends remedial action, if required. Each PMB views and, if appropriate, endorses proposals at Outline Business Plans.

South Yorkshire Performance Management Board (PMB)

The membership of the South Yorkshire Performance Management Board is:

Name	Position	Representing
John Mothersole (Chair)	Chief Executive Sheffield City Council	Local Authorities
Sarah Fulton	Director of Research and Innovation Services, University of Sheffield	Higher Education
