Avian Influenza and Influenza of Avian Origin in Mammals (England) (No.2) Order 2006
Avian Influenza and Influenza of Avian Origin in Mammals (Wales) (No.2) Order 2006

General Licence for the Movement of Table Eggs into, within or out of a Protection or Surveillance Zone in England or Wales

1. This general licence is issued in accordance with paragraph 14 of Schedule 4, and paragraphs 11 and 15 of Schedule 5 of the Order.
2. This licence permits, subject to the conditions set out in the Schedule of Conditions attached, the movement of table eggs into, within or out of a Protection Zone or a Surveillance Zone in England or Wales to the following premises:
 - a) to an egg packing centre designated by the Secretary of State in England or Welsh Ministers in Wales;
 - b) premises for disposal in England or Wales.

This licence is valid from 16:00 on 05 December 2020

Emma Robertson

Veterinary Inspector

Date: [16:00] 05 December 2020

Schedule of Conditions

1. The movement of table eggs permitted by this licence shall be directly to either an egg packing centre which has an activated designation or to a disposal premises for destruction.

Conditions 2 to 5 apply only for movements of eggs from premises located in the Protection or Surveillance Zone:

2. Immediately prior to the movement of eggs the licensee must inspect the poultry on the premises to check that they show no clinical signs that could be associated with Avian Influenza.
3. Eggs moved to premises designated as an egg packing centre or disposal premises:
 - must be packed in new disposable packaging (including keyes trays).
 - packaging must be on clean pallets or containers, and
 - the area from which the eggs are loaded onto the vehicle must be free from visible contamination with mud, slurry, animal faeces, excretions or any other similar matter.
4. Before entering or leaving the premises where eggs are loaded:
 - the exterior of the vehicle must be free of any visible contamination with mud, slurry, animal faeces, excretions or any other similar matter; and
 - the vehicle's wheels and wheel arches must be cleansed and disinfected after loading and before leaving the premises. The cleansing and disinfection must take place at a point beyond which no contamination with poultry feathers, faeces, litter, egg shell or any similar matter can take place,
 - the eggs, packaging trays and trolleys must be free of visible contamination with poultry feathers, faeces, litter, egg shell originating from other eggs or any similar matter prior to dispatch.
5. The vehicle used must be leak proof, covered and carry a spill kit in case of any spillage.

Conditions 6 to 10 apply for movements of eggs from all premises:

6. All persons who seek to rely on this general licence must:
 - not enter or leave premises wearing clothing or footwear which is visibly soiled with mud, animal or bird faeces or any similar matter;
 - cleanse and disinfect their footwear on leaving premises within the controlled zone; and
 - take all other reasonable precautions to avoid the transfer of contamination between premises.
7. After unloading at the premises of destination:
 - in the case of a premises designated as an egg packing centre, the parts of the vehicle and any other thing used to transport eggs to the egg packing centre which might be contaminated with feathers, faeces, litter, egg shell, broken egg or any similar matter must be effectively cleansed and disinfected as soon as is reasonably practicable on the premises;
 - in the case of a premises for disposal the cleansing and disinfection must take place as soon as is reasonably practicable and, in any case, before the vehicle is used again.
8. Cleansing and disinfection must be in accordance with Article 66(5) of the Order.
9. A record of the movement as required by Article 74 of the Order must also be made as soon as is reasonably practicable after the movement and retained for at least 6 weeks after the movement is completed.

10. When moving anything under the authority of this licence, a person must carry with him a consignment note. The consignment note must include -
- (a) what is moved, including its quantity,
 - (b) the date of the movement,
 - (c) the name of the consignor,
 - (d) the address of the premises from which the movement started,
 - (e) the name of the consignee, and
 - (f) the address of the premises of destination.

Notes

1. The Order means the Avian Influenza and Influenza of Avian Origin in Mammals (England) (No. 2) Order 2006 in England and the Avian Influenza and Influenza of Avian Origin in Mammals (Wales) (No. 2) Order 2006 in Wales.
2. A person moving anything under the authority of this licence must, if asked to do so by an inspector, or other officer of the Secretary of State or Welsh Ministers, give their name and address, produce the consignment note and allow copies or an extract to be taken.
3. Where the use of a disinfectant is required under this licence, the disinfectant must be approved under the Diseases of Animals (Approved Disinfectants) (England) Order 2007 in England or the Diseases of Animals (Approved Disinfectants) (Wales) Order 2007 in Wales. It must be used at the correct concentration and allow adequate contact time.
4. Contact APHA (<https://www.gov.uk/government/organisations/animal-and-plant-health-agency/about/access-and-opening>) or your Local Authority for further advice on biosecurity measures and any other legislation that may apply.
