About this guidance

1. This guidance is intended to support local authorities in administering the Local Authority Discretionary Grants Fund announced on 1 May 2020. This guidance applies to England only.
2. This guidance sets out the criteria which local government should consider as they manage the Local Authority Discretionary Grants Fund. This does not replace [existing guidance](#) for the Small Business Grant Fund (SBGF) or the Retail Hospitality and Leisure Grant Fund (RHLGF).
3. Local authority enquiries on this measure should be addressed to businessgrantfunds@beis.gov.uk. Businesses seeking information should refer to their local authority for further information on their discretionary scheme.

Introduction

4. In response to the Coronavirus, COVID-19, the government announced there would be support for small businesses, and businesses in the retail, hospitality and leisure sectors, delivered through the Small Business Grant Fund and the Retail, Leisure and Hospitality Grant Fund.
5. This additional fund is aimed at small and micro businesses who were not eligible for the Small Business Grant Fund or the Retail, Leisure and Hospitality Fund.

How will the grants be provided?

6. Local authorities will be responsible for delivering grants to eligible businesses. Section 1 of the Localism Act 2011 provides all local authorities with the vires to make these payments.
7. The cost to local authorities of these grant payments will be met in one of two ways:
 - Where they have or plan to spend all of the grants fund allocation for the Small Business Grants Fund and Retail, Hospitality and Leisure Grants Fund, they will receive an additional payment of 5% of their funding allocation (using a grant under section 31 of the Local Government Act 2003).
 - Local authorities that, having taken all reasonable steps to provide grants to eligible businesses for the Small Business Grants Fund and/or the Retail, Hospitality and Leisure Grants Fund, still have unspent initial grants funds allocation, will fund the grants from this unspent residual. Local authorities with a projected underspend of more than 5% cannot allocate awards above their 5% threshold.
8. In either case, we will continue to monitor each local authority's spend performance for the Small Business, Retail, Hospitality and Leisure Grants Funds and the Local Authority Discretionary Grants Fund and ensure they have sufficient funding and the correct 5% cap for the Discretionary Grants Fund and will top up funding where necessary.

9. We will use the data return from local authorities of Monday 4th May 2020, which includes a projection of spend totals for the Small Business and Retail, Hospitality and Leisure Grants Funds, as the baseline for calculating either:
 - The 5% funding envelope that each local authority can utilise to meet the costs of this discretionary grants scheme, where they have residual funding available;
 - Or, the allocation of the additional amount of grant to be paid to those local authorities expecting to have no residual funding or not enough residual funding from the initial allocation of Small Business and Retail, Hospitality and Leisure Grants Funds.
10. This is a baseline to provide the fixed minimum 5% allocation for each local authority, to give certainty. We do not want to penalise local authorities that subsequently manage to achieve a higher number of business hereditaments supported and grants awarded; their 5% allocation will be adjusted upwards.
11. We are committed to meeting the delivery costs to local authorities for this scheme and will meet associated New Burdens costs.
12. Local authorities that will be responsible for making payments to businesses and which will receive funding from government are billing authorities in England.
13. This grant scheme widens access to support to businesses who are struggling to survive due to the Corona virus shutdown but are unable to access other grant funding. Local authorities should make payments as quickly as possible to support struggling businesses. We anticipate that the first payments made under the scheme will be received by businesses by early June.

How much funding will be provided to businesses?

14. Local authorities may disburse grants to the value of £25,000, £10,000 or any amount under £10,000. The value of the payment to be made to a business is at the discretion of the local authority.
15. Grants under the Local Authority Discretionary Grants Fund are capped at £25,000.
16. The next level payment under the Local Authority Discretionary Grants Fund is £10,000.
17. Local authorities have discretion to make payments of any amount under £10,000. It will be for local authorities to adapt this approach to local circumstances, such as providing support for micro-businesses with fixed costs or support for businesses that are crucial for their local economies. We expect that payments of under £10,000 may be appropriate in many cases.
18. In taking decisions on the appropriate level of grant, local authorities may want to take into account the level of fixed costs faced by the business in question, the number of employees, whether businesses have had to close completely and are unable to trade online and the consequent scale of impact of COVID-19 losses.
19. Bearing in mind the above, local authorities should set out clear criteria for determining the appropriate level of grant to give businesses clarity.

Who will benefit from these schemes?

20. These grants are primarily and predominantly aimed at:
- Small and micro businesses, as defined in Section 33 Part 2 of the Small Business, Enterprise and Employment Act 2015 and the Companies Act 2006.
 - Businesses with relatively high ongoing fixed property-related costs
 - Businesses which can demonstrate that they have suffered a significant fall in income due to the COVID-19 crisis
 - Businesses which occupy property, or part of a property, with a rateable value or annual rent or annual mortgage payments below £51,000.
21. To be a small business, under the Companies Act 2006, a business must satisfy two or more of the following requirements in a year—
- Turnover: Not more than £10.2 million
 - Balance sheet total: Not more than 5.1 million
 - Number of employees: a headcount of staff of less than 50
22. To be a micro business, under the Companies Act 2006, a business must satisfy two or more of the following requirements—
- Turnover: Not more than £632,000
 - Balance sheet total: Not more than £316,000
 - Number of employees: a headcount of staff of not more than 10
23. We want local authorities to exercise their local knowledge and discretion and we recognise that economic need will vary across the country, so we are setting some national criteria for the funds but allowing local authorities to determine which cases to support within those criteria.
24. We are asking local authorities to prioritise the following types of businesses for grants from within this funding pot:
- Small businesses in shared offices or other flexible workspaces. Examples could include units in industrial parks, science parks and incubators which do not have their own business rates assessment;
 - Regular market traders with fixed building costs, such as rent, who do not have their own business rates assessment;
 - Bed & Breakfasts which pay Council Tax instead of business rates; and
 - Charity properties in receipt of charitable business rates relief which would otherwise have been eligible for Small Business Rates Relief or Rural Rate Relief.

25. The list set out above is not intended to be exhaustive but is intended to guide local authorities as to the types of business that the government considers should be a priority for the scheme. Authorities should determine for themselves whether particular situations not listed are broadly similar in nature to those above and, if so, whether they should be eligible for grants from this discretionary fund.
26. Where limits to funding available for this scheme require local authorities to prioritise which types of businesses will receive funding, it will be at the local authorities discretion as to which types of business are most relevant to their local economy. There will be no penalty for local authorities because of their use of discretion to prioritise some business types.
27. Local authorities should set out the scope of their discretionary grant scheme on their website, providing clear guidance on which types of business are being prioritised, as well as the rationale for the level of grant to be provided (either £25,000, £10,000 or less than £10,000).
28. Local authorities may wish to consider collaborating as they design their discretionary schemes to ensure there is consistency where they are working across a functional economic area (e.g. a Mayoral Combined Authority or Local Enterprise Partnership area) and may want to engage with MCAs and LEPs to ensure alignment and reduce duplication with other local discretionary business grants that may have been established.

Eligibility

29. This grant funding is for businesses that are not eligible for other support schemes. Businesses which are eligible for cash grants from any central government COVID-related scheme (apart from SEISS) are ineligible for funding from the Discretionary Grants Fund. Such grant schemes include but are not limited to:
 - Small Business Grant Fund
 - Retail, Hospitality and Leisure Grant
 - The Fisheries Response Fund
 - Domestic Seafood Supply Scheme (DSSS).
 - The Zoos Support Fund
 - The Dairy Hardship Fund
30. Businesses who have applied for the Coronavirus Job Retention Scheme are eligible to apply for this scheme.
31. Businesses who are eligible for the Self-Employed Income support scheme (SEISS) are eligible to apply for this scheme as well.
32. Only businesses which were trading on 11 March 2020 are eligible for this scheme.
33. Companies that are in administration, are insolvent or where a striking-off notice has been made are not eligible for funding under this scheme.

34. Town and Parish councils are eligible if they meet all the scheme criteria (the precepting authority exclusion does not apply to this fund). Each application must be assessed on its individual facts. Local authorities should note that Town and Parish Councils are eligible for small business rate relief or rural rate relief, and as such may also be eligible for the Small Business Grants Fund (where they are, they are not eligible for this grant funding); local authorities will therefore need to ensure that the correct funding is provided.

Who will receive this funding?

35. It is recognised that local authorities will need to run some form of application process.
36. This will allow local authorities to undertake proportionate pre-payment checks to confirm eligibility relative to their local scheme and to allow each local authority to determine how to use its discretion in relation to the appropriate level of grant. Prepayment checks must include confirming that by accepting payments recipients are in compliance with State aid rules.
37. Local authorities must use their discretion in identifying the right person to receive this funding, based on their application process.
38. The local authority must call or write to the business, stating that by accepting the grant payment, the business confirms that they are eligible for the grant scheme, including that any payments accepted will be in compliance with State aid requirements. Suggested wording for State aid declarations is included at Annex B.

Will these grant schemes be subject to tax?

39. Grant income received by a business is taxable therefore funding paid under the Local Authority Discretionary Grants Fund will be subject to tax.
40. Only businesses which make an overall profit once grant income is included will be subject to tax.

Managing the risk of fraud

41. The government will not accept deliberate manipulation and fraud - and any business caught falsifying their records to gain grant money will face prosecution and any funding issued will be subject to claw back, as may any grants paid in error.
42. The government Grants Management Function and Counter Fraud Function will make their digital assurance tool, Spotlight, available to local authorities, and will offer support in using the tool and interpreting results. Alongside other checks conducted by local authorities, the tool can help with pre-payment and post payment assurance. We also want local authorities to work with us and each other in identifying and sharing good practice, including protecting eligible businesses which may be targeted by fraudsters pretending to be central or local government or acting on their behalf.

Post event assurance

43. Post payment, the government Grants Management Function and Counter Fraud Function will support local authorities to carry out post-event assurance work to identify high risk payments.

Monitoring and reporting requirements

44. Local authorities will be required to report on their progress in developing and delivering the Local Authority Discretionary Grant Fund weekly to BEIS alongside the existing reporting on the Small Business Grants Fund and Retail, Hospitality and Leisure Grants Fund. Criteria for local authority schemes must be published and shared with BEIS.
45. Once the scheme is developed and payments are made, reports from June onward will cover:
- Numbers of businesses provided £25,000 grants
 - Numbers of businesses provided £10,000 grants
 - Numbers of businesses provided less than £10,000 grants
 - Total funding paid out in relation to the discretionary grant scheme paying less than £10,000
 - Expected date of completion of all grant payments to businesses
 - Issues encountered in implementing the scheme to allow BEIS to support development of solutions with local authorities.
46. We will also contact a sample of LAs each month to:
- Check they are awarding in line with the mandatory criteria;
 - Understand the ways in which they are using their discretion.
47. Annex A contains information on Post Payment Monitoring requirements.

State aid

48. The United Kingdom left the EU on 31 January 2020, nonetheless under the Withdrawal Agreement the State aid rules continue to apply during a transition period, subject to regulation by the EU Commission. The local authority must be satisfied that all State aid requirements have been fully met and complied with when making grant payments, including, where required, compliance with all relevant conditions of the EU State aid De-Minimis Regulation, the EU Commission Temporary Framework for State aid measures to support the economy in the current COVID-19 outbreak, the approved COVID-19 Temporary Framework for UK Authorities, and any relevant reporting requirements to the EU Commission.
49. Local authorities have a discretion to make payments to eligible recipients under either the De Minimis rules or the COVID-19 Temporary Framework for UK Authorities (provided all the relevant conditions are met).

50. Payments of up to and including £10,000 can be provided under the De Minimis rules, meaning applicants can receive up to €200,000 of aid within a three year period.
51. Payments of up to and including £25,000 (or £10,000 where the De Minimis threshold has been reached) should be paid under the COVID-19 Temporary Framework for UK Authorities. Local authorities should note the conditions attached to the Temporary Framework, including the €800,000 threshold per undertaking (€120 000 per undertaking active in the fishery and aquaculture sector or €100 000 per undertaking active in the primary production of agricultural products), and requirement for recipients to declare they were not an undertaking in difficulty on 31 December 2019. An 'undertaking in difficulty' is defined by GBER (2014) as an undertaking in which at least one of the following circumstances occurs:
- a) In the case of a limited liability company (other than an SME that has been in existence for less than three years), where more than half of its subscribed share capital has disappeared as a result of accumulated losses. This is the case when deduction of accumulated losses from reserves (and all other elements generally considered as part of the own funds of the company) leads to a negative cumulative amount that exceeds half of the subscribed share capital.
 - b) In the case of a company where at least some members have unlimited liability for the debt of the company (other than an SME that has been in existence for less than three years), where more than half of its capital as shown in the company accounts has disappeared as a result of accumulated losses.
 - c) Where the undertaking is subject to collective insolvency proceedings or fulfils the criteria under its domestic law for being placed in collective insolvency proceedings at the request of its creditors.
 - d) Where the undertaking has received rescue aid and has not yet reimbursed the loan or terminated the guarantee, or has received restructuring aid and is still subject to a restructuring plan.
 - e) In the case of an undertaking that is not an SME, where, for the past two years:
 - i) The undertaking's book debt to equity ratio has been greater than 7.5 and
 - ii) The undertaking's EBITDA interest coverage ratio has been below 1.0.
52. Annex B of this guidance contains two sample declarations which local authorities may wish to use with either payments under the De Minimis rules or under the COVID-19 Temporary Framework for UK Authorities. Where local authorities have further questions about De Minimis or other aspects of State aid law, they should seek advice from their legal department in the first instance.

Template to send to beneficiaries of aid awarded based on the UK COVID-19 Temporary Framework¹

Dear [Name of Aid Recipient]

Confirmation of State Aid received under the COVID-19 Temporary Framework for UK Authorities scheme

Following the outbreak of the Coronavirus, the European Commission has approved schemes to aid businesses affected by the Coronavirus outbreak on the basis of their Temporary Framework, including the COVID-19 Temporary Framework scheme for the UK.

The maximum level of aid that a company may receive is €800 000 (€120 000 per undertaking active in the fishery and aquaculture sector or €100 000 per undertaking active in the primary production of agricultural products). This is across all UK schemes under the terms of the European Commission's Temporary Framework. The Euro equivalent of the Sterling aid amount is calculated using the Commission exchange rate² applicable on the date the aid is offered.

Any aid provided under this scheme will be relevant if you wish to apply, or have applied, for any other aid granted on the basis of the European Commission's Temporary Framework. You will need to declare this amount to any other aid awarding body who requests information from you on how much aid you have received. You must retain this letter for four years after the conclusion of the UK's transition from the EU and produce it on any request from the UK public authorities or the European Commission.

Aid may be granted to undertakings that were not in difficulty (within the meaning of Article 2(18) of the General Block Exemption Regulation³) on 31 December 2019, but that faced difficulties or entered in difficulty thereafter as a result of the COVID-19 outbreak⁴.

This aid is in addition any aid that you may have received under the De Minimis regulation allowing aid of up to €200,000 to any one organisation over a three fiscal year period (i.e. your current fiscal year and previous two fiscal years), and any other approved aid you have received under other State aid rules, such as aid granted under the General Block Exemption Regulation.

⁴ If you are an undertaking in difficulty within the meaning of Article 2(18) of the General Block Exemption Regulation you may still be entitled to de minimis aid if you have received less than €200,000 in de minimis aid in the last three years. You should contact us if you consider that you may qualify for de minimis aid on this basis.
