4 December 2019

Dear [Redacted],

The Railways (Interoperability) Regulations 2011 – HST trailer cars - 2020 accessibility deadline

Regulation 45 of the Railways (Interoperability) Regulations 2011¹ (RIR 2011) makes it unlawful for a passenger rail vehicle to be used in service on the trans-European rail system in the UK after 31 December 2019 unless it complies with the current or future versions of the Technical Specification for Interoperability - Persons with Reduced Mobility (PRM TSI) (and/or defined domestic accessibility standards²) except to the extent that:

- a. a derogation from part of the PRM TSI has been granted under Regulation 14 of RIR 2011;
- b. a determination that part of the PRM TSI does not apply has been made under Regulation 13(8) of RIR 2011; or
- c. a dispensation that part of the PRM TSI does not apply has been granted under Regulation 46 of RIR 2011.

This is a dispensation (effective from the date of this letter) made under Regulation 46(4) of the RIR 2011, granting that the vehicles listed in Annex A, which form the trains known as Angel HST (ex LNER)sets need not comply after 31 December 2019 with those parts of the PRM TSI 2014 listed in Annex B. This follows consultation with DPTAC³ and is subject to compliance with the following conditions:

- a. The dispensation applies to operation of the vehicles by East Midlands Railway or London North Eastern Railway only;
- b. The existing level of accessibility standards compliance is maintained;

¹ SI 3066/2011

² The Rail Vehicle Accessibility (Northern Ireland) Regulations 2001 or Part 1 of Schedule 1 to the Rail Vehicle Accessibility (Non-Interoperable Rail System) Regulations 2010

³ The Disabled Persons' Transport Advisory Committee

- c. Information on non-compliant features of vehicles and alternative travel options is readily available to passengers to assist with informed journey planning.
- d. The operator reports to the Secretary of State on progress to replace the vehicles every 28 consecutive days from 1 January 2020 until the dispensation expires.
- e. The permission granted by this dispensation to East Midlands Railway and London North Eastern Railway expires at 23:59 on 31 December 2020.

For the avoidance of doubt, a separate derogation or determination made under point a) or b) above would be required for any vehicle listed in Annex A that undergoes an upgrade or renewal that requires an authorisation under RIR 2011 after this dispensation is granted.

I have copied this dispensation to East Midlands Railway, London and North Eastern Railway and the ORR for their information.

Yours sincerely,

Peter Wilkinson

signed by the authority of the Secretary of State
