**Re: S31 Grant Determination Letter for the Wellbeing for Education
Return Grant (2020-21) MHCLG 31/5146 [DfE con_5942]**

This Determination is made between:

(1) The Secretary of State for Education and

(2) The local authorities listed in Annex A.

We are issuing this Grant under a Section 31 non-ring-fenced transfer (Local Government Act 2003). It is intended that local authorities use the funds to support the aims of the Wellbeing for Education Return project.

The total funding for this project is £8m, in the financial year 2020-21, and will be paid to local authorities in the form of a single non-ring-fenced grant in September 2020. Funding allocations for local authorities¹ reflect the number of state-funded education settings in their local authority area², with a minimum allocation³.

Purpose of the Grant

We advise local authorities spend this Grant to support the Wellbeing for Education Return project which seeks to better equip education settings to support pupils and students' wellbeing and psychosocial recovery as they return to full-time education this autumn. Whilst local authorities may choose how to spend the money in order to best meet local need, we anticipate that decisions will be informed by our letter, and supporting Delivery Pack, shared

¹ Excluding City of London and Isles of Scilly due to their specific circumstance of having 1 state-funded education setting in their local area. They will be given an allocation of the weighted average annual salary for 0.1FTE, taken from a range of health and education professionals.

² All state-funded education settings in England, from primary to post-16. The general labour market area cost adjustment (GLM ACA) factor has been applied

³ Weighted average annual salary for 0.5FTE, taken from a range of health and education professionals.

with Chief Executives on 4 August 2020.

The Department's anticipate is that local authorities should use the funding provided to:

- Adapt the Wellbeing for Education Return training package, which will be shared with local authorities in September, to include local context and information about local services.
- Make accessible, and deliver, the adapted Wellbeing for Education Return training package to all state-funded education settings in their area in the first half of autumn term 2020.
- Provide ongoing support to all state-funded settings in their area, on promoting and supporting mental health and wellbeing over the next 6 months.

Arrangements for keeping in touch with the Department for Education

Formal reporting to the Department for Education on progress is not a condition of this Grant. The Department for Education has, however, asked local authorities to provide contact details for the relevant lead managing the delivery of Wellbeing for Education Return, to whom we will provide additional guidance and support as the national training package develops; and request to complete a voluntary survey on how the local authority intends to utilise the Grant.

This letter has been copied to Her Majesty's Treasury and the Ministry of Housing, Communities and Local Government.
