November 2024

Anonymised vehicle data

The anonymised data set is primarily used for marketing purposes.

There are 30 fields in each vehicle record and these fields cannot be broken down to suit individual requirements.

Vehicle Registration Number (VRN) and Vehicle Identification Number (VIN) are not included in this data set.

The partial postcode is shortened to five characters (SA06 7), and further reduced to district level (SA6) where the vehicle is not a saloon, is more than ten years old, there are fewer than 1,000 models on the agency's database, or the postcode has less than 320 delivery addresses.

The data is encrypted and supplied via CD and despatched using a secure delivery service.

Customers receive:

- monthly keeper change data
- quarterly updates in January, April, July and October

This data is released under Regulation 28 of the Road Vehicle Regulations 2002. In this context as the data does not identify a person or contain anything enabling individuals to be identified, the agency is prepared to release data in bulk to assist marketing purposes that benefit the public.

Data fields included in the data set:

Field number	Name
1	Make code
2	Model code
3	Make in full
4	Body type
5	Colour code
6	Engine size
7	Seat capacity
8	Propulsion code
9	Wheel plan
10	Current tax class
11	Current licence period
12	Previous licence period
13	Date of first registration
14	Date of export
15	Date of scrapping
16	Date of manufacture
17	Cherished transfer marker
18	Import marker
19	Kit Built marker
20	Rebuilt marker

Field number	Name
21	Current keeper title code
22	Current keeper partial postcode
23	Current keeper date of acquisition
24	Previous keeper title code
25	Previous keeper partial postcode
26	Previous keeper date of acquisition
27	Previous keeper date of disposal
28	Number of previous keepers
29	Gross weight
30	CO_2

Alternatively, if this data set is not suitable or you need a bespoke service, you may be able to get the data you need from one of the companies we already supply data to.

Please contact them directly for information on products and prices.
