

# Application for an environmental permit

## Part RSR-B6 – Standard facility for the accumulation and disposal of radioactive waste from the NORM industrial activity of the production of oil and gas

If you are applying for a new standard permit for the accumulation and disposal of radioactive waste from the production of oil and gas, fill in this part of the form.

If you have already completed a Part A form for other environmental permits on the same site, provide a copy of that form; otherwise fill in Part A.

You must also fill in RSR Part F, but first see the guidance to this form on how to do that.

Please read through this part of the form and guidance note (which also provides guidance on Parts A and F) before you fill it in.

It will take less than three hours to fill in this part of the application form.
