

Miscellaneous car driving test information

Year 2019/20

Pass rate – 45.9%

Tests passed with 0 faults – 19,346

Top ten reasons for failing

- Junctions (observation)
- Mirrors – (change direction)
- Control (steering)
- Move off (safely)
- Junctions (turning right)
- Move off (control)
- Response to signals (traffic lights)
- Positioning (normal driving)
- Reverse park (control)
- Response to signals (traffic signs)

Year 2017/18

Pass rate – 46.3%

Tests passed with 0 faults – 18,410

Top ten reasons for failing

- Junctions (observation)
- Mirrors – (change direction)
- Control (steering)
- Junctions (turning right)
- Move off (safely)
- Move off (control)
- Response to signals (traffic lights)
- Positioning (normal driving)
- Reverse park (control)
- Response to signals (road markings)

Year 2018/19

Pass rate – 45.8%

Tests passed with 0 faults – 18,922

Top ten reasons for failing

- Junctions (observation)
- Mirrors – (change direction)
- Control (steering)
- Junctions (turning right)
- Move off (safely)
- Response to signals (traffic lights)
- Move off (control)
- Positioning (normal driving)
- Response to signals (road markings)
- Reverse park (control)

Year 2016/17

Pass rate – 47.1%

Tests passed with 0 faults – 17,950

Top ten reasons for failing

- Junctions (observation)
- Mirrors – (change direction)
- Control (steering)
- Junctions (turning right)
- Move off (safely)
- Positioning (normal driving)
- Move off (control)
- Response to signals (traffic lights)
- Reverse park (control)
- Response to signals (Traffic Signs)

Year 2015/16

Pass rate – 47.0%

Tests passed with 0 faults – 14,634

Top ten reasons for failing

- **Junctions (observation)**
- **Mirrors – (change direction)**
- **Control (steering)**
- **Junctions (turning right)**
- **Positioning (normal driving)**
- **Move off (safety)**
- **Move off (control)**
- **Response to signals (traffic lights)**
- **Reverse park (control)**
- **Response to signals (road markings)**

Year 2013/14

Pass rate – 47.1%

Tests passed with 0 faults – 11,984

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Control (steering)**
- **Junctions (turning right)**
- **Response to signals (traffic lights)**
- **Move off (safety)**
- **Move off (control)**
- **Positioning (normal driving)**
- **Reverse park (control)**
- **Response to signals (road markings)**

Year 2011/12

Pass rate – 46.9%

Tests passed with 0 faults – 10,328

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Junctions (turning right)**
- **Control (steering)**
- **Move off (safety)**
- **Response to signals (traffic lights)**
- **Positioning (normal driving)**
- **Move off (control)**
- **Reverse park (control)**
- **Response to signals (road markings)**

Year 2014/15

Pass rate – 46.9%

Tests passed with 0 faults – 13,852

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Control (steering)**
- **Junctions (turning right)**
- **Response to signals (traffic lights)**
- **Move off (control)**
- **Positioning (normal driving)**
- **Move off (safety)**
- **Reverse park (control)**
- **Response to signals (road markings)**

Year 2012/13

Pass rate – 47.1%

Tests passed with 0 faults – 10,380

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Junctions (turning right)**
- **Control (steering)**
- **Response to signals (traffic lights)**
- **Move off (safety)**
- **Positioning (normal driving)**
- **Move off (control)**
- **Reverse park (control)**
- **Response to signals (road markings)**

Year 2010/11

Pass rate – 46.3%

Tests passed with 0 faults – 8,189

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Junctions (turning right)**
- **Move off (safety)**
- **Control (steering)**
- **Reverse park (control)**
- **Reverse /left reverse (control)**
- **Positioning (normal driving)**
- **Response to signals (traffic lights)**
- **Move off (control)**

Year 2009/10

Pass rate – 45.9%

Tests passed with 0 faults – 6,032

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Reverse /left reverse (control)**
- **Reverse park (control)**
- **Move off (safety)**
- **Control (steering)**
- **Junctions (turning right)**
- **Positioning (normal driving)**
- **Move off (control)**
- **Response to signals (traffic lights)**

Year 2007/08

Pass rate – 44.2%

Tests passed with 0 faults – 4,107

Top ten reasons for failing

- **Junctions (observation)**
- **Reverse /left reverse (control)**
- **Use of mirrors – (change direction)**
- **Reverse park (control)**
- **Control (steering)**
- **Move off (safety)**
- **Junctions (turning right)**
- **Positioning (normal driving)**
- **Move off (control)**
- **Progress (appropriate speed)**

Year 2008/09

Pass rate – 45.3%

Tests passed with 0 faults – 5,294

Top ten reasons for failing

- **Junctions (observation)**
- **Use of mirrors – (change direction)**
- **Reverse /left reverse (control)**
- **Reverse park (control)**
- **Move off (safety)**
- **Control (steering)**
- **Junctions (turning right)**
- **Positioning (normal driving)**
- **Move off (control)**
- **Response to signals (Traffic lights)**

Year 2006/07

Pass rate – 43.3%

Tests passed with 0 faults – 3,329

Top ten reasons for failing

- **Junctions (observation)**
- **Reverse /left reverse (control)**
- **Reverse park (control)**
- **Use of mirrors – (change direction)**
- **Move off (safety)**
- **Control (steering)**
- **Junctions (turning right)**
- **Positioning (normal driving)**
- **Move off (control)**
- **Progress (appropriate speed)**
